

## COMING SOON!

### A New Lincoln Elementary

Things are heating up at the construction site! Our dry weather has made it possible to keep working at a steady pace. It is so rewarding to see the steel structure rise from the ground.

## RECENTLY COMPLETED WORK

- Elevator masonry shaft built
- New parking lot shaped and concrete curbs installed
- Structural steel erected for the building
- Underground plumbing and electrical work continued

## UPCOMING WORK

- Structural steel work will continue
- Concrete slab on second floor will be poured
- Masonry walls in the cafeteria/gym will go up
- Concrete sidewalks at MSS will be installed
- Parking lot asphalt will be laid

## DID YOU KNOW?

When asphalt is laid, it starts out at a temperature between 275-300° F
