Year 9 English Curriculum Guide

Staffing: Hannah Bornstein, Curriculum Leader English and Media Faculty Email: h.bornstein@sydenham.lewisham.sch.uk		
Exam Board: AQA		
Assessment Overview: Autumn Term 1: Poetry comparison Autumn Term 2: Creative writing Spring Term 1: Response to an extract from <i>Much Ado about Nothing</i> Spring Term 2: Response to an extract from <i>Much Ado about Nothing</i> Summer Term 1: Language Paper 2, Questions 1, 2, 4 and 5 Summer Term 2: Essay on a key theme or character in <i>An Inspector Calls</i>		
Subject Curriculum Intent: Students study a range of engaging and significant fiction and non-fiction as part of their preparation for exams in GCSE English Language and GCSE English Literature. The curriculum aims to support students to appreciate the depth and power of the English literary heritage and critically evaluate texts through close and careful examination of writers' methods (the ways writers make meaning) and purpose within the specific contexts in which the texts are produced and received. The course encourages personal and informed responses from students and encourages them to debate and challenge the interpretations of other readers building on the knowledge and skills they have developed through their Key Stage 3 study of English.		
Curriculum Content Overview:		
Autumn Term 1: Poetry: Character and Voice	Spring Term 1: <i>Shakespeare's Much Ado About Nothing</i>	Summer Term 1: Introduction to GCSE English Language Paper 2
Autumn Term 2: The Gothic	Spring Term 2: <i>Shakespeare's Much Ado About Nothing</i>	Summer Term 2: <i>Priestley's An Inspector Calls</i>
How will your child be assessed in the Autumn Term? Knowledge checks Formal assessment		
Autumn Term Assessment Revision Topics (students will be given detailed checklists): The poems studied with a focus on character and voice Poetic methods and their effect Making connections between poems The Gothic genre and key conventions Writers' methods and messages Creative writing skills		
What can you do to support your child in English? <ul style="list-style-type: none"> • Encourage your child to read for pleasure every day • Discuss with your child the texts they are studying and the writers' wider ideas, including how and to what extent these ideas are still relevant today • Encourage your child to make revision cards for the texts they are studying, focusing on plot, characters, key events, context, methods and messages 		

Wider reading and useful websites or activities to support learning:

- [Unit - Oak National Academy \(thenational.academy\)](#)

Year 9 Maths Curriculum Guide

Staffing: Mark Freakes Email: m.freakes@sydenham.lewisham.sch.uk		
Exam Board: Edexcel		
Assessment Overview: Exam assessed		
Subject Curriculum Intent To ensure that all pupils become fluent in recall of mathematical facts and algorithms, are able to reason mathematically and to combine these skills to then solve problems.		
Curriculum Content Overview:		
Autumn Term 1: Higher: Number and Algebra Foundation: Number	Spring Term 1: Higher: Graphs and Geometry Foundation: Equations	Summer Term 1: Higher: Advanced Algebra Foundation: Graphs
Autumn Term 2: Higher: Data and Proportion Foundation: Basic Algebra	Spring Term 2: Higher: Spatial Reasoning Foundation: Fractions and Percentages	Summer Term 2: Higher: Probability Foundation: Angles
How will your child be assessed in the Autumn Term? Formal 90 minutes GCSE style in class test		
Autumn Term Assessment Revision Topics Number, Algebra, Ratio and Proportion, Geometry and Measures, Probability and Statistics		
What can you do to support your child in Mathematics? Make sure your child is completing their Homework They should be aiming for 100% on their Sparx tasks If they need extra help they can come to Maths Clinic		
Wider reading and useful web-sites or activities to support learning: Sparx Maths Videos and Worksheets – Corbettmaths		

Year 9 Science Curriculum Guide

Staffing: Amy Vickers, Curriculum Leader Science (a.vickers@sydenham.lewisham.sch.uk) Sapna Reuben, Head of KS4 Science (s.reuben@sydenham.lewisham.sch.uk)			
Exam Board: Pearson Edexcel GCSE (9-1)			
Assessment Overview: Exam assessed			
Subject Curriculum Intent: The importance of Science to our students and how it impacts the world around us is emphasised from the beginning of Key Stage 3, and students can understand the purpose and significance of learning about the subject. Our Science curriculum enables students to use their knowledge and skills to develop a deeper understanding of the mechanisms that explain the world around us. All three disciplines are interlinked and taught to enable students to develop their knowledge of Biology, Chemistry and Physics. In line with the school intent, students develop a sense of their responsibilities and possible actions they should carry out as they learn of the important issues that we face as a society. Students can link their learning from across the curriculum and feel empowered to learn new, unfamiliar material, solve problems and hypothesize. The science curriculum offers students the chance to become High Performance Learners by building their confidence in vocabulary and numeracy skills which they can independently apply to explain observations and interpret data from contextual situations. The curriculum is well planned, and lessons are sequenced to build on prior learning. Lessons are taught with enthusiasm by teachers who delve into a deeper understanding of the material to meet the national curriculum and beyond. Teachers have high standards and expect to be ready to learn and work with perseverance. They use practical work, modelling, collaborative learning opportunities alongside a strong focus on deliberate practice and retrieval practice when planning and delivering the material. Students are encouraged to ask questions and postulate ideas and explanations of theory while developing their investigative and problem-solving skills.			
Curriculum Content Overview: Note: All classes will be completing the Combined Science course until Year 11. All classes are taught on rotation, while they will cover the content listed below, they may complete it in a different order.			
AUTUMN TERM 1		AUTUMN TERM 2	
Unit	Title	Unit	Title
CB1	Key concepts in Biology	CB2	Cells and control
CC3	Atomic structure	CC1	States of matter
CC4	The periodic table	CC2	Methods of separating and purifying
CP3	Conservation of energy	CP4	Waves
SPRING TERM 1		SPRING TERM 2	
Unit	Title	Unit	Title
CC5	Ionic bonding	CB3	Genetics
CC6	Covalent bonding	CC8	Acids and alkalis
CC7	Types of substances		
CC5	Light and the electromagnetic spectrum		

