**Re:** 2023-24 Fiscal Year Tentative Budget

### **EXECUTIVE SUMMARY**

Each year the Board of Education must create a budget that reflects the district's income and expenditures and it must make its annual budget available for public inspection. The budget is the district's plan for how it will allocate and expend revenue dollars.

### **BACKGROUND**

Each year the Business Services department is charged with the task of developing a budget in tentative form, to be presented and discussed with the Finance Committee and Board of Education. The budget materials attached include a summary of the District's 4,719 active expenditure accounts and 208 active revenue accounts by fund, identifying the previous year's activity, and budgeted amounts for the 2023-24 fiscal year. In addition to the account detail provided, an updated narrative and summary has been included.

The 2023-24 tentative budget and supporting materials were presented to the Finance Committee on Wednesday, July 19, 2023. As a result of the committee's discussion, revisions were made to the materials attached.

Recognizing the comprehensive information provided with the budget, the Business Services team has developed a "Key Findings" section which begins on Page 2 of the budget document. This section lists important points that summarize the success of the prior year and provide context for the tentative budget for the new year.

### ***Reconciliation of the 2022-23 Budget***

#### **Overall**

- At the close of the 2022-23 Fiscal Year, the school district realized fewer expenditures than actual revenues. This was primarily attributed to the timing of capital project expenditures (construction in progress) and bills for services provided during the 2022-23 fiscal year (e.g., private facility tuition and transportation).
- Based on preliminary unaudited figures, the district ended the 2022-23 fiscal year with \$162.3M in direct revenues and \$160.7M in direct expenditures. The final amount of revenues and expenditures may change due to accruals identified during the annual financial audit. Preliminary estimates indicate an increase to fund balance of \$1.5M/
- The school district continues to identify innovative ways to reduce expenditures and to identify new revenue sources to limit the impact of inflation on overall school district operations.

### Revenue

- Actual direct revenues indicated that the school district is 94.8% locally funded, primarily through property taxes.
- The school district's revenue receipt targets have been generally consistent with actual receipts. As of July 14, 2023, the school district still is awaiting the receipt of approximately \$711.2K in outstanding state and federal categorical payments (see pages 56-58). Based on trend, we anticipate these payments may be received in October 2023, which would then be recorded within the 2023-24 fiscal year activity.

### Expenditures

- Actual direct expenditures indicated that 67.2% of all school district's expenditures is related to salaries and benefits (75.3% of Operating Funds expenditures).

### *Summary of the 2023-24 Tentative Budget*

#### Overall

- The 2023-24 fiscal year budget includes \$171.6M in direct revenues and \$174.0M in direct expenditures, resulting in a balanced budget, when considering the purposeful use of fund balance for capital projects in the amount of \$2.4M.
- Through the consistent application of a zero-based budgeting approach, supported through formula-based decision-making, the school district remains financially strong.
- The school district remains on track to retire all existing debt by December 1, 2027.

### Revenue

- The school district's direct revenue represents 95% local funding, primarily through property taxes, with 5% of funding provided by state and federal sources.
- As of July 14, 2023, the Cook County Clerk has not yet released the 2022 tax rate report. Property tax projections have been included in the tentative budget and will be updated upon the release of the rate report.
- State and federal revenue estimates remain consistent with 2022-23 levels, except for the final American Rescue Plan (ESSER III) distributions and an increase to Medicaid fee-for-service related to improved reporting.
- In February 2023, the Board of Education approved the recruitment of a Grant Manager. With this new position, the district has increased its capacity to explore additional funding opportunities. Since May 2023, the district has been awarded an additional \$75K in grant funds to support the Glenbrook School Health Center and has recaptured \$85K previously unclaimed Medicaid fee-for-service reimbursement for the 2023-24 fiscal year.
- Interest earnings remain consistent with 2022-23 levels. It is anticipated that interest earnings will continue to rise as the school district's laddered investment portfolio cycles. It should be noted that accrued interest earnings for the operating funds are utilized to defer the expenses of school district's capital projects to maintain the infrastructure of 1,250,000 square feet of facilities in use.
- To fund approved capital projects through a pay-as-you-go model, a total of \$3M will be transferred from the Operations and Maintenance Fund (20) to the Capital Projects Fund (60). This is a one-time transfer will fund designated one-time expenditure as approved by the Board of Education. This appears as both a revenue source (for Capital Projects) and an expense (for Operations and Maintenance). In accordance with Illinois School Code,

transfers are required when utilizing general funds for the purpose of one-time capital expenditures.

### Expenditures

- The school district's budget is developed through a year-long process that dynamically adjusts in response to local and external changes. The school district's largest expenses (salary, benefits, and capital projects) serve as the foundation of the school district's budget which are determined in the fall and winter of the prior fiscal year, based on student enrollment, course registrations, and the school district's long-term capital projects plan.
- Salary expenditures represent current negotiated rates between the school district's three collective bargaining units (e.g., GEA, GESPA, GESSA), and a Board-approved increase of 33.1 FTE for non-union, non-licensed personnel and administrators. This included the expansion of the school district's multilingual learner program, and the incorporation of the TLS special education program teaching staff into the district.
- The health benefits budget has been increased to reflect changes related to personnel transitions, personnel increases, and an estimated 5.0% overall premium increase for the 2024 plan year.
- All other expenditure categories have been budgeted based on the zero-based budgeting approach and using pre-COVID trend data. Additionally, where appropriate, expenditure categories have been increased to reflect the historically high level of inflation resulting in increased costs for goods and services.

In accordance with the Illinois School Code (105 ILCS 5/17-1), the tentative budget shall be made available for public inspection for at least 30 days prior to adoption. Additionally, the Board of Education shall hold a public hearing prior to the adoption of the budget. To fulfill these requirements the following activities are recommended:

**1. 2023-24 Tentative Budget Made Available to Public Inspection**

It is recommended that the tentative budget be made available on Tuesday, July 25, 2023.

**2. Public Hearing on the Adoption of the 2023-24 Budget**

It is recommended that a Public Hearing on the adoption on the 2023-24 budget be scheduled on Monday, September 11, 2023, at 7:00 PM to be held at the District Administration Building, 3801 W. Lake Avenue, Glenview, Illinois.

a.

**3. Publish Notice of the 2023-24 Tentative Budget Availability and the Public Hearing**

Notice of the public hearing and the availability of the 2023-24 tentative budget will be published online, at each school office, and in the newspaper the week of July 31, 2023.

### RECOMMENDATION

It is recommended that the Board of Education make available the 2023-24 Fiscal Year Tentative Budget for public inspection on Tuesday, July 25, 2023, and to schedule a public hearing on the adoption of the 2023-24 Fiscal Year Budget on Monday, September 11, 2023.

## Overview

The Board of Education adopts an annual budget each year, with the goal of matching estimated revenue and expenditures resulting in a balanced budget. This year's budget also includes expenditures that utilize existing reserves for the purposes of capital projects.

By definition, the budget represents the school district's best estimate of revenues and expenditures for a period of 12 months between July 1<sup>st</sup> and June 30<sup>th</sup>. Throughout the school year, the Business Services leadership team provides updates regarding the financial condition through monthly expenditure reports, revenue trends, and financial projections.

The following is a list of important points that summarize the success of the prior year and provide context for the new year's budget.

## Reconciliation of the 2022-23 Budget

## Introduction

On April 12, 1947, the voters of Northfield Township approved the establishment of Northfield Township High School District 225 to meet the needs of students residing in the township. At the time the school district was approved, Northfield Township was the only township without a high school and was surrounded by New Trier, Maine, and Niles townships, all of which had established high schools of outstanding reputation. After residents of the villages of Northfield petitioned to annex their properties into New Trier Township High School District 203, the name of “Glenbrook” was endorsed through a postal survey of the residents. The school district has since operated using the name Glenbrook High School District 225.

The Glenbrook High Schools have a historic reputation of excellence. Many families choose to live in the communities of Glenview and Northbrook specifically because they value the high quality and variety of academic programs, athletic/extracurricular activities that are provided to all students. Indeed, many former students of our high schools return to raise their own families in the community to ensure that their own children have the opportunity to benefit from a Glenbrook education. Both longtime and new residents of the community have come to expect a level of excellence from the school district. The Board has committed to a goal of “intergenerational equity” that ensures that current and future Glenbrook students will experience the same high-quality opportunities that have been provided to the community since 1953.

Located approximately twenty-five miles north of downtown Chicago, Illinois, Glenbrook is a high school district serving students in grades 9 – 12. During fiscal year 2022-23, the district served 5,132 students<sup>1</sup> in two traditional high schools, Glenbrook North, located in Northbrook, and Glenbrook South, located in Glenview, as well as in a therapeutic day school (Glenbrook Off Campus) also located in Glenview. This represented a decrease of 76 students compared to fiscal year 2021-22.

The governing body consists of a seven-member Board of Education elected from within Glenbrook’s boundaries, who each serve a four-year term. Board members are volunteers who do not receive a salary for their services.

## Financial Recognitions

### Certificate of Excellence in Financial Reporting

Glenbrook High School District 225 has been awarded the Certificate of Excellence in Financial Reporting (COE) recognition from Association of School Business Officials International (ASBO International) for the past 15 years. The district first received the award in conjunction with the Annual Comprehensive Financial Report from the 2007-2008 fiscal year.

