Photo Permission

This parental consent form is to both inform you and to request permission for your child's photo/image and personally identifiable information to be published on the district's website, school Facebook page and/or local newspapers.

This agreement will be for the duration of your child's tenure at the Mount Arlington School District and need only be completed once. If you, as the parent or guardian, wish to rescind this agreement, you may do so at any time in writing by sending a letter to the principal and such rescission will take effect upon receipt by the school.

Please read carefully and choose **one**:

- I give permission for my child to be photographed/video recorded individually or in small group settings on our district website, school Facebook page and/or local newspapers.
- I do NOT give permission for my child to be photographed/video recorded individually or in small group settings on our district website, school Facebook page and/or local newspapers.

As you are aware, there are potential dangers associated with the posting of personally identifiable information on a website since global access to the Internet does not allow us to control who may access such information. These dangers have always existed; however, we as schools do want to celebrate your child and his/her work. The law requires that we ask for your permission to use information about your child.

Student Internet & Network Permission

Independent use of the Internet and email will be given only to those students who complete and return this form with parent/guardian approval and who agree to follow established rules for doing so.

The district has established a technology policy that applies to student use of the Internet. The technology administrator has access to all files (including emails) and users should have no expectation of privacy. The following non-school activities are **NOT** permitted:

Sending or displaying offensive messages or pictures

Giving others access to your password

Using obscene language

Trespassing in other's files

Harassing, insulting or attacking others

Intentionally wasting limited resources

Employing the network for commercial purposes

Violating copyright laws

Using other's passwords

Accessing chat rooms or unauthorized websites

Any deliberate damage to the computer network or Internet by the student is the financial responsibility of the parent/guardian.

To be issued access to the Internet and email through the computer network of Mount Arlington Public Schools, I have reviewed the above rules regarding network and Internet use with my child.