SUMMER TERM 1		SUMMER TERM 2	
Unit	Title	Unit	Title
CB4	Natural selection and genetic modification	CC9	Calculations involving masses
CP1	Motion	CP2	Motion and forces
How will your child be assessed in the Autumn Term?			
Students will sit a written paper Duration: 1 hour 10 minutes			
Autumn Term Assessment Revision Topics (students will be given detailed checklists):			
The following topics will be assessed: Biology: CB1, CB2 Chemistry: CC1, CC2, CC3, CC4 Physics: CP3			
What can you do to support your child in Science?			
<ul style="list-style-type: none"> • Ask your child questions about what they have been learning in Science. • Encourage your child to make revision cards for the texts they are studying. • Ask your child about upcoming assessments, to make sure they have a full understanding of the expectations. • Encourage your child to read Science articles and news stories along with documentaries on platforms such as BBC iPlayer. 			
Wider reading and useful websites or activities to support learning:			
<ul style="list-style-type: none"> • ActiveLearn.co.uk Student logins have been issued by teachers of the class. • BBC Bitesize Science • Seneca Learning • Revision guides, flashcards and practice question booklets are available to buy through ParentPay. 			

Year 9 History Curriculum

<p>Curriculum and Subject Lead: Rachel Wylie Email: R.Wylie@sydenham.lewisham.sch.uk</p>		
<p>Assessment Overview:</p>		
<p>Subject Curriculum Intent</p> <p>Our history curriculum aims to provide students with a deep understanding of how the past has shaped the world we live in, equipping them to make sense of the dynamic environment of the twenty-first century.</p> <p>Our curriculum will explore ‘hidden histories’ to enable students to explore the diversity of the past. Students learn how to use sources to discover and construct the past, igniting their curiosity. The history curriculum is rooted in subject discipline. The history curriculum empowers students to read, engage with and analyse historical scholarship, understanding that the past is also constructed. They are supported by strong substantive and disciplinary knowledge, enabling them to achieve academically.</p> <p>Our history curriculum aims to encourage students to develop a chronological framework of British and world history to help them make sense of the knowledge they acquire. Through our history curriculum, students will expand their historical vocabulary and communicate their ideas in discussion, debates and in extended written work, demonstrating depth of historical thinking and argument.</p> <p>We develop high performance learning by teaching historians to be analytical and critical thinkers, able to articulate the importance of freedom, democracy and the challenges faced to get there.</p>		
<p>Curriculum Content Overview:</p>		
<p>Autumn Term 1:</p> <p>What happened after the First World War? Who were the forgotten soldiers of the First World War?</p>	<p>Spring Term 1: The Holocaust</p> <p>Was there one road to Auschwitz?</p>	<p>Summer Term 1: What were the experiences and impact of people migrating to Britain after 1945?</p>
<p>Autumn Term 2:</p> <p>How similar were the dictatorships of Hitler and Stalin?</p>	<p>Spring Term 2: US Civil Rights</p> <p>Why has Robert F William been forgotten?</p>	<p>Summer Term 2: How has the Cold War shaped the present?</p>
<p>How will your child be assessed in the Autumn Term?</p> <p>Essay style questions, understanding and analysis of different interpretations of the past</p>		
<p>Autumn Term Assessment Revision Topics (students will be given detailed checklists):</p> <p>Knowledge test and essay based on topic in Year 9 (Democracy & Dictatorship)</p>		

What can you do to support your child?

- Use your child's knowledge organiser to support quizzing on key historic terms and core knowledge
- Look out for historic documentaries on TV to broaden your child's historic knowledge, for example Hitler's Circle of Evil
- Encourage your child to read widely; history is a written subject and reading helps with writing great history. Historic fiction is a good place to start
- Historic Films / TV series– e.g. Hidden Figures, The Help, Jo Jo Rabbit, Small Axe (BBC iPlayer)

Wider reading and useful web-sites or activities to support learning:

David Olusoga – Black & British / The World's War

Year 9 Geography Curriculum

Staffing: Tom Davidson, Deborah Gostling, George Ranson, Caitlin Dunham, Adam Dallimore-Levinson

Email: t.davidson@sydenham.lewisham.sch.uk

Subject Curriculum Intent:

By the end of Year 9, Sydenham will have studied a broad range of topics that further develop their understanding of core geographic concepts that were studied in Years 8 & 9. Students will explore a range of issues and learn about both the natural world and human society. These issues will also support students to broaden their 'geographic literacy' - the ability to understand the world around us and to consider our place within it.

During Year 9, Sydenham geographers will develop their core geographic skills such as critical thinking, data interpretation and extended writing with a focus on discussing major issues by using real-world examples, facts and figures.

We aim to provide all students with tools that enable them to engage in discussion and thought about our changing world, and their role within it, with the intention of preparing those students who wish to pursue GCSE Geography.

Curriculum Content Overview:

Autumn Term 1: <i>Development and the Development Gap</i>	Spring Term 1: <i>Climate Change</i>	Summer Term 1: <i>Urban Change in the UK and Urban Sustainability</i>
Autumn Term 2: <i>Natural Hazards - Tectonics</i>	Spring Term 2: <i>Challenge of Resource Management - Energy</i>	Summer Term 2: <i>Ecosystems and Rainforests</i>

How will your child be assessed in the Autumn Term?

- Between September and December students will complete two end of unit assessments; one on Development and the Development Gap, and the other on Natural Hazards – Tectonics.
- These assessments will be a mixture of multiple-choice, resource-based and extended writing questions

Autumn term Assessment Revision Topics (students will be given detailed checklists):

Development and the Development Gap

- Development indicators
- Causes and effects of uneven development
- Strategies to reduce the Development Gap

Natural Hazards - Tectonics

- Types of plate boundary
- Benefits of living in tectonically active regions
- Case study of earthquakes in an HIC and LIC
- Strategies to manage the effects of earthquakes

What can you do to support your child?

- Engage with your child around homework and retrieval (revision) of key knowledge. Quizzes and discussion are good ways to encourage students to test their understanding.

