LINCOLN ELEMENTARY CONSTRUCTION UPDATE

APRIL 2020

COMING SOON! A New Lincoln Elementary

Despite 14 inches of rainfall recorded at Port Columbus International Airport during the month of March, work continued on our new Lincoln Elementary.

RECENTLY COMPLETED WORK

- Building pad is being developed
- Stone entrance is being completed
- Work on new detention basin started

UPCOMING WORK

- Storm structure and pipe work will begin
- Work on the concrete foundation to start
- Some underground plumbing work to take place
- Permanent construction trailer will be set

DID YOU KNOW?

CONCRETE is made up of three basic components:

1. water
2. aggregate (rock, sand or gravel)
3. portland cement

CEMENT, usually in powder form, acts as a binding agent when mixed with water and aggregates.