In addition to nationwide recognition, the COE program provides school districts with additional feedback for use in continuing to improve the quality of financial reporting and recognizes districts for their commitment to excellent in financial management and reporting.

<sup>1</sup> Enrollment data based on October 1, 2021 actual counts, as informed by the [Enrollment Forecast Update for 2021-22](#).

## Certificate of Achievement for Excellence in Financial Reporting

Glenbrook High School District 225 has received the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA) for the past 14 years. The district first received the award in conjunction with our Annual Comprehensive Financial Report from the 2008-2009 fiscal year.

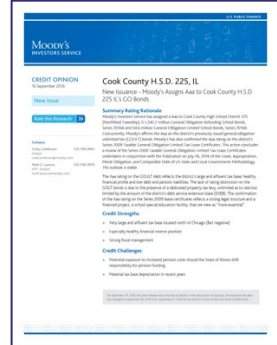

This recognition is awarded to state and local governments that go beyond the minimum requirements of financial reporting, by providing comprehensive financial reports that provide transparency and full disclosure.

## Moody's Investors Services - Aaa Bond Rating

Glenbrook High School District 225 has received the highest bond rating available for the district's outstanding debt from Moody's Investors Services.

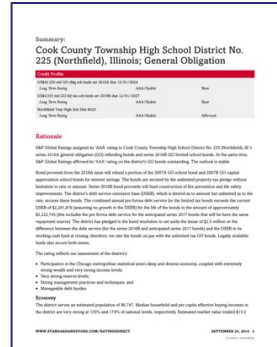

The rating of 'Aaa' indicates that our obligations have been judged to be of the highest quality, subject to the lowest level of credit risk.

## S&P Global Ratings - AAA Bond Rating

Glenbrook High School District 225 has received the highest bond and management rating available for the district's outstanding debt from S&P Global Ratings.

The rating of 'AAA' indicates that our capacity to meet our financial commitments of our obligations is extremely strong. Additionally, a financial management assessment (FMA) rating of 'Strong' indicates that our management practices are strong, well embedded, and likely sustainable.

## Illinois State Board of Education – Financial Recognition Status

Glenbrook High School District was issued the status of "Financial Recognition" for 2022 from the Illinois State Board of Education. The numeric rating of 4.00 indicates that the district is in the highest category of financial strength. This rating was issued based on the 2021-22 Annual Financial Report data.

The Illinois State Board of Education takes into consideration (5) factors when assigning a financial profile designation<sup>2</sup>: fund balance to revenue ratio; expenditures to revenue ratio; days cash on hand; percent of short-term borrowing maximum remaining; percent of long-term debt margin remaining.

## Major Powers and Duties

As stated in Board Policy 2:10, School Board Legal Status Authority, the major powers and duties of the Board include, but are not limited to:

1. Formulating, adopting, and modifying Board policies, at its sole discretion, subject only to mandatory collective bargaining agreements, other agreements entered into by the Board, and State and federal law.
2. Employing a Superintendent and other personnel, making employment decisions, disciplining and dismissing personnel, and establishing an equal employment opportunity policy that

prohibits unlawful discrimination.

3. Through policies or directives issued by the Board, direct the Superintendent, in his or her charge of the district as the chief executive of the District.
4. Approving the annual budget, tax levies, major expenditures, payment of obligations, annual audit, and other aspects of the district's financial operation; and making available a statement of financial affairs as provided in State law.
5. Entering into contracts including using the public bidding procedure when required.
6. Indemnifying, protecting, and insuring against any loss or liability of the District, Board members, employees, and agents as provided or authorized by State law.
7. Providing, constructing, controlling, and maintaining adequate physical facilities; making school buildings available for use as civil defense shelters; and establishing a resource conservation policy.
8. Establishing an equal educational opportunities policy that prohibits unlawful discrimination.
9. Approving the curriculum, textbooks, and educational services.
10. Evaluating the educational program and approving School Improvement and District Improvement Plans.
11. Presenting the District report card and School report card(s) to parents/guardians and the community; these documents report District, School and student performance as required by state statute.
12. Establishing and supporting student discipline policies designed to maintain an environment conducive to learning, including deciding individual student discipline brought before it.
13. Establishing attendance units (schools) within the district and assigning students to the schools.
14. Establishing the school year and calendar.
15. Requiring a moment of silence to recognize veterans during any type of school event held at a District school on November 11.
16. Entering into joint agreements with other boards and other governmental agencies to establish cooperative educational programs or to provide educational facilities.
17. Complying with requirements in the Abused and Neglected Child Reporting Act. Specifically, each individual Board member must, if an allegation is raised to the member during an open or closed Board meeting that a student is an abused child as defined in the Act, bring to the attention of the Board to direct the Superintendent or other equivalent school administrator to comply with the Act's requirements concerning the reporting of child abuse.
18. Communicating the schools' activities and operations to the community and representing the needs and desires of the community in matters pertaining to the district.

## Meetings and Committee Structure

To fulfill their duties, the Board of Education meets regularly on the second and fourth Mondays of each month. All meetings of the Board of Education are open to the public and are organized in accordance with the Illinois Open Meetings Act (5 ILCS 120). During each meeting members of the public are invited to address the Board in accordance with Board Policy 2:220, Meetings of the Board of Education. As a result of the coronavirus pandemic, the Board of Education expanded access to its meetings through the implementing of live streaming via the Zoom Webinar platform. Information regarding how to access the live streaming event is included with each Board agenda.

In addition to the regular meetings, the Board of Education has established two standing committees to facilitate the review of topics relevant to the operation of the school district. These committees include:

- Facilities; and
- Finance.

Each committee includes up to three (3) members of the Board of Education, as well as members of the District and School leadership teams (e.g., Superintendent, Associate Superintendent, Principals, Assistant Superintendents, Executive Directors, Directors, Associate Principals, and Managers). Board committees meet periodically throughout the school year and provide an opportunity to review draft proposals and recommendations from the Administration in a working group setting. Proposals and recommendations are then revised as needed, and typically presented to the full Board at the next regular meeting.

## Organizational Chart

The Board of Education is responsible for employing a Superintendent and other personnel, including the district's leadership team. An organizational chart outlining the district's leadership team is presented as follows:

## Budget Calendar

Developing a budget is a year-long process that dynamically adjusts in response to local and external changes. At the core of the budget development process is a series of action items driven by state and federal guidelines, as well as a rich history of consistent and timely planning practices in our District. These action items are outlined in the annual budget development calendar that follows:

### July

- Fiscal Year Begins
- **BOE Action:** Approval to Make Available the Tentative Budget and to Schedule a Public Hearing on the Budget (105 ILCS 5/17-1)

### August

- Conduct Independent Audit of Financial Statements from Prior Fiscal Year (105 ILCS 5/3-7)

### September

- **BOE Action:** Hold Public Hearing on the Tentative Budget (105 ILCS 5/17-1)
- **BOE Action:** Adoption of the Final Budget (105 ILCS 5/17-1)

### October

- **BOE Informational Item:** Annual Audit Update
- **BOE Informational Item:** Master Facilities Plan Update
- **BOE Action:** Approval of the Annual Financial Report
- **BOE Action:** Approval of Capital Projects; Authorize Architectural Services and Bid

### November

- **BOE Informational Item:** Enrollment Forecast Update
- **BOE Action:** Approval to Publish the Estimated Tax Levy (105 ILCS 5/17-1, et seq.) and to Schedule a Public Hearing on the Estimated Levy (35 ILCS 200/18-55)
- **BOE Action:** Approval of Health Insurance Renewal

### December

- **BOE Action:** Hold Public Hearing on the Estimated Tax Levy (35 ILCS 200/18-55)
- **BOE Action:** Approval of the Tax Levy (105 ILCS 5/17-1, et seq.)
- **BOE Informational Item:** Updated 5-Year Financial Projection

### January

### February

- **BOE Action:** Approval of the School Operating Budgets and Small Building Projects
- **BOE Action:** Approval of Student Fees

### March

- **BOE Action:** Approval of Certified Staffing FTE
- **BOE Action:** Approval of Contracted Services Contracts (If Applicable)

### April

- **BOE Action:** Approval of Non-Certified Staffing FTE
- **BOE Action:** Approval of Capital Project and Life Safety Bids

### May

- **BOE Informational Item:** Updated 5-Year Financial Projection

### June

- **BOE Action:** Approval of Administrative and Non-Union Salaries
- Fiscal Year Ends

Those items listed as BOE Action represent topics that will be presented to the Board of Education by the Administration for consideration. These items will always include an administrative recommendation for action and will also denote any statutory timelines that might apply.

Items listed as BOE Informational Item represent topics that will be discussed at a Finance Committee meeting, as well as a regular Board of Education meeting. These items do not require formal action by the Board, but often are presented with the goal of receiving feedback and direction from its members.

