Dear Parent/Guardian:

Children need healthy meals to learn. Douglas County School District offers healthy meals every school day. Free meals have been extended into the 2023-24 school year so all students can receive one free breakfast and one free lunch daily. Second meals, snack and/or a la carte items may be available for purchase at schools. Times of availability and prices vary.

It is the policy of Douglas County School District that charging (second meals and/or snacks) is not allowed.

For your convenience, you may pay online for meals and/or snacks at any time and for any amount you choose. You may elect to have a note added to your students' account(s) indicating 'No Snacks'. If you would like to prepay for your child's second meals or snacks, we have several different ways available. Although your child can pay the cashier directly, we prefer that funds are applied in advance. This way, your child is not responsible for handling money on a daily basis. Also, we are able to serve the children faster when we do not have to collect money during the meal period. One option available for making payments is paying online through the parent portal in Infinite Campus, go to: <https://douglasnv.infinitecampus.org/campus/portal/douglas.jsp> Although this service charges a small fee per transaction, you will enjoy the ease and convenience of viewing your students account balance and purchasing history online at any time. The transfer of funds between siblings is available upon request. Low balance and negative balance notifications will be sent out weekly through email. It's important your contact information is current in Infinite Campus in order to receive these notifications.

We encourage you to go check it out!

We will continue to accept FRL meal applications even though all students can get a free breakfast and free lunch daily since there are other eligibility benefits you may qualify for if you are approved. The meal application process may take up to 10 days after your application has been submitted and a letter will be mailed indicating approval or denial. The following packet will provide some common questions and answers to aid in the application process.

Feel free to give our office a call at 775-782-7613 if you have any additional questions or concerns

Sincerely,

Jordy Foster
