The mission of the 1:1 Chromebook initiative at Crestwood Local Schools is to help propel our personalized learning initiatives and establish the foundation for a seamless program that supports individualized instruction in our classrooms or in a remote learning environment. It supports anytime access to online resources for learning, by providing portable devices for all students in grades K-12. This ensures that students can access what they need from wherever they are.

The focus of the Chromebook program at Crestwood Local Schools is to provide tools and resources for the 21st Century learner. Excellence in education requires that technology is integrated seamlessly throughout the educational curricula. Increasing access to technology is essential in building upon college and career readiness skills. The individual use of Chromebooks is a way to empower students to maximize their full potential and to prepare them for college and the workplace.

Learning is a result of the continuous dynamic interaction among students, educators, parents and the extended community. Technology immersion does not diminish the vital role of the teacher. To the contrary, it transforms the teacher from a director of learning to a facilitator of learning. Effective teaching and learning with Chromebooks integrates technology into the curriculum anytime and anywhere.

The policies, procedures, and information within this document apply to all Chromebooks and other technology-able devices used in consideration by the Administration to come under this policy.

*Teachers/schools may set additional requirements for use in their classroom.

1. GENERAL INFORMATION

A. Receiving Your Chromebook

- i. Chromebooks will be distributed at the students building after the parent/guardian attends an orientation or meets with school personnel and signs the Chromebook Agreement.
- iii. Parents and students must sign and return the Chromebook Computer Agreement and Acceptable Use Policy before a Chromebook will be issued.

B. Chromebook Check-in

- i. Chromebooks will be returned before the end of the school year, on dates to be provided, so they can be checked for serviceability and be stored for the summer. If a student transfers out of the Crestwood Local School district during the school year, the Chromebook, charger and case will be returned at that time.
- ii. Students who graduate early, withdraw, are expelled, or terminate enrollment at Crestwood Local Schools for any reason must return the Chromebook, charger and case on or before the date of termination.
- iii. If a student fails to return the Chromebook, charger and case at the end of the school year or upon termination of enrollment in Crestwood Local Schools, that student will be subject to criminal prosecution or civil liability and district records may be withheld. The student will also pay the replacement cost of the Chromebook, charger and case. Failure to return the Chromebook, charger and case could result in theft charges being filed against the student and/or parent/guardian.

C. Check-in Fines

- i. If at any point during the school year there is damage, loss, or theft of a Chromebook, the student must contact the designated building personnel immediately.
- ii. Any technical issue with the device must be brought to the attention of the designated building personnel. This includes, but is not limited to; Chrome Operating System, battery issues, loss of network connectivity, failure of apps to launch, adapter, etc.
- iii. Any hardware/software repairs that are not due to misuse or purposeful damage will be covered by the student's fee; however, any non accidental or intentional damage to the device parents/guardians will incur the cost of repair. - iv. After two incidents of accidental damage, the student may lose some privileges of the Chromebook program and may not be permitted to take the device home. This may also result in disciplinary action.
- v. All reports will be investigated and addressed on a case-by-case basis.

2. TAKING CARE OF YOUR CHROMEBOOK

A. General Precautions

The Chromebook is school property and all users will follow this policy and the Crestwood Local Schools Acceptable Use Policy for technology.

- i. No food or drink should be next to your Chromebook while it is in use.
- ii. Only use a clean, soft cloth to clean the screen, no cleansers of any type. Non bleach disinfectants are suitable for cleaning.
- iii. Cords and cables must be inserted carefully into the Chromebook to prevent damage. Chromebook and Chromebook accessories must remain free of any writing, drawing, stickers, or labels that are not the property of the Crestwood Local School District.
- iv. Chromebooks should never be left in an unlocked locker, unlocked car or in any unsupervised area.
- v. Students are responsible for keeping their Chromebook's battery charged for school each day.
- vi. Chromebooks are very sensitive to extreme heat and extreme cold therefore leaving the devices in cars, direct sunlight, etc. could expose the device to these conditions and is potentially harmful to the device and should be avoided.
- vii. Do not stack any books, heavy materials, etc. on top of the Chromebook as it could damage the device.
- viii. Take care to protect your password. Do not share your password.
- ix. Lock your screen when you leave your Chromebook unattended for ANY amount of time.