## Collective Bargaining Agreements

While not specified in the budget development calendar, the district has three collective bargaining units that are on a regular contract cycle. During the 2021-22 fiscal year, the Board of Education entered into new agreements with the Glenbrook Educational Support Paraprofessional Association (GESPA) and the Glenbrook Educational Support Staff Association (GESSA). The current terms for the agreements are as follows:

Association	Current Contract	Negotiation Topics
Glenbrook Education Association (GEA)	July 1, 2023 – June 30, 2028	2027-28 School Year ▪ All Contract Language
Glenbrook Educational Support Paraprofessional Association (GESPA)	July 1, 2022 – June 30, 2027	2026-2027 School Year ▪ All Contract Language
Glenbrook Educational Support Staff Association (GESSA)	July 1, 2022 – June 30, 2027	2026-2027 School Year ▪ All Contract Language

Traditionally the Board of Education and Associations enter into new agreements during the summer months, applicable to the first day of the fiscal year in which a new contract is approved.

## Accounting Basis

In accordance with the National Council on Governmental Accounting (NCGA) and the Governmental Accounting Standards Board (GASB), the district prepares its financial statements using a modified accrual basis of accounting. As defined in GASB Interpretation No. 6, “The general purpose of these standards is to adapt accrual-basis recognition and measurement of the effects of certain types of transactions and events as necessary to measure and report *flows of current financial resources*—the measurement focus of governmental fund financial statements”<sup>3</sup>. As of fiscal year 2017-18, the district accrues expenditures occurring within 45 days of the close of the fiscal year.

## Budget Structure

Glenbrook’s budget is organized first by site (e.g., District; Glenbrook North; Glenbrook South) and second by program (e.g., English instruction; psychological services; technology services). Of the programs, several have been identified by the Board of Education as self-sufficient, meaning, they are responsible for covering all of their expenses through separate revenue source (e.g., summer school). All other programs are financially supported through the district’s regular revenue sources. These sources include property taxes, state/federal grants, student/user fees, and other local revenue types. A listing of programs is presented on page 32.

Beginning with the 2018-19 fiscal year, the Illinois State Board of Education (ISBE) required school districts to report expenditures at the school level. This requirement is associated with the State’s efforts to implement the federal Every Student Succeeds Act (ESSA). As stated by ISBE, this reporting, “is not intended to be used for state accountability purposes; rather, ISBE expects the resulting data to be used at

<sup>3</sup> Governmental Accounting Standards Board. 2000. Interpretation No. 6 of the Governmental Accounting Standards Board. Retrieved from: <http://www.gasb.org/cs/BlobServer?blobkey=id&blobwhere=1175824062796&blobheader=application%2Fpdf&blobcol=urldata&blobtable=MungoBlobs>

the local level to inform decision making while also meeting federal requirements”<sup>4</sup>. Site-based expenditure data will be reported as part of the school report card published in the fall of 2023. It is important to note that a school is considered any institution within a school district, serving students in grades Pre-K to 12, that is considered a stand-alone school. For Glenbrook, this includes the following:

Local Education Agency (LEA)	RCDTS (State Identifier)
Glenbrook North High School	050162250170001
Glenbrook Off Campus Center	050162250173002
Glenbrook South High School	050162250170002

In fulfilling the reporting requirements, “all district expenditures, including but not limited to personnel costs, transportation, security, administration, and those that are funded privately” should be classified as either a Site-Level or District Centralized expenditure<sup>4</sup>.

Site-Level Expenditures include all those expenses that can be associated with the operation of an LEA. For example, this includes the personnel, instructional materials, and operational expenses that are tied to a specific site.

District Centralized Expenditures include expenses that cannot be associated with an individual entity, based on how they are billed, assessed, or otherwise calculated. For the 2018-19 fiscal year, each school district has been granted authority to determine how centralized expenditures should be divided.

The general calculation is as follows:

**Expenses Supported through Federal Dollars**

$$\begin{aligned}
 & \text{Site-Level Expenditures} \\
 + & \text{ Site's Share of District Centralized Expenditures} \\
 \div & \text{ Number of School Site Students} \\
 = & \text{ Per-Pupil Expenditure}
 \end{aligned}$$

**Expenses Supported through State/Local Dollars**

$$\begin{aligned}
 & \text{Site-Level Expenditures} \\
 + & \text{ Site's Share of District Centralized Expenditures} \\
 \div & \text{ Number of School Site Students} \\
 = & \text{ Per-Pupil Expenditure}
 \end{aligned}$$

The structure of the school district’s general ledger already provides for this level of reporting, requiring minimal modifications. ISBE will be facilitating guidance sessions throughout the region this fall, to support individual school districts as part of this new requirement. The Business Services leadership team has worked with federal grant managers, the school leadership teams, and ISBE to ensure that the district meets all compliance requirements for the fiscal year budget.

## Budgeting Approach

There are many ways to define a budget. Merriam-Webster defines a budget as, “A statement of the financial position [of an organization] for a definite period of time based on estimates of expenditures during the period and proposals for financing them<sup>5</sup>”. In an effort to provide the best estimate of expenditures and revenues, the district utilizes a variety of resources and tools including line-item trend analysis, estimated financial impact of pending legislation, and consistent calculation methods over time.

<sup>5</sup> Merriam-Webster. (2017). Definition of Budget. Retrieved from: <https://www.merriam-webster.com/dictionary/budget>

While a budget is only an estimate of the expenditures and revenues, it represents the annual financial plan that is developed and consistently managed throughout the school year to ensure the financial stability of the district.

There are many parts of the district's expenditures which are formula-driven and reviewed by the Board of Education on a consistent schedule (as illustrated through the budget development calendar).

Examples of formula-driven components of the budget include:

- School Operating Budget (Basic Allocation; Per Student Allocation);
- Licensed Personnel Allocation;
- Special Education Personnel Allocation; and
- Non-Licensed Personnel Allocation.

Using formula-driven budget allocations, the district is able to make consistent, responsible, and fair financial decisions that ensure generational equity, and reflect its commitment to long-term, strategic planning. Budget components that are not formula-driven are developed using a modified, zero-based budgeting approach. Using this approach, budget managers start the budget development process by considering:

- Historical data presented within the general ledger (e.g., trends in purchasing activities within certain expenditure objects);
- Review of current and future year individual program and school initiatives;
- Review of District-wide strategic plan initiatives; and
- Requests from department staff and students.

Budget managers are cognizant that each line in their budget starts at \$0. Using the information available to them, as well as a team-based decision-making process that takes place within each program, budget managers submit a budget request to their school leadership team, or in the case of a District program, the Director of Business Services/CSBO. Budget requests are subsequently reviewed by the leadership teams, compared to previous year expenditures (to prevent incremental budgeting), and prioritized within the larger school or District scope of needs, wants, and limited resources.

As illustrated in the budget development calendar presented, the majority of the district's budget is reviewed by the Board of Education between the months of February and April, prior to the start of the new fiscal year on July 1<sup>st</sup>. Taking this into consideration, most budget managers schedule their budget development processes based on these milestone dates, with most first drafts created during the months of December and January.

## Background

From its inception, Glenbrook High School District 225 has sought the finest staff from across the country with the purpose of providing educational opportunities that would match or surpass the existing high schools in the area. Without question, the most important resource of the Glenbrooks since the doors of Glenbrook High School were opened in 1953 has been the professional staff. Without highly qualified, talented, and visionary teachers and administrators, our schools would not be able to realize their full potential. Residents enjoy outstanding leisure opportunities and community services. However, when residents are surveyed, they cite the second most important reason for living in Glenview or Northbrook to be the quality of the public schools. The quality of the Glenbrook schools is heavily dependent on the performance of the staff.

According to research, the maintenance and retention of a high-quality staff is essential for students to reach their potential as leaders. The number one goal of Glenbrook High School District 225 is student achievement, and the quality of the learning experience students receive is one of the most important factors in student achievement. The opportunities offered by the high schools are designed to prepare students for the future by providing rigorous academic challenges and extra-curricular offerings that promote overall physical and emotional development. The educational purpose of the district was set early and clearly defined in the motto “We educate for living.” More recently the purpose is contained within the adopted mission of the district, which states, “Glenbrook . . . is a learning community dedicated to students and committed to quality of thought, word, and deed.”

## Recruitment

The standard practice of the district is to hire outstanding candidates that are within a reasonable cost based upon the needs of the students. For teaching positions, a target range for all hires that is equivalent to the base salary for teachers at the MA, Step F level. This gives the schools the flexibility they need to consider candidates with some experience who are usually more successful as they enter the Glenbrooks. The district strives to hire accomplished personnel that demonstrate success in their personal academic performance, set high expectations for themselves, have a vision for their area of concertation, and a true commitment to students.

## Compensation

The establishment of a professional staff supported by an equally talented and dedicated support staff is essential. It is the philosophy of the school district that staff that can meet the aspirations of the Glenbrook school community can be obtained, developed, and maintained at a reasonable cost to taxpayers. Therefore, the district seeks to compensate staff at levels that are in the middle or average of salary levels offered by similar contiguous districts or comparable private sector entities.

## Personnel Allocations (Staffing Levels)

Recommendations for personnel resource allocations, commonly referred to as FTE allocations, are prepared by the Human Resources leadership team, in partnership with the Superintendent and the school leadership teams. FTE allocations are presented to the Board of Education in the spring prior to the start of the fiscal year. To ensure that FTE allocations are not exceeded, a review procedure has been established as follows:

- Step 1** An FTE Recommendation is presented to the Board of Education.
- Step 2** Any newly hired or reassigned personnel are presented to the Board of Education along with an initial salary placement through the personnel report.
- Step 3** The Payroll Team implements the directives from the approved personnel report, and creates the compensation agreement in the financial management software (Skyward).

