

NORTH KITSAP SCHOOL DISTRICT
All in for All Students

Local levies continue funding for all students

North Kitsap School District is asking voters to consider renewing two expiring levies in the February 8, 2022 election. These levies are not new taxes. They continue funding for North Kitsap students by investing in staff, resources and programs.

PROPOSITION 1: REPLACEMENT EDUCATIONAL PROGRAMS AND OPERATIONS LEVY

The EP&O levy, which accounts for 15% of the district's total revenue, will continue funding for day-to-day school operations and programs that support North Kitsap students.

- SCHOOL STAFF
- PROGRAMS AND OPPORTUNITIES
- DAY-TO-DAY OPERATIONS

PROPOSITION 2: REPLACEMENT FACILITIES AND TECHNOLOGY CAPITAL PROJECTS LEVY

continues funding for the health, safety, and upkeep of our school buildings, while also ensuring equitable access for all students.

The levy funds:

- BUILDING MAINTENANCE/ REPAIRS
- TECHNOLOGY FOR STUDENTS AND SCHOOLS
- EQUITABLE LEARNING SPACES
- FUTURE FOCUSED PLANNING

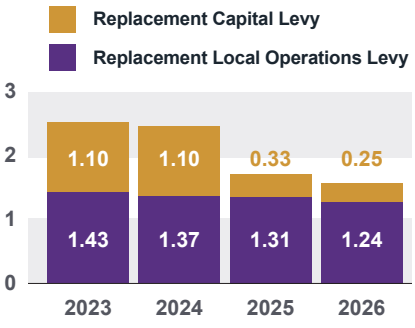

Why do we need to replace the levies?

North Kitsap School District receives funding from state and federal sources, but like all school districts in Washington state, relies on local, voter-approved levies to ensure our students, schools and staff have the resources needed. The levies help bridge the gap between what the state funds and what we need.

The February 8 levies are not new taxes

If approved, the tax rate for the replacement levies would range from $2.55 to $1.50 per $1,000 of assessed property value, with rates lowering every year.

NKSD Tax Rate

If approved Feb. 8, all tax rates per $1,000 of assessed property value.

Please remember to vote by February 8, 2022.
