## **School Philosophy**

The major goals of our school are to help students become proficient readers, self-disciplined and self-directed in problem solving tasks by developing a curiosity and a desire to use learning for personal enjoyment. The learning climate created by the cooperative efforts of students, teachers, and parents shall provide opportunities for social, physical and academic growth.

The staff at Powers Elementary also recognizes the need to help all students develop a sense of responsibility, self-worth and respect. We are concerned that each student develops the skills necessary to become a well-rounded, independent learner, able to work in a responsible and cooperative manner.

We acknowledge the power we as educators have over the lives of children and recognize parents as partners in their child's education. We hope to use our energies cooperatively to nurture children. We hope each child goes home each day having learned something new and feeling good about his or her day with us.

## **PBIS Expectations**

All students at Powers Elementary are expected to show the following attributes each day. PBIS (Positive Behavior Intervention Supports) is a school wide commitment that proactively sets students up for success.

Respect  
Responsibility  
Be Kind  
School Pride

## **General Information**

This handbook is intended to answer commonly asked questions about the operation of the school as well as provide notification regarding due process for student discipline as required by law.

### **Communication**

The web site <https://www.amherstk12.org> contains updated information on a daily and weekly basis. School and district news and activities are listed. Many forms are available to download. We have a school wide green shuttle folder for all students that goes home and is returned to school each day. The clear cover pocket should be used for written communication from parents. Inside are pockets for homework.

### **Lost and Found**

A lost and found area is located in the lobby. Jewelry items are held in the office. Please consider labeling coats etc. with full names. All items left as of the last day before winter break and the last day of school before summer break will be donated to charity.

### **Field Trips**

Field trips may be planned during the year. Children going on field trips must return the parent-signed permission form which indicates parent approval.

### **Birthday Treats and PTO Sponsored Parties**

Due to health regulations and the increased number of food allergies, we are unable to accept birthday treats or snack items at school. Dietary information will be sent home if there are snacks for school wide events.

### **School Responsibility for Student Property**

Students are given a supply list to begin each school year. Desks are assigned where students may keep their belongings. Only those items requested by the school and those items needed for the well-being of the student such as boots, etc. are to be at school. Toys, portable music players, trading cards, hats, electronic devices/games, or other valuables that are not directly related to the educational process are not to be brought to school. The school will not be responsible for any such items. Trading or selling personal items on school property is forbidden. Violation of this rule may result in confiscation of such items.

### **School Responsibility for Students**

Various safety procedures such as training in the use of equipment, explanation of school rules, student sign-out procedures, safety inspections, etc. all occur to safeguard the well-being of your child during school hours.

After dismissal, students are to leave directly, not playing on playground equipment or the playground until they have arrived home and received permission from their parent or guardian to return. The school will not accept responsibility for actions of students off

school property. Those returning to school grounds to play on the equipment or other property, after dismissal, in the evening or on weekends do so at their own risk. The school is not responsible for students walking to and from school, unless they are on school property.

### **Delayed Start - Inclement Weather**

Amherst Schools may use a one hour delayed start on bad weather days. The official announcement for the one hour delay will be posted on the district website, Twitter and may be heard over the local radio station. If a one hour delay is announced, parents must continue to check for updates since school could still be canceled if conditions do not improve.

### **Emergency School Closing - Activity Cancellation**

In case of severe weather - snow, low temperatures, ice, etc. - the official announcement for school closing and activities cancellation may be available on the web page, Twitter, local radio stations and the local Cleveland TV stations. Please do not call the school.

## **Registration and Records**

### **Registration of New Students**

In compliance with the Missing Children's Act (Substitute Senate Bill 321, Section 3313.672), it is required that "a pupil at the time of his initial entry of a public school shall present to the person in charge of the admission, a copy of the original certificate of his birth and other school records that have been maintained on him by his previous school." If the pupil or parent does not comply with this requirement, the school principal or chief administrative officer of the school must notify the law enforcement agency having jurisdiction in that area, informing that agency that the child could possibly be a missing child as defined in the legislation.

### **Directory Information**

In order to comply with the regulations regarding the disclosure requirements contained in the Family Education Rights and Privacy Act, directory information regarding Amherst students will be released to persons or organizations requesting the information.