## Overview

Every year, using October 1st fall housing enrollment data the district updates its enrollment projections using a cohort survival method. Additionally, for the last few years, the district has hired Dr. Jerome McKibben to update his population forecast calculation. The results of the two methodologies are within one percent of each other for the first three years, after that, Dr. McKibben’s forecast has proven more accurate.

## Glenbrook Cohort Survival Forecast

The cohort survival forecast uses feeder enrollment figures and extrapolates the past and present into the future by following and tracking cohorts of students as they progress from one grade to the next. The following chart compares the recent projection using October 1, 2023, fall housing data with the projection calculated a year ago using October 1, 2022, fall housing data. Calculations using the cohort survival method have been most accurate projecting three years out, as such the below table shows projections for the next three fiscal years.

	District			Glenbrook North			Glenbrook South

## Dr. Jerome McKibben Population Forecast

The population forecast methodology differs from the district’s cohort methodology in that it primarily assesses the impact of factors such as fertility rates, housing patterns, mortgage rate, mortality rates, census data, migration patterns, unemployment rates and the dynamics of local private schools while also taking feeder data into consideration. This comprehensive approach lends itself to increased accuracy in long-term forecasts.

## Overview

Northfield Township is in Cook County, Illinois, and is comprised of the Villages of Glenview, Northbrook, and unincorporated parts of northern Cook County. In addition to its residential real estate, the Township houses numerous national and international businesses. An analysis of several economic datasets<sup>6</sup> identified the following as the district's largest employers, within the Township and surrounding areas:

Employer	Product or Service	Location	Approximate Employees
Walgreens Boots Alliance, Inc.	Company Headquarters; Retail pharmacy	Deerfield	6,500
Walgreen Co.	Company Headquarters; Retail pharmacy	Deerfield	2,500

## Property Tax Extension Limitation Law (PTELL)

In February 1995, the Illinois General Assembly passed tax cap legislation (P.A. 89-1) for Cook County making it retroactive to the 1994 tax year. This legislation, known as the Property Tax Extension Limitation Law (PTELL), controls the district's ability to generate property tax revenues. PTELL permits school districts to increase its non-bond property tax extension by the change in the Consumer Price Index (CPI) or 5%, whichever is less. Additionally, school districts have the opportunity each year to increase its property tax extension by capturing new property that has come onto the tax rolls. This is accomplished by multiplying the limiting rate (non-bond property tax rate) by the amount of new property identified by the County in the extension preparation process.

In addition to P.A. 89-1, the Illinois General Assembly amended Article 20, which limits the amount of taxes for debt service that can be generated through the sale of non-referendum bonds, to the district's 1994 aggregate non-referendum debt service amount, increased annually by the change in the Consumer Price Index (CPI). This amount is referred to as the Debt Service Extension Base (DSEB). For the 2022 tax year, the DSEB limit is \$2,525,402.

## Outstanding Debt

In November 2006, the voters of District 225 approved a \$94 million building bond referendum increasing the debt service tax rate by 8.5 cents. As outlined in the district's pre-referendum planning process, initial proceeds were used to restructure debt, with the balance of funds invested for future capital projects. As a result of these transactions, approximately \$4 million was replenished to the district's operating funds that had previously been restricted for alternate revenue bond payments, building maintenance and infrastructure.

In October 2016, the District approved the refunding of existing debt from the 2006 referendum, to maximize debt service funds given historically low interest rates. The district was able to save approximately \$6.6M in interest expenses because of the refunding activities. With access to these savings, and additional DSEB capacity, the district was able to raise approximately \$15M through the sale of limited life safety bonds, for the purposes of performing necessary facility and learning space projects.

In January 2018, the District approved the refunding of existing debt from the 2006 referendum (Series 2008 bonds), to maximize low interest rates. The district was able to save approximately \$1.7M through a uniform debt restructure. The savings of this debt issue was wholly passed on to the school district's taxpayers, through slightly lower debt service rates for tax years 2025, 2026, and 2027.

In June 2020, the District approved the refunding of existing debt from the 2006 referendum, to maximize debt service funds given historically low interest rates. The district is estimated to save approximately \$800,000 in interest expense because of the refunding activities. The savings of this debt issue will be wholly passed on to the school district's taxpayers, through slightly lower debt service rates for tax years for tax years 2024, 2025, 2026, and 2027.

A goal of the 2016, 2018, and 2020 debt restructuring was to positively position the district to become debt free after tax year 2027, or on December 1, 2027, after all final debt service payments have been made.

# Tax Base and Rate Trends

As of July 2023, the District is carrying the following debt:

Series	Debt Type	Principal Outstanding	Final Tax Year
2020	General Obligation Refunding School Bonds	\$8,285,000	2026
2018	General Obligation Refunding School Bonds	\$13,075,000	2026

2016A	Refunding Bonds	\$11,850,000	2024
2016B	Limited Tax Life Safety Bonds	\$3,775,000	2026
<b>Total</b>		<b>\$45,020,000</b>	

The school district outstanding debt service schedule is as follows:

Tax Year	Debt Service Payment	Projected Tax Rate
2022	\$10,419,842	0.161
2023	\$9,773,483	0.151
2024	\$10,252,342	0.159
2025	\$10,285,852	0.159
2026	\$10,324,560	0.160
<b>Total</b>		<b>\$51,056,079</b>

## Tax Rate

The district's tax rate is determined as part of the Cook County tax extension preparation process. The tax rate is composed of two parts: operating funds extension; debt service extension. Each part is explained in detail.

## Operating Funds Extension Calculation

The operating funds extension starts with the assumption that the district is entitled to receive the prior tax year's extension, increased by the change in CPI or 5%, whichever is less. This amount is subsequently divided by the equalized assessed value (EAV) for the current tax year, minus any new growth that has come onto the tax roll. This amount results in a limiting rate, which, when multiplied by 100, results in the operating funds tax rate.

Below is an illustration of this calculation for the 2020 tax year:

**Application of PTELL Calculation to Determine Property Tax Extension for Operating Funds**

Operating Funds Extension for Existing Property	Last Year's OFs Extension \$111,737,649	x	Factor (Extension 1 + CPI 0.023) 1.023	=	This Year's OFs Extension \$114,307,615	+	This Year's EAV (Minus New Growth) \$5,995,105,565	=	Limiting Rate x 100 1.907	<i>This is the tax rate that is assessed for every \$100 in EAV; This cannot be calculated until the County announces the EAV in May</i>
Operating Funds Extension for New Growth Recognized by County Clerk in Tax Year 2017	Limiting Rate 0.01907	x	This Year's EAV from New Growth \$51,967,899	=	\$991,028					
					<b>\$115,298,643</b>					

**Note about New Growth:** Recognizing new growth through the tax levy process allows the District to increase its extension beyond what is limited to CPI. If a District does not capture new growth in a given year, the extension will not increase as much as it could. Overtime, the impact of not maximizing an extension in a given year compounds, resulting in a substantial loss in revenue to support educational programs.

## Debt Service Extension

The debt service extension is calculated by taking the total amount of debt service to be paid, along with any Loss and Cost factor<sup>9</sup> that has been requested, divided by the total EAV for the current tax year. This amount, when multiplied by 100, results in the debt service tax rate.

Below is an illustration of this calculation for the 2020 tax year:

**Calculation of the Debt Service Property Tax Extension**

Debt Service Extension	Debt Service Rate 0.1770	x	This Year's Total EAV (Including New Growth) \$6,047,073,464	=	This Year's DS Extension \$10,703,320	<b>Note about Debt Service:</b> Unlike the operating funds extension, the debt service extension is not limited by PTELL. This is because debt can only be issued by a voter-approved referendum, or through use of the debt service extension base (DSEB), which has been excluded from PTELL consideration.				
					<b>\$10,703,320</b>					

<sup>9</sup> The County Clerk has the authority when determining tax rates for the extension of tax levies to impose an additional rate factor to account for the loss and cost of uncollected taxes. The rate applied depends on the historical trend of uncollected taxes for the county. As a result, Cook County can add 5% to debt service levies to account for anticipated shortfalls. This factor further ensures that the District will collect sufficient property taxes as are necessary to fund operations and make all required debt payments.

# Tax Base and Rate Trends

## Total Tax Rate

The district's total tax rate is the combination of the operating funds tax rate and the debt service tax rate.

