Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at Coachella Valley Unified School District Website and at the school site office.

To ensure compliance with AB 1432 training method and process, we use the Keenan and Associates video that is offered by the district. All staff members are required to watch the video and be assessed on the information provided. Required training is completed during staff meeting and or professional development time.

IMPORTANT NOTE: With the passage of AB 1432 in September, 2014, all school districts, county offices of education, and charter schools are required to:

1. Annually train, using the online training module provided by the State Department of Social Services, or other training, employees and persons working on their behalf who are mandated reporters, as defined in Penal Code 11165.7, on the mandated reporting requirements.
2. Develop a process for all persons required to receive training under the bill to provide proof of completing this training within the first 6 weeks of each school year or within 6 weeks of that person's employment.

As mandated reporters, all members are expected to report any suspicious incidents. When needed, members are given time during their work hours so that they can file any report to the proper agency.

In addition, AB 420 also provides that willful defiance and disruption offenses shall not constitute grounds for a pupil enrolled in kindergarten or any of grades one to twelve (inclusive) to be recommended for expulsion.

Suspension and Expulsion

A pupil shall not be suspended from school or recommended for expulsion, unless the superintendent of the school district or the principal of the school in which the pupil is enrolled determines that the pupil has committed an act as defined pursuant to any of subdivisions (a) to (r), inclusive:

- u) As used in this section, "school property" includes, but is not limited to, electronic files and databases.

If that action requires the continued presence of the pupil at the school site, the pupil shall be under appropriate supervision, as defined in policies and related regulations adopted by the governing board of the school district. As soon as possible, the teacher shall ask the parent or guardian of the pupil to attend a parent-teacher conference regarding the suspension. (D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)

CVUSD Teachers will be informed in a timely manner in accordance to the Board Policy stated below when a child considered “dangerous” is placed in their classroom.

Per 49079. (a) A school district shall inform the teacher of each pupil who has engaged in, or is reasonably suspected to have engaged in, any of the acts described in any of the subdivisions, except subdivision (h), of Section 48900 or in Section 48900.2, 48900.3, 48900.4, or 48900.7 that the pupil engaged in, or is reasonably suspected to have engaged in, those acts. The district shall provide the information to the teacher based upon any records that the district maintains in its ordinary course of business, or receives from a law enforcement agency, regarding a pupil described in this section.

The Superintendent or designee shall ensure that employees are informed, in accordance with law, regarding crimes and offenses by students who may pose a danger in the classroom.

When any individual directs violence against an employee and the employee so notifies the district, the district shall take steps to ensure that appropriate legal measures are instituted. When the employee notifies the district of a threat of bodily harm, the district shall take appropriate measures to enable the employee to request assistance if an attempt occurs on school grounds.

The Superintendent or designee shall ensure that employees are trained in crisis prevention and intervention techniques in order to protect themselves and students. Staff development may include training in classroom management, effective communication technique and crisis resolution.

Notice Regarding Student Offenses Committed While Under School Jurisdiction

The Superintendent or designee shall inform the teacher of any student in his/her class who has engaged in, or is reasonably suspected of, any act during the previous three years which could constitute grounds for suspension or expulsion under Education Code 48900, with the exception of the possession or use of tobacco products, or Education Code 48900.2, 48900.3, 48900.4, or 48900.7. This information shall be based upon district records or records maintained in the ordinary course of business or received from a law enforcement agency. Teachers shall keep the information confidential. (Education Code 49079)

Upon receiving a transfer student's record regarding acts committed by the student that resulted in his/her suspension or expulsion, the Superintendent or designee shall inform any of the student's teacher(s) that the student was suspended from his/her former district and of the act that resulted in the suspension or expulsion. (Education Code 48201)

Information received by teacher(s) shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher. (Education Code 49079)

Notice Regarding Student Offenses Committed While Outside School Jurisdiction

When a minor student has been found by a court of competent jurisdiction to have illegally used, sold or possessed a controlled substance or committed specified crimes involving serious acts of violence, the district police or security department may provide written notification to the Superintendent. (Welfare and Institutions Code 828.1)

When informed by the court that a minor student has been found by a court to have committed any felony, or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Penal Code 290, assault or battery, larceny, vandalism or graffiti, the Superintendent or designee shall so inform the school principal. (Welfare and Institution Code 827)

The principal shall disseminate this information to the counselors who directly supervise or report on the student's behavior or progress. The principal also may inform any teacher or administrator he/she thinks may need the information so as to work with the student appropriately, avoid being needlessly vulnerable, or protect others from vulnerability. (Welfare and Institutions Code 827)

Any court-initiated information that a teacher, counselor or administrator receives shall be kept confidential and used only to rehabilitate the student and protect other students and staff. The information shall be further disseminated only when communication with the student, parent/guardian, law enforcement staff and probation officer is necessary to rehabilitate the student or to protect students and staff. (Welfare and Institutions Code 827)

When a student is removed from school as a result of his/her offense, the Superintendent shall hold the court's information in a separate confidential file until the student is returned to public school. If the student is returned to a different district, the Superintendent shall transmit the information provided by the student's parole or probation officer to the Superintendent of the new district of attendance. (Welfare and Institutions Code 827)

Any confidential file of court-initiated information shall be kept until the student becomes 18, graduates from high school, or is released from juvenile court jurisdiction, whichever occurs first; it shall then be destroyed. (Welfare and Institutions Code 827)

Procedures to Maintain Confidentiality of Student Offenses

In order to maintain confidentiality when providing information about student offenses to counselors and teachers of classes/programs to which a student is assigned, the principal or designee shall send the staff member a written notification requesting him/her to review a student's file in the school office. This notification shall not name or otherwise identify the student. The staff member shall be asked to initial the notification and return it to the principal or designee.