- Watch documentaries or films about the natural world. Geography is a broad so anything that focuses on the natural world or how our planet is changing would be relevant.

- Encourage your child to read widely; websites, books and magazines are all great places to learn about current global issues.

Wider reading and useful websites or activities to support learning:

- No one is too small to make a difference – Greta Thunberg
- BBC Bitesize – KS4 Geography

Year 9 Latin Curriculum

Staffing: A.Bauer Email: a.bauer@sydenham.lewisham.sch.uk		
Exam Board: eduqas (part of WJEC)		
Assessment Overview: Autumn 1: Weekly vocabulary and Grammar tests Autumn 2: Level 1 Core Language exam paper (comprehension) Spring 1: Weekly vocabulary and Grammar tests Spring 2: Level 1 Additional language exam paper (translation) Summer 1: Weekly vocabulary and Grammar tests End of Year Exam : Level 1 Core Language and Additional language exam paper		
Subject Curriculum Intent We aim to enable to students to understand written Latin with its richness of vocabulary and syntax. We teach Grammar explicitly to understand how language works and support the acquisition of MFL as well as English.		
Curriculum Content Overview:		
Autumn Term 1: Revisit key concepts of CLC Book I	Spring Term 1: CLC Book II – Stage 15	Summer Term 1: CLC Book II – Stages 17&18
Autumn Term 2: CLC Book II – Stages 13 & 14	Spring Term 2: CLC Book II – Stage 16	Summer Term 2: CLC Book II – Stages 19&20
How will your child be assessed in the Autumn Term? Reading Comprehension & Translation		
Autumn Term Assessment Revision Topics (students will be given detailed checklists): As outlined in Vocabulary & Grammar Booklet		
What can you do to support your child? Monitor weekly vocabulary learning on Quizlet		
Wider reading and useful web-sites or activities to support learning: Book I Cambridge Latin Course (cambridgescp.com) Book II Cambridge Latin Course (cambridgescp.com)		

Year 9 French Curriculum

Staffing: Ms Walker, Ms M'Bolo Email: d.walker@sydenham.lewisham.sch.uk l.dhima@sydenham.lewisham.sch.uk		
Exam Board: AQA		
Assessment Overview: Autumn 1: baseline reading and listening past paper GCSE Autumn 2: writing – photo card and 90 words Spring 1: photo card and translation Spring 2: speaking assessment in class Summer 1: translation Summer 2: end of year writing on all topics		
Subject Curriculum Intent <p>In French at Year 9, we aim to give students a basis for working independently and learning much vocabulary from the specification. We discuss topics such as free time activities, school studies, family and relationships, holidays and social issues. All these topics are related to the GCSE, however we go into more depth in Years 10 and 11.</p> <p>By the end of Year 9, students should have a good knowledge of how to begin planning and writing a 90 word essay in French. They will hopefully be able to write in more than three different tenses and they will have built on the basics they learnt in Years 7 and 8, adding to their rich vocabulary bank.</p> <p>Grammar-wise, students will consolidate three tenses and build on imperfect tense and conditional tense. Grammar is perfected through learning endings in the verbs.</p> <p>We focus on the structure of the exam and tips on how to achieve a good grade at Foundation level GCSE. Students will have the opportunity to complete Higher tier extension activities but will not be assessed on Higher tier.</p>		
Curriculum Content Overview:		
Autumn Term 1: Free time	Spring Term 1: School	Summer Term 1: Writing practice on the topic of holidays
Autumn Term 2: Customs and traditions	Spring Term 2: Holidays	Summer Term 2: My family, characteristics and relationships
How will your child be assessed in the Autumn Term? Reading and listening assessment – past paper GCSE Students will be given checklists in class and via Classcharts		
Autumn Term Assessment Revision Topics (students will be given detailed checklists): All topic vocabulary is available to access on the online resource http://quizlet.com Your child should have login details for this as this is also used for vocabulary tests		
What can you do to support your child? Test them on their vocabulary Ensure they are using quizlet correctly. We recommend 10 mins a day.		
Wider reading and useful web-sites or activities to support learning: https://senecalearning.com/en-GB/ GCSE French - BBC Bitesize Learn a language. Meet the world. Memrise		

Year 9 German Curriculum

Staffing: Ms Bauer, Ms Walker Email: a.bauer@sydenham.lewisham.sch.uk d.walker@sydenham.lewisham.sch.uk		
Exam Board: AQA		
Assessment Overview: Autumn 1: baseline reading and listening past paper GCSE Autumn 2: writing – photo card and 90 words Spring 1: photo card and translation Spring 2: speaking assessment in class Summer 1: translation Summer 2: end of year writing on all topics		
Subject Curriculum Intent <p>In German at Year 9, we aim to give students a basis for working independently and learning much vocabulary from the specification. We discuss topics such as role models, music, extreme sports, age limits, school studies and charity/voluntary work. All these topics are related to the GCSE, however we go into more depth in Years 10 and 11.</p> <p>By the end of Year 9, students should have a good knowledge of how to begin planning and writing a 90word essay in German. They will hopefully be able to write in more than three different tenses and they will have built on the basics they learnt in Years 7 and 8, adding to their rich vocabulary bank.</p> <p>Grammar-wise, students will consolidate three tenses and build on imperfect tense and conditional tense. Grammar is perfected through learning endings and vowel changes in the verbs.</p> <p>We focus on the structure of the exam and tips on how to achieve a good grade at Foundation level GCSE. Students will have the opportunity to complete Higher tier extension activities but will not be assessed on Higher tier.</p>		
Curriculum Content Overview:		
Autumn Term 1: Role models	Spring Term 1: Jobs, ambitions,	Summer Term 1: Human rights, teenagerhood, age limits
Autumn Term 2: Music, music festivals	Spring Term 2: Childhood memories, comparing primary school to secondary school	Summer Term 2: Grimm fairy tales – story writing
How will your child be assessed in the Autumn Term? Reading and listening assessment – past paper GCSE Writing assessment		
Autumn Term Assessment Revision Topics (students will be given detailed checklists): Students will be given checklists in class and via homework app All topic vocabulary is available to access on the online resource http://quizlet.com Your child should have login details for this as this is also used for vocabulary tests		
What can you do to support your child? Test them on their vocabulary Ensure they are using quizlet correctly. We recommend 10 mins a day.