Below is an illustration of the total tax rate for the 2020 tax year, as well as a sample impact analysis on a home that is valued at \$500,000:

### Calculation of the Overall Tax Rate

Operating Funds Tax Rate	1.907	<i>This is the limiting rate shown above</i>
Debt Service Tax Rate +	0.177	<i>This is the debt service rate shown above</i>
District 225 Tax Rate =	<u>2.084</u>	<i>Rounding inprecision per Cook County</i>

### Impact of Property Tax Extension on a \$500,000 Home

Assessor's Fair Market Value	\$500,000	<i>Cook County assesses <u>all</u> real property at least once every three years</i>
Cook County Assessment % x	0.10	
Assessed Value =	\$50,000	
State Equalizer - Multiplier (Final 2020 Used) x	3.2234	<i>This Illinois Department of Revenue announces the real property equalization factor for Cook County each spring for the previous tax year</i>
Equalized Assessed Value =	\$161,170	
Homestead Exemption -	\$10,000	<i>P.A. 100-0401 increased the General Homestead Exemption from \$7,000 to \$10,000</i>
Other Exemptions -	\$0.00	
EAV After Exemptions =	<u>\$151,170</u>	<i>This is the value of real property that will be taxed</i>
District 225 Tax Rate =	3.019	
EAV After Exemptions x	\$151,170	
District 225 Tax Obligation =	<u>\$4,564</u>	<i>This is the amount a taxpayer will owe in District 225 taxes</i>

## Tax Rate History

<sup>10</sup> Public Act 100-465 removed the specific rate limit for the Educational Fund levy for all school districts subject to PTELL.

<sup>11</sup> For Tax Year 2016 and prior, the Cook County Clerk's office rounds the thousandths place value up, if the ten thousandths place value equals an amount greater than 0 (e.g. 2.1101 = 2.111). This rounded value serves as the published tax rate for the taxing agency.

# Accounting Structure

This page left intentionally blank.

## Overview of the General Ledger

Illinois School Code and Illinois Administrative Code outlines a series of requirements for developing and managing school district financial records. Each account within the district's general ledger follows a prescribed format composed of state and locally defined components:

10	E	200	1130	4100	00	001040
Fund	Type	Location	Source / Function	Object	Subject	Program+

+ Programs are defined by the district and are not a required accounting element by the state.

The Illinois State Board of Education as prescribed by the Illinois Program Accounting Manual requires the use of specific account dimensions. Asset, Liability, Fund Balance, and Revenue accounts must include, at minimum, the Fund and Function account dimensions. Expenditure accounts must include, at minimum, the Fund, Function, and Object account dimensions.

The district's financial software program has the functionality to further define the Chart of Accounts with additional account dimensions: Type, Location, Subject, and Program.

### Fund

A "fund" is an independent fiscal and accounting entity requiring its own set of self-balancing accounts, which are created in accordance with special regulations, restrictions, and limitations that earmark each fund for a specific activity or for attaining certain objectives. Each fund must be accounted for so that the identity of its resources and obligations and its revenues and expenditures is continually maintained.

### Type

The type account dimension identifies balance sheet accounts: Asset (A), Liabilities (L), or Fund Balance (Q); and operating statement accounts: Expenditures (E) and Revenue (R).

### Location

The location account dimension allows the district to identify activity related to a specific building and/or entity: District (100), Glenbrook Aquatics (150), Glenbrook North (200), Glenbrook South (300), Glenbrook Off Campus (500), Glenbrook Transition (600).

### Function

An account's function (for expenditure accounts) or source (for revenue accounts) represents the purpose for the account, and the types of activities that are recorded within the account's ledger.

- Revenue sources are classified into four broad categories: Local (1000s), State (3000s), Federal (4000s), and Other Sources (7000s).
- Expenditure functions are classified into seven broad categories: Instruction, Support Services, Community Services, Payments to other Districts/Government Units, Debt Service, Contingencies, and Other Financing Uses. Examples of functions include Property Tax Collections, Regular High School Programs, and Technology Services.

### Object

An expenditure account's object represents a specific expenditure category within a function. Examples of expenditure objects include Teacher Salaries, Equipment Purchases, and Non-Consumable Supplies.

### Subject

The subject account dimension identifies budgetary responsibility for an account: (10) District Office, (20) Glenbrook North, (30) Glenbrook South, and (50) Glenbrook Off Campus.

### Program

A program is an accounting element used by the district to classify and group accounts together for an individual program or purpose. It also provides the capability of exercising budgetary control and the preparation of special reports.

## **Explanation of Funds**

### **Funds Included within Financial Statements**

#### Operating Fund

The Operating Fund is composed of the Education (10), Glenbrook Aquatics (15), Food Service (19), Operations & Maintenance (20), Transportation (40), Illinois Municipal Retirement Fund (50), Social Security (51), and Working Cash funds (70). The Operating Fund provides for the day-to-day services necessary to operate the school district.

The Board of Education has established a budget policy that requires unassigned reserves in the operating funds be maintained at a level equal to approximately 33% of the next year's projected operating expense budget. For the 2023-24 fiscal year, this amount equals \$52,154,362 (note: direct expenditures).

#### Debt Services Fund

The Debt Services Fund is composed solely of Debt Service (30). This fund is required when taxes are levied to retire bond principal or to pay bond interest, or if other revenue is pledged to pay principal, interest, or service charges on other long-term debt instruments.

#### Capital Projects Fund

The Capital Projects Fund is composed solely of Capital Projects (60) and Life Safety (90) funds. This fund is utilized to record capital improvements to facilities.

This fund is also utilized to record improvements to facilities as outlined by an approved life safety plan filed with the Regional Office of Education and the Illinois State Board of Education.

### **Funds Excluded from Financial Statements**

#### Agency Fund

The Agency Fund (99) is utilized to record revenue and expenditures resulting from student activities, programs, parent organizations, or other designated staff programs approved by the Board of Education. Agency funds are considered property of the students and/or groups, and not the Board of Education.

# Tentative Budget Reconciliation of the 2022-23 Budget

## Comments Regarding the 2022-23 Budget

### Explanation of Revenue Variances between Budget and Actual

- R1** All monies received for summer programs (e.g., summer school, summer service learning, summer athletic camps) are recorded as deferred revenue. Deferred revenues are reconciled as part of the annual financial audit. Once reconciled, monies attributed to semester 1 will be recorded in the 2022-23 fiscal year and those monies attributed to semester 2 will be recorded in the 2023-24 fiscal year.
- R2** As of July 2022, the District has not received certain State and Federal categorical payments related to the 2022-23 Fiscal Year. These payments may be accrued as part of the annual financial audit and are detailed on pages 57-59 of this document.

### Explanation of Expenditure Variances between Budget and Actual

- E1** The information presented in the chart are preliminary unaudited numbers. As of July 2023, there are several outstanding invoices from outsourced service providers for services rendered during the 2022-23 school year that have not been received. These expenditures will be accrued as part of the annual financial audit.
- E2** The information presented in the chart are preliminary unaudited numbers. Those expenditures paid between July 1, 2023, and August 15, 2023, that are attributed to the 2022-23 school year will be accrued to the 2022-23 fiscal year.
- E3** The information presented in the chart are preliminary unaudited numbers. As part of the annual financial audit summer construction projects in progress as of June 30<sup>th</sup> are reconciled to quantify the costs of work completed in June. Once quantified, these costs will be accrued to the 2022-23 fiscal year.

# Tentative Budget Summary of the 2023-24 Budget

## Comments Regarding the 2023-24 Tentative Budget

### Revenue

- R1** As of July 14, 2023, the Cook County Clerk has not yet released the 2022 tax rate report. Property tax projections have been included in the tentative budget that will be updated upon release of the rate report.
- R2** All monies received for summer programs (e.g., summer school, summer service learning, summer athletic camps) are recorded as deferred revenue. Deferred revenues are reconciled as part of the annual financial audit. Once reconciled, monies attributed to semester 1 will be recorded in the 2022-23 fiscal year and those monies attributed to semester 2 will be recorded in the 2023-24 fiscal year.
- R3** Only approved Categorical Grants are included in the tentative budget. Most of these grants are not approved until early fall and will be included in the final budget.
- R4** The State of Illinois is responsible for a portion of each teacher's retirement contribution, referred to "On-behalf" payment. This is reflected on each school district's State budget form and is also included on this statement. There is a matching expenditure for this revenue and is solely stated due to accounting and reporting requirements.
- R5** Transfers represent funding for approved capital projects (\$3,000,000) and interfund transfers for Debt Services to/from Debt Service sub-funds (\$10,423,442).

### Expenditures

- E1** Positions previously budgeted but unfilled during the 2022-23 school year will be filled during the 2023-24 school year. Additionally, the Board of Education approved an additional 33.1 FTE for the 2023-24 school year based on programmatic needs.
- E2** The Insurance and budget has been increased to reflect changes related to personnel transitions, personnel increases, and an estimated 5.0% overall premium increase for the 2024 plan year. The Retirement and Payroll Taxes budget increase correlates to the increase in salaries and personnel.
- E3** Included in the 2023-24 budget are one-time capital projects approved by the Board of Education, and one-time capital equipment replacements (e.g., printers/copiers, driver education vehicles).
- E4** See Comment R4.
- E5** See Comment R5.

## Local Revenue Sources

### Property Taxes

Each December, the Board of Education formalizes its request for property tax revenue for the upcoming tax year. To complete the levy process, the school district reviews the prior year's aggregate extension (amount of money scheduled to be collected by the County) and determines if tax amounts levied in the prior year should be decreased, left at the same level, or increased. Historically, our school district has increased the tax levy based on the maximum amount allowable (CPI-U level for prior year) and estimated new growth that has recently been added to the tax base.

