☒ Check here if WILLING to provide the goods or services herein bid upon to registered members of the 66CCEPS Cooperative Purchasing System, who have submitted estimates, without substitution or deviation from specifications, size, features, quality, price or availability as herein set forth. It is understood that orders will be placed directly by the registered members identified herein by separate contract, subject to the overall terms of the master Contract to be awarded by CCESC, and that no additional service or delivery charges will be allowed except as permitted by these specifications.

☐ Check here if NOT WILLING to extend prices to registered members of the 66CCESC Cooperative Purchasing System who have submitted estimates as described above. It is understood that this will not adversely affect consideration of this bid with respect to the needs of CCESC.

In keeping with CCESC's commitment to providing cooperative pricing contracts for its membership, refusal to extend pricing to the co-op may result in a dual award to include an alternate bidder willing to extend pricing for the duration of the contract. The contract for the needs of the lead agency will be awarded to the lowest responsible bidder, and a master contract for the registered members who have submitted estimates will be awarded to the next lowest bidder whose bid agrees to extend prices. The bid prices shall be extended to registered members who have not submitted estimates prior to the advertisement for bids with the written approval of the CCESC and the contractor. Upon approval by the Director of NJ Division of Local Government Services, future registered members shall be able to use this contract. Registered members who submit estimates shall not issue orders and contractors shall not make deliveries, that deviate from the specifications or price as set forth in the master contract. .
