School Update

**GHMS** 

### **HUMBOLDT UNIFIED SCHOOL DISTRICT**

93 Item # TO: **Humboldt Unified School District Governing Board** FROM: Dr. Terri Matteson, Principal Glassford Hill MS Reading Discuss Х September 9, 2014 DATE: Glassford Hill Middle School report to the Governing Board Action SUBJECT: Consent OBJECTIVE: To share the great things happening at GHMS this school

To the HUSD Governing Board and Dr. Paul Stanton, Superintendent:

I would like to begin by sharing our video for the Expect More Arizona Tour of Excellence. GHMS has entered as a school of excellence and are competing for a Spotlight award and for a People's Choice award. The Spotlight award is determined by a panel of judges from Expect More Arizona and the People's Choice award is given to the school/program that receives the most votes. We are actively campaigning for everyone we know to go online to Expect More Arizona Tour of Excellence and vote for GHMS *iChoose* Excellence. You can vote EVERY DAY, from as many email addresses as you have – and you don't even have to live in Arizona to vote.

In September we are celebrating our families. Last Wednesday, September 3<sup>rd</sup> we invited grandparents to come and have breakfast with their grandchild and then stay for a campus tour from our Panthers in Action students. Tomorrow will be Donuts for Dads and next Wednesday, September 17<sup>th</sup> will be Muffins for Moms. We often hear from the community that GHMS is an ugly building, but we know that the inside is spectacular with our student murals – this is an effort to get people to come in to see just how inviting the learning environment really is.

We will be continuing our Student Advisory Groups (SAGs) this year as part of our *iChoose* Excellence Program. SAGs will meet every month, and will meet for the second time this school year tomorrow during *iChoose* period. We are using the Search Institute's curriculum entitled SPARKS to help our students find that one thing that they are truly passionate about – sports, music, writing, and then the advisors can use that in the team building activities to follow. In tomorrow's SAG meetings we will be looking at our Galileo Pre-Assessment results, as well as Progress Report grades and students will be writing goals for this school year.

Our Galileo Pre-Assessment results are our starting point for this school year. Our analysis shows that 57% of our students are on track to master the math standard, 76% of our students are on track to master reading, 69% for writing, and 67% for science. Our Rtl intervention tutorials will focus on those students who are in the lower 25 percentile and our *iChoose* enrichment seminars will focus on providing a rigorous curriculum that will move all of our students forward.

Glassford Hill Middle School's Outdoor Classroom/Habitat project is underway with a community workday scheduled for Saturday, September 27<sup>th</sup>. Currently we are working on getting the habitat fenced so we can begin construction of the water feature. We are also working on our rainwater catchment system that will capture rainfall from the school roof and that water will be used to feed the water feature and the drip irrigation system. We will have work Saturdays once a month to provide community service hours for our National Junior Honor Society students and other campus organizations. The Prescott Highland's Center will be working with us in the spring to do a Plant Donation Campaign and we will use a couple of Saturdays in the spring to put in the plants and finish out the habitat.

GHMS will also have a strong representation at the Support Our Schools AZ Walk4Education on Saturday, September 13<sup>th</sup> at Chase Ball Field. We will be taking 132 students and 78 adults to be part of this exciting statewide event. The GHMS Choir will perform with the choir from Coyote Springs Elementary School and the Bradshaw Mountain High School Drum Line at the Humboldt Unified Showcase.

### 2014 Summer School Update

Humboldt Unified School District offered Title One Summer School to all of our kindergarten through third grade students during the month of June. This program offered a program that consisted of three hours of intensive reading and writing intervention four days a week for four weeks. We had over 200 students register for summer school creating class sizes of no more than 23 students with two adults. We had 11 certified teachers and 13 highly qualified classified staff assisting in this program. Kim Grant was the on-site Teacher on Assignment overseeing the planning and administration of this successful summer school program.

A program analysis was done on summer school which will be shared during the presentation.

**Tax Rates** 

### **HUMBOLDT UNIFIED SCHOOL DISTRICT**

95

TO: Humboldt Unified School District Governing Board Item #

FROM: Cynthia Windham, Finance Director Reading

DATE: September 9, 2014 Discuss X

SUBJECT: FY 14-15 Tax Rates Action

OBJECTIVE: Annual Requirement

### FY 14-15 TAX RATES:

The Humboldt Unified School District's tax rates for the FY 14-15 year have been calculated and submitted to the Yavapai County Board of Supervisors for adoption.

The rates for the upcoming year are as follows:

	FY 14-15	FY 13-14	Difference
Primary	\$4.5013	\$4.4117	.0896
Secondary	<u>\$1.0265</u> \$5.5278	\$ <u>1.0912</u> \$5.5029	<u>0647</u> .0249

The rate of \$5.5278 represents a combined increase of .0249 cents over last year.

### **ELEMENTS AFFECTING THE PRIMARY TAX RATE**

There are specific elements that effect the primary tax rate and they are as follows:

- Budget Allocation
  - Formulas set by the State
  - o Based on district student attendance, etc.
- Assessed Valuation of the District
  - Specific to each district driven by the market/economy
  - o Set by the County Assessor
- Qualifying Tax Rates
  - o Set by the State
- Collection of Tax Levies
  - Specific to each district driven by the economy
  - o Delinquency rate

Each of the above items represents factors that are specific to each individual school district and will affect area districts differently, even within the same county (with the exception of the Qualifying Tax Rate which is set on a state-wide basis).

### Effect of Tax Rates on the Taxpayers:

Although districts (and other taxing authorities) like the reporting factor of a lower tax rate, the actual effect on the taxpayers between a lower tax rate and a higher tax rate is somewhat nebulous.

If a decrease in the "collective" assessed valuation results in a **higher tax rate** – an individual property owner could actually pay **less in taxes** – depending on the individual property's value level of decrease.

The opposite can also be said: If an increase in the "collective" assessed valuation results in a **lower tax rate** — an individual property owner could actually pay **more in taxes** — depending on the individual property's value level of increase.

Individual properties increase and decrease at varying rates, so average increases only give an estimate on the impact of property owners.