New growth revenue is essential to the district in order to meet the economic challenges resulting from the new growth. New growth is defined as:

1. The assessed value, after final Board of Review or Board of Appeals action, of **new improvements or additions to existing improvements** on any parcel of real property that increase the assessed value of the real property;
2. The assessed value, after final Board of Review or Board of Appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year; and
3. In counties that classify in accordance with Section 4 of Article IX of the Illinois Constitution, an incentive property's additional assessed value resulting from a scheduled increase in the level of assessment as applied in the first year final Board of Review market value.

Public Act 102-0895 modified the Property Tax Code to enable certain school districts to capture the value of new growth in the year the "new growth" is originally recognized, or in a subsequent year. For financial projection purposes, it is assumed that property will be captured in the year it is first recognized.

For budgeting purposes, the district utilizes two levy years to determine property tax revenues. For the 2023-23 fiscal year, the following levy information was utilized:

#### 2022 Levy and Extension

The 2022 levy was approved by the Board of Education and submitted to the County Clerk in December 2022.

All revenue received from the 2022 extension by June 30, 2023, is recorded in the general ledger for fiscal year 2022-23 as "Gen Taxes-Current Year". All revenue received from the 2022 levy after June 30, 2023, is recorded in the general ledger for fiscal year 2023-24 as "Gen Taxes-Prior Year".

It is estimated that the district will collect:

- 97.5% of the 2023 tax extension, or TBD;
- 52% (TBD) will be collected in fiscal year 2022-23;
- 48% will be collected in fiscal year 2023-24 (TBD).

#### 2023 Levy and Extension

The 2023 estimated levy will be presented to the Board of Education in November 2023. In accordance with Truth in Taxation law (35 ILCS 200/18-56), taxing bodies with estimated tax levies that are more than 105% of the preceding year's extension, are required to publish the estimated amounts, and hold a public hearing. While our estimated levies do not typically require us to perform these two activities, the District continues to publish the levy, and holds a public hearing to provide an opportunity for our community to express their thoughts regarding the proposal.

Considering the CPI-U level for 2023 (5.0%), the District prepared a tax levy projection for budgeting purposes that:

- Estimates a levy extension of 105.0% of the 2022 aggregate extension;
- Assumes a collection rate of 97.5%, and that 52% of the anticipated collection will be received in fiscal year 2023-24.

It should be noted that PA 100-0465 provides a mechanism for voters to initiate a referendum to lower taxes for educational purposes by up to 10%. This mechanism is accessible in any school district that is above 110% of adequacy, as determined by the Evidence-Based Funding Model (EBFM). As of July 2021, there were 68,167 registered voters in the boundaries of the district<sup>12</sup>. For the question to be included on the ballot, 10% of registered voters (6,817) would need to sign a petition. Referenda can only be considered in odd number years at the consolidated election in April. The first time the question could have been considered by voters is April 2019. Additionally, if a referendum fails, it may not be repeated until after two future consolidated elections (effectively once every 6 years).

## Tax Increment Financing District (TIF)

Tax Increment Financing (TIF) districts are created by municipalities to improve areas of a community that are “blighted, decaying, and underperforming . . . in need of development or redevelopment”<sup>13</sup>. Prior to the creation of a TIF, the municipality must prove that the proposed property meets certain criteria established by the State. Once established, the existing value of the property is frozen, and all new value and property “go to the project fund controlled by the TIF district, not to the . . . schools, or any other taxing body”<sup>14</sup> for a 23-year period. (Note: Taxing bodies continue to receive tax revenue based on the original assessed value of the property.)

The following TIF districts are active within the district’s boundaries<sup>15</sup>:

Municipality	TIF Name	Start	End	Frozen EAV	Total 2015 EAV
Northbrook	Dundee Rd / Skokie Blvd	2005	2028	3,115,141	11,537,899
Northbrook	Northbrook Court (Macy’s)	2019	2042	TBD	TBD

For budgetary purposes, the district utilizes make-whole payment revenue to first fund the educational program (Fund 10), and second to support its annual capital project initiatives (Fund 60).

## Corporate Personal Property Replacement Tax (CPPRT)

Corporate Personal Property Replacement Tax (CCPRT) is flat tax paid by corporations, partnerships, trusts, S corporations, and public utilities within the district<sup>16</sup>. Taxes are paid as follows:

- Corporations – 2.5% on net Illinois income;
- Partnerships, trusts, and S corporations – 1.5% on net Illinois income; and
- Public utilities – 0.8% tax on invested capital.

These taxes supplant lost revenue as a result of the elimination of a corporate tax on all property that was not ‘real’ (e.g., movable machinery, automobiles, livestock and furniture<sup>17</sup>) in 1979.

Taxing bodies receive a portion of actual taxes collected, based on the portion of personal property taxes that was received in 1976<sup>18</sup>. As a result of the statutory formula, the district receives 0.360661 of the total 51.65% of CPPRT collections allocated for Cook County.

For budgetary purposes, the district utilizes CPPRT estimates that are prepared and published by the Illinois Department of Revenue’s Local Tax Allocation Division and actual historical receipts. It is

important to note, however, that CPPRT estimates are prepared based on trend analysis; disbursements of CPPRT are based on actual tax receipts recorded since the last payment was issued to taxing bodies (January, March, April, May, July, August, October, and December).

In accordance with the State Revenue Sharing Act (30 ILCS 115/12), a taxing body is required to apply the portion of CPPRT revenue to, “the proportionate share of the pension or retirement obligations of the taxing district which were previously levied and collected from extensions against personal property”. In the first full fiscal year that personal property taxes were not assessed (1980-1981), the district recorded CPPRT receipts in the amounts of \$945,764 (97%) in Fund 10, and \$26,660 (3%) in Fund 50. Using these figures, the district continues to budget, and ultimately allocate 97% of CPPRT collections as revenue in Fund 10 and 20 (based on needs), and 3% in Fund 50.

## Interest Earnings

Interest revenue comes from two sources: interest earnings on District bank accounts; interest earnings on District investments.

In accordance with the Illinois Public Funds Investment Act (30 ILCS 235/0.01 *et seq.*), the Northfield Township School Treasurer is responsible for managing the investment of District funds. Investment decisions are governed by policies enacted by the Board of Trustees of the Northfield Township School Treasurer. There are several objectives that have been established by their Board Policy<sup>19</sup>:

- Safety of Principal;
- Liquidity;
- Return on Investments;
- Maintaining the Public’s Trust; and
- Diversification.

Investments are permitted using common instruments (e.g., bonds, notes, certificates of indebtedness, treasury bills, interest bearing savings accounts and certificates of deposits, the Illinois School District Liquid Asset Fund). The Treasurer has established a routine investment schedule that complies with each school district’s cash flow needs and is responsible for reporting investment activity to each district monthly. Interest earnings from investment activities are deposited in each school district’s general fund upon maturity of the investment.

Upon receipt of interest earnings, the district distributes the revenue based on the proportion of fund balances defined in the school district’s Annual Financial Report for the preceding year (e.g. interest earnings received in November 2022 and distributed based on fund balances reported in the Fiscal Year 2021-2022 Annual Financial Report).

During the 2022-23 fiscal year, the school district earned \$1.7M from its operating fund balance. These earnings are utilized to defer the cost of annual capital projects such as: classroom renovations and enhancements, roof replacements, parking lot repairs, and the maintaining of over 1,250,000 square feet of facility space. On an annual basis, the school districts spends a minimum of \$2M to maintain the infrastructure of its facilities, while enhancing learning spaces and the overall safety and security of our facilities. Use of interest earnings to support capital projects has enabled the school district to continue on its path to become debt free on December 1, 2027. Below is a table that illustrates interest earnings and capital project expenses over time:

## Student Fees

In accordance with Board Policy 4:141, the Board of Education is presented each year with a list of recommended student fees for approval. In addition to Board-approved fees, students enrolled in specific courses may be assessed additional “course fees” which are reviewed and approved by the school principal on an annual basis.

All students attending a Glenbrook High Schools have been assessed three general fees: Chromebook fee, instructional materials fee, and a registration fee. These fees are deposited into District revenue accounts and used for the purpose designated.

Additional user fees are assessed to students and families upon request. These fees are deposited into District revenue accounts and used for the purpose designated. Most of our user fees are calculated based on the total amount of estimated expenses for the upcoming school year. Examples of these fees include driver education behind the wheel, instrument rental, parking fee, transportation fee.

Families that are unable to pay student fees may be eligible for the student financial assistance program. The student financial assistance program waives all required fees to ensure that all students have unrestricted access to their educational program. Below is a table that illustrates the percentage of students receiving financial assistance:

Fiscal Year	Low Income Students
2018-19	13%
2019-20	12.9%
2020-21	12%
2021-22	11.7%

## Other Local Revenue

Other Local Revenue reflects all receipts not associated with property taxes, student fees, or instructional program fees. Some of these other revenues include pre-school tuition, Glenbrook University fees, building/facility rentals (including Quest), Intergovernmental Services Agreements, Refunds and/or Rebates, and other local fees.

