### **How long is my registration valid?**

Your registration is valid indefinitely, if you have not moved from Bergen County or have not been disenfranchised. If you move from Bergen County, you must register to vote in your new county.

### **Must I declare a Party Affiliation when I register?**

1. No, choosing a political party is optional, unless you wish to vote in either party's primary election. Only party members may vote in the primary election. If you are an unaffiliated voter, voting in your first primary election, you must declare a party affiliation at the polls on primary election day. You will remain a member of that political party until you notify the Superintendent's office, in writing, otherwise. Voters are now permitted to return to unaffiliated status.
2. If you wish to change your affiliation prior to the primary election, you must do so, in writing, no later than 55 days preceding the primary election.

### **If I move, how do I change my address?**

1. Moving within Bergen County: If you move within Bergen County, you must file a written change of address with this office.
  - a. If you move from one election district to another in the SAME town or move from one town to another in Bergen County, before election day, and have not notified the Superintendent's office in writing of this change before the deadline date, you must go to your new polling location, in your new town or district and vote on a provisional ballot. You can call your municipal clerk or the Superintendent of Elections at 201-336-6100 to locate your new polling place.
2. Moving from/to another County: If you have moved to another county more than 21 days before an election, you must re-register to vote in your new county. If you have not re-registered, you cannot vote. Please contact the Superintendent of Elections office to check your status.

- a. If you have moved to another county or state less than 30 days before an election, you may vote in your previous polling location for that election only.

If you have not met the registration deadline, you have the right to appeal by appearing before a Superior Court Judge on the day of the election. Contact your local Superintendent of Elections/Board of Elections office for more information.

### **What if I marry or change my name?**

1. If you legally change your name, you must complete a new voter registration form and mark the box Name Change.
2. If you have not changed your name with the Superintendent's office prior to the deadline, you can still vote, by filling out a provisional ballot, putting your previous and current name and signing with your new name.

### **I would prefer to register to vote using my business address. Can I do that?**

No, the law requires you to register to vote using the address of your domicile. Domicile is defined as where your habitation is fixed (i.e., where you physically reside).

### **My son just moved onto his college campus and wants to vote there. Can he do that?**

Yes. He should fill out a voter registration form for his new residence and notify this office of the change. If he wishes, he may remain registered at his permanent residence, such as your home, and request a mail-in ballot be sent to him. The decision where to register and vote is up to him, but he can only register and vote in one place.

### **I own two homes, where do I register from?**

You must register from the place where you actually reside. The words "actually resides", mean the voter is entitled to vote only from an address where they physically live; the place you intend to return to whenever you are gone from it.

### **I applied for a Mail-In Ballot but never received it, what do I do?**

1. Prior to the elections, you can contact the Election Division of the County Clerk at 201-336-7020 for information regarding its status.
2. On the day of the election, you can go to your polling place and if your name is marked "Mail-In Ballot," you must vote on a provisional ballot. If your name is not marked, you may vote in the machine.

### **What do I do if I receive a sample ballot at my home, for someone who no longer lives here?**

These ballots should be returned to the Superintendent of Elections Office with a brief note such as "return to sender" or "person has moved." Such returned ballots not only include previous home owners, but family members who no longer reside at that address as well.

A returned sample ballot alerts this office that the person may no longer live at that address, prompting an investigation as to where that voter resides.

## **My name was tagged/missing from the poll book. What do I do?**

1. If your name was tagged with "Affirmation of Residence," this means we received your sample ballot back as undeliverable. If you reside at the same address from where we have you registered, you must first complete an Affirmation of Residence Form which is located in the front of the poll book. You may then vote in the machine.
2. If your name was missing, you have the right to vote on a provisional ballot only.
