AP Student Class Project

Middle School

- Our students did a fantastic job at our Middle School Winter Concert.
- Congratulations to our grade level winners in this year's Daughters of the American Revolution Essay Contest!
- Thank you to Merck employees, Bloomsburg Christian Church, local community members, and DMS faculty and staff for donating Christmas gifts because of their generosity, we got to play Santa to approximately 50 students.
- Members of the support staff took some students to deliver gifts that have been donated to residents at local nursing home.
- $1050.00 was raised for the American Heart Association by the Danville Middle School during the Annual Dodgeball Tournament.

COOKIES

Liberty Valley

- Rachael Feng was selected as this year's Daughters of the American Revolution Essay Contest winner for our local Tah Gah Jute Chapter of the DAR. You can read her essay in the hall outside of the fourth grade LGA. Students had to write from the perspective of a delegate in the Second Continental Congress and explain what they were fighting for for the people of their chosen colony. Her essay will move on to the state competition. She is not holding a certificate in the picture because it will be awarded to her at a banquet in the spring where it will be presented to her.
- Community Christmas trees-this year 3rd grade donated to the Ronald McDonald House, 4th grade donated to the Animal Resource Center and 5th grade donated to The Good Samaritan. Thank you again for supporting our community during the Holiday Season! Special thanks to the Bloomsburg Christmas Barn and the Drause family for the Christmas tree donations!
- Art Club with Mrs. Madison gives Liberty Valley students the chance to use their imagination to create art that expands upon their interests in the visual arts in a more relaxed, social setting. Students in 4th and 5th grade meet twice in a cycle and usea wide range of art materials and learn new techniques.

Last Call

Danville Primary School

- Holiday Caroling and learning about holidays around the world
- Woody Wolfe came in to sing with students
- Author visit with Suzanne Morris, *A Trapezoid is not a Dinosaur*

Shhh...

A TRAPEZOID IS NOT A DINOSAUR!

Danville Head Start

"Educating Children, Empowering Families"

Learning the Letter "L" Through Lava Lamp Science Experiment

Head Start children completed a lava lamp experiment to help them learn about the letter of the week; Letter L. The children used water, vegetable oil, food coloring, and glitter to create their lava lamps.