Essentially, there can be a variance between the affect of increase/decrease in tax rates on homeowners in the same taxing jurisdiction.

### **SUMMARY & RECOMMENDATION:**

None needed – discussion item only.

### **POLICY ALERTS**

The two policy alerts included below are topics which are addressed in a number of policies, regulations, and exhibits in the Manual. The school district may initiate changes or references as appropriate.

### **Address Confidentiality Program**

As defined by the Arizona Secretary of State, the Address Confidentiality Program allows persons who have been subjected to domestic violence offenses, sexual offenses or stalking to keep their residence addresses confidential and not accessible to the general public. Program participants will receive a substitute address that becomes the participant's lawful address of record.

Various documents throughout the Policy Manual, many of which are locally created, request current and valid address and identification information on a variety of forms, including admission/enrollment, attendance, records access and transfers, concerns/complaints, health services/information, etc.

Each school district should train staff to be aware of and utilize the current and valid address confidentiality program authorization card whenever appropriate in order to not compromise the confidentiality of a program enrollee.

Additional information, including legislation pertaining to the Address Confidentiality Program in A.R.S. Title 41, State Government, may be found at the Secretary of State's website at <a href="http://www.azsos.gov/Info/acp/">http://www.azsos.gov/Info/acp/</a>.

### **Child Protective Services**

Child Protective Services (CPS) has changed its name to Department of Child Safety (DCS). The former name occurs throughout the Manual in policies, regulations, and exhibits, including the ones distributed in PA 503 (JLF-EB through JLF-ED), March 2014. The Manual will be altered; however, the forms distributed by the agency and the Department of Child Safety (DCS) website still include the older name. These will be updated as the agency releases new publications. The District may alter the name as it develops or changes policies or other documents or substitute the new name as deemed necessary.

### Policy Advisory No. 504 Policy BCB — Board Member Conflict of Interest. (Paul Stanton)

The language in a prior Policy Advisory 499, March, 2014, included this: "Board Members are forbidden from supplying school districts with equipment, material, supplies or services unless pursuant to an award or contract let after public competitive bidding. An exception exists for equipment, material, and supplies under certain dollar amounts. Policy BCB is revised to clarify that the exception for Board Member purchases applies only to equipment, materials, and supplies, and NOT services."

Inadvertently the policy document included the word supplies in place of services under "Purchases from Governing Board Members" in the places indicated below. Please make the appropriate substitution.

It is the recommendation of administration that this policy be accepted as presented by ASBA.

### SUPPORT STAFF HIRING

It shall be the policy of the District to employ and retain the best qualified personnel. This will be accomplished by giving careful consideration to qualifications and by providing competitive wages within the financial capabilities of the District, adequate facilities, and good working conditions.

Recruitment of support staff personnel is the responsibility of the Superintendent. Other members of the administration and supervisory staff will assist as responsibilities are delegated by the Superintendent.

The Board adopts the following general criteria and procedures, which shall be utilized in the selection process for initial employment:

- There will be no discrimination in the hiring process due to race, color, religion, sex, age, national origin, or disability of an otherwise qualified individual.
- Candidates for all positions shall be physically and mentally able to perform the duties of the position job descriptions for which they have applied.
- Each candidate shall be requested to complete a consent-and-release form regarding conduct of a background investigation.
- A "background investigation" consisting of communication with the applicant's (or employee's) former employer that concerns education, training, experience, qualifications, and job performance for the purpose of evaluation for employment shall be conducted on each individual to be considered for a recommendation of employment. Forms developed for this purpose are to be used.

Any employee's misstatement of fact that is material to qualifications for employment or the determination of salary shall be considered by the Board to constitute grounds for dismissal.

A district may hire and place a noncertificated employee into service before receiving the results of the mandatory fingerprint check- or a fingerprint clearance card has been issued or denied. However, until fingerprint clearance has been received, an applicant who is required or allowed to have unsupervised contact with pupils cannot be hired and placed into service until:

• The District documents in the applicant's file the necessity for hiring and placing the applicant into service before a fingerprint check can be completed or a fingerprint clearance card is issued or denied.

Note: This material is written for informational purposes only, and not as legal advice. You may wish to consult an attorney for further explanation.

- The District obtains from the Department of Public Safety a statewide criminal records information check on the applicant. Subsequent criminal records checks are also required every one hundred twenty (120) days until the date that the fingerprint check is completed or the fingerprint clearance card is issued or denied.
- The District obtains references from the applicant's current employer and two (2) most recent previous employers, except that for applicants who have been employed for at least five (5) years by the most recent employer, only references from that employer are required.
- The District provides general supervision of the applicant until the date the fingerprint check is completed, or the fingerprint clearance card is issued or denied.

Upon recommendation for employment the District shall confirm employment authorization and employment eligibility verification by participating in the E-Verify program of the Department of Homeland Security's (DHS) U.S. Citizenship and Immigration Services Bureau (USCIS) and the Social Security Administration (SSA). The District will then complete the Form I-9 as required and maintain the form with copies of the necessary documents and documentation of the authorization and verification pending any inquiry.

The District reports to the Superintendent of Public Instruction on June 30 and December 31 the number of applicants hired prior to the completion of a fingerprint check or the issuance of a fingerprint clearance card and the number of applicants for whom fingerprint checks or fingerprint clearance cards have not been received after one hundred twenty (120) days and after one hundred seventy-five (175) days of hire.

The District may provide information received as a result of a fingerprint check required by section 15-512 to any other school district if requested to do so by the person who was the subject of the fingerprint check or communicate to any school district if requested to do so by the person who applied for a fingerprint clearance card whether the person has been issued or denied a fingerprint clearance card. A copy of any written communication regarding employment must be sent by the employer providing the information to the former employee's last known address.

Any person who permits unauthorized access to criminal history record information, releases criminal history record information, or procures the release or uses criminal history record information other than in accord with A.R.S. 41-1750 is guilty of a class 6 felony.

Policy Advisory No. 511 GDQA — Support Staff Reduction in Force. (Dan Streeter)

This wording change is for consistency of language in the document.

It is the recommendation of administration that the policy be accepted as presented by ASBA.