## State Revenue Sources

### Evidence-Based Funding Payments

The Illinois Association of School Boards defines General State Aid (now Evidence-Based Funding) as, “[Funds] which combines with “available local resources” to provide a minimum foundation level of income per pupil [to be] used at the discretion of the school district for any legal school purpose”<sup>20</sup>. Evidence-Based Funding is primarily unrestricted; however, an Annual Spending Plan is submitted by the district each year to identify how funds designated for certain populations (e.g., students receiving special education services; low-income; English learners) are being spent each year.

The Illinois General Assembly acted in 2017 to restructure the school funding formula through the following pieces of legislation:

- Senate Bill 6 (SB6) > PA 100-0021  
PA 100-0021 established a budget for the State of Illinois. This legislation included increases to the education budget. However, it should be noted that PA 100-0021 provides \$6.7 billion for the Evidence-Based Funding Model.
- Senate Bill 1 > Senate Bill 1947 > PA 100-0465  
PA 100-0465 included a redesign of the school funding formula to reflect the Evidence-Based Funding Model (EBFM). This model provides financial support from the State’s budget to support the education of all students in PreK-12 school. It is designed in a manner that acknowledges that individual student needs require different amounts of resources, and that each district’s ability to financially support its operations are different (e.g., local property wealth). The new funding formula is intended to be a sustainable school funding system that strives to get all districts to adequate funding.

Often advertised as #norednumbers, the EBFM includes provisions to ensure that:

- All districts are kept whole based on FY2017 funding
  - If the Illinois General Assembly is unable to appropriate sufficient funds in the future to cover every district’s base funding minimum, the most adequately funded districts will lose funds first; if this action is not enough, further reductions will be made on a per-pupil basis for all districts
- All new dollars go to the neediest districts first (e.g., 50% to Tier 1; 49% to Tier 2; 0.9% to Tier 3; 0.1% to Tier 4)
- All Districts are treated the same (e.g., Chicago Public Schools)

To determine future State-funding, the EBFM considers the cost of the 27 essential elements<sup>21</sup> that are written into the statute, and the local capacity to support the funding of ‘adequate’ educational services through local property taxes and CPPRT.

For the 2018-19 fiscal year, Glenbrook received a base-funding minimum (BFM) of \$3,340,936.72 in the form of Evidence-Based Funding, and \$6,400.85 in tier funding. The Illinois State Board of Education has also assigned Glenbrook an adequacy level of 145%, placing it in Tier 4 (Districts above adequacy).

As a Tier 4 district, our access to additional evidence-based funding from the State is significantly limited. 99.9% of all new funding will be distributed to Tier 1-3 school districts. Tier 4 districts only have access to a shared distribution of the remaining of 0.1% (one tenth of one percent) of any new dollars. As a result, the district is not estimated to see any notable increase in funding in the near future. However, assuming the Illinois General Assembly provides at least the funding necessary for each school district’s BFM, the District will continue to receive at least \$3,340,936.72).

<sup>20</sup> Braun, B. (2016). *Illinois School Law Survey*. Springfield, IL: Illinois Association of School Boards.

<sup>21</sup> The 27 Essential Elements were identified based on their statistically meaningful correlations to enhancing student achievement over time.

For budgetary purposes, the District utilizes the assumption that we will receive the base-funding minimum established by PA 100-0465, in addition to the final tier funding (new money) as stated by ISBE.

## State Categorical Payments

The Illinois General Assembly has identified several programs to be supported by State funds. Several of these programs are referred to as mandated categorical programs (MCATs). The Illinois State Board of Education defines these State-funded programs as, “In general, a mandated categorical program and the funds appropriated for it are earmarked by statute for a particular purpose or population and may be used for that purpose or population only”<sup>22</sup> In addition to mandated categorical programs, there are other State-funded programs that are classified as categorical payments.

Recognizing the financial challenges faced by the State of Illinois, the Illinois General Assembly has often pro-rated mandated categorical programs and/or delayed funding disbursement. This has resulted in funding being unpredictable, presenting challenges to the budgeting process.

At the end of the 2021-22 fiscal year, many school districts were still owed funds from the State. The charts shown below identify the applicable funding streams, as well as the outstanding payments owed to the district.

The following is a summary of the district’s mandated categorical payment status as of June 30, 2023:

State Mandated Categorical Programs	Fiscal Year 2022-23 Outstanding Payments
Private Facility Tuition (Students with Disabilities) (105 ILCS 5/14-7.02) <i>Provides funding to districts for the tuition paid to nonpublic special education private facilities for students with disabilities.</i>	\$104,291.61
Special Transportation (105 ILCS 5/14-13.01(b)) <i>Provides funding to districts that transport students with disabilities who have special transportation needs stated in their individualized education program (IEP).</i>	\$357,345.26
Orphanage Tuition (Students with Disabilities) (105 ILCS 5/14-7.03) <i>Provides full funding to districts for educating students with disabilities who reside in foster family homes or state-owned facilities.</i>	\$0.00
Regular Transportation (105 ILCS 5/29)	n/a
School Breakfast and Lunch Program (105 ILCS 125)	n/a
Regular Education Orphanage Program (105 ILCS 5/18-3)	n/a

<sup>22</sup> Illinois State Board of Education. (2017). Overview of Mandated Categorical Program Funding. Retrieved from: <https://www.isbe.net/Documents/mcat-narrative.pdf>

For budgeting purposes, the district typically budgets for the total amount owed from the prior fiscal year, plus two payments (depending on payment trend). This is because the State is required to budget (and ideally, pay) its deficit carry-forward balances from the previous fiscal year<sup>23</sup>

The Illinois General Assembly has also provided for the participation in other categorical programs. Funding for these programs is typically timelier, compared to the MCATs.

The following is a summary of the district’s other State categorical payment status as of June 30, 2023:

Other State Categorical Programs	Fiscal Year 2022-23 Outstanding Payments
<b>Career and Technical Education Secondary Program Improvement (CTEI)</b> <i>To ensure a comprehensive career development system providing career awareness, career exploration, and career preparation to enable K-12 student to succeed in postsecondary education and career opportunities. ## Federal Revenue Sources

### Federal Categorical Payments

The United States Congress has also identified funding priorities in the form of restricted grants. Many grants are coordinated by the Illinois Department of Education, whereas others are facilitated by our special education cooperative or other State agencies. Given that most of the grants are designed as flow-through grants, where federal funds are collected by an administration agency, and then passed-on to local school districts, they are paid in a very timely fashion. Payment of these grants is initiated after the district submits claims with the required documentation, to the facilitating agency. These grants include:

### **Transfers**

In an effort to fund approved capital projects for the modernization of existing facility spaces, a total of \$3M will be transferred from the Operations and Maintenance Fund (20) to the Capital Projects Fund (60). This is a one-time transfer and purposeful use of fund balance to support designated one-time expenditures.

## Salaries

The salaries budget represents wages paid for both licensed and non-licensed district employees including substitutes. Licensed staff includes administration, teaching, and counselors. Non-licensed staff includes instructional assistants, paraprofessionals, secretarial, maintenance, and other educational support personnel. Staffing is based on enrollment and special program allocations.

The chart that follows provides a perspective in how personnel expenditures have changed over the past (5) fiscal years.

## Benefits

The benefits budget, which is separated in the general ledger from the salaries budget, includes expenditures for health, dental, life, and disability insurances, payroll taxes, and pension costs. Also included in this category are tuition reimbursements, employee assistance and wellness programs.

### Pension Benefits and Legislative Cost-Shifts

Depending on the type of work performed, employees and employers may be required to contribute to a pension fund. Employees working in a licensed capacity (e.g., required to hold a Professional Educator License, Educator License with Stipulations, Substitute Teaching Licensing to perform a designated service<sup>24</sup>) contribute to the Teachers' Retirement System (TRS). Employees working at least 600 hours per calendar year in a non-licensed capacity (e.g., instructional assistants, clerical, maintenance, and technology staff), contribute to the Illinois Municipal Retirement Fund (IMRF).

The amount due to a pension fund for credible earnings<sup>25</sup> is divided into two portions: employer and employee. The chart inserted below, illustrates the contribution amounts required for each pension system.

Earnings	Purpose	Employee Portion	Employer Portion
IMRF	Pension Fund	4.5%	5.89%*^
TRS	Pension Fund	9%	0.58% +
TRS	Teachers' Health Insurance Security Fund	.90%	0.67% +

\* The employer also contributes 6.2% for FICA benefits for all IMRF-eligible earnings.

^ The employer rate for the 2023 calendar year is presented; a District-specific rate is set each fall by IMRF for the following year.

+ The employer portion for TRS-credible earnings may vary due to legislative cost shifts.

As a result of recent actions by the Illinois General Assembly, some TRS earnings are subject to additional employer contributions:

- If an employee working in a licensed capacity is paid by federal funds (e.g., Perkins Grant, Title I), the school district must also contribute an amount equal to the "employer normal cost".

<sup>24</sup> Illinois State Board of Education. (2016). ELIS Frequently Asked Questions. Retrieved from: <https://www.isbe.net/Documents/ELIS-faq.pdf>

<sup>25</sup> Compensation which is considered by a pension fund as part of a member's retirement annuity calculation; compensation for which the employee and employer must pay their required contributions to the pension fund.

