The Benefits of Preschool

The most important years of a child's development is in the first five years of life. Children who receive a high-quality educational experience, in their early years, develop the skills necessary to succeed in life.

Children who are involved in preschool:

- Develop pre-reading, early writing, and math skills
- Enhance critical thinking and problem-solving skills
- Develop emotional behaviors and social skills

Los Beneficios de la Educación Preescolar

Los primeros cinco años de vida son los más importantes en el desarrollo del niño. Los niños que reciben una experiencia educativa de alta calidad, en sus primeros años, desarrollan las habilidades necesarias para triunfar en la vida.

Los niños que participan en la educación preescolar:

- *Desarrollan habilidades en matemáticas, escritura y lectura temprana.*
- *Mejoran el pensamiento crítico y habilidades en resolución de problemas.*
- *Desarrollan habilidades sociales y comportamiento emocional.*

Mark Silva
Principal

Mark Silva has been with the Hawthorne School District for 23 years. He started as a math teacher at HMS and eventually became a special projects teacher at PVMS before starting his administrative career as an assistant principal at Eucalyptus and HMS. This will be his 3rd year as the principal of Bud Carson Middle School.

Mr. Silva is excited about this school year! He feels that his students will thrive with all of the opportunities provided for them at BCMS. This year there will be additional exploratory classes as well as more extracurricular activities. Project Lead

The Way continues to be at the heart of the STEM focus at BCMS. Our 6th graders will come to us even more prepared due to the implementation of PLTW classes at our feeder school, Zela Davis. There are 7 new teachers at BCMS this year who are thrilled to start or continue their teaching careers in the Hawthorne School District.

For fun, Mr. Silva surfs and runs. He has two sons, ages 19 and 24, who surf and skate. His wife also surfs and his favorite thing to do is surf with the whole family. He also enjoys spending time with his two dogs, Stewie, 6 and Rosie, 2. Mr. Silva is also an identical twin and he loves having his brother come to school to confuse his students!

Marisa Stewart
Assistant Principal

Prairie Vista South has a new site administrator, Marisa Stewart. She was born and raised in the Southbay area and has spent her entire career in education serving the families of the Hawthorne School District for the past 20 years.

Mrs. Stewart has worked in the Hawthorne School District since 1996 where she worked as an instructional aide at Zela Davis School. She became a bilingual teacher at Zela Davis and then later moved to Ramona School at the inception of the Two-Way Bilingual Immersion Program. She taught at Ramona School for several years until moving to the district office as the first district English Learner Specialist and earning district teacher of the year. Once completing the certificate for administration, Mrs. Stewart

worked at Hawthorne Middle School as assistant principal and most recently at Eucalyptus School. She received her bachelor's degree from California State University Long Beach. She completed her teaching credential program at Chapman University in Fullerton and later her Master's Degree and Administrative credential through California State University Dominguez Hills.

Mrs. Stewart is excited to work with the expanding PrePare PreSchool Program on the Prairie Vista South campus as well as the district's STOP, Opportunity and Alternative Education Programs. The challenge of taking over such a versatile site and keeping the permit office running smoothly is a challenge Mrs. Stewart is looking forward to meeting. Mrs. Stewart enjoys developing working relationships with all of her staff members and families. 2016-17 will prove to be a year of many successes for Prairie Vista South.

Jennifer Beekman
Principal

I am looking forward to another wonderful school year as a Superstar! The entire York staff, students and parents assisted us being recognized as a Gold Ribbon and Title 1 Academic Achievement School last year. The staff at York are all professional, dedicated and want all of our students to love our school and go onto a wonderful career and or college!

I have been an educator in the Hawthorne School District for thirty two years. This includes teaching eleven years at Hawthorne Intermediate, Zela Davis and Williams School. Besides York, I have been an administrator at Zela Davis, Prairie

Vista Middle and Kornblum Schools for the previous 21 years.

I grew up in the Central Valley and attended Clovis High School. I graduated

from California State University, Fresno with a Bachelors of Arts in Liberal Studies. I obtained my Masters of Arts Degree in Education Administration at California State University, Dominguez Hills.