### SUPPORT STAFF REDUCTION IN FORCE

The number and type of support staff positions required to implement the District's educational program will be determined annually by the Board after recommendation from the Superintendent. In the event the Board decides to release support staff members, the following guidelines will be in effect:

- Normal attrition due to terminations will be relied upon as the first means of reducing the staff.
- If attrition does not accomplish the required reduction in the staff, the Superintendent shall submit to the Board recommendations for the termination of specific staff members. The criteria used in formulating these recommendations shall include, but shall not be limited to:
  - Qualifications of staff members to accomplish the District's program.
  - Overall experience, training, and ability.
  - · Past contributions to the program of the District.
  - All other factors being equal, length of service in the District.

Criteria for selection of staff members to be released will be applied separately to employees within specialty categories.

Personnel to be <u>laid off released</u> for the ensuing school year shall be notified of such <u>layoff release</u> as soon as practical.

Policy Advisory No. 512 IKE, IKE-RB —Promotion and Retention of Students (Danny Brown)

House Bill 2501 adds language to A.R.S. 15-701, (Common school; promotion; requirements; certificate; supervision of eighth grads by superintendent of high school districts; high school admissions; academic credit), stating that, 'A school district may conduct a ceremony to honor pupils who have been promoted from the eighth (8th) grade'. This language has been added to ASBA policy document IKE.

House Bill 2637 modified language in A.R.S. 15-701 to include provisions disallowing retention in the third grade if data regarding a pupil's performance on the Arizona Instrument to Measure Standards test, or a successor test, is not available before the start of the following academic year. Intervention and remedial strategies are now required for these students if the third grade assessment data subsequently demonstrates that the pupil's reading ability falls far below the third grade level or the equivalent. Applicable language has been added to IKE-RB.

Outdated policy language has been deleted from IKE-RB as it is no longer necessary.

It is the recommendation of administration that the policy and regulation be accepted as presented by ASBA.

# PROMOTION AND RETENTION OF STUDENTS

## (Promotion or Retention of Elementary Students; High School Course Pass or Fail)

### Regular Education

The District is dedicated to the continuous development of each student.

Year to year promotion of a student in grades one (1) through eight (8) will be based upon standards for each basic subject area as identified in the course of study. The District may conduct a ceremony to honor pupils who have been promoted from the eighth (8th) grade.

The District standards that students must achieve shall include accomplishment of the standards in reading, written communication, mathematics, science, and social studies adopted by the State Board of Education.

The promotion of a student from grade three (3) shall be conditioned on the satisfaction of the applicable competency requirements prescribed by A.R.S. 15-701 and depicted in Administrative Regulation IKE-RB.

In addition to these standards, test scores, grades, teacher-principal recommendations, and other pertinent data will be used to determine promotion.

Retention of students is a process that is followed when the professional staff, in consultation with the parent, determines it to be in the best interests of the student. Though primary grades are suggested as the most appropriate time, retention may be considered at any grade level.

When circumstances indicate that retention is in the best interest of the student, the student will have individual consideration, and decisions will be made only after a careful study of facts relating to all phases of the student's growth and development. The student's academic achievement level and mental ability are important, but physical and social characteristics are also important factors. A decision should be based on sufficient data, collected over a period of time and motivated by a desire to place students in school programs where they will be the most successful.

The earning of credit for a high school course is based on the student's satisfactory completion of the course academic requirements as demonstrated by the student's course grade. Periodic grade reports shall inform the student and the student's parent(s)/guardian(s) of the student's progress in a course. The teacher should further inform and confer with the student's parent(s)/guardian(s) whenever the student's lack of satisfactory progress in the course indicates a trend toward the student receiving a failing course grade. No course credit is granted for a failing grade.

A student's high school grade classification (i.e., freshman - ninth [9th]; sophomore tenth [10th]; junior - eleventh [11th]; or senior - twelfth [12th]) is determined by the number of units of credit the student has earned relative to the respective minimum number of credits to attain each successive classification. A student must achieve passing grades in the number of required and elective course credits prescribed by the Governing Board and the State Board of Education to be granted a high school diploma.

In addition to the above, such decisions, when applied to students enrolled in special education, shall be on a case-by-case basis, consistent with the individualized education program and in accordance with A.A.C. R7-2-301 and R7-2-401.

### Special Education

Students who do not meet regular promotion requirements must meet the course of study and promotion requirements for special education under the guidance of A.A.C. R7-2-401. The programs for such students may include adaptations.

Any student unable to meet regular academic requirements for promotion must meet the requirements of an alternative curriculum derived from the regular curriculum, which will be developed by an individualized educational program (IEP) team on an individual basis. Students placed in special education will complete the course of study as prescribed in their individual promotion plans and implemented through their individual education programs. Course work will be presented at a level commensurate with the student's ability. The student's permanent file shall identify the courses completed through special education; however, the student will receive the standard certificate of promotion.

A pupil may not be retained if data regarding the pupil's performance on the Arizona Instrument to Measure Standards test, or a successor test, is not available before the start of the following academic year. A pupil who is not retained due to the unavailability of test data must receive intervention and remedial strategies as in the section immediately below if the third grade assessment data subsequently demonstrates that the pupil's reading ability falls far below the third grade level or the equivalent.

### Intervention and Remedial Strategies Developed by the State Board of Education (SBE) for Students Who Are Not Promoted from the Third Grade

The Governing Board shall offer at least one (1) of the intervention and remedial strategies developed by the SBE. The parent or guardian of a student not promoted from the (3rd) grade and the student's teacher(s) and principal may choose the most appropriate intervention and remedial strategies that will be provided to that student. ## Policy Advisory No. 513 IKF — Graduation Requirements (Danny Brown)

House Bill 2265 adds an option for school districts to add a rigorous computer science course that would fulfill a mathematics course required for graduation from high school.

Computer Science course requirements could include, but not limited to, significant mathematics content. The high school would also need to have sufficient capacity, infrastructure, and qualified staff.

It is the recommendation of administration that the policy be accepted as presented by ASBA.