Year 9 Spanish Curriculum

Staffing: Ms Bauer, Ms Ossa Email: a.bauer@sydenham.lewisham.sch.uk g.ossa@sydenham.lewisham.sch.uk		
Exam Board: AQA		
Assessment Overview: Autumn 1: baseline reading and listening past paper GCSE Autumn 2: writing – photo card and 90 words Spring 1: photo card and translation Spring 2: speaking assessment in class Summer 1: translation Summer 2: end of year writing on all topics		
Subject Curriculum Intent <p>We set out to teach and practise three main bodies of knowledge that research indicates are fundamental to progress for beginner language learners in a classroom setting. These are: phonics (sound-writing relations), vocabulary, and grammar.</p> <p>The year 9 Spanish curriculum is designed to be used flexibly and to meet a range of pupil needs. Its grammar spine is a condensed version of the essential grammar required to start current GCSE courses.</p>		
Curriculum <p>Y9 content, selected on the basis of word frequency, core grammar and phonics ensure that Y9 lessons have substantial value, both as standalone learning opportunities and as preparation for progression in the KS4 curriculum.</p>		
Autumn Term 1: <ul style="list-style-type: none"> Describe people - in general and right now Talk about what people do Talk about one and more than one thing Say what people do and don't do Describe locations Talk about family Ask and answer questions about activities 	Spring Term 1: <ul style="list-style-type: none"> Give and want (presents) Describe events in the present and past (travel) Ask what people can and must do (in class) Compare what you and someone else (we) do (News and media) Describe different family members (at a party) Celebrate different occasion 	Summer Term 1: <ul style="list-style-type: none"> Say what you do for other people Talk about what you and others like Experiences now and in the past Experiences visiting other places Compare two places / different media Talk about possessions
Autumn Term 2: <ul style="list-style-type: none"> Talk about what you do with others Talk about places and locations Describe people and possessions Say when and where people go, and future plans 	Spring Term 2: <ul style="list-style-type: none"> Describe events in the present and past (in the classroom and free time activities) Describe where people go, are going to go, and why Things you do, to and for others 	Summer Term 2: <ul style="list-style-type: none"> Compare things (shopping) Describe what is happening now Talk about activities right now Talk about how and where you are and

<ul style="list-style-type: none"> • Describe what people do • Describe what activities different people do (virtual and real exchanges) • Talk to people you know and don't know 	<ul style="list-style-type: none"> • Things you do, to and for yourself • Talk about achievements / foods from different countries 	<p>were, talk about now and then</p> <ul style="list-style-type: none"> • Say what you were doing and what you are doing now • Talk about trips • Talk about festivals

Year 9 RE Curriculum

<p>Staffing: Abigail Thirunavukarasu, Eleanor George Subject/Faculty Leader: Abigail Thirunavukarasu Email: a.thirunavukarasu@sydenham.lewisham.sch.uk</p>								
<p>Exam Board: EDUQAS</p>								
<p>Assessment Overview: Paper 1: Christians Teachings and Beliefs 25% Paper 2: Islamic Teachings and Belief 25% Paper 3: Religion, Philosophy & Ethics (Relationships, Life and Death) 50%</p>								
<p>Subject Curriculum Intent:</p> <p>At Sydenham, students start their RE Short Course GCSE in year 9 and will take their examination in year 10.</p> <p>Throughout year 9 we aim to develop student understanding of Christian and Islamic beliefs. Students will develop integral skills which enable them to understand the society around them and how religion plays a major part within the communities in which they live in. The GCSE course looks at aspects of religion such as the purpose of the death of Jesus and the need for religious law. This will allow all students at Sydenham to be given the opportunity to explore two of the six world religions whilst looking at religious scriptures to gain an in-depth understanding of religious viewpoints. This will strengthen students to evaluate and formulate their own understanding beyond GCSE as they are given skills to delve deeper within religion. Through the study of religion, students are encouraged to think critically, and it provides them with the ability to evaluate logical arguments and present these in a variety of formats. Religious Education encourages students to develop as individuals it gives students the opportunity to work out what they believe in and question why they do.</p> <p>Wherever you work or live, religion plays a part in people's lives, by giving students the opportunity to study the subject, we empower them to make up their own minds about critical matter.</p>								
<p>Curriculum Content Overview:</p> <table border="1"> <tr> <td>Autumn Term 1: Christian beliefs and teachings</td> <td>Spring Term 1: Christian beliefs and teachings/ Muslim beliefs and teachings</td> <td>Summer Term 1: Muslim beliefs and teachings</td> </tr> <tr> <td>Autumn Term 2: Christian beliefs and teachings</td> <td>Spring Term 2: Muslim beliefs and teachings</td> <td>Summer Term 2: Relationships</td> </tr> </table>			Autumn Term 1: Christian beliefs and teachings	Spring Term 1: Christian beliefs and teachings/ Muslim beliefs and teachings	Summer Term 1: Muslim beliefs and teachings	Autumn Term 2: Christian beliefs and teachings	Spring Term 2: Muslim beliefs and teachings	Summer Term 2: Relationships

