

Business/Non-Instructional Operations

Buildings and Grounds Maintenance

According to the Code of Ordinances of the City of New London the repair and maintenance of school buildings are duties of the Department of Public Works of the City of New London. The Department of Public Works also is responsible for the care and maintenance of the recreation portion of school grounds.

The Director of Operations will be responsible for the supervision of school custodial services.

Any monies which the New London Board of Education has budgeted for maintenance of school buildings and grounds shall be authorized by the Superintendent of Schools or designee, in consultation with the Public Works Director/City Engineer or designee.
