B. Device Check-in

- I. Devices will be returned before the end of the school year, on dates to be provided, so they can be checked for serviceability and be stored for the summer. Failure to return the device, charger and any peripheral device or accessory could result in theft charges being filed against the student and/or parent/guardian.

C. Check-in Fines

2. TAKING CARE OF YOUR DEVICE

A. General Precautions

The Device is school property and all users will follow this policy and the Spencer County Public Schools Acceptable Use Policy for technology.

- I. No food or drink is allowed next to your device while it is in use.
- II. Only use a clean, soft cloth to clean the screen, no cleansers of any type.
- III. Cords and cables must be inserted carefully into the device to prevent damage.
- IV. Device and device accessories must remain free of any writing, drawing, stickers, or labels that are not the property of the Spencer County Public School System.
- V. Devices must never be left in an unlocked locker, unlocked car or in any unsupervised area.
- VI. Students are responsible for keeping their device's battery charged for school each day.
- VII. Devices are very sensitive to extreme heat and extreme cold therefore leaving the devices in cars, direct sunlight, etc. could expose the device to these conditions and is potentially harmful to the device and should be avoided.
- VIII. Do not stack any books, heavy materials, etc. on top of the device as it could damage it.
- IX. Take care to protect your password. **Do not share your password.**
- X. Lock your screen when you leave your device unattended for ANY amount of time.

B. Screen Care

The device screens can be damaged if subject to rough treatment. The screens are extremely sensitive to damage from excessive pressure on the screen.

- I. Devices should never be carried while the screen is open
- II. Do not lean on top of the device when it is closed.
- III. Do not place anything near the device that could put pressure on the screen front or back.
- IV. Do not place anything on the keyboard before closing the lid (e.g. pens, pencils, or disks).
- V. Clean the screen with a soft, dry cloth or antistatic cloth.
- VI. Do not "bump" the device against lockers, walls, car doors, floors, etc. as it will eventually cause damage to the device.

3. USING YOUR DEVICE AT SCHOOL

Devices are intended for use during school each day. In addition to teacher expectations for device use, school messages, announcements, calendars, and schedules may be accessed using it. Students are responsible for bringing their device to all classes, unless instructed otherwise.

A. Devices Left at Home

If a student leaves their device at home, they MAY have the opportunity to use a replacement device from the library, if one is available. Students are NOT to leave class to get a replacement device as there is an online form that teachers and students can use to request replacement devices. Students may stop by the library media center before school to check out a device if available to use for the day and return the device to the library media center at the end of the same day. Replacement devices are not available for overnight checkout.

- I. If students leave their device at home, they are responsible for getting the course work completed as if they had their device present.
- II. If a student repeatedly (three or more times as determined by any staff member) leaves their device at home, they may be required to “check out” their device for a period of 5 school days. “Checking out” identifies that the student will only be able to utilize the device during school hours. The device will be checked out in the morning from the library media center and returned at the end of the school day to the library media center.
- III. After the first “check out” period, the device will be returned for student use at home. If this incident occurs again, the student may be referred to the Assistant Principal.
- IV. If a student leaves their device at home for two consecutive days, they will be required to bring in the device and have a mandatory inspection of said device.

B. Device Undergoing Repair

- I. A replacement device may be used by students when they leave their device for repair. Please note that there may be a delay in getting a device should the school not have enough to distribute.
- II. Replacement devices must remain at the school.
- III. Replacement devices will only be issued for use in school until all cost of replacement have been paid.

C. Charging your Device’s Battery

- I. Devices must be brought to school each day in a fully charged condition.
- II. Chargers may be available to “check out” from the library media center at a cost to the student.
- III. Repeat violations (Minimum of three days, not consecutively) of this policy will result in a phone call home and a referral to school administration. Additional offenses will result in detention(s).

- IV. In cases where use of the device has caused batteries to become discharged, students may be allowed to connect their Devices to a power outlet in class.

D. Photo Library, Screensavers, Background Photos

- I. Inappropriate media should not be on the device and may not be used as a screensaver or background photo.
- II. Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, and gang related symbols or pictures will result in disciplinary actions and may also result in a loss of device privileges.

E. Sound, Music, Games, or Programs

- III. It is the student's responsibility to ensure that their work is backed up and therefore not lost due to mechanical failure or accidental deletion.
- IV. Device malfunctions are not an acceptable excuse for not submitting work on time.

B. Network Connectivity

- I. Spencer County Public Schools makes no guarantee that their network will be up and running 100% of the time. In the case that the network is down, the technology department will not be responsible for lost or missing data.