Directory information shall include the following:

1. Name, address, telephone number
2. Date and place of birth
3. Major field of study
4. Participation in school activities
5. Dates of school attendance

Any parent or adult student who desires this directory information not be released may stop in the school office and file this request on forms available.

### **Immunizations**

Children who do not have evidence of proper immunization may be excluded from school after 14 days.

### **Withdrawals and Transfers**

A parent of a student withdrawing or transferring must accompany the student to the school to obtain the proper forms from the main office. All books must be returned to school before withdrawing. All book fees, fines must be paid before credits are transferred to another school or future transcripts issued.

### **Change of Address**

Inform the office in writing if you have a change of address or telephone number in order to help in addressing mailings and in case of emergencies. Two proof of residency items will need to be submitted for the new address. See the district website for the list of board approved items that can be used for proof of residency.

## **Illness and Medication**

### **School Nurse**

Our clinic aide is employed by Amherst Schools. The clinic aides are supervised and planned in conjunction with the Lorain County Board of Health. If you wish to contact the clinic aide for information, please call the school. In case of injuries such as cuts, abrasions, etc., the school gives first aid; we contact the parent immediately if medical attention is required. Any time a student has a head injury the family will be contacted in person following the emergency contact information provided by the parents. In the event a parent cannot be reached, we will call the emergency numbers you are asked to provide on the second day of school. We will call 911 for medical assistance in the event of a serious injury.

### **Health Clinic**

Due to various laws, the staff of the office is not permitted to dispense medicines without documentation from the prescribing physician. If a student feels ill and cannot continue in a classroom, the student will report to the main office. If the student is in a class, permission must be obtained from the classroom teacher. Before a student is sent home for illness, a parent or guardian must be contacted. If the student cannot return to class due to fever, illness or injury he/she will be sent home.

## **Lice**

If your child has lice, please notify the school clinic. Any child with live lice will be sent home. Before returning to school, students must be treated at home. Students will be checked for live lice upon returning to school.

## **Medication Policy**

It is the policy of the Amherst Board of Education to discourage the administering of any medication (prescription or nonprescription) to students by school personnel. For students who must take medication at school, completed forms containing the following information must be met: (forms are available in the school office as well as on the district website under “forms”)

### **Prescription Medication**

1. The parent must obtain a written order from the physician requesting that medication be given at school, stating the name of the medication, dosage to be given, the time it is to be given, route of medication administration, reason for medication and possible side effects.
2. The medication is to be provided in the container dispensed by the prescribing physician or licensed pharmacies with the child’s name, the name of the medication, when it is to be given, name of pharmacy and prescription number.
3. The permission form is to be signed by the parent and the physician.
4. If the medication dosage or physician is changed, the above process will have to be repeated.
5. Medications are to be picked up by the parent on the last day of school.

### **Nonprescription Medication**

1. Parents must provide a written plan requesting that nonprescription medication be administered at school, stating the name of the medication, dosage to be given, the time it is to be given, reasons for medication and possible side effects.
2. The nonprescription medication is to be provided in its original container with identification clearly marking the child's name and when it is to be given.
3. Permission form is to be signed by the parent and physician.
4. If the medication or dosage is changed, the above process is to be repeated.
5. Students are not permitted to carry cough drops. Parents may send a note if a student needs cough drops to be dispensed by the teacher.

## **Academics and Curriculum**

### **Meeting Individual Student Needs**

Personal attention to student needs is done as we attempt to meet each learner's needs. Students' progress is closely monitored using criterion-referenced and standardized tests. Staff meets regularly to monitor student progress as a part of our tiered intervention support plan.

### **Grading Scale**

Amherst Schools have adopted a standard percentage grading scale as follows for all subject areas except for Elementary Music, Art and Physical Education, Spanish and Wellness:

A 100-90, B-89-80, C 79-70, D 69-60, F 59-below

For Elementary Music, Art and Physical Education, Spanish and Wellness, the following scale is used:

S-Satisfactory, N-Needs Improvement, or U-Unsatisfactory

Library is ungraded.

An asterisk (\*) may be used alongside a student's grade to indicate that a modification or adaptation of the curriculum or grading scale was made for that particular subject.