The staff member shall also initial the student's file when reviewing it in the school office. Once the district has made a good faith effort to comply with the notification requirement of Education Code 49079 and Welfare and Institutions Code 827, an employee's failure to review the file constitutes district compliance with the requirement to provide notice to the teacher.

(E) Sexual Harassment Policies (EC 212.6 [b])

CVUSD ensures that a policy is in place to address behaviors that can be deemed as harassment, discrimination or sexual harassment. These behaviors are taken very seriously and administrators and administrative designees will follow board policy and the student handbook to ensure that procedures are being followed.

Nondiscrimination/Harassment

The Governing Board desires to provide a safe school environment that allows all students' equal access and opportunities in the district's academic and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying of any student based on the student's actual or perceived race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression or association with a person or group with one or more of these actual or perceived characteristics.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who files or otherwise participates in the filing or investigation of a complaint or report regarding an incident of discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. (F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)

Education Code Requirement comes from 32282(a)(2)(F). It reads:

The provisions of any school wide dress code, pursuant to Section 35183, that prohibits pupils from wearing "gang-related apparel," if the school has adopted that type of a dress code. For those purposes, the comprehensive school safety plan shall define "gang-related apparel." The definition shall be limited to apparel that, if worn or displayed on a school campus, reasonably could be determined to threaten the health and safety of the school environment. Any school wide dress code established pursuant to this section and Section 35183 shall be enforced on the school campus and at any school-sponsored activity by the principal of the school or the person designated by the principal. For purposes of this paragraph, "gang-related apparel" shall not be considered a protected form of speech pursuant to Section 48950.

At CVUSD, we have adopted a Dress-Code Policy. This dress-code policy is to help students be successful at school, remain focused on learning, prevent bullying incidences and boost school pride. We have also adopted a school wide dress code that prohibits pupils from wearing gang-related apparel pursuant to EC 35183.

School uniforms; gang apparel; dress codes

a. The Legislature finds and declares each of the following:

- (1) The children of this state have the right to an effective public-school education. Both students and staff of the primary, elementary, junior and senior high school campuses have the constitutional right to be safe and secure in their persons at school. However, children in many of our public schools are forced to focus on the threat of violence and the messages of violence contained in many aspects of our society, particularly reflected in gang regalia that disrupts the learning environment.
- (2) "Gang-related apparel" is hazardous to the health and safety of the school environment.
- (3) Instructing teachers and administrators on the subtleties of identifying constantly changing gang regalia and gang affiliation takes an increasing amount of time away from educating our children.
- (4) Weapons, including firearms and knives, have become common place upon even our elementary school campuses. Students often conceal weapons by wearing clothing, such as jumpsuits and overcoats, and by carrying large bags.
- (5) The adoption of a schoolwide uniform policy is a reasonable way to provide some protection for students. A required uniform may protect students from being associated with any particular gang. Moreover, by requiring schoolwide uniforms teachers and administrators may not need to occupy as much of their time learning the subtleties of gang regalia.
- (6) To control the environment in public schools to facilitate and maintain an effective learning environment and to keep the focus of the classroom on learning and not personal safety, schools need the authorization to implement uniform clothing requirements for our public-school children.
- (7) Many educators believe that school dress significantly influences pupil behavior. This influence is evident on school dress up days and color days. Schools that have adopted school uniforms experience a "coming together feeling," greater school pride, and better behavior in and out of the classroom.

- b. The governing board of any school district may adopt or rescind a reasonable dress code policy that requires pupils to wear a schoolwide uniform or prohibits pupils from wearing "gang-related apparel" if the governing board of the school district approves a plan that may be initiated by an individual school's principal, staff, and parents and determines that the policy is necessary for the health and safety of the school environment. Individual schools may include the reasonable dress code policy as part of its school safety plan, pursuant to Section 32281.
- c. Adoption and enforcement of a reasonable dress code policy pursuant to subdivision (b) is not a violation of Section 48950. For purposes of this section, Section 48950 shall apply to elementary, high school, and unified school districts. If a schoolwide uniform is required, the specific uniform selected shall be determined by the principal, staff, and parents of the individual school.
- d. A dress code policy that requires pupils to wear a schoolwide uniform shall not be implemented with less than six months' notice to parents and the availability of resources to assist economically disadvantaged pupils.
- e. The governing board shall provide a method whereby parents may choose not to have their children comply with an adopted school uniform policy.
- f. If a governing board chooses to adopt a policy pursuant to this section, the policy shall include a provision that no pupil shall be penalized academically or otherwise discriminated against nor denied attendance to school if the pupil's parents chose not to have the pupil comply with the school uniform policy. The governing board shall continue to have responsibility for the appropriate education of those pupils.
- g. A policy adopted pursuant to this section shall not preclude pupils that participate in a nationally recognized youth organization from wearing organization uniforms on days that the organization has a scheduled meeting.

