

SAC LOT PAINTING PROCEDURES

Carroll Senior High is preparing the parking lots for the 2023-2024 school year. Per tradition, parking spaces in the SAC Lot can be reserved and painted only by members of our senior class. The cost per space is \$250. Here are the guidelines for this fun senior privilege.

- Designs must be approved by campus administration. Unapproved designs will be covered in black paint at the expense of the student.
- The only eligible paint colors are our school colors. Any shade of white, gray, black or green can be used in your personalized design.
- When painting your reserved space, be careful not to paint the curb, the stall dividing white lines, or the specific number painted at the foot of that space.
- Painting should occur only on designated days. Leave only your beautiful design as evidence of your work! All painting supplies must be removed from the lot once your work is done.

If this tradition sounds like fun, set your alarm for 8 am July 25th and follow the reservation instructions posted to the parking portion of our campus website. If you're fortunate enough to secure a space in the sought after SAC lot, use this Google [form](#) to submit your design and get ready to paint!

If you have questions related to this process, send those to our principal, Ryan.Wilson@southlakecarroll.edu.

Sincerely,

Carroll Senior High Parking Peeps
