Walters Families,

After 15 years at Walters Elementary and 20 as a principal, I have decided to try something new in the field of education. I can honestly tell you that I wouldn't want to be a principal at any other school or work for any other school district other than Marshall Public Schools. My time here has been amazing. Walters truly is the best place to be to work, learn, and grow! The staff is incredible, our families are positive and supportive, and our students are eager, kind, motivated, and happy.

Thank you to everyone for the support you have shown me during my time here. It has been an honor to serve as your principal and to be a part of the great work we have done. I have seen students grow and learn, teachers innovate and inspire, and families come together to support both their children and others.

I am so proud of everything we have accomplished. We have made great strides in improving student achievement, creating a more positive school climate, and building a stronger community.

I will miss working with everyone but know I will see you out and about. If you see me please do not hesitate to say hello. I cherish the memories and time I spent at Walters working with all of you and wish you all the best in the future.

Thank you,

Paul Holbrook