(Amended by Stats. 2003, Ch. 828, Sec. 10.)

(I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)

Sea View Elementary Student Conduct Code

Rules and Procedures on School Discipline

Rules and Procedures on School Discipline

Sea View Elementary School has well-developed and articulated discipline plans for student behavior. The Parent and Student handbook (electronic version or Hard copy) spells out the expectations for student behavior, school rules, and the procedure for student discipline.

Student discipline is handled fairly and effectively. The first days of school students are given a presentation by the administration which outlines the behavior expectations at Sea View Elementary, school rules, and the discipline system. The Parent Handbook, which also contains important information regarding student discipline, is also available to parents in the school office and online.

There is a system in place for improving student behavior on campus. Through the transformational justice model, we strive to provide a safe and welcoming environment for all students. Positive Behavioral Intervention Support (PBIS) teaches students to be safe, responsible, and respectful. Positive Behavior Interventions and Supports (PBIS) is a proactive approach to establishing the behavioral supports and social culture needed for all students in a school to achieve social, emotional, and academic success. Attention is focused on creating and sustaining primary (school-wide), secondary (classroom), and tertiary (individual) systems of support that improve lifestyle results (personal, health, social, family, work, recreation) for all youth by making targeted misbehavior less effective, efficient, and relevant, and desired behavior more functional. This system is used to also recognize and reward students for positive choices they make with PBIS points that are generously given out by all adults at Sea View Elementary School through the PBIS rewards app. If students make poor behavioral choices there are clear and consistent consequences. When students do not follow school rules students are dealt with through counseling, redirecting behavior, and when needed phone calls home.

For more serious or numerous offenses, students are sent to the assistant principal or principal who discusses the behavior in a conference with the student and documents it on AERIES, and calls home to inform parents of the situation. Continuous infractions will result in parent conferences and student suspension either at school or home, depending on the nature of the offense. Students are automatically suspended from school for serious violations such as the possession of weapons, drugs, or physical assault. Other means of correction are always implemented before a suspension and ensuring that all behavior infractions are handled following all district protocols and education codes.

Conduct Code Procedures

A positive and safe learning environment in our schools and a good state of student conduct starts with all involved students, parents, and staff having knowledge and understanding of the basic standards of acceptable conduct. Transformational Justice Model frameworks have been adopted by CVUSD teachers and staff members. Our school sites strive to see that each student learns through school experiences to recognize the essential worth in each individual and to respect others; to adjust personal desires to the welfare of the group; to respect the rights and property of the group; to appraise one's own worth honestly and fairly; to establish high standards of personal integrity; and to achieve and feel personal satisfaction in both group and individual success. The achievement of these ideals is carried out by implementing the Transformational Justice Model frameworks of PBIS, Restorative Justice, and Transformational Learning. Staff, parents, and community are dedicated to the well-being and safety of all students and commit to the initiative of our Board Adopted Transformational Justice Model. Our school sites are committed to the goal of a safe school and an orderly process of instruction with our student's wellness in mind. This commitment requires that everyone assume his/her share of responsibility towards intentionally implementing the Transformational Justice and academic frameworks in order to create a positive and safe learning environment.

Policy COACHELLA VALLEY UNIFIED SCHOOL DISTRICT

adopted: May 8, 2003 Thermal, California

Coachella Valley USD | BP 5144.1 Students

Suspension And Expulsion/Due Process

The Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

(cf. 5144 - Discipline)

Suspended or expelled students shall be excluded from all school-related extracurricular activities during the period of suspension or expulsion.

(cf. 6145 - Extracurricular and Cocurricular Activities)

Except where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct. (Education Code 48900.5)

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion is used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to him/herself or others.

(Education Code 48915)

The grounds for suspension and expulsion and the procedures for considering, recommending and/or implementing suspension and expulsion shall be specified in administrative regulation.

Zero Tolerance

The Board supports a zero-tolerance approach to serious offenses. This approach makes the removal of potentially dangerous students from the classroom a top priority to ensure the standardized treatment of all students. Staff shall immediately report to the Superintendent or designee any incidence of offenses specified in law, Board policy and administrative regulation as cause for suspension or expulsion.

Student Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and law. (Education Code 48911, 48915, 48915.5)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Individuals with Disabilities))

Supervised Suspension Program

The Board recognizes that students who are suspended from school often have no supervision or guidance during the school hours when they are off campus and may fall behind in the coursework. The Board believes that, in many cases, it would be better to manage the student's behavior by keeping the student at school and providing him/her with supervision that is separated from the regular classroom.

The Superintendent or designee may establish a supervised in-house suspension program which meets the requirements of law for students suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, who pose no imminent danger or threat at school, and for whom an expulsion action has not been initiated.

The Superintendent or designee shall examine alternatives to off-campus suspension and may establish a suspension program which involves progressive discipline during the school day on campus; use of conferences between staff, parents/guardians and students; detention; student study teams or other assessment-related teams; and/or referral to school support services staff. The use of such alternatives does not preclude off-campus suspensions.

Required Parental Attendance

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise.