I have had the opportunity to meet so many wonderful families in the Hawthorne School District. I enjoy keeping the valuable connections of the alumni and I truly appreciate those who come back to volunteer!

Thank you for your ongoing support to York School!

Follow York School on Facebook and refer to our website for updated information. Feel free to contact me if you have any time to volunteer. I wish to continue the outstanding parent support at our school!

2016 – 2017 is going to be another outstanding school year!

Kathy Carbajal
Principal

Kathy Carbajal will begin her seventh year as principal at Zela Davis STEM PREP Elementary School. She has been in education for the past 21 years. During this time she has been an Administrator, English Learners Special Projects Teacher, and Classroom Teacher.

Kathy Carbajal earned her Bachelors Degree, Masters Degree, and Administrative Credential from California State University, Dominguez Hills. Prior to attending CSUDH she spent two years in Mexico and attended the Universidad Autónoma de Guadalajara, where she further enhanced her Spanish proficiency skills.

With the continued support of her amazing staff, Kathy Carbajal, continues to expand Zela Davis' Science, Technology, Engineering, and Mathematics (STEM) Program. Students participated in STEM programs such as Project Lead the Way (PLTW), Summer Engineering Experience for Kids (SEEK), and Experium Science Academy. Exiting 5th grade students were selected by USC to participate in their Summer Science Camp. In the 2015-2016

school year, Zela Davis was awarded Gold Ribbon status by the California Department of Education.

Ms. Carbajal's ongoing mission for Zela Davis students is to make computer literacy an integral part of the daily curriculum, using iPads and Chromebooks for research projects and science activities. She hopes to increase the number of computers in each classroom so that teachers can assign an activity and students can work in pairs with a Chromebook or iPad to complete the task. Increasing students' familiarity with computers will also improve their typing skills and ability to use word processing programs, something they will need to master before taking the new Smarter Balanced state exams starting in the third grade.

In 2016-2017 Ms. Carbajal and her STEM Staff will expand the Project Lead the Way curriculum from 10 classrooms to 20 classrooms. The PLTW curriculum will include topics such as Energy Conversion, Stability and Motion, and Robotics and Automation!

Captivating to Read

Christina J.

Emily Windsnap and the Ship of Lost Souls, written by Liz Kessler, is about the main character Emily, who keeps seeing a mysterious ship appearing and disappearing without a trace, only at certain hours each day, growing fainter each time. Emily and her friends try to figure out the mystery

behind it, and the closest they could get to solving it is that a similar looking ship had recently disappeared with all its passengers on board. Later Emily finds herself near the ship and bravely accepts the challenge to solve its mystery once and for all. She meets people having a good time, without any care in the world about their past. Emily comes to realize that these people are the missing passengers of the missing ship and that they had their memories of the past slowly erased, and now they are stuck on this ship that is temporarily suspended in between our world and Atlantis. Emily only has a few hours to save the doomed passengers before they are all trapped in another dimension forever. With quick thinking Emily manages to find a way to save everybody and reunite them with their families.

I liked this book a lot. The story unfolded smoothly and was very captivating to read, keeping me guessing and worrying along the way with the main character. The suspense is great and the story itself is mind-boggling.

I rate this book 5 out of 5, with five being the best.

Christina J. is a 7th grader. She is an avid reader, who enjoys some peace and quiet with a good book about some great adventure. Christina is a young author herself, in 5th grade she wrote a book *Melody's Stories: I Am a Spy Now*, published by Studenttreasures Publishing (PIN #3582798).

Big Nate In a Class All By Himself

Michael H.

Nate knows he is destined for greatness. When a fortune cookie confirms that, he is very excited. The fortune reads "Today you will surpass all others." He soon learns that trouble seems to be following him everywhere. Instead of something good happening, bad things happen. He receives detention slips from all of his teachers. Confused by it all Nate tries to figure out, how it all went wrong.

Later he realizes that although he did have a really bad day, his fortune cookie was correct. He surpassed all others by establishing a new record. He was the first person to get 7 detention slips in one day! Nobody could believe it, but Nate was happy because his fortune came true.