Policy Advisory No. 514 JFAB —Tuition/Admission of Nonresident Students. (Danny Brown)

This policy advisory adds language which provides clarification regarding the obtaining of state funding for any student who is not a resident of the state.

This revision provides clarity that "unless authorized by statute" the district is prohibited from obtaining state funding for any student who is not a resident of the state.

It is the recommendation of administration that the policy be accepted as presented by ASBA.

## TUITION / ADMISSION OF NONRESIDENT STUDENTS

For purposes of open enrollment a "nonresident pupil" means a student who resides in this state and who is enrolled in or is seeking enrollment in a school district other than the school district in which the student resides. A student who is not a resident of the District but is a resident of Arizona who meets the age and other requirements for open enrollment established by state law and District policy shall be admitted to a school without payment of tuition.

A student shall also be admitted to a school without tuition payment, if:

- The student is the child of a United States resident who is not a resident of Arizona, if this is in the best interest of the student and the student is placed with a relative per A.R.S. 15-823 and the placement is not to avoid tuition payment.
- The student is a resident of the United States and evidence indicates that because the parents are homeless or the child is abandoned, as defined in A.R.S. 8-201, the child's physical, mental, moral or emotional health is best served by placement with a person who does not have legal custody of the child and who is a resident within the school district, unless it is determined that the placement is solely for the purpose of obtaining an education in this state without payment of tuition.
- The student presents a certificate of educational convenience issued by the County School Superintendent pursuant to A.R.S. 15-825.
- The student is a child of a nonresident teaching or research faculty member of a community college district or state university or a nonresident graduate or undergraduate student of a community college district or state university whose parent's presence at the district or university is of international, national, state, or local benefit.

The District shall admit the following students, *charging tuition* as prescribed in statute:

• The child of an Arizona resident who is not a resident of the District, if the District provides a high school and the student is a resident of an Arizona common school district that is not in a high school district and that does not offer instruction in the student's grade. Special circumstances may apply in accordance with A.R.S. 15-2041 after three hundred fifty (350) students have been admitted.

*Note:* This material is written for informational purposes only, and not as legal advice. You may wish to consult an attorney for further explanation.

Page 38 of 55

- For an Arizona resident who is not a resident of the District, if the district of residence provides only financing for students who are instructed by another school district and for students from a unified district that does not offer instruction in the student's grade.
- A pupil who is issued a certificate of educational convenience to attend school in the School District or adjoining the school district to that in which the pupil is placed by an agency of this state or a state or federal court of competent jurisdiction, as provided in A.R.S. 15-825.

The District shall admit a pupil who is the resident of a school district that has entered into a voluntary agreement with the District, *charging tuition* as agreed to in accordance with A.R.S. 15-824(E)(3).

The District may admit nonresident foreign exchange students without payment of tuition, or as it may otherwise prescribe.

The District shall not include in its student membership count students who are not Arizona residents. <u>Unless authorized by statute</u>, <u>T</u> the District is prohibited from obtaining state funding for any student who is not a resident of the state.

#### "Residence" Defined

The residence of a student is the residence of the person having legal custody of the student, except as provided in A.R.S. 15-823 through A.R.S. 15-825.

Residency of the parent/guardian or surrogate may be determined by showing the individual's presence and intent to remain in the District. Documentation of residency may be determined by using the following verifiable documentation.

#### Verifiable Documentation

A.R.S. 15-802(B) requires school districts and charter schools to obtain and maintain verifiable documentation of Arizona residency upon enrollment in an Arizona public school.

The documentation required by A.R.S. 15-802 must be provided each time a student enrolls in a school district or charter school in this state, and reaffirmed during the district or charter's annual registration process via the district or charter's annual registration form. The documentation supporting Arizona residency should be maintained according to the school's records retention schedule.

In general, students will fall into one (1) of two (2) groups: 1) those whose parent or legal guardian is able to provide documentation bearing his or her name and address; and 2) those whose parent/legal guardian cannot document his or her own residence because of extenuating circumstances including, but not limited to, that the family's household is multi-generational. Different documentation is required for each circumstance.

Parent(s) or legal guardian(s) that maintains his or her own residence: The parent or legal guardian must complete and sign a form indicating his or her name, the name of the school district, school site, or charter school in which the student is being enrolled, and provide one (1) of the following documents, which bear the parent or legal guardian's full name and residential address or physical description of the property where the student resides (no P.O. Boxes):

- · Valid Arizona driver's license, Arizona identification card
- Valid Arizona motor vehicle registration
- Valid United States passport
- Property deed
- Mortgage documents
- Property tax bill
- Rental agreement or lease (including Section 8 agreement)
- Utility bill (water, electric, gas, cable, phone)
- · Bank or credit card statement
- W-2 wage statement
- Pavroll stub
- Certificate of tribal enrollment or other identification issued by a recognized Indian tribe
- Other documentation from a state, tribal, or federal agency (Social Security Administration, Veterans' Administration, Arizona Department of Economic Security, etc.)

Parent(s) or legal guardian(s) that does not maintain his or her own residence: The parent or legal guardian must complete and sign a form indicating his or her name, the name of the school district, school site, or charter school in which the student is being enrolled, and submit a signed, notarized affidavit bearing the name and address of the person who maintains the residence where the student lives attesting to the fact that the student resides at that address, along with a document from the bulleted list above bearing the name and address of the person who maintains the residence.

## Use of and Retention of Documents by Schools

School officials must retain a copy of the attestations or affidavits and copies of any supporting documentation presented for each student (photocopies acceptable) that school officials believe establish validity. Documents presented may be different in each circumstance, and unique to the living situation of the student. Documents retained by the school district or charter school may be used as an indicia of residency; however, documentation is subject to audit by the Arizona Department of Education. Personally identifiable information other than name and address (SSN, account numbers, etc.) should be redacted from the documentation either by the parent/guardian or the school official prior to filing.

It is the recommendation of administration that the exhibit be accepted as presented by ASBA.