Year 9 PSHE Curriculum

Staffing: Halicon Virgo- Furrs, Fay Nkrumah and Sherene Forrest Email: h.virgo-furrs@sydenham.lewisham.sch.uk		
Exam Board: N/A		
Assessment Overview: Effort Grades.		
Subject Curriculum Intent <p>The PSHE curriculum intent is to provide a safe environment where our students develop their confidence, sense of responsibility and resilience when faced with challenge. To deliver a curriculum which is accessible to all and that will maximize the outcomes for every child. Our PSHE curriculum equips students with relevant and meaningful content, which is supported through a strong emphasis on emotional literacy, nurturing mental and physical health.</p> <p>We further enable through curriculum the development of students' respect, acceptance, and celebration of the diversity of modern society. It helps them to understand how they are developing personally and socially, and tackles many of the moral, social, and cultural issues that are part of growing up. Our students will have a more in-depth understanding of the importance of relationships, health, and well-being, connecting to the wider world and the impact this has on their everyday lives.</p> <p>We develop High Performance Learners by teaching students how to use meta-cognition in a wide range of thinking approaches and transfer knowledge from one circumstance to another. To show concern for society in their ability to empathize with those less fortunate, to show and respect diversity as a key part of our society. To work collaboratively, to listen to the views of others and show willingness to work in teams.</p>		
Curriculum Content Overview:		
Autumn Term 1: Peer influence, substance misuse and gangs.	Spring Term 1: Respectful relationships.	Summer Term 1: Intimate relationships.
Autumn Term 2: Inequalities and the Law.	Spring Term 2: Healthy lifestyle.	Summer Term 2: Mental Health.
How will your child be assessed in the Autumn Term? Classwork		
Autumn Term Assessment Revision Topics (students will be given detailed checklists): N/A		
What can you do to support your child? <ul style="list-style-type: none"> • Discuss with them topics around respectful relationships and social issues. • Encourage them to watch and read the news through child friendly platforms such as Newsround about healthy lifestyles 		
Wider reading and useful web-sites or activities to support learning: <ul style="list-style-type: none"> • Newsround: Watch Newsround - CBBC Newsround • BBC Bitesize: KS3 PSHE and Citizenship - BBC Bitesize 		

Year 9 Business Studies Curriculum

Staffing: H. Heidari Email: h.heidari@sydenham.lewisham.sch.uk		
Exam Board: Edexcel		
Assessment Overview: Autumn 1: Enterprise & Entrepreneurship Autumn 2: Spotting a Business Opportunity Spring 1: Putting a Business Idea into Practice Assessment Week: Component 1 Exam Paper (short version) Spring 2: Making the Business Effective Summer 1: Making the Business Effective Note: Making the Business Effective is a bigger topic, therefore, more time is allocated to this topic. Assessment Week: Theme1 Exam Paper (longer version) Summer 2: Understanding External Influences on Business		
Subject Curriculum Intent: Business will help you to develop understanding of: <ul style="list-style-type: none"> • Business concepts • Business terminology • Business objectives • The integrated nature of business activity • The impact of business on individuals and wider society <p>By studying this subject, you will have the opportunity to apply knowledge and understanding to contemporary business issues ranging from small local businesses to national and global context. As a result, you will develop the skills and confidence to think commercially and creatively and be able to draw on evidence to make informed business decisions and solve problems.</p> <p>Through the class activities and examinations, you develop analytical skills which will enable you to develop well – argued, evidenced, balanced, and structured arguments enabling you to demonstrate the depth and breadth of your knowledge. Furthermore, you will develop quantitative skills relevant to business and business performance.</p> <p>Business is a unique subject as it allows you to apply skills learned from other subjects such as English, Mathematics and/ or science, art etc. directly to this subject.</p>		
Curriculum Content Overview:		
Autumn Term 1: Theme 1: Enterprise & Entrepreneurship – (Risk & Reward, Dynamic Nature of Business)	Spring Term 1: Theme 1: Putting a Business Idea into Practice – (Business Aims & Objectives, Revenue, profit & Cash Flow)	Summer Term 1: Theme 1: Making the Business Effective – (Marketing Mix & Business Plan)
Autumn Term 2:	Spring Term 2: Theme 1: Making the Business Effective – (Legal ownership, Business Location)	Summer Term 2: Theme 1: Understanding External Influences on Business – (

Theme1: Spotting a Business Opportunity – (Market research, Customer Needs)		Business Stakeholder & Technology)
How will your child be assessed in the Autumn Term? End of Unit in class assessment consisting of multiple-choice questions, 3-, 6- & 9-mark questions		
Autumn Term Assessment Revision Topics (students will be given detailed checklists): Theme 1: Enterprise & Entrepreneurship		
What can you do to support your child? Ask your child to summarise the key ideas from a lesson; ask them to teach you a key idea/concept. <ul style="list-style-type: none"> • Watch news about business and world affairs • Read newspapers including The Financial Times (will help your child to get into the habit of gathering detailed analysis of business news). <p>Discuss specific business news and ask your child to explain the meanings in the text using business language points; discuss how different businesses maybe affected differently, how this event affects society in different ways.</p>

Year 9 Art Curriculum

Staffing: C. Henderson, S. Bailey, M.Edwards, K.Slipper, L. Griffiths
Email: C.Henderson@sydenham.lewisham.sch.uk

Exam Board: OCR

Assessment Overview: Fine Art

Assessment Objective 1 Develop

Develop a diverse range of ideas through investigations informed by artists' work and other sources, demonstrating analytical and cultural understanding.

Assessment Objective 2 Refine

Refine work through experimenting and selecting appropriate resources, media, materials, techniques and processes.

Assessment Objective 3 Record

Selecting and recording from sources is purposeful, relevant and clear. Assured use of visual/other forms, consistent command of skills, techniques. Any specialist terms are expressed accurately.

Assessment Objective 4 Present

A personal and meaningful final outcome showing knowledge and understanding to realise intentions. Connections made between visual and other elements.

Subject Curriculum Intent:

In GCSE Art students will develop their art skills to record ideas through photography, drawing, painting, clay and printing. Students develop the techniques needed for visual expression. They will learn the skills needed to represent accurate observations of the Urban environment and portraits. Student's knowledge is deepened through learning about art history and the work of contemporary artists.

The focus in year 9 is portraiture

Curriculum Content Overview:

Autumn Term 1:

- Drawing basics – Skull and portrait drawing.
- Art history discussion and writing.

Spring Term 1:

- Exploring design and clay inspired by the head sculpture of the ancient Benin culture.
- Introduction to photography.

Summer Term 1:

- Colour mixing and exaggerated, Fauve style portrait painting.
- Critical and contextual writing.

