2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

The mission of Roselawn High School is committed to provide a positive, safe, supportive, and academically comprehensive student-centered program that accommodates the varied learning styles of all students. In partnership with our families and diverse community, our goal is to empower students to think critically, develop positive character traits, and acquire the technical skills necessary to achieve their fullest potential, becoming college and career-ready.

Turlock is in the center of the San Joaquin Valley with a population of approximately 70,000. Roselawn High School is Turlock Unified School Districts' continuation high school, providing an alternative learning setting for high school students in grades eleven through twelve. The community's economy is primarily based on agriculture and related industries.

Roselawn High School has remained a small high school of approximately 200 students which provides alternative educational services to students who have been transferred from the traditional high schools: Turlock High School, Pitman High School, and e-Cademy Charter. We also receive students moving into Turlock from surrounding districts. Students transfer to RHS for multiple reasons, credit recovery being the main reason.

Board policy and regulations are in place and students may be referred to Roselawn by the THS, PHS, and e-Cademy administration. Students may be referred for violations such as excessive absences. Attendance is a challenge for students who are behind in credits and RHS enrolls a large number of students who have attendance problems. The majority of the students who move into the Turlock attendance area and are behind in credits or have been out of school for a while are given the opportunity to enroll at Roselawn to get back on track.

Roselawn serves a diverse population. Roselawn High School students are considered an at-risk population. Students' needs are academic, social-emotional, and personal, and they are often economically disadvantaged. The number of English Learners being referred to Roselawn has been steady at approximately 25% of its total population. Additionally, all teaching staff receives ongoing staff development on best teaching practices.

Roselawn offers two sessions daily, which include four, forty-eight-minute classes per session. Each session's instructional program is 180 minutes long. There are nine full-time teachers assigned to Roselawn and one full-time Resource Specialist. As of December 2020, Roselawn High School relocated to a new site. The new site offers more space and is more centrally located than our previous site. Also, the new site falls under the Turlock City limits as opposed to our previous site was under

2022-23 School Overview

the county limits. This school year we added 2 sessions of Media Production classes and 1 additional session of Criminal Justice under the Career and Technical Educations Program. Roselawn High School has one full-time Counselor and one Principal. There is one Administrative Secretary, one School Secretary/Attendance clerk, and two campus supervisors. Roselawn also has one part-time Clinician and three part-time paraprofessionals and one full-time paraprofessional serving the needs of our Resource students. We have a full-time district custodian who works in the evenings. Our campus has eight classrooms for regular education. The Resource Class is located in a very small-sized classroom. The cafeteria is also used as a classroom as needed during inclement weather.

As stated earlier, as of December 14, 2020, Roselawn High School has been relocated to a new facility. As opposed to our old facility, the new facility offers the possibility of expanding our programs and creating partnerships with several businesses located near the new school site. Over the past two years, we have noticed an increase in student work permits since our new location is close to multiple businesses. The new facility is located at 350 N. Kilroy in Turlock CA.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

An assessment was done in October 2022 using the Facility Inspection Tool (FIT), which was selected by TUSD staff as a suitable tool for our bi-annual safety inspections to determine that a school facility is in 'good repair'. The school buildings and grounds of Roselawn High School have been deemed to be 'clean, safe and functional', having no condition that poses an emergency or urgent threat to the health and safety of pupils or staff. Copies of the District Safety Inspections and Williams Inspections are maintained on file in the Turlock Unified School District Maintenance and Operations office. Safety: A safety plan is in effect. Certificated and classified staffs are vigilant in maintaining student safety. All staff wear identification badges and all visitors check in and out at the school office. Cleanliness: Roselawn High School is maintained in conjunction with Turlock High School. The Turlock High School employees 1 Operations Manager, 1 Head Custodian, 9 Custodians and 4 Groundskeepers. All state and district guidelines governing the custodian tasks have been implemented and are followed in accordance with all applicable laws. Improvements: Roselawn High was Modernized in 2011. Adequacy: The Turlock Unified School District prides itself in offering clean, safe and adequate school facilities. Our buildings offer adequate heat and air and are maintained in accordance with stringent state and district guidelines. FIT Results: The FIT form dated October 2022 may list some items found during the site inspection. These items should not be confused as 'Non-functioning' or affect the overall statement of the school site that it is 'clean, safe and functional.' Work orders are input on a regular basis and are usually addressed within a two week period of time.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	7.94	3.07	2.45
Expulsions	0.00	0.01	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Key Elements of the Comprehensive School Safety Plan: In the Turlock Unified School District, components satisfying each of the following items have been developed and are included in the Comprehensive School Safety Plan, when approved by each site council. These components were approved by the site council on March 14, 2022.