### **Placement of Students**

The placement of students into classrooms for the following year is extremely important, requiring considerable time and careful consideration. It is important because a student's placement into the appropriate classroom setting is a significant factor in his/her educational and social progress during the year. Each student is placed individually, considering such factors as teacher's personality and teaching style, student's personality and learning style, physical arrangement of the classroom, balance of boys and girls, combinations of students to be avoided, and overall composition of the class. Amherst Schools employs teachers who are Highly Qualified. The school district also provides a comprehensive staff development program enabling teachers to develop and refine their teaching skills. We have confidence that all teachers are well-qualified to provide a quality program of instruction. If parents feel that a particular learning situation may be more appropriate for their child, we ask that a description of the suggested classroom setting be provided to the Principal in writing by May 1st. **We do not accept specific teacher requests** as all teachers have been trained and are Highly Qualified to teach all students based on their individual needs.

### **Promotion-Assignment-Retention**

The promotion, assignment and retention of a student in any grade level should be in the best interest of the student. Academics will not be the sole factor in the determination of retention. The student's age, maturity level, emotional or social criteria,

must also be considered on an individual basis. Retention shall only occur if it presents the possibility of allowing the student to function successfully at grade level in these areas and it is viewed as an opportunity for growth. If deemed necessary, it should occur as early as possible in a student's educational program.

### **Library Procedures**

Each class goes to the library weekly to check out books. The children may keep the books for one (1) week and must return them in order to borrow more. There is no fine if a book is late, but if a book is lost or destroyed, a fee will be charged to replace it.

### **Textbooks**

Textbooks are lent to students for use during the school year. Students are responsible for these books and, if lost or damaged, will be charged the replacement cost of the book.

### **Parent - Teacher Conference**

We always welcome a parent request to discuss their child's progress at any time during the school year. Communication between the home and school is viewed as extremely important. Parent Teacher Conferences are held formally during the fall (October 4th & 13th) and winter (February 16th) each year. Other conference times are available throughout the year by parent or teacher request.

### **Curriculum**

#### **Course of Study**

The curriculum is under continuous study in order to keep current and ensure that the best materials, equipment and strategies are being provided. Each content area has an approved written course of study which determines what is taught in that area. Courses are approved by the Board of Education.

The curriculum, in its broadest sense, includes all the experiences that children have at school. We believe that all children can learn and that it is our responsibility to actively engage students in the learning process. Individual needs are met through flexible grouping and individualized instruction within each class. We continue to meet the goals in the Ohio Common Core Standards in all subject areas.

#### **Homework Requests**

Parents who wish to pick up homework for their child due to an extended illness (after two days) may call the school office on the 3rd day before 9:00 am to request homework pick up (Parents are encouraged to work with their classroom teacher directly to access missing work. Please pick up homework between 3:00 and 4:00 P.M. Children who are absent due to vacations will be given the work upon return to school.

## **Lunch and Recess**

### **Lunch and Breakfast Program**

Students may carry their lunch or purchase a hot lunch. Milk (white or chocolate) is available. We have a computerized cash system throughout the school district. Students will use their student ID number to purchase food from the cafeteria.

Parents can prepay in any amount to their student's account. Visit the web for information on our online credit card payment system called "Pay For It." Students receive a stamp on their upper wrist as a reminder to parents that their account is low. It is the parents' responsibility to keep track of and make sure that the student has money available for purchases. You can call the cafeteria at any time to inquire about the balance on the account. Many parents prepay by the month. Send a check or cash to the school in an envelope clearly marked: Lunch Money, include student's name, homeroom teacher and amount enclosed. Make checks payable to Amherst Nutrition Services.

All students can purchase a breakfast. Students may come to the cafeteria upon arrival and purchase the packaged breakfast items for the day.

Regarding milk and food allergies please see the District website notice on the home page regarding milk substitutions and food allergies as medical documentation may be needed from a physician.

### **Lunch and Breakfast Prices**

- K-6 Lunch Price \$3.35 Includes milk.
- Milk Only \$0.50
- K-6 Breakfast 1.80
- Please contact the school for a Free/Reduced lunch application.

### **Lunch Fee Deficit**

It is the responsibility of the parents to provide lunch for their children while at school. However, it is important to provide that children receive the nutrition they need to stay focused during the school day. This procedure shall apply in the event that a child neither has a lunch nor the funds to purchase a lunch.

- An elementary student (Grades K - 3) may charge three (3) meals in succession and two (2) alternative meals. An alternative meal consists of a cheese sandwich, fruit, and milk.