Autumn Term 2:

- Painting basics – Skull and portrait painting.
- Art history discussion and writing.

Spring Term 2:

- Clay construction exploring the structure of the face and 3D modelling of heads.
- Developing photography skills.

Summer Term 2:

- Exploring skin tone and colour mixing - Portrait painting inspired by artist Barbara Walker

How will your child be assessed in the Autumn Term?

Portrait paintings.

Autumn Term Assessment Revision Topics (students will be given detailed checklists):

Students will be taught new skills in drawing and painting in lesson and practice them at home.

What can you do to support your child in Art?

- Encourage your child to complete at least two hours of homework to refine and complete tasks fully.
- Ask your child to explain the techniques and processes they use and why?
- Discuss the ideas and links in your child's work.
- Encourage your child to make use of online tutorials and to discuss how they are developing precision in their work.
- Ensure your child meets the coursework deadlines.
- Provide black and white acrylic paint and brushes.

Year 9 Drama Curriculum

<p>Staffing: Maylene Catchpole and Sian Morrison</p> <p>Subject/Faculty Leader: Maylene Catchpole</p> <p>Email: m.catchpole@sydenham.lewisham.sch.uk</p>		
<p>Subject Curriculum Intent:</p> <p>Year 9 is a foundation year for GCSE drama preparing students to explore a range of dramatic styles and conventions looking at ways into text and performance elements. The course covers all 3 key components and the skills needed to collaborate effectively to produce work for performance to a variety of audiences. A range of new and exciting play texts are explored focusing on analysing work as a performer, director, and designer. Students will make links to theatre practitioners as well as study a range of performance styles. Each student will be able to gain an understanding of production and design elements and its impact on performance.</p>		
<p>Curriculum Content Overview:</p>		
<p>Autumn Term 1:</p> <p>Naturalism</p> <ul style="list-style-type: none"> Exploring naturalistic drama and key conventions of naturalism and realism <p>Autumn Term 2:</p> <p>Theatre practitioners and didactic theatre</p> <ul style="list-style-type: none"> Exploring Brecht's methodologies in practice looking at political theatre in action 	<p>Spring Term 1 and 2:</p> <p>Text in Performance</p> <ul style="list-style-type: none"> In depth character analysis exploring motivation and status. Interpretation of a range of play texts suitable for component 2 exploring historical and social context. Performance skills looking at audience impact. 	<p>Summer Term 1 and 2:</p> <p>Devising Plays</p> <ul style="list-style-type: none"> Exploration of a range of different stimuli Analysis and exploration of Character dialogue Structure and narrative Climax and anti-climax <p>Throughout the Year</p> <ul style="list-style-type: none"> Component 3 Set text study with key examination practice questions
<p>How will your child be assessed in the Autumn Term?</p> <p>Students are assessed informally by their teacher throughout the term looking at key skills of collaboration, vocal and physical skills in performance as well as drama knowledge.</p> <p>Formal assessments will take place focused on performing an extract of text looking at key practitioner methodologies.</p>		

Autumn Term Assessment Revision Topics (students will be given detailed checklists):

Key performance skills related to the examination criteria.

Key drama terminology focused on drama practitioners and their work.

Examination practice questions for component 3

What can you do to support your child in Drama?

- Support your child by asking them about their drama learning
- Encourage your child to practice learning lines at home where appropriate
- Engage with homework via classcharts and Teams
- Support your child using Teams for independent study
- Facilitate your child to visit the theatre or watch filmed theatre performances online (The school have a subscription to Digital Theatre plus -see link below)
- Encourage your child to read a wide range of books including play texts (this helps with their imagination and creativity as well as their understanding of genre)

Year 9 Health and Social Care Curriculum

<p>Staffing: Ms Napp & Ms Begum Email: m.napp@sydenham.lewisham.sch.uk j.begum@sydenham.lewisham.sch.uk</p>		
<p>Exam Board: OCR Cambridge Nationals</p>		
<p>Assessment Overview: Year 9 units covered</p> <ul style="list-style-type: none"> ○ Unit R021: Essential Values of care for use with individuals in care settings (Exam unit) ○ Unit R022: Communicating and Working with Individuals in health and social care and early years settings 		
<p>Subject Curriculum Intent:</p> <p>Health and Social Care studies encourages learners to think creatively, innovatively, analytically, logically and critically to develop independence and confidence in using skills that would be relevant to the health and social care sector and more widely.</p> <p>The curriculum will assess the application of Health and Social Care through their practical use. It will provide learners with essential knowledge, transferable skills and tools to improve their learning in other subjects with the aim of enhancing their employability when they leave education, contributing to both their personal development and future economic well-being. Cambridge Nationals in Health and Social Care will equip learners with sound specialist knowledge and skills for everyday use. They will also challenge all learners, including high attaining learners, by introducing them to demanding material and skills; encouraging independence and creativity; providing tasks that engage with the most taxing aspects of the National Curriculum (including Values of Care and the current legislation requirements and the importance of softer skills such as communication skills to ensure individuals right to independence and dignity).</p> <p>The subject incorporates the use of the hands-on approach for both teaching and learning and aims to appropriately support with the way young people use new technology and underpins a highly valid approach to the assessment of their skills. The qualification design incorporates a range of units that enable learners the freedom to explore more deeply the things that interest them as well as providing good opportunity to enhance their learning in a range of curriculum areas.</p>		
<p>Curriculum Content Overview:</p>

Year 9 Sociology Curriculum

Staffing: Ms Altinok & Ms Begum

Email: h.altinok@sydenham.lewisham.sch.uk j.begum@sydenham.lewisham.sch.uk

Exam Board: AQA

Assessment Overview:

- **Autumn 1:** The Sociological Approach
- **Autumn 2:** Social structures, social processes and social issues

Assessment Week: Exam Paper (short version)

- **Spring 1:** Sociological research methods
- **Spring 2:** Sociological research methods

Assessment Week: Exam Paper on Sociological research methods

- **Summer 1:** Families
- **Summer 2:** Families

Assessment week: End of year 9 paper which included all content taught in year 9.

