## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Known as the "Garden in the Sun," Arvin is located just 18 miles from Bakersfield in the San Joaquin Valley. Nationally known as a rich agricultural area, Arvin offers a warm climate and a friendly, small town atmosphere. Established in 1940, Haven Drive Middle School is one of four schools in the Arvin Union School District.

In order to "Inspire and Empower Haven Drive Bulldogs academically, emotionally and socially, while preparing them to be productive citizens and future leaders", the following learning opportunities for all students are desired and have been written into district and site plans for long-term implementation. Ongoing monitoring of our programs will ensure best practices/strategies will provide an immersive rigorous learning experience for all students. These include, but are not limited to:

- GATE enrichment cluster classes and activities
- Spanish Literature elective classes
- AVID elective classes
- Band
- Art
- Seasonal Sports
- Arvin Advantage After-school Program
- Weekend and Extended Day Programs
- Summer School
- After School Intervention classes
- Parent education classes
- English Language Development Curriculum (for English Learners)
- Integrated Science elective classes
- Yearbook Club
- Project Lead the Way - (Design and Modeling - Engineering/Forensic Science)
- Extra Curricular Activities (Battle of the Books)
- eSports regional teams

## 2022-23 School Overview

In addition to high academic standards, the use of educational technology to support curriculum is prevalent across the school. Each teacher has a laptop computer, an LCD projector or flat screen tv, available document camera and additional monitor, printer and white board in the classroom. The combination of teaching the academic curriculum while embedding technological enhancements to the lessons provides more effective teaching and learning. Each student has a Chromebook to support "one-to-one" technology needs.

Teachers meet every week during "Collaboration" meetings during which teachers focus on the continued academic growth of all students utilizing in-depth data analysis, cycle of inquiry, creation of Common Formative Assessments and discussion of strategies to increase percentages of students attaining higher proficiency levels. Our school uses Star Test Renaissance as a method to assess our students growth three times a year in ELA and Math. The use of Freckles provides students with opportunities to review, practice, and improve their understanding of concepts to move towards grade level standards mastery.

The Arvin Union School District's mission, "Every child learning every day, no matter what it takes," propels Haven Drive to "do whatever it takes" to ensure each students' needs are met to the best of our ability. Utilizing a variety of resources, Haven Drive's priority is to prepare the students for success here, through high school, college, and beyond.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Arvin Union School District held a Public Hearing on September 13, 2022, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Language Learners (ELL), are provided one set of standards-aligned textbooks to use at school and home as well as access to standards aligned material in core subjects. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available.

Arvin Union School District staff members are actively involved in the selection process of materials and textbooks. The selection process involves teachers, administrators, district support personnel, and parents. The district follows the State of California's Textbook Adoption Cycle. 100% of students have textbooks as verified by the August 2022 Williams Review.

## School Facility Conditions and Planned Improvements

Built in 1940, Haven Drive Middle School offers a safe and secure campus for students, staff, and visitors. Currently Haven Drive Middle School consists of 42 classrooms, a library, a multipurpose room/cafeteria, a staff room, staff professional development room, a student lounge, 2 locker rooms and a gym. Site administration works closely with the Lead Maintenance person and assigned custodial staff to ensure the campus is in optimal shape.

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available upon request from the district MOT office. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner.

The entire campus exterior was painted during the Summer of 2022, the main office was rebuilt and open for business in April 2017. A Solar Project on the Haven Drive campus was completed in March 2017 as well. A re-roofing project has been completed on several buildings around the campus. A new shade structure to provide shade for students outside in a seating area with new tables/benches was installed Fall of 2022.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	36	N/A	27	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	14	N/A	15	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

The staff at Haven Drive is aware of the positive correlation between parent and community involvement and success of students. Parents and community members are encouraged to join teachers and administrators in the activities, programs, and organizations that support our students. Formal committees include School Site Council and English Language Advisory Council (ELAC). Parents are also invited to contact their child's teachers or the office in order to volunteer in classrooms, participate in Parent Workshops and attend parent/teacher conferences, student performances or events including Coffee with the Principal, AVID and Academic Learning Nights. Lunch on the lawn along with Movie Nights are new events at Haven Drive for parents to come to campus and join their students as well.

Parents or community members who wish to participate on leadership teams, school committees, take part in school activities, or become a volunteer are encouraged to make contact through the Haven Drive Middle School office. Our contact phone number is 661-854-6540 and please ask to speak with Calletano Gutierrez, Principal.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	3.62	1.00	2.45
Expulsions	0.43	0.09	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

## 2022-23 School Safety Plan

Haven Drive Middle School's Comprehensive School Site Safety Plan was revised by school administrators, staff representatives, parents, and school board approved February 15, 2022, to ensure the protection of students, staff, school, and school property to establish a climate that is conducive to learning. All staff members and parents have access to the plan and an annual review of the school site safety policies is conducted. Key elements of the safety plan include: developing consistency in behavior expectations (PBIS), site safety and maintenance, and disaster response training.

The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Fire drills are held once a month while earthquake and lock down drills are held quarterly. In the event of an emergency, the school's Disaster Preparedness Plan has clearly defined procedures to accommodate crisis situations.

Students are supervised throughout the day by certificated and classified employees. There is a designated area for student drop-off and pick-up in front of the school. Visitors register at the office, have their ID's checked through our district "RAPTOR" monitoring system, and receive a Haven Drive visitor badge that must be displayed at all times.

