## II. INTERVIEW CANDIDATES

Mr. Keister asked each candidate 3 questions:

1. Why do you want to be on the school board?
2. What are 2 strengths we have in the Danville Area School District that you believe we can be proud of?
3. What are 2 priorities or other things you think our district should address?

Mr. Scott Shultz was the 1<sup>st</sup> candidate to be interviewed. He stated that he was born and raised in Danville and is an Ironman through and through, and he felt it was time to get involved. Mr. Shultz believes we can be proud of our academics and extra curricular activities such as sports and other clubs. For the 3<sup>rd</sup> question he thought we need to address the negative publicity and make people proud of our district again. He also thought we need to examine finances and he believes there possibly may have been a better way to handle the Vo-Tech situation.

Dr. Yohannes Getachew was the next candidate to be interviewed. Dr. Getachew answered the 1<sup>st</sup> question by explaining that he has kids and has a vested interest in the improvement and the betterment of the school system in general. He also believes he has the skills to bring to the table to improve things in a positive manner. Academic achievements including national and international rankings are one thing we can be proud of. We can also be proud of our community. It is a really nice community for nurturing our kids. Dr. Getachew thinks we need openness and transparency on the Board. The board needs to act like a team and define goals and work together to achieve those goals.

Dr. Victor Marks was the 3<sup>rd</sup> candidate to be interviewed. Dr. Marks said childhood memories of his father telling him about our great school system and school board and realizing how much he got out of school prompted him to become a candidate. He also said he would like to have the best for his 4 kids and other family members in the district and would like to help make a difference. For the second question Dr. Marks stated the he often tries to "sell" the Danville area to colleagues and friends and focus on the school system and all it has to offer from a strong curriculum for college preparedness to other programs Danville offers students such as our agriculture program and Columbia-Montour Vo-Tech. The candidate said he feels sad that there is so much conflict between such great people including teachers and the school board some of which is picked up by the kids. He worries about what may be neglected when we focus on single issues.

Mr. Jake Esenwein was the next candidate to come before the Board. He said he saw a need to step up and help and he thought he could do a decent job. Mr. Esenwein believes we are a proud active community and parents are active in their students education and extra-curricular activities. We need to solidify and hire a superintendent and he would need more information to comment on other issues.

Next Mr. Castan Kiersch was interviewed. Mr. Kiersch believes that his past experience on boards and as a physical therapist managing budgets and employees could be a benefit to the School Board. He thinks that the education his kids are experiencing is very good as well as other activities and programs offered to all ages. Mr. Kiersch stated that as adults we need to be above friction and students should not be exposed to the friction. He finished by commenting that in Danville we do a lot of things really really well.

Mr. Brandon Koser was the next candidate to be interviewed. Mr. Koser is very involved in the town and likes to see positive change for the kids and would like to be a part of positive change. He believes there is a lot of clarity and transparency throughout the town where people can find the answers to questions they may have and there is a lot of community support for athletes and students. Mr. Koser stated that there may have been quick decisions made without finding all the facts. We should try to make small things better individually instead of trying to make it better all at once.

Mrs. April Acor was brought into the room. She would like to bring a different opinion to the table to support the townspeople. She would like to help keep Danville the best that they can be and keep the great reputation that they have. Students and the teachers are the 2 strengths we can be proud of. Teachers put in a lot of time and effort into making the students the best that they can be so that they can go out into the world and be great examples for the district. Mrs. Acor thinks the spending of the money and budgeting could be done better so as to not put so much burden on the taxpayer.

Dr. Terrance Lynn was the final candidate to be interviewed. He is a 2009 graduate of Danville High School and is very involved in community service. He would like to be a role model and show students how you can achieve your dreams. We can be proud of our students' academic talent and of the staff who has led them into the future to serve their communities. Terrance thinks there is a lot of professionalism to be improved. He would also like to see the students be involved in more community service.

At this time the candidates were brought back into the room.

Mr. Keister explained that Dr. Jennifer Gurski, who is one of the candidates on the election ballot has applied for the 2 month position and she will be appointed this evening. She will then be reappointed to her new seat if she is elected to the Board. If Mrs. Gill does not accept her elected position, another Board member will be appointed in December.

Mr. Keister asked if there was any discussion. Dr. Klena commented on the process this evening going smoothly and encouraged any candidates who are not appointed tonight to reapply. Mrs. Edmeads also commented on the great candidates who spoke this evening. Mr. Keister also encouraged the candidates to even possibly run for the positions when 6 positions will be open in the next 2 year election.

Each Board member picked 2 candidates:

1. Mr. Brookhart – Yohannes Getachew and Victor Marks
2. Mrs. Edmeads – Victor Marks and Castan Kiersch
3. Mrs. Fish – Victor Marks and Yohannes Getachew
4. Dr. Klena – Victor Marks and Yohannes Getachew
5. Mr. Reichard - Yohannes Getachew and Victor Marks
6. Mr. Keister – Yohannes Getachew and Castan Kiersch

Victor Marks and Yohannes Getachew were tied for 1<sup>st</sup> and 2<sup>nd</sup> picks. Mr. Keister asked if they would accept the positions.

Dr. Marks and Dr. Getachew accepted.

Students are being retained 7<sup>th</sup> and 8<sup>th</sup> grades to become larger and stronger creating an advantage over their younger opponents. Students move to the Southern District instead of playing in their hometown. Mr. May would like Danville to forfeit the Southern Columbia football game to send a message. Kyle Gordon, 350 Jackson Road, Danville stepped in to finish Mr. May's statement as his 3 minutes was up. Mr. Gordon finished by saying Southern Columbia's schedule should include charter schools and 4A and above schools and they should leave the Heartland Conference.

Dave Fortunato had a question about obtaining an enclosure from the meeting. He was directed to email the business manager. Mr Fortunato then questioned the absence of a vice-president for the Board. Mr Keister explained we do not need to have a vice-president for the 1 meeting that is left, Mr. Fortunato pointed out that there could be unforeseen circumstances where a vice-president would be needed.