Parents may also pay for school meals via the Internet through the district's Nutrition Services website:

***<https://payschoolscentral.com/#/user/login>***

## **Recess**

All children are taken outside for recess on days when the temperature is twenty degrees or higher and considering other weather related conditions (wind/rain). Recess periods are 20-25 minutes in length. Please dress your child accordingly.

Students returning from an illness will be allowed to stay in the office for the first day back with a note from their parents. More than one day will require a physician's authorization.

Visitors are not permitted to be on the playground during recess times for safety reasons.

## **School Fees**

### **Fee Schedule**

Students will be assessed a fee for workbooks used to supplement our course of study. We realize the financial burden these fees may present and will gladly work with you to create an installment plan. Unpaid book fees become part of the students cumulative record until paid in full. Please call the school office at 988-8670 to discuss a payment arrangement to meet your needs.

### **End of School Responsibilities**

Book fees are collected for those items that become the student property. To help parents with the costs payment arrangements can be made at the office. Unpaid fees accumulate and are tracked from year to year. This includes lunch and library fees for lost books.

## **Visitors**

In order to protect the educational integrity of our programs and the safety of our students and staff, any parent or parent representative wishing to visit the school must make arrangements in advance through the building principal. The principal reserves the right to deny, limit, or approve visits. The following are procedures to arrange a classroom visit:

1. A written request for the visitation will be submitted to the building principal that includes a detailed reason for the visitation. Upon completion of the written request, the principal will arrange a visitation day and time that is acceptable to the parent, teacher, and principal. A copy of the written request will be given to the teacher. The visitation day will be scheduled with three days advance notice.

2. Visitors must report directly to the school office in compliance with the State of Ohio Revised Code. The building principal or another school representative will assist the parent during the visitation and will accompany the parent to the classroom. The visitation should be no longer than the average class period. Parent visits will be limited to no more than one particular classroom or teacher per grading period.
3. To protect the educational process for all students, parents are not to create any kind of disturbance or disruption. Discussion with the teacher or any student during the visitation is not permitted.
4. To protect the privacy and confidentiality rights of all students, parents are not permitted to videotape or audiotape the visitation. In addition, any comments concerning the visitation are to be discussed with the teacher or building principal at a later time when students and other staff members are not present.

### **Lunch Visitation**

If you would like to have lunch with your child for a special occasion such as a birthday please consider the following:

1. Contact the office for permission in advance.
2. Parents may bring a bagged lunch or purchase a school lunch. No fast food or additional snacks may be brought in or shared with other students.
3. Parents are not permitted to participate in the recess activities for safety reasons.

## **Safety Procedures**

### **Fire & Safety Drills**

Fire and Safety drills at regular intervals are required by law and are an important safety precaution. It is essential that when the first signal is given everyone obeys promptly and clears the building as quickly as possible by the prescribed route, as posted in each individual classroom. Students are not permitted to talk during a fire drill and are to remain outside the building until a signal is given to return inside. Safety drills include lock down practices.

### **Tornado Drills**

Tornado drills at regular intervals are required by law and are an important safety precaution. It is essential that when the signal is given everyone obeys promptly and moves to the prescribed areas, as posted in each individual classroom. Students are not permitted to talk during a tornado drill and are to remain in their designated area until the signal is given to return to class.

## **Dismissal Procedures**

### **Notification of How Students are being dismissed**

All children will be dismissed in their usual manner (assigned bus, walker, or car) unless their parent or guardian requests in writing, or through the PikMyKid app, a change in the normal routine by 2:15pm. Only persons listed on the Individual Emergency Card will be permitted to take a child from the school and must show a photo ID. Once dismissal has started we cannot guarantee to honor requests made to change the way your student will be going home. Last minute emails or leaving a voice message regarding changes in transportation should be avoided to ensure that your child is sent home safely each day. Teachers or secretaries may be absent or problems with the internet may interrupt timely messages. Should your child wish to go to a friend's home after school, a note from both families, stating that permission has been given, is required. No bus transportation will be offered for students going home to visit another student.