### Policy Advisory No. 516 JQ — Student Fees, Fines, and Charges (Danny Brown)

Senate Bill 1350 establishes A.R.S. 15-116, Public schools; fees; wavers; prohibition. First, statute language provides for the waiver of fees should the fees be deemed an economic hardship to the pupil. Second, statute language also presents language that prevents the exclusions of a pupil from enrollment in a public school or remaining in a public school for nonpayment of fees. Third, statute language does not prohibit a school district or charter school from charging tuition to a non-state resident pupil, as required by statute. This language has been incorporated into policy JQ.

It is the recommendation of administration that the policy be accepted as presented by ASBA.

## STUDENT FEES, FINES, AND CHARGES

The Board recognizes the need for student fees to fund certain school activities that are not financed by local, state, or federal funds. It also recognizes that some students may not be able to pay these fees. All fees shall contain a provision that allows the fees to be waived in the event of economic hardship to the pupil. Non-payment of fees charged by the District, may not prevent a pupil from enrolling in, applying to or remaining enrolled in a public school. No student will be denied an education as a result of inability to pay these supplementary charges. This policy does not prohibit the District from charging tuition to a non-state resident pupil, as required by statute.

Students will not be required to supply specific types of school supplies or equipment as a prerequisite to successful completion of a required course or project.

Students will, however, be responsible and accountable for loss of or damage to school property, including textbooks and library books.

The Superintendent will establish procedures through which students may be held responsible and accountable for loss of or damage to school property, including textbooks and library books.

Authorization is granted for the acceptance of fees or cash contributions paid by a taxpayer for support of extracurricular activities and character education programs in schools of the District. The Superintendent shall establish procedures to assure compliance with all requirements for reporting the receipt and expenditure of taxpayer contributions.

## Policy Advisory No. 517 KDB-R — Public's Right to Know/Freedom of Information (Dan Streeter)

The language deleted from this regulation is necessary as districts must avoid assessing any unnecessary or disallowed fees and creating delays in providing public information. The Governing Board should be informed of this change in the usual manner following policy BGD, Board Review of Regulations, which states the following: "The Board reserves the right to review all administrative regulations." The Superintendent shall provide a copy of each District regulation to each Board member prior to distribution.

This regulation removes language related to charging the public for clerical time when a public record request has been made. This change presents no impact to past public records requests.

It is the recommendation of administration that the regulation be accepted as presented by ASBA.

## PUBLIC'S RIGHT TO KNOW/ FREEDOM OF INFORMATION

Public records of the District will be open for inspection by any person as provided by law.

Public record means any recorded information that is made, maintained, or kept by, or is in the possession of, the District. Such records include minutes of the Governing Board, agendas, financial records, contracts, and statistical summaries.

The office of the Superintendent will be open to receive requests for records inspection or copying during normal business hours on Monday through Friday.

Requests for access to records shall be directed to the office of the Superintendent.

All persons requesting inspection and/or copying of public records must attest that they have not requested the public records of the District for a commercial purpose. If the records are requested for a commercial purpose, the requester must provide a statement, verified by the requester, setting forth the commercial purpose for which the materials will be used.

The above declaration will be made and signed on the official form provided by the District for requesting inspection and/or copying of public records.

The Superintendent may permit access to, or provide for the copying of, the records requested within a reasonable period of time following the request or will provide an explanation of a cause for further delay and will give notification of the time the records will be available, or, if access is denied, the Superintendent will provide a written statement of the grounds for denial.

Requirements of access and inspection apply only to existing records and do not require creation of new records. Public inspection of a document that otherwise would be a public record may be denied by the Superintendent if 1) the record is made confidential by statute, 2) the record involves the privacy interests of persons, or 3) disclosure would be detrimental to the best interests of the District. If a public record contains material that is not subject to disclosure, the District will delete such material and make available to the requester such material in the record as is subject to disclosure.

Records contained on a computer will be provided only in the form in which the information can be made available using existing computer programs.

Copies of radio or recording tapes of discs, video or films, pictures, slides, graphics, illustrations, or similar audio or visual items or devices will not be furnished unless such items or devices have been shown or played at a public meeting of the Governing Board.

A fee shall be levied on each request to cover the cost of making copies, staff time, computer time, et cetera. Fees will be collected prior to releasing material.

The fees will be based upon the following:

- 10¢ per copy for materials indicated as Board minutes, agendas, financial records, contracts, courses of study, or statistical summaries.
- 35¢ per copy for materials not listed above that require additional clerical and/or professional staff time to make available.
- · Actual cost, if available, will be assessed.
- Free copies shall be furnished if they are to be used in claims against the United States.

Policy Advisory No. 518 KF, KF-EA — Community Use of School Facilities (Dan Streeter)

Senate Bill 1336 has added a section pertaining to immunity from civil liability for the School District and its employees, including the Governing Board, Superintendent or chief administrative officer, with respect to all decisions made and actions taken to allow the lease or use of school property.

It is the recommendation of administration that the policy and exhibit be accepted as presented by ASBA.

## COMMUNITY USE OF SCHOOL FACILITIES

### Leasing (renting)

School facilities and property may be leased to extended day resource programs and any person, group or organization for any lawful purpose in the interest of the community. The purposes include but are not limited to the following:

- · recreational,
- · educational,
- · political,
- · economic,
- artistic,
- moral,

- · scientific,
- · social,
- · religious,
- · other civic,
- or governmental.

A reasonable use fee shall be charged for the lease of school facilities and property and this fee may be offset by goods contributed or services rendered by the lessee. "Reasonable use fee" means an amount that is at least equal to the cost for utilities, services, supplies or personnel provided to the lessee pursuant to the terms of the lease.

## Uncompensated Use

The Superintendent may permit the uncompensated use of facilities and property by any school related group, including student political organizations, or by any organization whose membership is open to the public and whose activities promote the educational function of the District. "Education function" means uses that are directly related to the educational mission of the District as adopted by the Board and includes the educational mission related uses of parent - teacher organizations, youth organizations and school employee organizations. Use of facilities or property by organizations indicated above that will require a substantial District cost for utilities, services, supplies and/or personnel may be permitted only if goods contributed, services rendered or payments are made to reimburse these costs to the District.

The mission of the District is found in section A of the policy manual (see cross referenced policies below). The mission statement and the group's or organization's promotion of the educational function through the activity, as interpreted by the Superintendent in good faith, will be the basis upon which uncompensated use of District facilities and property shall be approved or denied.

