NORTH KITSAP
SCHOOL DISTRICT
All in for All Students

February 8, 2022

Local Levies Continue Funding for All Students

For more detailed information on the levies, go to **nkschools.org/levy**

Learn About the Feb. 8th Levies

North Kitsap School District is asking voters to consider renewing two expiring levies in the February 8, 2022 election. These levies are not new taxes. They continue funding for North Kitsap students by investing in staff, resources, programs, and school building improvements.

PROPOSITION 1

Replacement Educational Programs and Operations Levy

The EP&O levy is 15% of the district's total revenue and continues funding for:

School staff: Nurses, student safety staff, technology staff, librarians, psychologists, paraeducators.

Programs and opportunities: Special education, athletics and extracurricular activities, transportation and nutrition services.

Day-to-day operations: Upkeep for our school buildings, including maintenance and school grounds. It also funds utilities to keep our schools running.

Why do we need to replace the levy?

North Kitsap School District receives funding from state and federal sources, but like all school districts in Washington state, we also rely on local, voter-approved levies to ensure our students, schools, and staff have the resources they need. The levy helps bridge the gap between what the state funds and what we need to educate our students. All levy funding approved by North Kitsap School District voters stays in our school district.

PROPOSITION 2

Replacement Facilities and Technology Capital Projects Levy

The Capital levy continues funding for:

Technology: Funding for Chromebooks for all students, improving classroom technology, and maintaining our investment in technology replacements to support the district's computers and overall systems.

Equitable learning spaces: The levy will fund additions at David Wolfe Elementary and Suquamish Elementary and improvements to Poulsbo Middle School to create equitable access to programming and updated learning spaces.

Building maintenance and repairs: The levy will fund ongoing maintenance and repairs that will support the health, comfort, safety, and security of our schools and buildings across the district.

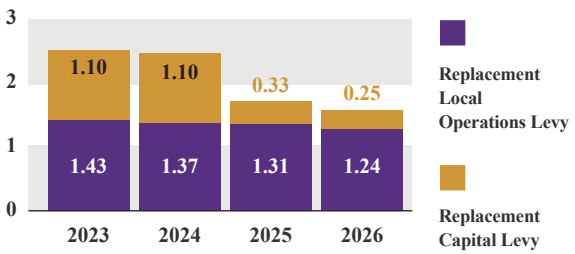

Future focused planning: The levy will fund the purchase of property serving Poulsbo to plan for growth at the elementary level. It will also allow us to design plans for school buildings and facilities to help anticipate district growth and future needs.

What is the cost of the two levies?

The February 8 levies are not new taxes. They replace two expiring levies. If approved, the total tax rate will be $2.55 to $1.50 per $1,000 of assessed property value with rates lowering every year.

NKSD Tax Rate

If approved Feb. 8, all tax rates per $1,000 of assessed property value.

Please Vote by February 8, 2022

North Kitsap School District is asking the community to consider replacing two expiring levies in the February 8, 2022 election - a Replacement EP&O levy and a Replacement Facilities and Technology Capital Projects levy. These levies help ensure that our district has the resources to support all students.

Districts like ours rely on voter-approved levies to bridge the funding gap between what the state funds and what we need to provide students with the staff, programs, and resources that lead to a high-quality education. All funds approved by North Kitsap voters stay in our district and directly support our students and schools.

The levies fund:

- School staff
- Programs
- Day-to-day operations
- Technology
- Building maintenance
- Equitable learning spaces
- Future focused planning