Subject Curriculum Intent

Topic: The Sociological Approach / Social structures, social processes and social issues

For each topic area students are asked to critically evaluate and compare and contrast theories or explanations, including the key features of each theory or explanation in the context of a specific topic and area of sociology. Students are expected to demonstrate knowledge and understanding of key sociological theories by reading and responding to extracts which illustrate the different views of sociologists. They should be able to critically analyse and evaluate how the issues have been interpreted by these sociologists. For each topic area students are expected to demonstrate an understanding of relevant methods and methodological issues, for example the use of official statistics, qualitative and quantitative approaches and the use of mixed methods. They will explore and debate contemporary social issues in order to be able to challenge everyday understandings of social phenomena from a sociological perspective. The knowledge, understanding and skills they develop will provide a basis for further study and career choices.

Topic: Sociological research methods:

In the context of the various social structures, social processes and social issues detailed in the specification, students should be able to:

- identify, describe and explain various methods and methodological issues
- identify and explain the advantages and disadvantages, strengths and weaknesses of a particular method for a specific area of research
- demonstrate an understanding of the process of research design for a specific area of research, including practical difficulties and ethical issues
- demonstrate an understanding of the relevance and usefulness of various primary and secondary sources for a specific area of research
- demonstrate the ability to interpret data presented in a variety of forms.

Families:

- Differing views of the functions of families.
- Parsons functionalist perspective on primary socialisation and the stabilisation of adult personalities.
- How family forms differ in the UK and within a global context.

- The work of the Rapoport on family diversity.
- Different views of conjugal role relationships.
- The feminist perspective of Oakley on the idea of the conventional family.
- Changing relationships within families.
- How relationships within families have changed over time.
- The theory of the symmetrical family and the principle of stratified diffusion developed from the functionalist perspective of Willmott and Young.
- Different criticisms of families (isolation and unrealistic idealisation, loss of traditional functions, lack of contact with wider kinship networks, the status and role of women within families, marital breakdown, dysfunctional families).
- The work of Zaretsky on developments in families from a Marxist perspective and Delphy and Leonard's feminist critique of families.
- Changes in the pattern of divorce in Britain since 1945 and the consequences of divorce for family members and structures.

Curriculum Content Overview:

Autumn Term 1: The Sociological Approach	Spring Term 1: Sociological research methods	Summer Term 1: Families
Autumn Term 2: Social structures, social processes and social issues	Spring Term 2: Sociological research methods	Summer Term 2: Families

How will your child be assessed in the Autumn Term?

Sociological research methods - Mid unit and end of unit short written assessments

Autumn Term Assessment Revision Topics (students will be given detailed checklists):

- Research design
- Qualitative and quantitative methods
- Different types of data
- Primary and secondary sources
- Interpretation of data
- Practical issues
- Ethical issues

What can you do to support your child in Sociology?

Encourage them to get into the habit of revision.

Encourage them to read outside of the classroom through wider reading.

Year 9 Media Studies Curriculum

Staffing: L Marcus Email: l.marcus@sydenham.lewisham.sch.uk		
Exam Board: Eduqas (part of WJEC)		
Assessment Overview: Autumn 1: Media Language analysis of a film poster Autumn 2: Media Language analysis of a magazine front page Spring 1: Analysis of how social groups have been represented on magazine front covers Assessment Week: Component 1 Exam Paper (short version) Spring 2: Analysis of Media Language and Representations in print adverts Summer 1: Analysis of Media Language in film posters Assessment Week: Component 1 Exam Paper (longer version) Summer 2: Analysis of Representations in film posters		
Subject Curriculum Intent <i>Media Studies will help you to develop skills that you'll be able use in your other subjects such as critical thinking, analysis, research, planning, practical skills, time management, essay writing skills and more. As a GCSE Media Studies student, you will analyse how media products like TV programmes and music videos use images, sounds, language, and representations to create meaning. You will learn about the media industry and how the industry affects how media products are made. You will investigate media audiences, exploring who are the people that watch, read and consume the products, while considering how different people might be affected by media products differently, and why. In your practical work, you will also be able to apply what you've learned about the media to the production of your own media products.</i>		
Curriculum Content Overview:		
Autumn Term 1: GCSE Induction	Spring Term 1: Component 1: Magazines and Newspapers	Summer Term 1: Component 1: Film Posters
Autumn Term 2: Component 1: Magazines	Spring Term 2: Component 1: Newspapers and Print Adverts	Summer Term 2: Component 1: Film Posters
How will your child be assessed in the Autumn Term? Analysis of how media language is used to create meaning in a film poster. Analysis of how media language is used to create meaning in a magazine front cover.		
Autumn Term Assessment Revision Topics (students will be given detailed checklists): Media Language key terms and how to apply Media Language when analysing the connotations of print texts: film posters and magazines (Pride magazine).		
What can you do to support your child in Media? Ask your child to summarise the key ideas from a lesson; ask them to teach you a key idea/concept; look at examples of print texts (magazine front cover/newspaper front page/print advert/film poster, as well as the home page of a website) and ask your child to explain the meanings in the text using media language points; look at examples of moving image texts (extract from a TV programme/film trailer/music video) and ask your child to explain the meanings in the text using		

media language points; discuss how different groups in society may interpret a media text in different ways.

