

1st Grade Report Card Rubric

Mathematics

Marking Period 1

*= Benchmark (where we want students to be)

1 Not Meeting Standard	2 Approaching Standard	3* Meeting Standard	4 Exceeding Standard
Unit 1			
The student rarely meets the expectations for this marking period.	The student sometimes meets the expectations for this marking period.	<ul style="list-style-type: none"> • Add combinations of 10 • Subtract within 10 fluently • Solve number stories by adding and subtracting • Relate counting to addition and subtraction • Recognize and decompose quantities up to 20 using visual patterns 	The student exceeds the grade-level expectations.
Unit 2			
The student rarely meets the expectations for this marking period.	The student sometimes meets the expectations for this marking period.	<ul style="list-style-type: none"> • Relate counting to addition and subtraction • Recognize and decompose quantities up to 20 using visual patterns • Add within 10 fluently • Read and write numbers • Count and represent collection of objects with numerals • Add combinations of 10 automatically • Solve number stories by adding and subtracting • Model parts-and-total, change, and comparison situations 	The student exceeds the grade-level expectations.
Unit 3			
The student rarely meets the expectations for this marking period.	The student sometimes meets the expectations for this marking period.	<ul style="list-style-type: none"> • Apply properties of operations to add or subtract • Relate counting to addition and subtraction • Count on from any number • Read and write numbers 	The student exceeds the grade-level expectations.

		<ul style="list-style-type: none"> • Find the unknown in addition and subtraction equations • Relate counting to addition and subtraction 	
The student rarely meets the expectations for this marking period.	The student sometimes meets the expectations for this marking period.	<p><u>Demonstrates number sense</u> Compare numbers</p> <p><u>Computes accurately</u> Adding and subtracting on the number line</p> <p><u>Applies problem solving strategies</u></p> <ul style="list-style-type: none"> • Solve number stories by adding and subtracting • Model parts-and-total, change, and comparison situations 	The student exceeds the grade-level expectations.
Can add up to 4 problems accurately in 3 minutes	Can add 5-8 problems accurately in 3 minutes	<u>Automaticity</u> Adds within 10 fluently by completing 9-11 problems in three minutes	Can add 12 or more problems accurately in 3 minutes
Can subtract up to 3 problems accurately in 3 minutes	Can subtract 4-5 problems accurately in 3 minutes	<u>Automaticity</u> Subtracts within 10 fluently by completing 6-8 problems in three minutes	Can subtract 9 or more problems accurately in 3 minutes