Whenever a student is removed from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid staff authority, the teacher of the class from which the student was removed may provide that the student's parent/guardian attend a portion of a school day in the class from which the student was suspended. (Education Code 48900.1)

The Board encourages teachers, before requiring parental attendance, the teacher shall make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may inform the parent/guardian about available resources and parent education opportunities. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who lives with the student. (Education Code 48900.1)

When a teacher requires parental attendance, the principal shall send a written notice to the parent/guardian stating that his/her attendance is pursuant to law. (Education Code 48900.1)

The notice shall specify that the attendance may be on either the date the student is scheduled to return to class or within one week thereafter.

A parent/guardian who has received a written notice shall attend class as specified in the notice. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

The principal or designee shall contact any parents/guardians who do not respond to the request to attend school. The Board recognizes that parental compliance with this policy may be delayed, modified or prevented for reasons such as serious illness/injury/disability, absence from town, or inability to get release time from work.

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements. Parents/guardians shall be notified of this policy prior to its implementation. (Education Code 48900.1)

Decision not to Enforce Expulsion Order

On a case-by-case basis, the enforcement of an expulsion order may be suspended by the Board pursuant to the requirements of law.

Transformational Justice Model

Origin of Name:

Transformational - Able to produce a big change or improvement in a situation. (Cambridge Dictionary)

Justice - Fairness in the way people are dealt with. Equity, fairness, impartiality (Cambridge Dictionary)

Transformational Justice - Creating change that promotes equity and fairness in all aspects of a school community supported by transformational learning, PBIS, and Restorative Justice practices.

Goals:

To improve school culture and climate through the development of safe and positive learning environments that foster a welcoming and engaging community where all are connected and thrive.

To improve overall well-being through prioritizing social-emotional needs and physical wellness of all to ensure all students are academically successful.

To use data to monitor equitable implementation and outcomes of practices. (This year establish baseline and improvement plans)

Theory of Improvement

If we improve the student sense of belonging then we will improve school attendance and engagement, improve school culture and climate, and overall whole-child success.

To get there we will develop:

Welcoming and Nurturing environments

Growth Mindset

Culturally Responsive Teaching (culturally responsiveness)

Inclusive curriculum and content (Inclusiveness/Inclusivity)

Safe and courageous spaces

What does it look like:

Always using language and actions that make students feel welcome

Valuing the assets (language, skills, culture) students bring to school

Access to engaging and rigorous learning experiences

Students seeing themselves in the classroom

Student Voice/Equitable Discipline/Restorative Dialogue

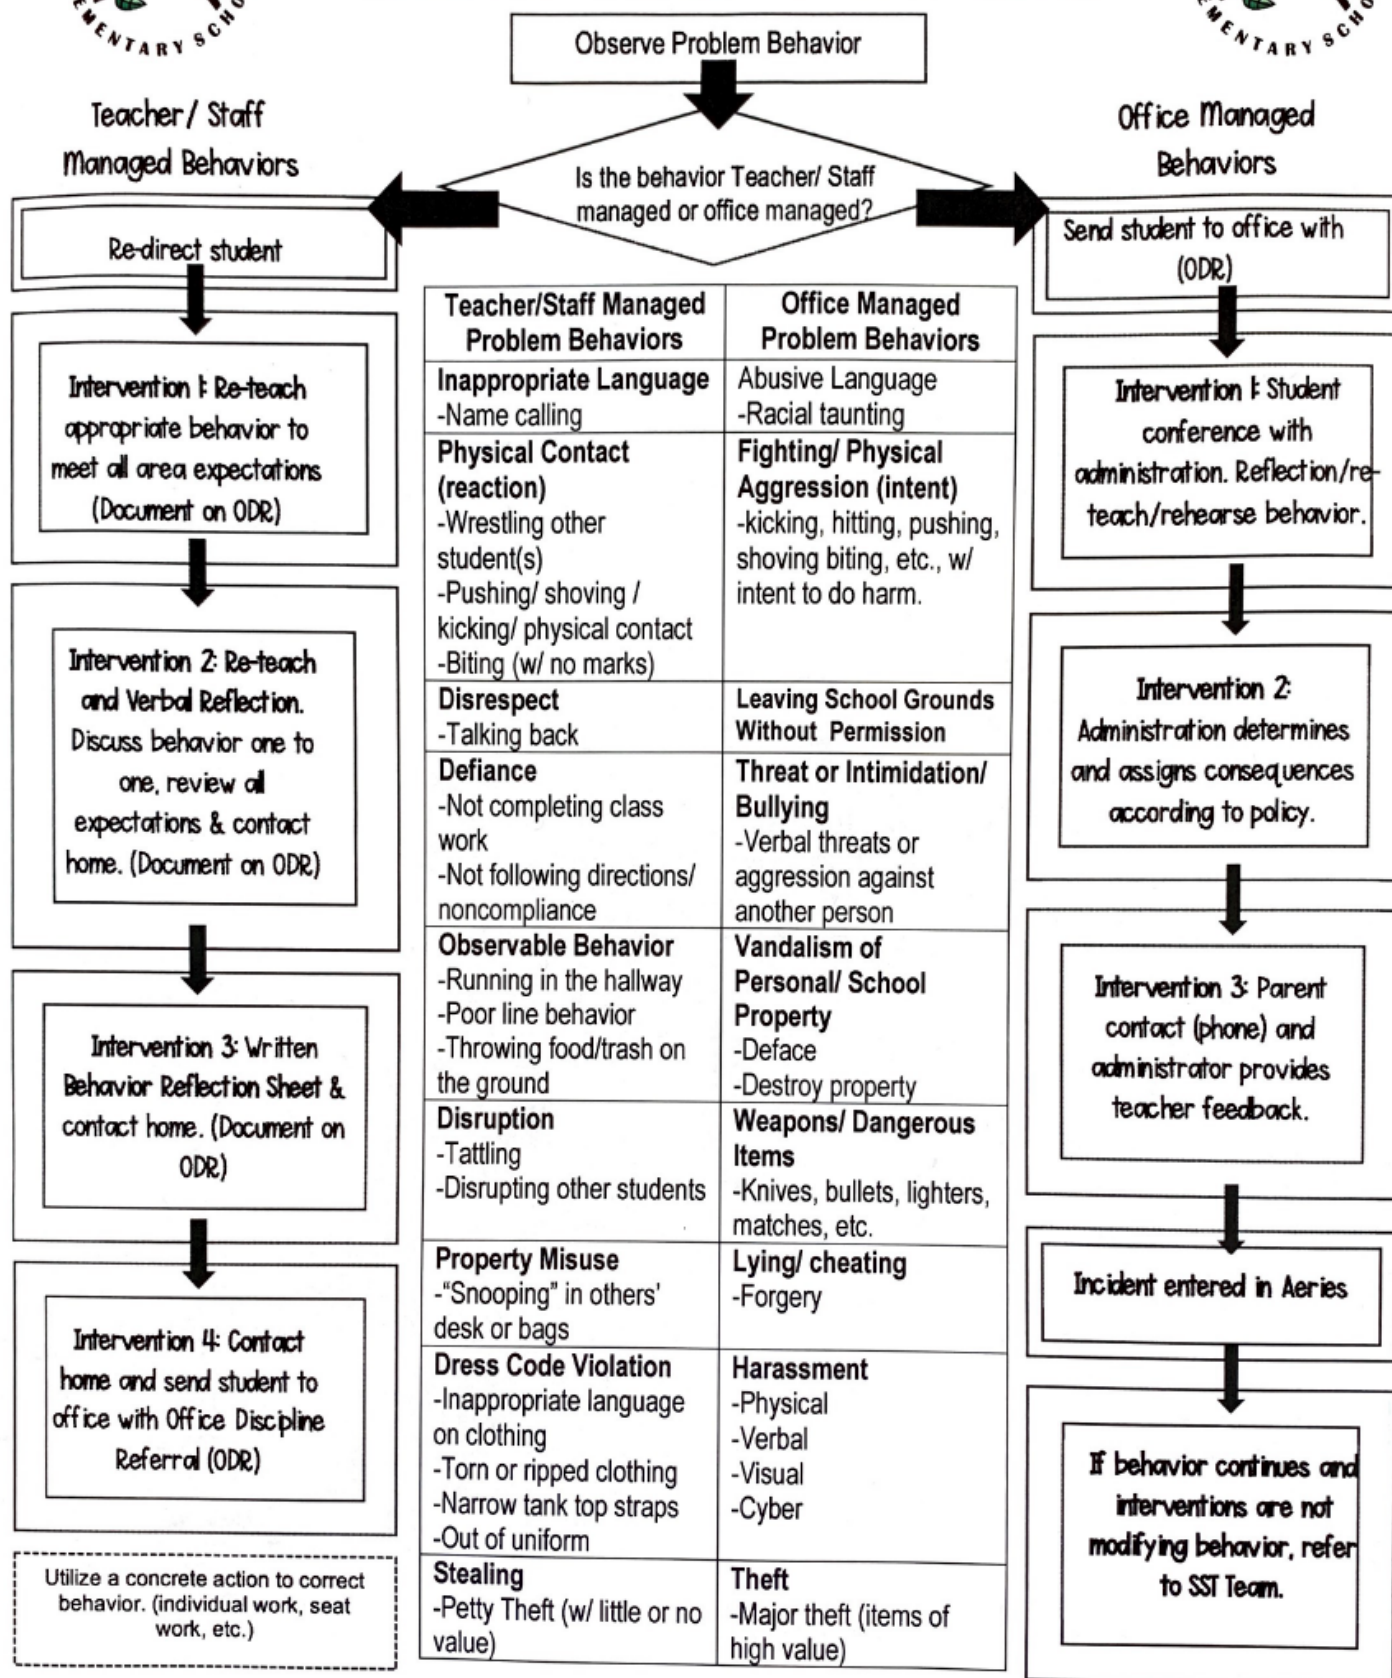

How do we implement this?

(K) Hate Crime Reporting Procedures and Policies

Coachella Valley Unified School District Board Policy States: In order to create a safe learning environment for all students, the Governing Board desires to protect the right of every student to be free from hate-motivated behavior and will promote harmonious relationships among students so as to enable them to gain a true understanding of the civil rights and social responsibilities of people in society. The district prohibits discriminatory behavior or statements that degrade an individual on the basis of his/her actual or perceived race, ethnicity, culture, heritage, gender, sex, sexual orientation, physical/mental attributes, or religious beliefs or practices.