Year 9 Child Development Curriculum

Staffing: Sinead Shirfield Email: s.shirfield@sydenham.lewisham.sch.uk		
Exam Board: OCR Cambridge National		
Assessment Overview: 3 units over 3 years Unit 1 – Unit R057: Health and well-being for child development (exam) Unit 2 – Unit R058: Create a safe environment and understand the nutritional needs of children from birth to five years (coursework) Unit 3 - Unit R059: Understand the development of a child from one to five years (coursework)		
Subject Curriculum: <p>Child Development covers all aspects of child development and parental responsibility, from conception to five years. Students develop the essential theoretical knowledge and practical skills needed to create the best conditions for a child’s development and well-being. This qualification will prepare students for further qualifications in Child Care, Health and Social Care, Psychology, Sociology and Biology.</p>		
Curriculum Content Overview: Unit 1: <p>The first topic of study underpins all of the other learning in this qualification. Students will develop the essential knowledge and understanding in child development, covering reproduction, parental responsibility, antenatal care, birth, postnatal checks, postnatal provision, conditions for development, childhood illnesses and child safety. Knowledge gained would be of use for further studies in PHSE, Biology and other child development qualifications.</p> Unit 2: <p>In the second topic of study, students will gain knowledge of the equipment needs of babies and young children and an understanding of the factors to be considered when choosing appropriate equipment to meet all of these needs. This topic will also cover nutrition and hygiene practices and students will be given the opportunity to investigate feeding solutions, comparing these to nutritional requirements and evaluating the outcomes. Evaluation skills are developed, which would be of use in further studies in a number of areas</p> Unit 3: <p>In the third topic of study, students will gain an understanding of the development norms from birth to five years and the stages and benefits of play. Students will gain knowledge of, and skills in, developing activities to observe development norms in children up to the age of five. This topic will include researching, planning and carrying out activities with a child and observing and evaluating these activities, as well as comparing the child to the expected development norms. Researching, planning, observing and evaluating skills would be useful in further studies as these are transferable skills and could be applied to many subject areas.</p>		
Autumn Term 1: Unit 3: Expected developmental norms from one to five years	Spring Term 1: Unit 2: Plan to create a safe environment in a childcare setting. Reasons why accidents happen and how to prevent them	Summer Term 1: Unit 1: Choosing suitable essential equipment for a childcare setting
Autumn Term 2: Unit 3: The different stages and types of play.	Spring Term 2: Unit 2: Plan to create a safe environment in a childcare	Summer Term 2:

Unit 3: How play benefits development	setting. Reasons why accidents happen and how to prevent them.	Unit 1: Government dietary recommendations and essential nutrients
<p>How will your child be assessed in the Autumn Term? Your child will be assessed through undertaking a coursework assignment for Unit RO58 and RO59. To assist with the assignment, weekly homework tasks will be provided and assessed.</p>		
<p>Autumn Term Assessment Revision Topics (students will be given detailed checklists): RO59: Expected developmental norms from one to five years RO59: The different stages and types of play. RO59: How play benefits development</p>		
<p>What can you do to support your child?</p> <ul style="list-style-type: none"> • Ask child to recall what they learnt in their class • Provide a quiet space (where possible) to complete homework tasks. • Encourage child to attend 'Child Development Club' – an extra curriculum activity group offering one to one support for assessments. Provides an opportunity to practice for practical skills assessments (e.g activity planning and observation).

Year 9 Dance Curriculum

Staffing: A.Hemstead H Redfern

Email: A.Hemstead@sydenham.lewisham.sch.uk

Exam Board: Pearson

Assessment Overview:

3 Components over 2 years

Component 1 – Exploring the Performing Arts (Coursework)

Component 2 - Developing Skills and Techniques in the Performing Arts (coursework)

Component 3 – Responding to a Brief (Exam)

Subject Curriculum Intent:

The BTEC Level 1/Level 2 Tech Award in Performing Arts is for learners who want to acquire technical knowledge and technical skills through dance.

The qualification recognises the value of learning skills and knowledge covering the

- development of key skills that prove your aptitude in Dance such as reproducing repertoire or responding to stimuli
- process that underpins effective ways of working in the Performing Arts, such as development of ideas, rehearsal and performance
- attitudes that are considered most important in the Performing Arts, including personal management and communication
- knowledge that underpins effective use of skills, process and attitudes in the sector such as roles, responsibilities, performance disciplines and styles.

Curriculum Content Overview:

Component 1

- This unit gives you a broad understanding of performance work and influences, looking at how practitioners create their work and the process they take from creation, developments and performance.
- You will study three professional works each of a different style both theoretically and practically.
- You will present a written report to show your findings from your research.

Component 2

- This unit assesses your ability as a dancer and your technical and interpretive skills. You will explore a chosen style of dance and participate in regular technique and creative classes in this style.
- This unit also requires you to study an already existing piece of work in the chosen dance style to replicate.
- You will focus on your physical and interpretive skills, setting yourself targets and reviewing these regularly to understand and improve your performance.
- You will apply these skills in a final performance to a live audience.

Component 3

- This unit is externally marked by the exam board.
- You will be able to work in small groups of 3 – 7 dancers.
- The exam board will provide you with a stimulus on which you must choreograph a group performance lasting between 10-15 minutes.
- Your performance must respond appropriately to the given stimulus and communicate your ideas clearly to a target audience of your choice.
- You will evaluate your creative process which will be completed in controlled assessment conditions.

Autumn Term 1: Performance Supports with Component 2 Repertoire	Spring Term 1: Within Her Eyes Contact Supports with Component 1 Written reports	Summer Term 1: A Linha Curva Brazilian Dance Supports with Component 1 Written reports
Autumn Term 2: Choreography Supports with Component 3 Responding to a Brief	Spring Term 2: Emancipation of Expressionism Street Dance Supports with Component 1 Written reports	Summer Term 2: Artificial Things Inclusive Dance Supports with Component 1 Written reports

How will your child be assessed in the Autumn Term?

Practical Assessment for each unit of work.

Written Assessment: Written reports x3

Autumn Term Assessment Revision Topics (students will be given detailed checklists):

Physical Skills

Technical skills

Expressive skills

Choreographic devices

Within Her Eyes fact file

Emancipation of Expressionism fact file

A Linha Curva fact file

Artificial Things fact file

What can you do to support your child in Dance?

Encourage your child to meet deadlines when submitting homework.

Ask your child to explain the work they are doing and evaluate their success and areas for development.

Encourage your child to practise their work at home.

Encourage your child to watch live Dance performances either at an outside venue or online.

Encourage your child to participate in Dance Curriculum Enrichment Activities including clubs and the annual Dance Show.

Encourage your child to attend Dance classes outside of school or to learn dances via online tutorials.