### **Dismissal or Transportation Changes**

Children walking home will be escorted out to the crosswalk at South Lake Street by staff @ 3:30pm. Children leaving by car will begin being dismissed at 3:30 pm with all cars lined up in the parking lot north of our building (accessed off of Milan Ave). Bus dismissal will begin at 3:30 pm. Bus Schedules will be posted on the district website one week before school starts. They are also posted on our district website. Please check your child's bus schedule so you know when to expect them home. Bus times are approximate. If there is a change of transportation for your child, please notify the office. A note or telephone call by 2:30 P.M. from the parent is necessary. If you do not send in a note, please come to the office to sign your child out when you come to pick him up. People picking up a student must show a valid ID and be listed as a child's emergency contact.

Unless there is an emergency situation, students are only permitted to ride on their assigned bus route. In case of an emergency, the bus driver requires a note signed by both the parent and principal. Children will not be permitted to ride a different bus or get off at a different bus stop for the purpose of visiting a friend.

### **Sign-out (Sign-in) Procedures**

All persons must present a picture ID to sign out a student. In the event a student must leave the building for a doctor or dentist appointment during the school day, we ask that a written note be given to the teacher at the beginning of the day. If the student is to be out at the beginning of the school day, please bring the note to school the day before. The note should include: date & time to be excused, reason for being excused and the parent's signature.

The person arriving to transport the student will use the QR Scan Code posted on the front office window to sign a student out. In this way the school has an official record of

the student's departure and with whom the student has left. Upon returning to school, the adult dropping a child off should use the same QR Code process to document the student returning to school. The student should then check in the office and receive an admit slip to class.

## Attendance Policy

### **Attendance**

Regular attendance is necessary for success in school as well as required by law. State of Ohio report card standards require school districts to average an attendance rate of 93% or better. It is the responsibility of the parent/guardian to have students in regular attendance. In accordance with the Missing Child Law (ORC3313.205) and House Bill 410, the following procedures will be in effect.

Attendance will be classified under 2 categories:

- **Excused Absence**: an absence where parent and/or guardian properly provides a phone call or note within 48 hours of the absence. The following reasons will be classified as an excused absence per Ohio Revised Code and district policy:
  1. personal illness (a written physician's statement verifying the illness may be required)
  2. illness in the family necessitating the presence of the child
  3. quarantine of the home
  4. death in the family
  5. medical or dental appointment (with proper documentation)
  6. observation or celebration of a bona fide religious holiday
  7. college visitation (up to 3 visits with proper documentation)
  8. emergency or other set of circumstances in which the judgment of the Superintendent of Schools or designee, constitutes a good and sufficient cause for absence from school

These are the only 8 acceptable absences. Vacations are not considered excused absences.

- **Unexcused Absence/Truant**: an absence where a parent/guardian does not make contact with the school to verify absence for one of the eight excused absence reasons per Ohio Revised Code. Excessive unexcused absences may result in a court referral per House Bill 410.

If the student has more than 65 hours of absences, every absence thereafter will be considered truant, unless it is a school-authorized field trip, suspension, or medically certified absence.

### **Reporting Procedures for Absence**

The parent/guardian must notify the school by 9:00 am if the child is absent (not in school at 8:50 am) using the school attendance phone number (440-988-8670). The notification must contain the **name of the parent/guardian making the call, date of**

**the call, date of the absence, and reason for the absence** (must be one of the eight excused absence reasons).

If no parent/guardian notification is received, it is our policy to call the home of the absentee. It is also our policy to spot check student absences, even if a phone call has been received. If the parent does not contact the school or the school is unable to contact the parent/guardian, the student will be listed as unexcused for the day and considered truant.

Upon returning to school, a student needs to bring a written note from the parent/guardian if a phone call has not been received in the attendance office. If a written note is received with the date of the absence and one of the eight excused absence reasons, the unexcused absence will be changed to an excused absence. Students returning to school without a phone call or note will be considered unexcused and truant.

### **Pre-Planned Extended Absence**

Amherst Schools understands that extended absences for worthwhile educational experiences or family activities (vacations) may come up throughout the year. The parent or guardian should seek approval of the school administration and complete the Pre-Planned Extended Absence Form. The school will make every effort to provide homework prior to the absence with two week's advance notice. Missed work will not be given or accepted until the parent completes and submits the Pre-Planned Extended Absence Form. Vacations are not considered excused absences per Ohio Revised Code.