School Administration ensures that all students receive hate prevention education through SEL lessons, age-appropriate classroom activities, assemblies, and other school-related activities. Prejudice and discrimination are learned attitudes and behaviors. Neither is uncontrollable or inevitable. Teaching children that even subtle forms of hate-such as ethnic slurs or epithets, negative or offensive name-calling, stereotyping, and exclusion-are hurtful and inherently wrong can help to prevent more extreme, violent manifestations of hate. Through structured classroom activities and programs, children can begin to develop empathy, while practicing the critical thinking and conflict resolution skills needed to recognize and respond to various manifestations of hate behavior.

Administration has developed partnerships with families, community organizations, and law enforcement agencies. These partnerships help identify resources available to school personnel in order to address hate incidents. We believe that hate crime prevention cannot be accomplished by schools alone. These partnerships help identify resources available to school personnel to address hate incidents and raise community awareness of the issue, ensure appropriate responses to hate incidents, and ensure that youth receive a consistent message that hate-motivated behavior will not be tolerated.

An effective hate prevention policy will promote a school climate in which racial, religious, ethnic, gender and other differences, as well as freedom of thought and expression, are respected and appreciated. All staff, Administrators, teachers, support staff, yard supervisors, parents, and every student are informed of the contents of the school district's policy on hate crime on an annual basis.

CVUSD takes a firm position against all injurious manifestations of hate, from ethnic slurs, racial epithets, and taunts, to graffiti, vandalism, discrimination, harassment, intimidation, and violence. The district has developed a wide range of non-disciplinary corrective actions to respond to incidents, including counseling, parent conferences, community service, as well as disciplinary actions such as in-school suspension or expulsion. School officials are also prepared to contact local, state or federal civil rights officials to respond to more serious incidents and, in cases involving criminal activity or threat of criminal activity, contact law enforcement.

Procedures for Preventing Acts of Bullying and Cyber-bullying

Policy COACHELLA VALLEY UNIFIED SCHOOL DISTRICT

adopted: March 10, 2015 Thermal, California

COACHELLA VALLEY UNIFIED SCHOOL DISTRICT

87225 CHURCH STREET PO BOX 847 THERMAL CA 92274-0847

Telephone: (760) 848-1159 Fax: (760) 399-0057

Hello Parents,

We recognize that creating a safe learning environment is vital for students to achieve academic success. Coachella Valley Unified School District has an online system called Sprigeo that students can use to report school safety threats and bullying incidents. Signs are in your child's school promoting the use of Sprigeo (www.Sprigeo.com). The signs have this logo:

Sprigeo gives your child another medium for communicating with our school administration when bullying or school safety incidents occur. All information sent through the Sprigeo system goes directly to school administrators through a secure online connection. We prefer that your child report bullying and safety incidents immediately to a teacher or administrator, however, sometimes electronic reporting is more accessible, when the opportunity to report directly was not available.

How does the Sprigeo system work?

Students can access the reporting form directly through a link on your school's web site by hovering over "PARENTS" on the top bar, dropping down to "Report Bullying and Safety Concerns". Then with a click, the Sprigeo report is available. Students may also go to the Sprigeo.com web site. After completing the reporting form and clicking the "submit" button, the report details are sent in a secure email to our school administrators. Over 90% of students include their name when using the Sprigeo system. We encourage students and staff to include names so that our investigations of the reports can be more effective.

Does the school receive false reports?

Over 95% of reports sent through the Sprigeo system have been confirmed as authentic requests for help with a bullying incident or school safety threat. Unlike text messages or Facebook posts that can be shared among students, all Sprigeo reports are viewable only by school administrators and/or school counselors.

Why is there a need for an online reporting system?

The number one reason why children do not report bullying or abuse is the fear of retaliation from their peers. The Sprigeo reporting form can be accessed from the privacy of a home computer or other internet equipped device, eliminating the possibility of being identified by another student.

The Coachella Valley Unified School District administrators value your child's safety and want to have every possible tool available for you to communicate safety concerns so. Please contact your child's principal if you have any concerns or questions regarding Sprigeo or reporting safety and bullying incidents.

Sincerely,

Coachella Valley Unified School District
Julisa Hernandez, Director of Student Support Services

DISTRITO ECOLAR DEL VALLE DE COACHELLA

Estimados Padres,

Reconocemos que la creación de un entorno de aprendizaje seguro es vital para que los estudiantes alcancen el éxito académico. El Distrito Escolar Unificado del Valle de Coachella tiene un sistema en línea llamado Sprigeo que los estudiantes pueden usar para reportar amenazas a la seguridad de la escuela e incidentes de intimidación. En la escuela de su hijo hay avisos que promueven el uso de Sprigeo

(www.Sprigeo.com). Los avisos tienen este logo:

Sprigeo le da a su hijo otro medio para comunicarse con la administración de la escuela cuando ocurren incidentes de acoso o de seguridad en la escuela. Toda la información enviada a través del sistema Sprigeo va directamente a los administradores de la escuela a través de una conexión en línea segura. Preferimos que su hijo reporte los incidentes de acoso y seguridad inmediatamente a un maestro o administrador, sin embargo, a veces el reporte electrónico es más accesible, cuando la oportunidad de reportar directamente no estaba disponible.

