

ANCILLAE  
ASSUMPTA  
ACADEMY

## **Multiple Household Policy**

The Academy's constant goal is to provide our students a supportive, nurturing environment in which they can thrive. This is particularly true for families working through divorce, separation, or custody proceedings. In these circumstances, it is incumbent upon the custodial parent to inform the school of the child's situation and promptly provide the Academy with a copy of any court orders or agreements regarding custody, including any subsequent changes to those orders or agreements. Absent these documents, and subject to the Academy's Handbook and Policies, each parent is equally entitled to access to and information about their child.