I give this book 5 stars because it kept me interested the whole time. His adventure made me laugh and Nate didn't give up until he made his fortune come true. I may never want to come close to that record, but reading about it was fun.

Michael H. is a 4th grade student. Besides his love for reading, he also enjoys Karate, playing guitar and sharing new adventures with his mom. He will rate the books 1 to 5 stars with 5 being the highest.

Alana's Book Review

Spirit Animals—Against the Tide

Alana F.

By Tui T. Sutherland
Travel across Edras alongside Meilin, Rollan, Conor, and Abeke as they make their way to the Hundred Isles in an attempt to retrieve yet another talisman - the Coral Octopus. However, after a demoralizing encounter with the enemy in Arctica, it is apparent that a traitor is in their midst. Will the team be able to put aside their emotions, or will their mistrust for one another be their downfall?

As a story centered around Abeke, I was prepared to be bored while reading this but upon closer inspection, I realized that Abeke is a completely different character than I had initially thought. I would give this book four stars because there wasn't much action or combat however, this book managed to completely change my perspective on a character, (it's harder than it sounds) so I'll give it credit for that.

Alana is a student columnist. When she doesn't have a book in her hands, she enjoys playing video games and writing fiction. She rates books on a scale of 1-5 with 5 being the highest.

Lucy's Book Review

Fascinating!

Lucy Davis

Chasing Secrets
Author: Gennifer Choldenko
Set in the year 1900, Elizabeth is a thirteen-year-old girl living in San Francisco. Not really fitting in at her finishing school governed by an unruly headmistress, Lizzie wants to become a scientist.

She loves her family's cook, Jing, who always has an encouraging word, friendly smile, and occasionally a surprise-filled cake!

Suddenly a deathly surprise steps in. The bubonic plague has hit San Francisco, especially rat-infested Chinatown. Jing is unfairly placed in the quarantine because of his ethnicity. Now it's up to Elizabeth, along with the help of her brother and the cook's son, Noah (secretly living in her attic), to get Jing out of quarantine. Can they do it?

I give this book five bookworms because of the suspense and hope that Elizabeth gives the reader. Every step of the way you'll be on her side cheering her on to the very last page of this truly fascinating book.

Lucy is a fifth grade student that enjoys theater, playing guitar and singing. She's a Harry Potter fanatic and hopes to one day publish a series of her own. Lucy will rate the books 1 to 5 bookworms with 5 being the best.

A Dog's Purpose

By W. Bruce Cameron

This remarkable story is about a dog who was reborn as a golden-haired puppy. Bailey tries to find his purpose in life, which leads him to an eight-year-old boy named Ethan. During his life with Ethan he learns to be good. "Good dog, Bailey." This is one of the most important sentences Bailey has ever known. However, this is not the end of Bailey's journey. When he is reborn yet again he wonders when he will find his full purpose. By the way, this is a story for humans from a dog's point of view. It describes the unbreakable bonds between humans and dogs. This is a great book, and I could read it over and over again! I rate this book 5 out of 5 apples.

Keira Fukuwa is a fifth grader. In addition to her love of books, she enjoys jazz dance, art, crafts and traveling. Keira rates books 1-5 apples with 5 being the highest.

Richard's Book Review

Follow Through Pays Off

Richard J.

The book, *Froggy Plays in the Band* by Jonathan London, is one of the series of books about Froggy by this author. Froggy and his friends wanted to be in a band, but they weren't good at it, so their music teacher told them they had three weeks to practice

until the march, and if they did good they might win a prize. At first Froggy and his friends didn't play well, but after they practiced hard for 3 weeks they ended up sounding very good in the marching band and got a Golden Trophy in the shape of a saxophone as a reward.

I liked how the story is that in the beginning Froggy and his friends were discouraged, but practiced hard anyway, and all their hard work had paid off, because practice makes perfect, and everyone should stay determined and work hard to follow through to reach their goal. I also liked many fun illustrations in the book by Frank Remkiewicz.

Richard J. is a second grader who likes math, coloring, fun activities, playing on the playground and reading. Richard rates the book 5 out of 5, with 5 being the best.