¿Cómo funciona el sistema Sprigeo?

Los estudiantes pueden acceder al formulario de denuncia directamente a través de un enlace en el sitio web de su escuela pasando por encima de "PADRES" en la barra superior, bajando a "Denunciar el acoso y las preocupaciones de seguridad". Entonces con un clic, el informe de Sprigeo está disponible. Los estudiantes también pueden ir a la página web Sprigeo.com. Después de completar el formulario y hacer clic en el botón "enviar", los detalles del informe se envían en un correo electrónico seguro a los administradores de la escuela. Más del 90% de los estudiantes incluyen su nombre cuando usan el sistema Sprigeo. Animamos a los estudiantes y al personal a incluir nombres para que nuestras investigaciones de los informes sean más efectivas.

¿La escuela recibe informes falsos?

Más del 95% de los informes enviados a través del sistema Sprigeo han sido confirmados como auténticas peticiones de ayuda con un incidente de acoso o una amenaza a la seguridad de la escuela. A diferencia de los mensajes de texto o las publicaciones en Facebook que se pueden compartir entre los estudiantes, todas las denuncias de Sprigeo sólo pueden ser vistas por los administradores y/o consejeros de la escuela.

¿Por qué se necesita un sistema de información en línea?

La razón principal por la que los niños no denuncian el acoso o el abuso es el miedo a las represalias de sus compañeros. Se puede acceder al formulario de denuncia de Sprigeo desde la privacidad de una computadora de casa u otro dispositivo equipado con internet, eliminando la posibilidad de ser identificado por otro estudiante. Los administradores del Distrito Escolar Unificado del Valle de Coachella valoran la seguridad de su hijo y quieren tener todas las herramientas posibles disponibles para que usted comunique sus preocupaciones de seguridad. Por favor contacte al director de su hijo si tiene alguna preocupación o pregunta con respecto a Sprigeo o a reportar incidentes de seguridad e intimidación.

Sincerely,

Distrito Escolar Unificado del Valle de Coachella

Safety Plan Review, Evaluation and Amendment Procedures

Comprehensive School Safety Plan is a document that is used as a resource/plan throughout the year. This document is revised yearly by all stakeholders and presented to first the SSC and then to the CVUSD Governing Board for Approval. An approved copy is kept in the front office at the school site and at Coachella Valley Unified School District website and is available to all stakeholders upon request. The CSSP is a living document and can be updated as needed. All site employees receive a copy of the emergency procedures, maps, drills, and assigned responsibility on a yearly basis.

Biological or Chemical Release

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials.

A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the building

STAFF ACTIONS:

Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

Bomb Threat/ Threat Of violence

- Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

- Note the manner in which the threat was delivered, where it was found and who found it.
- Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- Caution students against picking up or touching any strange objects or packages.
- Notify principal or site administrator.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Call 911.
- If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- Instruct staff and students to turn off any cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.
- Determine whether to evacuate the threatened building and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.

Bus Disaster

Bus drivers should have access to student information. The teacher in charge of a special activity trip should prepare trip bus folders; one copy of the student emergency contact information should be placed in the trip folder and a second copy should accompany the teacher on the trip. Bus drivers may need to make spontaneous, independent decisions, based on the nature of the emergency, age of children, location of bus and other unique circumstances.

BUS DRIVER:

- Turn off power, ignition and headlights. Use safety lights, as appropriate.
- Evaluate the need for evacuation.
- Remain with the vehicle. Notify California Highway Patrol.
- Account for all students and staff throughout the emergency.

STAFF ACTIONS AT THE SCENE:

- Call 911, if warranted.
- Notify principal.
- Implement basic first aid until emergency medical services and/or law enforcement arrives and takes charge of the emergency.
- Move all uninjured students to a safe distance from the accident.
- Document the names of all injured students and their first aid needs.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Notify law enforcement.

Disorderly Conduct

This involves a student or staff member exhibiting threatening or irrational behavior who does not have a weapon. The administrator or designee will initiate appropriate actions, which may include Shelter-in-Place, Lock Down, Evacuate Building, or Evacuate Campus.

Earthquake

The major threat of injury during an earthquake is from falling objects, glass shards and debris. Many injuries are sustained while entering or leaving buildings. Fire alarms or sprinkler systems may be activated by the shaking. The effect of an earthquake from one building to another will vary. Stairways will need to be inspected for damage before they can be used. The major shock is usually followed by numerous aftershocks, which may last for weeks.

IAP for Earthquakes

 - d. Search and Rescue teams will be issued needed equipment and report to the Incident Command Post before moving to their assigned areas.

Explosion or Risk Of Explosion

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

PRINCIPAL/SITE ADMINISTRATOR:

- Determine whether site evacuation should be implemented. If so, sound fire alarm. This will automatically implement action.
- EVACUATE the building.
- EVACUATION may be warranted in some buildings but others may be used for SHELTER IN PLACE.

- Do not return to the school building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- Upon arrival at assembly area, check attendance. Report status to site administrator immediately.
- Render first aid as necessary.
- Do not return to the building until the emergency response personnel determine it is safe to do so.