### Generally

The Superintendent shall annually recommend a fee schedule to the Board for the lease of school property and such schedule shall include a procedure for determining the value of goods and services being provided as compensation for the use of school property. The schedule shall include a designation of those groups whose activities promote the educational function of the School District as determined in good faith by the Superintendent and presented for Board review.

Property not associated with the use of facilities is covered in section E of the policy manual (see cross referenced policies below). The District will use its best efforts to avoid conflicts with approved use of the facilities and property but no lease or use provision shall be effective if the administrator of the facility finds that it would cause delay, cancellation, or rescheduling of a school-sponsored activity.

Proof of liability insurance shall be required for the use or lease of school property pursuant to A.R.S. 15-1105.

The School District and its employees, including the Governing Board, Superintendent or Chief Administrative Officer, are immune from civil liability with respect to all decisions made and actions taken to allow the lease or use of school property, unless the School District or its employees are guilty of gross negligence or intentional misconduct. This does not limit any other immunity provisions that are prescribed by law.

The Superintendent shall establish such rules and regulations as are needed to implement this policy as well as to assure the preservation of District property.

The lessee of school facilities must affirm knowledge of and enforce the requirements and restrictions set out in Chapter 28.1 of A.R.S. Title 36 related to medical marijuana.

The lessee of school facilities to be used for athletic activities must confirm knowledge of and compliance with the requirements and restrictions for such use as set out in Board Policy JJIB.

- An employee of the District must be on duty whenever a school building is used by an organization or group unless prior approval for other arrangements has been granted.
- The applicant is held responsible for the preservation of order. All children attending or participating in the event or activity must be supervised by responsible adults.
- No alcoholic liquors or beverages shall be brought to or consumed in the buildings or on the grounds.

Each group will be responsible for the repair or replacement of damaged equipment, furniture, or facility.
- The School District and its employees, including the Governing Board, Superintendent or Chief Administrative Officer, are immune from civil liability with respect to all decisions made and actions taken to allow the lease or use of school property, unless the School District or its employees are guilty of gross negligence or intentional misconduct. This does not limit any other immunity provisions that are prescribed by law.

- All wages earned by District employees on duty for approved facilities use shall be paid by the District. No District employees shall be paid directly by any group using the facilities.
- The availability of cafeteria kitchens and other special subject or usage areas may be restricted to specific times or activities. Special fees may be charged for the use of those facilities.
- When more than one (1) applicant requests the use of a facility for the same time, the applicant filing first shall be given first consideration. If a school program or calendar changes, the school program shall take priority, even if the activity has been scheduled. Every effort will be made to reschedule the activity as conveniently as possible when such cancellation has occurred.
- The issuance of keys to facilities is to be discouraged. However, if no alternative is suitable, it shall be the principal's responsibility to issue and retrieve facility keys according to the District key-control procedures.
- Permission shall be denied for activities that would exceed the capacity of the facility or be in violation of fire or safety regulations. It shall be the responsibility of the applicant to make appropriate members familiar with the use of fire and other safety devices and procedures.
- Confirm knowledge of and commitment to comply with the requirements and restrictions for use of facilities for athletic activities as set out in Board Policy JJIB.
- Comply with all applicable requirements of The Arizona Medical Marijuana Act.
- All activities must be conducted within the laws, rules and regulations of the State of Arizona and applicable municipal subdivisions.
- Requests for future use may be denied to an organization that fails to comply with established rules.

SUBJECT:

FY 14/15 Revised Budget #1

Action

Due to Transwestern Pipeline Lawsuit

OBJECTIVE:

#### **BACKGROUND:**

Transwestern Pipeline Company has natural gas lines running through seven Arizona counties, including Yavapai, as it connects Texas with California.

Transwestern went to tax court to appeal its property valuation from tax years 2010 to 2014 to recoup what it had been paying in taxes. A tax appeal settlement has been reached.

A.R.S. 15-915 (B) provides for adjusting basic state aid (equalization assistance) based on the difference between the original primary assessed valuation (AV) and the AV which resulted from this lawsuit.

The process includes Arizona Department of Education (ADE) School Finance recalculating basic state aid for the prior year's which are impacted by the lawsuit. HUSD has received a preliminary state aid correction calculation of \$94,808.

School districts that were notified of a judgment against them are eligible to request a correction to state aid for the referenced years. District Governing Boards are required to make this request. The preliminary state aid correction/adjustment was taken into consideration when setting the District's tax rate in August.

Attached is the Claim Form for State Aid Corrections due to Transwestern Pipeline Company Tax Appeal Settlement Pursuant to A.R.S. 15-915(B).

#### SUMMARY & RECOMMENDATION:

It is the recommendation of administration that the revised budget for FY 14/15 be approved as presented.

#### Sample Motion:

I move to approve the revised budget for FY 14/15 which Includes the preliminary budget adjustment of \$94,808 due to the Transwestern Pipeline Company tax appeal.

#### SUPPORTING DATA

The proposed fee schedule is shown below. Band students usually join two or more programs (jazz, concert, drum line, marching). Sometimes, due to course fees and uniform fees, this can be extremely costly. We have had students drop out of programs due to cost. This new fee proposal will make each fee (course and uniform) \$25 for students in Band, with a \$100 combined maximum, encouraging students to enroll in multiple groups. Currently, 17 of the 18 members of Jazz Band are in three band classes; if they were charged full fees, some students would find enrolling in these classes cost-prohibitive.

#### SUPPORTING DATA

The Concert Choir is a mixed ensemble of male and female singers and is open to those students who desire to expand their vocal abilities and prepare for possible entrance into the advanced choirs. Daily rehearsals will focus on musicianship skills, vocal health and development, intermediate level theory, sight reading, and other choral music concepts and curriculum. The repertoire will include SAB (soprano/alto/bass) literature and possible SATB (soprano/alto/tenor/bass) literature, depending on the participants in the choir. This ensemble will be scheduled for a least four public concerts per year and will have opportunities for festivals and travel. An audition with the instructor or teacher recommendation is required.