### **HOUSE BILL 410: DEFINITION OF TRUANCY AND EXCESSIVE ABSENCES**

The Amherst Exempted Village School District will follow the policies and procedures as mandated by House Bill 410.

- Habitually Truant: absent without legitimate excuse (please see previous Attendance Procedures for explanation of excused absences) for:
  - 30 or more consecutive hours (4.56 consecutive school days)
  - 42 or more hours in a school month (6.38 school days per school month)
  - 72 or more hours in a school year (10.94 school days per school year)
  
- Excessively Absent: absent with or without legitimate excuse (please see previous Attendance Procedures for explanation of excused absences) for:
  - 38 or more hours in one school month (5.85 school days per school month)
  - 65 or more hours in one school year (10 school days per school year)

### **Tardiness**

Students need to be in the building by 8:50 am to be on time and ready to start classroom instruction. Students arriving after that time need to come to the office to obtain a tardy slip. Legitimate excuses for tardiness are rare, but to be excused the

student must present a note on the day the tardiness occurs. Situations such as alarm clock problems, oversleeping and missing the bus are unexcused. Excessive tardiness due to illness will require a medical excuse.

### **Suspension and Unexcused Absence**

Students who are absent due to suspension or are absent unexcused will be permitted to make up missed tests and assignments only under the following conditions:

1. The student is solely responsible for making arrangements with the teacher regarding the missed assignments and tests no later than the day back from a suspension or unexcused absence.
2. The number of days given the student for make-up work will be left to the discretion of the teacher making the assignment but is typically set at one day for each day absent.
3. The student must make arrangements and complete all missed assignments according to the conditions stated above. Failure to do so will result in the student receiving a zero grade for any assignments, tests or quizzes that were missed during the time of suspension or unexcused absence.

## **Discipline**

### **Discipline Philosophy**

The staff creates an accepting and supportive environment through the practice of beliefs that prove self-discipline is the key to good discipline. Respect and caring towards each other and towards students is believed important and modeled. Our discipline plan is based on the belief that no student has the right to interfere with the right of others to learn or the right of the teacher to teach. While we promote quiet and obedience to authority, it is also our belief that learning activities is so absorbing that order and discipline result naturally.

We further believe self-discipline is fostered by giving students opportunities to practice responsibility in school and classroom activities and by giving students choices to make about their behavior and by recognizing students who demonstrate appropriate behavior. Our classroom guidance lessons are planned around good decision making and responsibility which are reinforced by teachers in daily activities.

Each classroom has a discipline plan which clearly identifies behavior expectations, rewards and consequences. Students have the responsibility to make choices about their behavior. Appropriate choices are rewarded, inappropriate choices have consequences which are appropriate for the particular misbehavior.

### **Pupil Code of Conduct**

The following code sets forth rules prohibiting certain types of student conduct either:

1. On the school grounds during, before or after school.
2. On the school grounds at any other time when the school is being used by a group.
3. Off the school grounds while on a school bus, or at a school activity, function or event.

A student found to be in violation of any of these rules may be suspended for a period up to ten days or be expelled for eighty school days. pupil or parents may be represented by counsel at such hearing if so desired.

6. The decision of the Board of Education may be appealed to the County Court of Common Pleas as per Chapter 2506 of the Ohio Revised Code.

### **Academic and Extracurricular Removal Procedures**

Certain cases of pupil misconduct, although not requiring suspensions or expulsion from school, may result in the removal of a pupil from a specific class or an extracurricular activity for a period of time up to and including the remainder of a session or school year. Such removal from a class shall be effected only by the Superintendent or building Principal. Such removal from an extracurricular activity shall be effected by the Superintendent, building Principal, the teacher responsible for the activity, or by such teacher's immediate supervisor. A class is considered to be a curricular course of study prescribed pursuant to ORC 3313.6 and State Minimum Standards. Appropriate due process, notification, and appeal procedures shall be provided.

### **Prior Notice**

Except for those acts of misconduct which are so antisocial or disruptive in nature as to shock the conscience, the students will not be removed from a class or extracurricular activity (other than emergency removal) unless the student is informed beforehand of specific behavior that will result in removal. This prior information is to be contained in the school system Code of Pupil Conduct, the published rules and regulation, and/or other written rules and regulations approved by the Principal and a specific class or extracurricular activity.