## 2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	26	7	17	
Mathematics	24	9	18	
Science	26	7	23	
Social Science	27	2	22

## 2021-22 Types of Services Funded

Local Control Funding Formula (LCFF) funds provide stable, on-going resources for the district. These resources provide basic necessary personnel at school sites and for district services. Maintenance set-asides support facility upkeep, transportation funds provide busses and drivers for many of the district's students outside the walking areas, and cafeteria funds provide Community Based Eligibility meals to all students. LCFF Supplemental and Concentration fund, which are provided above and beyond base funding and are prioritized to support equitable outcomes for all students, provide monies to address needs identified through a strategic planning process and allocated to meet targeted goals and metrics determined both by the site and locally. These funds allow the district and sites to focus on expanding staffing, providing professional development, improving instructional programs to support academic achievement, improving student attendance, training staff to support building respectful and positive relationships, expanding intervention programs and wrap-around services for mental and physical health, and facilities improvement for school sites. Funds specifically targeted to the school site included action steps for extended learning sessions, library upgrades, intervention teachers and intervention computer programs, classified student success staff, elementary PE teachers, nurses, social workers, district teachers on special assignment, field trips, and professional development. These funds are in addition to federal funds including Title 1 funds with set-asides for Extended Learning and Parent Involvement.

Parent Involvement allocations from various funding sources allow us to continually build our outreach and training services for parents. District and site based intervention programs and support staff are funded out of Title I. Title II supports one additional teacher at each elementary site for class size reduction and Title III provides aides specifically for our campus as well as support staff and Professional Development for teachers and instructional assistants. Title IV funds have supported technology and professional development, campus supervisors, and a focus on safety. Special Education funds, supported with general funds, provide programs and transportation for students with special needs at our site including teachers and instructional assistants for Special Day Class, Resource Specialist Program and Speech services. Increased grant funds for programs outside regular school hours including Expanded Learning Opportunity, ASES and 21st Century allow us to serve an increased number of students in continuing and new extra hours programs. State preschool funds provide both AM and PM classes at two sites to support student readiness for school.

In addition to the funding sources listed above, significant funding has been received to mitigate the effects of COVID and interrupted learning. The short-term budget for the Arvin Union School District has almost doubled with the influx of ESSER, Expanded Learning Opportunity, American Rescue Plan, COVID Response, and In-Person Instruction funding. These funds are supporting significant infrastructure upgrades, additional days of instruction and professional development, materials, and the hire of additional personnel to support safety, social-emotional support, technology impacts, and instruction. Technology including ensuring 2 to 1 Chromebooks at the elementary level and 1 to 1 Chromebooks at the middle school and augmenting resources at the school site was a priority. In addition, structures and safety materials to support social distancing and promote COVID prevention have been and will continue to be funded as needed.

## Professional Development

2020-2021 Professional Development: District wide training focused on implementation of distance learning and utilization of Canvas, TEAMS, Zoom, Flipgrid, Parent Portal and various other components to support distance learning. 95% reading intervention training for Kinder through Third grade and usage of STAR assessment for diagnostic at the Middle School supported differentiated learning. Mandatory policies and safety/clearing training included use of Personal Protective Equipment/safety measures and cleaning routines. RULER training for Social-emotional learning began with a trainer of trainer model and continues to be rolled out at each site with lead trainers.

2021-2022 Professional Development: District -wide training supported building awareness of frameworks and standards as well as modeling and supporting instruction in Math and Mathematical Practices, Designated and Integrated ELD, and Science instruction. Mandatory policies and safety/clearing training included use of Personal Protective Equipment/safety measures and cleaning routines. Teachers on Special Assignment supported classroom management, AVID, integrating technology, new teacher training, and standards-based instruction. Four professional development days were scheduled at the beginning of the year with an additional 3 days scheduled mid-year for instructional staff. In addition, three days were added for staff new to the district to ensure knowledge of district structures and expectations for implementation of district wide strategy implementation. One day is dedicated each year to Dual Immersion and Special Education training in conjunction with new teacher training dates.

2022-2023 Professional Development: The district School Board has developed an equity statement which significantly focuses our foundational work on the development and implementation of Multi-Tiered supports. Topics are further developed through survey results, data reviews of local and Dashboard data focused on patterns and trends, instructional materials adoptions, and preventative safety measures/restorative practices. Professional development is supported by peer to peer collaboration, site academic coach and/or administration support, district personnel including Directors and Teachers on Special Assignment, as well as external sources such as consultants. Mandatory policies were reviewed with the inclusion of Get Safety Trained Sexual Harassment/Child Support Prevention Training/Bloodborne Pathogen, Injury and Illness Prevention/Pesticide Training and Homeless/Foster program requirements. These were all provided in a virtual learning format. District -wide instructional support continued the previous year's focus on Math and Mathematical Practices, English Language Development, and behavior/Social emotional learning foundations. Teachers on Special Assignment supported classroom discipline, AVID, integrating technology, new teacher training, and standards based instruction. Five professional development days were scheduled at the beginning of the year with an additional 3 days scheduled mid-year for instructional staff. In addition, three days were added for staff new to the district to ensure knowledge of district structures and expectations for implementation of district wide strategy implementation in combination with Dual Immersion and Special Education training.

This table displays the number of school days dedicated to staff development and continuous improvement.
