5. Replaces breakers, panels, low voltage transformers, and ballasts in lights.
6. Checks circuits and breakers for power to equipment.
7. Inspects building wiring, panels, and electrical fixtures and rectifies unsafe conditions.
8. Ensures all work performed conforms to electrical and safety codes.
9. Reads and interprets blueprints, diagrams, and schematics.
10. Operates aerial lift, lift truck, scissor lifts, and a variety of hand and power tools.
11. Maintains inventory of parts and supplies.
12. Connects building power lines to existing high voltage lines.
13. Installs and connects electrical service to new facilities including portable classrooms and trailers.
14. Initiates, modifies, and closes work orders in automated system.
15. Installs explosion proof wiring in gas pumps, auto shops, spray booths, or where required.
16. Delivers and erects scaffolding.
17. Performs related work as required.

QUALIFICATIONS:

Education and Experience:

Completion of a formal apprenticeship program or electrical trade school; extensive journey level experience, preferably in commercial electrical installations and maintenance.

Licenses and Certificates:

- Valid California Class C driver's license issued by the California Department of Motor Vehicles within 30 days of hire or before driving any vehicle requiring this license
- Valid California Electrician Certification or California Class C-10 Contractors license
- Must possess or attain an Aerial Lift Operator Safety Certification within 12 months of employment

Knowledge, Skills, and Abilities:

- Knowledge of standard practices, methods, materials, tools, equipment, hazards, and safety precautions of the electrical trade
- Knowledge of the principles of electricity and electrical theory
- Knowledge of occupational hazards used in working with electricity up to 480 volts
- Knowledge of applicable building, safety, and electrical codes
- Knowledge basic math, fractions, algebra, and Ohm's Law
- Knowledge of parts, fittings, and boxes used for commercial installations
- Knowledge of lighting control panels and lighting systems
- Knowledge and skill in use of computers and assorted software programs
- Knowledge and skill in installing and repairing electrical equipment and wiring systems and in using tools and equipment associated with the trade
- Ability to read and understand blueprints, diagrams, schematics
- Ability to prepare rough sketches of work and estimate materials and labor
- Ability to understand and follow verbal and written instructions
- Ability to establish and maintain effective relationships with those contacted in the course of work
- Ability to communicate effectively both verbally and in writing with administrators, staff, students, and the community
- Ability to maintain consistent, punctual and regular attendance

WORKING CONDITIONS:

Work Environment:

- Indoor and outdoor work environment
- Seasonal hot/cold weather
- Moderate to loud noise from equipment
- Drive a vehicle to conduct work

Typical Physical Characteristics: (with or without the use of aids; consideration will be given to reasonable accommodation)

- Inspect documents and other written materials with fine print
- Distinguish color coded wiring
- Transport, move, and lift up objects weighing up to 75 pounds
- Move about schools and facilities to conduct work, including climbing, balancing, crawling under buildings, bending, stretching, stooping, kneeling, crouching, working in small and enclosed spaces, and remaining in a stationary position for long periods of time
- Ascend/descend ladders and scaffolding
- Operate tools and equipment requiring repetitive hand movement and fine coordination
- Communicate to exchange information in person, with small groups, and/or on the telephone

Hazards:

- Work near moving mechanical parts
- Work in high, precarious places or below ground level
- Risk of electric shock
- Exposure to vibration

Other Characteristics:

- Willingness to respond to emergency calls at night and/or on weekends

This job description is not a complete statement of essential functions and responsibilities. The district retains the discretion to add or change typical duties of a position at any time.