In response to misbehavior not covered in a set of written rules and regulations, a verbal warning may be given by the staff member authorized to effect removal, and removal may then be affected if such misbehavior occurs again. Such verbal notice shall be also made known to the parents/guardians who shall be given the opportunity to meet with the Principal and other staff members to discuss the matter.

The following regulations are applicable to the removal of students from a class or extracurricular activity.

### **Removal from class**

Prior to any removal from class, the following procedure must be followed, except for emergency removal as provided in this policy manual:

1. The student must be advised of his/her possible removal and the reasons why.
2. The student must have an opportunity for an informal hearing with the Principal or Superintendent who intends to effect the removal so that the student is provided an opportunity to explain his actions.
3. If the student is removed for a period of ten days or less, the Principal or Superintendent effecting such removal will give to the parents or guardian a written notice of the action taken. The parents or guardian will be given an opportunity to come in for a conference regarding the matter if such a conference is requested by them.  
Prior to action to remove a pupil for a period longer than ten school days, the Principal or Superintendent will arrange a time for the pupil and his parents or guardian to meet with the Principal to discuss the reasons for the intended removal.

### **Removal From Extracurricular Activities**

Prior to any removal from an extracurricular activity, the following procedure must be followed, except for emergency removal as provided in this policy.

1. The student must be advised of his possible removal and the reasons why.
2. The student must have an opportunity for an informal hearing with the staff member who intends to effect the removal so that the student is provided an opportunity to explain his actions.
3. If a student is removed for a period of ten days or less, the staff member affecting the removal will give to the parents/guardian a written notice of

the action and a copy of such notice together with a written summary of the incident, will be given to the building Principal.

4. If a student is removed for a period longer than ten days the procedures and appeal process used will be the same as those followed for an out of school suspension.

## **Other Disciplinary Procedures**

### **Teacher**

1. Classroom teachers will establish their own system of handling disciplinary problems which do not fall under those considered to be suspendable offenses as defined in this code of conduct.
2. Progressive discipline will be used to govern student behavior in the general school setting. In most instances, a warning is all that is needed to solve a certain situation. However, the principal's judgment will be used to determine consequences which fall on a continuum of severity and include, but not limited to, such actions as loss of one, three, five, or ten recesses, thoughtful writing assignments, emergency removal, calling of parents, suspension, expulsion or a combination of appropriate measures.

### **Severe Behavior Clause**

1. The teacher has the right to send a student to the office for any behavior problem which she deems severe. The principal may then use his judgment to discipline appropriately after affording the student(s) due process.

### **Trespassing and Loitering**

Unauthorized students shall not trespass or loiter in school buildings or on property owned by the Amherst Board of Education. Examples of such offenses include unauthorized visitations to other school buildings, loitering around a building other than the one in which the student is enrolled, loitering in or around a building while it is in session, or loitering around the building or school property after school is dismissed.

### **Bullying and Other Forms of Aggressive Behavior**

The Amherst Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community. Aggressive behavior toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse. The Board will not tolerate any gestures, comments, threats, or actions, which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, on a school bus, or while en-route to or from school and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field

trips or athletic events where students are under the school's control, or where an employee is engaged in school business.

Harassment, intimidation, or bullying means any intentional written, verbal, electronic, or physical act that a student or group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s); or violence within a dating relationship.

“Electronic act” means an act committed through the use of a cellular telephone, computer, pager, personal communication device, or other electronic communication device.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying and cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means cyber bullying through electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand-held device) that a student(s) or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the building principal or assistant principal, or the Superintendent. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official.

Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated.

If the investigation finds an instance of aggressive behavior in the form of harassment, intimidation, and/or bullying/cyber bullying by an electronic act or otherwise, has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This

may include suspension or up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any officer position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Retaliation may result in disciplinary action as indicated above.

Deliberately making false reports about harassment, intimidation, bullying and/or other aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Deliberately making false reports may result in disciplinary action as indicated above.

The following definitions are provided for guidance only. If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

The District shall implement intervention strategies (AG 5517.01) to protect a victim or other person from new or additional harassment, intimidation, or bullying and from retaliation following such a report.

