Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the Return on Investment of Afterschool Programs in Pennsylvania study determined that for every dollar invested in after- school programming for students there was a return of $6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency (Link to PSAYDN.org).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately $50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three- part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

1) A description of each program and activity

2) A narrative outlining the expected benefit of each program and activity

3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found Link to Accelerated Learning Toolkit.

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting students' needs since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in after-school programming. Include a brief description of the indicators used in the decision-making process.

Building level teams analyzed data to determine students who should be targeted for services.

At all levels report card data, local assessments, and standardized assessments. At the K-2 level, DIBELS Next and iReady Reading and Math benchmark data. At the 3 - 8 grade level, iReady Math and Reading were used. At parent/teacher conferences, teachers discussed the options of before and after school programs and the supports that are available.

Section: Narratives - After-school Program

After-school Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide after- school programming for their students.

2. Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Children from Low-Income Families	Academic Growth	20	Created programming focused on academic support through math and reading activities in K-2.
Children from Low-Income Families	Academic Growth	20	Created programming focused on academic support through math and reading activities in Grades 3-5.
Children from Low-Income Families	Academic Growth	20	Created programming focused on academic support through math and reading activities in Grades 3-5.

3. Describe the evidence-based resources that will be used to support student growth during the after- school program.

Certified teachers will work with students on standards aligned activities in Math and ELA in grades K-5 and standards aligned activities in Math, ELA, Science, and Social Studies in Grades 6-8. Activities will include curriculum aligned DASD materials including Ready Math, MyPerspectives ELA, and the Science of Reading.

4. Describe the staff that will provide the after- school program (i.e., Internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
6	Internal	K-2 Certified Teachers.
4	Internal	Grades 3-5 Ceritified Teachers
6	Internal	Certified Teachers at the Middle School Level.

☑

a. **The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.**

☑

b. **The LEA assures it understands it is responsible to ensure that all after-school program staff hold the appropriate certifications for the program that is being delivered.**

5. How will the LEA assess the success of the after-school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Curriculum Based Assessments and Diagnostics	Quarterly	Increased student achievement

6. How will the LEA engage families in the after-school program?

Parents were provided information and opportunities to include their child in the programming offered at their school. Certified teachers are accessible to parents during the program.

Section: Budget - Instruction Expenditures

Instruction Expenditures

Budget

$38,453.00

Allocation

$38,453.00

Budget Over(Under) Allocation

$0.00

Budget Overview

Function	Object	Amount	Description
1400 - Other Instructional Programs – Elementary / Secondary	100 - Salaries	$20,000.00	After School Instructional Salaries- $40 per hour/2 hours per day/50 weeks/5 instructors)
1400 - Other Instructional Programs – Elementary / Secondary	200 - Benefits	$4,430.00	After School Instructional Benefits
1400 - Other Instructional Programs – Elementary / Secondary	500 - Other Purchased Services	$2,500.00	After School Staff Travel
1400 - Other Instructional Programs – Elementary / Secondary	600 - Supplies	$11,523.00	Supplies and Technology for after school program
		$38,453.00