- 1) Disaster procedures, routine and emergency
- 2) Policies pursuant to subdivision (d) of Section 48915 for pupils who committed an act listed in subdivision (c) of Section 48915 and other school designated serious acts which would lead to suspension, expulsion, or mandatory expulsion recommendations pursuant to Article 1 (commencing with Section 48900) of Chapter 6 of Part 27
- 3) Procedures to notify teachers of dangerous pupils pursuant to Section 49070
- 4) A sexual harassment policy, pursuant to subdivision (b) of Section 212.6
- 5) The provisions of any school-wide dress code, pursuant to Section 35183, that prohibits pupils from wearing "gang-related apparel" if the school has adopted a dress code. For these purposes, the safety plan defines "gang-related apparel"
- 6) Procedures for safe ingress and egress of pupils, parents, and school employees to and from school
- 7) A safe and orderly environment conducive to learning at school
- 8) The rules and procedures on school discipline adopted pursuant to Sections 35391 and 35291.5
- 9) Assessment of the current status of school crime committed on school campuses and at school related functions
- 10) Child abuse reporting procedures consistent with Article 2.5 (commencing with Section 11164) of Title 1 of Part 4 of the Penal Code

2021-22 Types of Services Funded

Roselawn High School utilizes a wide variety of services available that support and assist students in our school. Some of these include class-size reduction, Opportunities to enroll in enrichment (CTE) classes on campus, or concurrently enrolling at Roselawn and any of the two comprehensive sites. Students also have the opportunity to concurrently enroll at Roselawn and our two local community colleges, Modesto Junior College and Merced Junior College as well as UC Merced. We have established partnerships with both colleges. Both Community colleges provide workshops at the school site in the following areas: college orientation, college application, financial aid, placement testing, and course enrollment. English Learners' classroom instructional support through 3 part-time Bilingual paraprofessionals, ELD classes, best practices, in-school interventions, lunchtime interventions, extended day interventions, Center for Human Services, Mentor programs through the local University, part-time Mental Health Clinician, Work Experience, and Math 1 support classes. We also have access to the Stanislaus County office of education for additional support and guidance.

Professional Development

Professional Development

The Turlock Unified School District Local Control Accountability Plan prioritized district-wide professional development opportunities for TK-12 to include coaching and mentoring of staff; programs that lead to effective, standards-aligned instruction and improve instruction in literacy across all subject areas; social-emotional learning; English language development; PLC's; and leadership. TUSD's initiatives and staff input continue to drive the professional development offerings.

PD formats for teachers were made available in the following ways: In-person, live on Zoom, webinars, video recordings, podcasts, and newsletter releases. Topics included: Restorative Practices, Culturally Responsive School Leadership, and Foundational Skills.

Staff is provided with weekly embedded collaboration time in addition to opportunities for extended collaboration at site determined periods throughout the school year. The collaboration time allows teachers to apply new learning and make strategic decisions regarding the use of curriculum and assessments. Year one and year two teachers are enrolled in TUSD's Induction Program. The Induction Program activities are based on the California Standards for the Teaching Profession which outlines the numerous interconnected skills that comprise the professional practices of teaching. New administrators are supported through their participation in the Stanislaus County Office of Education Administrator Induction Program.

There are several formal Special Education administrative and teacher trainings scheduled each year that include the following topics: Service delivery for special education students with various handicapping conditions, the referral process for students with special education needs, how to accurately complete the IEP documents, how to maintain legally defensible reports/IEP documents/meetings, behavioral tools/strategies for district staff, case law and disability awareness. At sites, training specific to the students and programs at each site occurs throughout the school year.