"Bullying" is defined as a person willfully and repeatedly exercising power or control over another with hostile or malicious intent (i.e., repeated oppression, physical or psychological, of a less powerful individual by a more powerful individual or group). Bullying can be physical, verbal (oral or written), electronically transmitted, psychological (e.g., emotional abuse), through attacks on the property of another, or a combination of any of these. Some examples of bullying are:

1. Physical – hitting, kicking, spitting, pushing, pulling, taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.

B. Verbal – taunting, malicious teasing, insulting, name calling, making threats.

C. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation.

D. "Cyber bullying" – the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal websites, and defamatory online personal polling websites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others." [Bill Belsey (<http://cyberbullying.com>)]

The Board recognizes that cyberbullying can be particularly devastating to young people because:

1. Cyber bullies more easily hide behind the anonymity that the Internet provides;
2. Cyber bullies spread their hurtful messages to a very wide audience with remarkable speed;
3. Cyber bullies do not have to own their own actions, as it is usually very difficult to identify cyber bullies because of screen names, so they do not fear being punished for their actions; and
4. The reflection time that once existed between the planning of a prank – or a serious stunt – and its commission has all but been erased when it comes to cyber bullying activity.

Cyber bullying includes, but is not limited to the following:

1. Posting slurs or rumors or other disparaging remarks about a student on a web site or on weblog.
2. Sending e-mail or instant messages that are mean or threatening, or so numerous as to drive-up the victim's cell phone bill.
3. Using a camera phone to take and send embarrassing photographs of students.
4. Posting misleading or fake photographs of students on web sites.

"Harassment" includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature on the basis of age, race, religion, color, national origin, marital status or disability (sexual orientation, physical characteristic, cultural background, socioeconomic status, or geographic location).

"Intimidation" includes, but is not limited to, any threat or act intended to tamper, substantially damage or interfere with another's property, cause substantial inconvenience, subject another to offensive physical contact or inflict serious physical injury on the basis of race, color, religion, national origin or sexual orientation.

"Menacing" includes, but is not limited to, any act intended to place a school employee, student, or third party in fear of imminent serious physical injury.

"Harassment, intimidation, or bullying" means any act that substantially interferes with a student's educational benefits, opportunities, or performance, that takes place on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation or at any official school bus stop, and that has the effect of:

1. Physically harming a student or damaging a student's property;
2. Knowingly placing a student in reasonable fear of physical harm to the student or damage to the student's property; or
3. Creating a hostile educational environment.

"Staff" includes all school employees and Board members.

"Third parties" include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, vendors, or others engaged in district business, and others not directly subject to school control at inter-district or intra-district athletic competitions or other school events.

For a definition of and instances that could possibly be construed as hazing, consult Policy 5516.

### **Complaints**

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the building principal for review, investigation, and action.

Students, parents/guardians, and school personnel may make informal or anonymous complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to a teacher, school administrator, or other school personnel. Such complaints shall be reasonably specific including the person(s) involved, number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal or anonymous complaint shall promptly document the complaint in writing, including the information provided. This written report shall be promptly forwarded by the school staff member and/or administrator to the building principal for review, investigation, and appropriate action.

Individuals who make informal complaints as provided above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. Anonymous complaints shall be reviewed and reasonable action shall be taken to address the situation, to the extent such action may be taken

that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation, or bullying.

When an individual making an informal complaint has requested anonymity, the investigation of such complaint shall be limited as is appropriate in view of the anonymity of the complaint. Such limitation of investigation may include restricting action to a simple review of the complaint subject to receipt of further information and/or the withdrawal by the complaining student of the condition that his/her report be anonymous.

### **Privacy and Confidentiality**

### **Student Dress Code**

The staff of Powers Elementary is vitally concerned with the task of education and cannot be unduly involved in disputes with students regarding dress. Parents have the major responsibility for their children's proper dress and school behavior. However, the school does have the right to correct any form of dress that is so extreme as to cause undue attention, distraction, or is a health or safety hazard.

It is understood that, in some classroom environments, school personnel may impose further grooming and clothing requirements which may be needed for health and safety reasons. Directors of any extracurricular activity may impose additional grooming and clothing requirements if they deem it necessary.

Any student departing from acceptable standards of dress will not be permitted to attend classes nor make up work missed while absent from class. Students who persist in violating the dress code will be subject to disciplinary action as provided in the Student Code of Conduct.

### **Dress Code Policy:**

It will be the responsibility of an administrator to rule on which apparel is disruptive to the conduct of education or affects the health or safety of the student or others.