- If an employee working in a licensed capacity earns an amount in a year (July 1<sup>st</sup> – June 30<sup>th</sup>) that is in excess of the salary set for the Governor of the State of Illinois (\$205,700 for 2022-23), the school district must also contribute an amount equal to the “employer normal cost”, for the amount of salary in excess of the amount of the salary set for the Governor (e.g. if an employee earns \$210,000, the employer normal cost additional contribute would be calculated on \$4,300)<sup>26</sup>.

The Institute for Illinois’ Fiscal Sustainability defines the normal cost as, “an actuarially-calculated amount representing that portion of the present value of pension plan benefits and administrative expenses which is allocated to a given valuation year . . . typically refers to the employer’s remaining cost after employee contributions are taken into account.”<sup>27</sup> This amount is calculated by TRS each year. For the 2023-24 fiscal year, it is estimated that this amount will be 10.60%<sup>28</sup>.

## On-Behalf Contributions to TRS

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

The State of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2023, state of Illinois contributions recognized by the employer were based on the state’s proportionate share of the collective net pension liability associated with the employer, and the employer recognized revenue and expenditures is estimated at \$36,438,349 in pension contributions from the State of Illinois. This amount is represented within the budget as an equal revenue and expenditure line item.

## Introduction of Tier III Pension Program for TRS Members

One portion of recent legislation passed by the Illinois General Assembly that has not received a lot of news is the creation of a new Tier III pension benefit. On October 29, 2019, the Board of Trustees of TRS established the Teachers’ Retirement System of the State of Illinois Supplemental Savings Plan. This new benefit will be available to current Tier II members. The Board of Education acted on February 22, 2021, to confirm its participation in the plan, as required by statute. It is important to note that guidance from TRS states that new pension system members will automatically be enrolled into Tier III unless they opt into Tier II. Members will have a one-time, irrevocable opportunity to switch to Tier II.

### *What is the Tier III pension benefit?*

Tier III is a “hybrid” retirement plan that is composed of two benefits:

- A small life-long defined benefit (DB) pension
  - Employees will contribute an amount no more than 6.2% of their salary (actual amount to be contributed will be determined on an annual basis by TRS based on the normal cost of benefits)
  - Prior to the 2020-21 year, the State will contribute 2% of each employee’s salary to the system, and the Employer will contribute the remaining pension costs (0.58%)
  - Beginning with the 2021-22 year, the Employer will contribute 2.58% of each employee’s salary to the system
- A defined contribution (DC) plan which is similar to a 403(b).
  - Employees will contribute a minimum of 4% of their salary
  - Employers will contribute a minimum of 2% of the employee’s salary, but can contribute up to a maximum of 6%

- Benefits from positive activity in the stock market, but carries risk
- The DC plan is portable

Tier III member's normal retirement age will be aligned with the Social Security eligibility date (as of today, 67 years). The final average salary calculations will be based on the member's average salary during the last 10 years of service. The initial pension calculation will be the final average salary multiplied by 1.25%. (Note: Tier II pensions are multiplied by 2.2%.) Once retired, members will receive an annual increase of one-half of the previous year's consumer price index, not compounded.

## Employee Health Benefits

To monitor the cost of employee health benefit programs, and to review and consider plan design changes, Glenbrook High School District established a local Cost Containment Committee. The Cost Containment Committee is comprised of members from the Glenbrook Education Association (GEA), Glenbrook Educational Support Staff Association (GESSA), the Glenbrook Educational Support Paraprofessional Association (GESPA) and representatives from non-unionized support groups. The Cost Containment Committee meets several times each year and presents recommendations to the Board of Education for plan design changes on an annual basis.

The amount employees contribute towards health insurance premiums are based on Board Policy (for employees not represented by bargaining units), and the current bargaining agreement for each respective association. During the 2018-19 school year, the district transitioned its plan year to begin on January 1<sup>st</sup>, and end on December 31<sup>st</sup>. This provided greater consistency with IRS-driven benefit limits (e.g., flexible spending accounts) and will also provide better continuity for employee benefit awareness and education.

The district had maintained a purchasing cooperative relationship for health-related insurance products and services with other local high school districts through the Secondary School Cooperative Risk Management Program Health Pool (SSCRMP Health Pool). This relationship was formed in June 2006 by Districts 207, 214, and 225. Participating school districts have achieved monetary savings through volume discounts on health and life insurance products and services for a combined population of employees compared to the population of each individual district.

In September 2019, the Board of Education took action to confirm its membership in the SSCRMP Health Pool through the adoption of new pool bylaws. As the school district was planning to engage in an evaluation of its self-insurance plan during the 2020-21 school year, the Board desired the flexibility to withdrawal from the pool if the evaluation supported such an action. As a result, the final terms of the pool's bylaws provide the ability for any member to withdraw from the pool by providing six months' notice prior to the end of any pool year through the passage of a resolution by my member's Board of Education.

After evaluating the findings of the evaluation of the school district's self-insurance plan, it was determined that membership in the SSCRMP Health Pool is no longer financially or logistically appropriate. As a result, the Board took action on May 18, 2020, to formally withdraw from the SSCRMP Health Pool at the conclusion of the 2020 plan year (December 31, 2020). The school district now maintains an independent relationship with several third-party administrators to manage its comprehensive employee health benefits program.

## Purchased Services

The Illinois Program Accounting Manual (IPAM) defines purchased services as amounts paid for professional services rendered by personnel who are not on the district's payroll, and other services the district may purchase. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided in order to obtain the desired results.

Such services include expenditures for professional and technical services, such as consultants, legal services, and other service contracts (e.g., Beck's Bookstore; First Student; Xerox professional services).

## Supplies and Materials

The Illinois Program Accounting Manual (IPAM) defines supplies and materials as amounts paid for material items of an expenditure nature that are consumed, worn out, or deteriorated in use; or items that lose their identity through fabrication or incorporation into different or more complex units or substances.

Such supplies materials include expenditures for all instructional and operational purposes. Included in this category are utilities, consumable supplies, electronic resources, and instructional or testing materials.

## Capital Outlay

Depending on the value of an individual asset, a purchase may need to be recorded and charged to a capital outlay expenditure account. Purchases charged to a capital outlay account are considered capital assets of the districts and are included on the district's annual financial statements. Each capital asset is assigned to an appropriate depreciation schedule as defined by 23 Illinois Administrative Code 100.60, and its value depreciated on an annual basis as appropriate.

The Board of Education updated its capitalization threshold through Board action on June 26, 2017. The current threshold defines capital assets as those assets with:

- An individual cost of more than \$5,000, and
- An estimated useful life of at least 5 years,
- Unless otherwise required by State or Federal guidelines.

Purchases that are most likely to be charged to a capital outlay account include: building improvements, site improvements, architect services, construction management, capitalized equipment, and vehicles.

## Dues, Fees, and Other

Includes expenditures for dues/fees and other miscellaneous expenditures not otherwise classified as salaries, benefits, purchased services, supplies and materials, capital outlay, and non-capital outlay.

## Tuition

Represents the district's payments to outside agencies for special education tuition. Outside agencies can include public schools as well as private day and/or residential facilities.

## Other Uses - Transfers

From time to time, the district will need to transfer funds from one fund to another. A transfer will typically take place when one fund does not have sufficient combined revenue and fund balance to meet its current year expenditures. A transfer may be temporary, in the form of a loan from one fund to another, or permanent.

## Contingency

A contingency is defined as an existing condition, situation, or set of circumstances involving uncertainty as to possible gain or loss that will ultimately be resolved when one or more future events occur or fail to occur. Resolution of the uncertainty may confirm the acquisition of an asset or the reduction of a liability or the loss or impairment of an asset or the incurrence of a liability.

In consultation with the Finance Committee, the contingency budget has been slowly phased-out over the past four years. For 2022-23, no contingency budget has been allocated. Should an unbudgeted expense be incurred, it will be absorbed into the current budget and/or be addressed with the Board of Education through a possible use of fund balance.

## Non-Capitalized Outlay

Expenditures for items that would otherwise be classified as capital assets except that they cost less than the capitalization threshold.

## Financial Forecast Model

During the fall of 2017, the Business Services team partnered with Forecast5 Analytics to implement a financial forecast tool, 5Cast. This tool has been widely adopted by school districts and other municipal organizations throughout our region. A primary reason for the high adoption rate is the solution’s overall toolset, comprehensive reporting suite, and ability to develop multiple ‘what-if’ scenarios to predict the impact of different local, state, and federal conditions. As part of Forecast5’s commitment to projection integrity, their product 5Cast references several data sources to develop a projection, including:

- Audited, historical budget performance and fund balances from the Annual Financial Report;
- Current year budget as stated on the ISBE Budget Form;
- Current and future year tax extension as stated on the Cook County Levy Report;
- General ledger data including budgeted and actual account activity;
- Calculated revenue and salary/benefit expenditures based on District-defined values entered into 5Cast’s calculators; and
- Revenue and expenditures projections based on District-defined values.

In an effort to develop a working 5Cast projection model for review by the Board, we utilized a set of assumptions. These assumptions are similar to those which have been historically utilized by the District, with some modifications due to actual budget performance, and trend analysis. The assumptions utilized are outlined below.

## Revenue Assumptions

The following assumptions were utilized for the 5-year financial forecast presented:

Assumption	2022-23 Model
