Dawn expressed her concerns with the technology budget. She felt the new com-

puters, calculators and other technology related items should be cut from the budget. Barb felt if we cut $200,000 from technology and use funds we have we would not need to increase taxes this year. Mr. Snodgrass and others explained that using other funds so that there wouldn't be a tax increase would have a negative impact on the District in future years, particularly as it relates to future building needs. Steve asked if there is anything different on the budget since they took cuts. He was told there is not. Jamie said making the cuts would not affect the tax increase by much.