If explosion occurred in the surrounding area, initiate SHELTER IN PLACE. Keep students at a safe distance from site of the explosion.

Fire

While on site the concrete construction of our school site provides a strong degree of protection against the quick spread of fire from one room to another, it must be noted that paper on the walls, carpets, and the ceiling material can catch fire. A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

IAP for Fire

- 1) The principal, principal-designee, staff can determine the location of the fire.
 - a. If EVACUATION of school site is necessary. Sound the fire alarm to implement EVACUATION of the building.

 - a. The Command center staff will ensure that the evacuation has been complete.
 - b. The Command Center Staff will meet to determine immediate response needs
 - c. The Incident Commander (principal or in the event of the principal's absence, the Safety Officer) will institute the Incident Command System to the degree needed to meet the emergency. A briefing will be held by the Incident Commander with the Command Staff and General Staff Chiefs to determine which the level of response.
 - d. The Logistics Chief will make sure that the Directors assigned to Logistics issue needed supplies and set-up needed facilities.
- 5) The Command Staff will, in cooperation with the Fire Department and the CVUSD District Office will decide on next steps.

Flooding

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate school grounds or buildings. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Issue STAND BY instruction. Determine and make call if evacuation is required.
- Notify District Superintendent of school on status and next steps
- Notify of the location of the safe evacuation site and the route to be taken to that area or site.
- Issue DIRECTED TRANSPORTATION instruction if students will be evacuated to a safer location by means of buses and cars.
- Post a notice on the office door stating where the school has relocated and inform the District Office.
- Do not allow staff and students to return to the building until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

- If warranted, EVACUATE students using evacuation plan.
- Take the class roster, emergency items and accountability forms.
- Take attendance before leaving the campus.
- Remain with students throughout the evacuation process.
- Upon arrival at the safe site, take attendance again.
- Report any missing students to principal/site administrator and emergency response personnel.
- Do not return to school building until it has been inspected and determined safe by property authorities.

BUS DRIVER ACTIONS:

If evacuation is by bus, DO NOT drive through flooded streets and/or roads that may be damaged by flooding.

Loss or Failure Of Utilities

This addresses situation involving loss of water, power or other utility on school grounds. This procedure should also be used in the event of the discovery of a gas leak, an exposed electrical line, or a break in sewer lines. The administrator or designee will initiate appropriate actions, which may include Shelter-in-Place or Evacuate Building.

Motor Vehicle Crash

A motor vehicle crash may result in a fuel or chemical spill on school property. If the crash results in a utility interruption, refer to the section on Utility Failure.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Notify police and fire department (call 911).
- Determine immediate response procedures, which may include EVACUATION, OFF-SITE EVACUATION or DIRECTED TRANSPORTATION.
- Arrange for first aid treatment and removal of injured occupants from building.
- Secure area to prevent unauthorized access until the public safety officials (police, sheriff, fire department) arrive.
- Ensure that students and staff remain at a safe distance from the crash.
- Account for all building occupants and determine extent of injuries.
- Notify District Superintendent.

STAFF ACTIONS:

- Notify Principal.
- Move students away from immediate vicinity of the crash.
- EVACUATE students to a safe assembly area away from the crash scene. Take class rosters and emergency items.
- Check school site to assure that all students have evacuated.
- Take attendance at the assembly area.

- Maintain control of the students a safe distance from the crash site.
- Care for the injured, if any.

Escort students back to the to the school site when emergency response officials have determined it is safe to return to the building.

Pandemic

Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Activate heightened surveillance of illness within school site. Gather data on symptoms of students and staff who are sick at home.
- Ensure that students and staff members who are ill stay home.
- Send sick students and staff home from school immediately.
- Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette.
- Monitor bulletins and alerts from the Department of Health and Human Services.
- Keep staff informed of developing issues.
- Assist the Department of Health and Human Services in monitoring outbreaks.
- Respond to media inquiries regarding school attendance status.
- Implement online education, if necessary, so that students can stay home.
- Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

STAFF and STUDENT ACTIONS:

- Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- Practice “respiratory hygiene etiquette”.
- Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).

Implement online homework assignments so that students can stay home.

Psychological Trauma

When the administrator or designee determines that there has been an event that causes a psychological impact on students and/or staff, such as an act of violence; the death of a student or staff member; an earthquake or other natural disaster; a serious environmental problem; or ethnic and racial tensions, he or she should contact the Superintendent at the district office to request the services of outside counselors/therapist. Emergencies like these usually produce one or more of the following conditions: temporary disruption of regular school functions and routines, significant interference with the ability of students and staff to focus on learning, physical and/or psychological injury to students and staff, and concentrated attention from the community and news media. As a result of such emergencies, students and staff may exhibit a variety of psychological reactions. As soon as the physical safety of those involved has been insured, attention must turn to meeting emotional and psychological needs of others.

Suspected Contamination of Food or Water

This procedure applies if there is evidence of tampering with food packaging, observation of suspicious individuals in proximity to food or water supplies or suspicion of possible food/water contamination. Indicators of contamination may include unusual odor, color and/or taste or multiple individuals with unexplained nausea, vomiting or other illnesses.