- vi. Do not "bump" the Chromebook against lockers, walls, car doors, floors, etc. as it will eventually cause damage to the Chromebook.

3. USING YOUR CHROMEBOOK AT SCHOOL

Chromebooks are intended for use during school each day. In addition to teacher expectations for Chromebook use, school messages, announcements, calendars, and schedules may be accessed using the Chromebook. Students are responsible for bringing their Chromebook to all classes, unless instructed otherwise.

A. Chromebooks Left at Home

If a student leaves their Chromebook at home, they will have the opportunity to use a replacement Chromebook from the library or main office, if one is available. Students are NOT to leave class to get a replacement Chromebook. Students may stop by the library or office before school or during non-class free time to check out a Chromebook to use for the day and return the Chromebook to the library or office at the end of the same day. Replacement Chromebooks are not available for overnight checkout.

- i. If students leave their Chromebook at home, they are responsible for getting the course work completed as if they had their Chromebook present.
- ii. If a student repeatedly (three or more times as determined by any staff member) leaves their Chromebook at home, they may be required to “check out” their Chromebook for a period of 5 school days. “Checking out” identifies that the student will only be able to utilize the Chromebook during school hours. The Chromebook will be checked out in the morning from the library or office and returned to the same location at the end of the school day.
- iii. After the first “check out” period, the Chromebook will be returned for student use at home. If this incident occurs again, the student may be referred to the building Principal.
- iv. If a student leaves their Chromebook at home for two consecutive days, they will be required to bring in the device and have a mandatory inspection of said device.

B. Chromebook Undergoing Repair

- i. A replacement Chromebook may be used by students when they leave their Chromebook for repair. Please note that there may be a delay in getting a Chromebook should the school not have enough to distribute.
- ii. Replacement Chromebooks must remain at the school. The student will pick up and drop off the Chromebook to the library or office.
- iii. Replacement Chromebooks will only be issued for use in school until all costs of the repair have been paid.

C. Charging your Chromebook’s Battery

- ii. Repeat violations (Minimum of three days, not consecutively) of this policy will result in a phone call home and a referral to school administration. Additional offenses will result in detention(s).

- iii. In cases where use of the Chromebook has caused batteries to become discharged, students will be allowed to connect their Chromebooks to a power outlet in class.

D. Photo Library, Screensavers, Background Photos

- i. Inappropriate media should not be on the device and may not be used as a screensaver or background photo.

Website & Social Media Guidelines

Student Initials		Parent Initials
	Be aware of what you post online. Website and social media venues are very public. What you contribute leaves a digital footprint for all to see. Do not post anything you wouldn't want friends, enemies, parents, teachers, future colleges, or employers to see. (THINK, it is True, Helpful, Inspiring, Necessary, Kind?)	
	Follow the district's Code of Conduct when writing online. It is acceptable to disagree with other's opinions; however, do it in a respectful way. Make sure that criticism is constructive and not hurtful. What is inappropriate in the classroom is inappropriate online.	
	Be safe online. Never give out personal information, including, but not limited to, last names, phone numbers, addresses, exact birth dates, and pictures. Do not share your password with anyone besides your teachers and parents.	
	Linking to other websites to support your thoughts and ideas is recommended. However, be sure to read and review the entire website prior to linking to ensure that all information is appropriate for a school setting.	
	Do your own work! Do not use other people's intellectual property without their permission. Be aware that it is a violation of copyright law to copy and paste other's thoughts (plagiarism). It is good practice to hyperlink to your sources.	
	Be aware that pictures may also be protected under copyright laws. Verify that you have permission to use the image.	
	How you represent yourself online is an extension of yourself. Do not misrepresent yourself by using someone else's identity.	
	Online work should be well written. Follow writing conventions including proper grammar, capitalization, and punctuation. If you edit someone else's work, be sure it is in the spirit of improving the writing.	
	If you run across inappropriate material that makes you feel uncomfortable or is not respectful, tell your teacher right away.	
	Students are not allowed to change any Chrome settings without teacher permission. Only tool/apps setting changes are allowed.	
	Students will have access to YouTube. They are expected to use it for school provided/related links only.
