2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Our school is a beautifully designed campus and is named after Dennis G. Earl, a former Trustee of the Turlock Joint Elementary School Board, who died in 1985. It is designed to be a community-oriented campus where families enjoy recreational activities after school hours and on the weekends. There are three significant student populations according to our CBEDS information; English Learners, Hispanic and those students that are Socio-Economically Disadvantaged. According to our Language Census, there are 12 different languages spoken by our students. About 24% of Earl's student population are English Language Learners and about 48% are Hispanic. As a result, we have a rich cultural and linguistic diversity in our school community.

Earl's teachers continue to seek more effective ways to differentiate their curriculum and provide appropriate academic support for each individual child. At our monthly faculty, Leadership, and Professional Learning Community collaborative team meetings, teachers regularly discuss summative and formative assessment data, develop rubrics to measure student work, and plan intervention and enrichment supports to better meet the learning needs of the students. We have a district English Language Development teacher and two paraprofessionals on campus who provides strategic, intensive small group and one-on-one instruction to targeted students in reading and English language development. We also maintain a close working relationship with our local University, California State University Stanislaus, by hosting a number of student teachers each year in our TK-6 classrooms.

Earl School is proud to recognize and celebrate students' academic and social accomplishments. Our monthly Excellent Explorer Assemblies highlight students for a variety of personal strengths based on the character traits found in our Character Counts Program, such as respect and responsibility. Children that are "caught in the act of doing something good" are also recognized with school incentives. We record morning announcements, "Explorer vision", and teachers play them daily in all classes. All students in grades 1-6 receive music instruction each week and our fifth and sixth grade students are encouraged to participate in our choir, band, and orchestra music programs. An after school Play Program, operated by the City of Turlock Recreation Department, is available to all children and is located in our multipurpose room. The program provides help for students with homework, activities, and a safe place for students to stay after school. The PTA supports teachers and programs throughout the school. All of these are aimed at raising funds to support student field trips and additional school projects. We appreciate our parents' commitment to our school and to their children's education.

2022-23 School Overview

The vision of Dennis G. Earl Elementary School is: We believe all Explorers will achieve at high levels within a safe, supportive, compassionate, and collaborative community. Earl's Motto is: Earl Students are excellent students, awesome citizens, readers, and learners for life!

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

An assessment was done in October 2022 using the Facility Inspection Tool (FIT), which was selected by TUSD staff as a suitable tool for our bi-annual safety inspections to determine that a school facility is in 'good repair'. The school buildings and grounds of Dennis Earl Elementary have been deemed to be 'clean, safe and functional', having no condition that poses an emergency or urgent threat to the health and safety of pupils or staff. Copies of the District Safety Inspections and Williams Inspections are maintained on file in the Turlock Unified School District Maintenance and Operations office. Safety: A safety plan is in effect. Certificated and classified staffs are vigilant in maintaining student safety. All staff wear identification badges, and all visitors check in and out at the school office. In the summer of 2017 Dennis Earl received new fencing around the entire campus which directs all visitors to check in through a single access point in the office after the first bell rings. Cleanliness: Dennis Earl Elementary employs one full-time Lead Custodian who provides students and staff with a clean and safe school environment throughout the day. Our district additionally employs two full time night custodians who are responsible for cleaning all facilities on a daily basis. All state and district guidelines governing the custodian tasks have been implemented and are followed in accordance with all applicable laws. Improvements: Dennis Earl Elementary was constructed in 1997. A Security Fencing project was completed in the summer of 2017. Adequacy: The Turlock Unified School District prides itself in offering clean, safe, and adequate school facilities. Our buildings offer adequate heat and air and are maintained in accordance with stringent state and district guidelines. FIT Results: The FIT form dated October 2022 may list some items found during the site inspection. These items should not be confused as 'Non-functioning' or affect the overall statement of the school site that it is 'clean, safe and functional.' Work orders are input on a regular basis and are usually addressed within a two-week period.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Opportunities for parent involvement at Earl School include: School Site Council (SSC), English Learner Advisory Committee (ELAC), District English Learner Advisory Committee (DELAC), Parent Teacher Association (PTA), and the Superintendent's Parent Advisory Council. This school year, the Parent Institute for Quality Education (PIQE) will also hold a series of parent classes focusing on further involving parents in their child's education. In a typical year, special evening or program events as well as opportunities for classroom volunteers also are available. Those parents interested in any of the above mentioned parent involvement activities are encouraged to contact the Earl School office at (209) 634-1090 for additional information. Parents are also encouraged to contact the school with academic and behavioral concerns for their students. Parent Conferences, Student Study Team, IEP, and 504 meetings are held regularly to discuss student progress. The webpage link to our school is: <https://www.turlock.k12.ca.us/Page/19> and our school phone number is 1-209-634-1090.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2021-22 Types of Services Funded

Turlock Unified School District utilizes a wide variety of services that are offered and available to support and assist students at Dennis Earl Elementary. Some of these include class-size reduction in grades TK-3, Mentor programs through the local University, summer school, Extended Learning Opportunity Program, after school tutoring. Earl Elementary students benefit from the following certificated support: a district ELD teacher, Early Literacy Specialist (TK-2nd grades), Reading Intervention Teacher (3rd-6th grades), Math Intervention Teacher (all grades but focus on 4th-6th), and a school counselor (5 days a week), and a site Mental Health Clinician is also available to our students (on site 2 days a week but on call for students in crisis). Earl has a partnership with Jessica's House and Treehouse in order to better meet the social-emotional needs of our students and families.

Earl School is also able to offer a paraprofessional who supports English Learners (6 hours a day) and two Community Liaisons who can support families in several languages. Our school has online subscriptions to multiple programs meant to support struggling learners and those needing practice in additional areas such as: Lexia (reading), Zearn (math aligned to core curriculum), Reflex (math facts), and Reading A to Z. Our PBIS team closely monitors school trends in order to provide supports and changes to current plans. Campus supervisors and administration support with Restorative Practices after school (as needed) for those students in need of this behavioral intervention. Collaboration between the site, district staff, and outside agencies are ongoing in order to support student growth in all areas.

Professional Development

Professional Development

The Turlock Unified School District Local Control Accountability Plan prioritized district-wide professional development opportunities for TK-12 to include coaching and mentoring of staff; programs that lead to effective, standards-aligned instruction and improve instruction in literacy across all subject areas; social-emotional learning; English language development; PLC's; and leadership. TUSD's initiatives and staff input continue to drive the professional development offerings.

PD formats for teachers were made available in the following ways: In-person, live on Zoom, webinars, video recordings, podcasts, and newsletter releases. Topics included: Restorative Practices, Culturally Responsive School Leadership, and Foundational Skills.

Staff is provided with weekly embedded collaboration time in addition to opportunities for extended collaboration at site determined periods throughout the school year. The collaboration time allows teachers to apply new learning and make strategic decisions regarding the use of curriculum and assessments. Year one and year two teachers are enrolled in TUSD's Induction Program. The Induction Program activities are based on the California Standards for the Teaching Profession which outlines the numerous interconnected skills that comprise the professional practices of teaching. New administrators are supported through their participation in the Stanislaus County Office of Education Administrator Induction Program.

There are several formal Special Education administrative and teacher trainings scheduled each year that include the following topics: Service delivery for special education students with various handicapping conditions, the referral process for students with special education needs, how to accurately complete the IEP documents, how to maintain legally defensible reports/IEP documents/meetings, behavioral tools/strategies for district staff, case law and disability awareness. At sites, training specific to the students and programs at each site occurs throughout the school year.