Fee: \$10 uniform fee, \$20 participation fee (\$30 total)

This UNIVERSAL SERVICE AGREEMENT (the "Agreement") is entered into and shall be binding upon the parties as of the last date executed below by and between TALX Corporation (a provider of Equifax Workforce Solutions), a Missouri corporation ("EWS"), and Humboldt Unified School District ("Client"), a Arizona municipal corporation. The parties agree as follows:

#### 1.0 CONTRACT SERVICES

By entering into this Agreement, Client hereby authorizes EWS to provide the employment or payroll related services (the "Services") as described in each applicable schedule, or schedule set, and any exhibits attached thereto (the "Schedule(s)") attached hereto. The parties may enter into one or more Schedule(s), each Schedule corresponding to a service or group of services provided by EWS, and such schedules, whether attached hereto or entered into after the execution of this Agreement, shall be a part of this Agreement. The terms of this Agreement shall apply to each Service, except as the parties may otherwise provide in the Schedule(s).

#### 2.0 TERM

The term for each Service is set forth in the applicable Schedule. A Schedule may expire or be terminated without affecting the other Schedules. This Agreement shall remain in effect as long as there is an outstanding schedule with a term then in effect.

# 3.0 EWS OBLIGATIONS

EWS agrees that the Service (i) will be provided in compliance with laws and regulations applicable to EWS's performance thereof, and (ii) will not infringe trademarks, patents or other intellectual property rights of others. EWS MAKES NO WARRANTIES AS TO THE SERVICE OR THE DATA, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, AND/OR FITNESS FOR A PARTICULAR PURPOSE EVEN IF EWS KNOWS OF SUCH PURPOSE.

#### 4.0 CONFIDENTIALITY

The parties agree that the following will be treated as "Confidential Information": (i) all employment and income data ("Data") provided by or on behalf of Client to EWS; (ii) all information provided by EWS to Client pertaining to the Services; (iii) all information which is labeled as such in writing and prominently marked as "Confidential," "Proprietary" or words of similar meaning by either party; or (iv) business information of a party which a reasonable person would understand under the circumstances to be confidential. Any Confidential Information acquired or received by either party (the "Recipient") in the course of this Agreement will not be disclosed or transferred to any person or entity other than to employees of a party and, as to EWS, for the purpose of performing its obligations under this Agreement. Confidential Information received under this Agreement will be treated with the same degree of care and security as each party uses with respect to its own Confidential Information, but not less than a reasonable degree of care. The parties agree to use Confidential Information only for the purpose of performance of this Agreement and to make no copies except as necessary for performance of this Agreement.

"Confidential Information" does not include information which (i) is or becomes generally available to the public other than as a result of disclosure by the Recipient, (ii) was known by the Recipient at the time of disclosure of the information without any obligation of confidence, and that knowledge is evidenced by reasonable proof, (iii) was or becomes available from a source other than the owner if the source was not

legally bound to maintain the confidentiality of the information, or (iv) the Recipient independently develops without use of or reference to the Confidential Information. Each party acknowledges that unauthorized disclosure or use of the Confidential Information by a party may irreparably damage the other party in such a way that adequate compensation could not be obtained from damages in an action at law. Accordingly, the actual or threatened unauthorized disclosure or use of any Confidential Information shall give the owner the right to seek injunctive relief restraining such unauthorized disclosure or use, in addition to any other remedy otherwise available (including reasonable attorneys' fees). Each party hereby waives the posting of a bond with respect to any action for injunctive relief.

Upon Client's written request at any time during the Term of this Agreement (including termination or completion of the Services hereunder), EWS will purge or destroy Data housed in the EWS production database(s), provided that EWS may retain archival copies of Data for audit and dispute resolution purposes and EWS may retain copies of Data on encrypted back-up media in which such Data is coresident with other employment and income data. EWS shall remain under its contractual obligation of confidentiality and security to Client during such retention and such obligations shall survive termination of the Agreement.

This Section shall survive the termination of this Agreement.

# 5.0 DATA SECURITY AND PRIVACY

EWS shall maintain an information security program that includes appropriate administrative, technical and physical safeguards reasonably designed to: 1) ensure the security and confidentiality of Data; 2) protect against any anticipated threats or hazards to the security or integrity of such Data; 3) protect against unauthorized access to or use of such Data that could result in substantial harm or inconvenience to Client; and 4) dispose of such Data in a secure manner.

To comply with the safeguard obligations generally described above, EWS has (a) designated an employee to coordinate its information security program, (b) identified reasonably foreseeable internal and external risks to the security, confidentiality, and integrity of Data that could result in the unauthorized disclosure, misuse, alteration, destruction, or other compromise of such Data, and assess the sufficiency of any safeguards in place to control these risks, and (c) designed and implemented information safeguards to control the risks identified through the risk assessment, and regularly tests or otherwise monitors the effectiveness of safeguards' key controls, systems and procedures.

EWS shall notify Client in writing as soon as possible and without unreasonable delay, after EWS has either actual or constructive knowledge of a breach which affects Data (an "Incident"). Notification may be delayed as required by law enforcement to prevent any impediment(s) to its investigation of the Incident. EWS shall have actual or constructive knowledge of an Incident if EWS actually knows there has been an Incident or if EWS has reasonable basis in facts or circumstances, whether acts or omissions, for its belief that an Incident has occurred. EWS shall cooperate with law enforcement in accordance with applicable law provided however, that such cooperation shall not result in or cause an undue delay to remediation of the Incident. EWS shall promptly take appropriate action to mitigate such risk or potential problem at EWS's expense. In the event of an Incident, EWS shall, at its sole cost and expense, fully restore the Data and institute appropriate measures to prevent any recurrence of the problem as soon as is commercially practicable.

