

Seneca County Suicide Prevention Coalition

Beginning April 16, 2018

Sudden Loss or After Suicide Support Group

Many people who have suddenly lost a family member, friend, classmate or colleague find that sharing openly with fellow survivors about what they have lived through can help with the healing process. Twice a month, support group meetings are facilitated by a counselor and a loss survivor. While these groups are not treatment or therapy groups, they do offer support, healing and hope in a confidential and safe environment.

To Register call: 315-651-0043
