Dear Parent or Guardian:

2023 – 2024 School Year

The Healthy Schools Act of 2000 was signed into law in September 2000 and requires that all schools provide parents or guardians of students with annual written notification of expected pesticide use on school sites. The notification will identify the active ingredient or ingredients in each pesticide product and will include the Internet address (<http://www.cdpr.ca.gov>) for further information on pesticides and their alternatives. The annual notification for the 2023 – 2024 school year is attached.

Parents or guardians may request prior notification of individual pesticide applications at the school site. Beginning August, 2023, people listed on this registry will be notified at least 72 hours before pesticides are applied. **If you would like to be notified every time we apply a pesticide at your student's site, please register on the website at www.nmusd.us/pesticidenotification. If you do not have internet access and you wish to register, please go to your school site and they will register for you.**

PLEASE NOTE: It is required at the beginning of each new school year that you sign up to receive notifications of pesticide applications for that year.

If you have any questions, please call (714) 424-7560.

Sincerely,

Lance Bidnick
Administrative Director II,
Maintenance and Operations

NMUSD 2023-2024 APPROVED PESTICIDES LIST

Product	Manufacturer	Purpose	EPA Number	Active Ingredients
ACE-JET	ARBORJET, INC	INSECTICIDE	74578-2	ACEPHATE