#### 6.0 DATA QUALITY AND DATA TRANSMISSION

Client acknowledges that the ability of EWS to provide accurate information is dependent upon receipt of accurate Data from Client. Client shall provide current and accurate Data necessary for EWS to provide the Services. Client agrees to provide such Data to EWS in the EWS format within a mutually agreeable timeframe and to promptly correct and update Data. Client further agrees to test and validate the accuracy of the Data on a mutually agreeable frequency using paper-based or electronic Data validation reports provided by EWS. Both parties agree to work together to identify and resolve all identified historical and ongoing Data errors within two (2) of Client's pay periods. Client agrees that any action required of EWS to correct the Data for Client may result in additional fees, as provided in each applicable Schedule attached hereto.

Furthermore, Client agrees to transfer Data to EWS using one of the approved secure shipping methods provided in Attachment 1.

#### 7.0 PROPRIETARY RIGHTS

Neither party's ownership rights, including but not limited to, any intellectual property rights in or used by EWS to perform the Services nor any intellectual property rights in or to Client's Data, shall be transferred pursuant to this Agreement. This Section shall survive termination of this Agreement.

#### 8.0 INDEMNIFICATION/LIMITATION OF LIABILITY

- 8.1 Each party agrees to indemnify, defend and hold harmless the other party and its affiliates, and their directors, officers and employees (each, an "Indemnified Party"), from and against any and all third party claims, demands, liabilities, suits, damages, expenses and costs (including reasonable attorneys', experts' and investigators' fees and expenses) incurred by the Indemnified Party arising from or related in whole or in part to the indemnifying party's, or its affiliates', or its directors', officers' or employees' (i) breach of Section 4.0 or Section 6.0 of this Agreement, (ii) infringement on the intellectual property rights of third parties and/or (iii) intentional wrongful act or omission, provided that (a) the party seeking indemnity promptly notifies the indemnifying party of any claim for indemnity and cooperates fully in the defense of the claim, and (b) the party providing indemnity shall select counsel to defend any such claim.

Clients using email communications who do not use TLS or allow their TLS certification to lapse will be automatically set up to receive secure email using Voltage. Please designate your preferred email method for secure communication below:

#### UCM Service Fees

- Annual Fee. The annual fee to be paid to EWS for the unemployment cost management Service to be rendered under this Schedule for Client and its subsidiaries or affiliates listed on Exhibit A shall be \$7,152.00 per year payable in equal quarterly installments.
- Excess Claims Fee. Should the number of claims received in an agreement year exceed 100% of the workload estimate below, a fee of \$15 per claim will be payable to EWS for each excess claim. Number of claims received shall be defined as (i) any unemployment related claim document officially generated by a state agency, or (ii) in the event an unemployment claim was not managed by EWS, any document or inquiry which requires further case management by EWS.

In the event Client terminates this Schedule 1 or the Agreement prior to the end of an agreement year, EWS will calculate a monthly pro rata threshold for Unemployment Claims and Client will be responsible for a pro rata share of the excess claims for the agreement year in which such early termination becomes effective. The monthly pro rata threshold will be calculated by dividing the annual Unemployment Claims Workload Estimate below by 12. The monthly pro rata threshold for Unemployment Claims will then be multiplied by the number of completed months of the agreement year in which the termination becomes effective. The total of this calculation will represent the calculated pro rata threshold. If the total claims processed during the completed months of the terminated agreement year exceed the calculated pro rata threshold, Client will be responsible for paying the excess claim fee stated above for each excess claim. For the avoidance of doubt, this language does not give Client any additional right to terminate this Schedule 1 or the Agreement. Termination provisions are as specified in Section 2 above.

EWS or EWS' representative will attend unemployment hearings with Client upon request by Client at up to 0 hearings per agreement year for no additional charge, whether in person or by telephone, as permitted by law. In addition to Hearings Representation performed by EWS above, and subject to the Limitations on Representation below, Client may request and authorize EWS, as the Client's Agent and Attorney in Fact, to obtain attorney representation for Client at unemployment hearings where attorney representation is a statutory requirement or otherwise required by law or regulation of the particular state. Client authorizes EWS to invoice Client a fee for attorney representation up to a maximum of \$350 per hearing, which is paid directly to the attorney obtained by EWS for representation of the Client. In the event EWS, as Client's Agent, negotiates a fee on behalf of Client that is less than \$350, EWS shall only bill Client for the amount of the legal fee charged by the attorney. In addition, a fee of \$50 will be due to EWS as Client's Agent for EWS' non-legal services in coordinating and facilitating the attorney's representation, including administration and processing of factual material such as EWS' file on the matter at issue and contact information, and the invoicing and processing of payment to the attorney. # **Duty to Report Dates of Delinquencies**

If a furnisher reports information concerning a delinquent account placed for collection, charged to profit or loss, or subject to any similar action, the furnisher must, within 90 days after reporting the information, provide the CRA with the month and the year of the commencement of the delinquency that immediately preceded the action, so that the agency will know how long to keep the information in the consumer's file. Section 623(a)(5).

Any person, such as a debt collector, that has acquired or is responsible for collecting delinquent accounts and that reports information to CRAs may comply with the requirements of Section 623(a)(5) (until there is a consumer dispute) by reporting the same delinquency date the FCRA by establishing reasonable procedures to obtain and report delinquency dates, or, if a delinquency date cannot be reasonably obtained, by following reasonable procedures to ensure that the date reported precedes the date when the account was placed for collection, charges to profit or loss, or subjected to any similar action. Approval for ELL Aide position at BMHS

Action X

OBJECTIVE:

Goal #1 To Raise the Level of Student Achievement

# **SUPPORTING DATA:**

After the 2012-13 School year, BMHS did not have enough ELL students to justify keeping a full-time teacher. In order to meet the four-hour language block requirement, the decision was made to place ELL students in two hours of Read 180 and the other two hours would be covered under the state approved Individual Language Learner Plan. During the 2013-2014 school year, and again for the current school year, enrollment has grown to include a total of nine ELL students. These students range from pre-emergent to intermediate, however, the majority of them are at the pre-emergent and basic level. This has created a situation in which adequate support for them under this model has declined.

In order to continue our goal of raising the level of student achievement, the recommendation is to hire a six-hour ELL aide to support the ELL students in the mainstream classrooms under the state approved Individual Language Learner Plan.

# **SUMMARY & RECOMMENDATION:**

It is the recommendation of administration that the six-hour ELL aide position be approved.
