Know Your Educational Rights **Your Child has the Right to a Free Public Education**

All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students' parents or guardians.

In California: All children have the right to a free public education.

All children ages 6 to 18 years must be enrolled in school.

All students and staff have the right to attend safe, secure, and peaceful schools.

All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.

All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

When enrolling a child, schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency.

You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.

Some schools collect and provide publicly basic student "directory information." If they do, then each year, your child's school district must provide parents/guardians with written notice of the school's directory information policy, and let you know of your option to refuse release of your child's information in the directory.

Family Safety Plans if You Are Detained or Deported

You have the option to provide your child's school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported.

You have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated, or bullied on the basis of his or her actual or perceived nationality, ethnicity, or immigration status.

1. Santa Paula Unified School District offers the following language and language acquisition programs for student enrollment. Parents/Guardians may choose a language acquisition program that best suits their child (EC Section 310[a]).

Language and Language Acquisition Programs Offered:

- **Structured English Immersion (SEI) Program:** A language acquisition program for English learners in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for students who are learning English. At minimum, students are offered Designated ELD and provided access to grade level academic subject matter content with Integrated ELD.
- **Dual-Language Immersion (DLI) Program:** Also referred to as **Two-Way Immersion**. A language acquisition program that provides language learning and academic instruction for native speakers of English and native speakers of another language, with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding. This program begins in Transitional Kindergarten/Kindergarten (TK/K) and continues to sixth grade.

Other Language and Language Acquisition programs not currently offered:

- **Transitional Bilingual Program:** A language acquisition program for English learners that provides instruction to students utilizing English and a student's native language for literacy and academic instruction, enabling an English learner to achieve English proficiency and meet state-adopted academic achievement goals. This program begins in TK/K and continues to third grade where students transition to instruction all in English.
- **Developmental Bilingual Program:** Language acquisition program for English learners that provides instruction to students utilizing English and a student's native language for literacy and academic instruction, enabling an English learner to achieve language proficiency and meet state academic achievement goals. This program begins in TK/K and continues with the goal of biliteracy to sixth grade.
- **Heritage Language Program:** A language acquisition program for English learners that provides instruction to students utilizing English and a student's native language for literacy and academic instruction. Enables non-English speakers or students who have weak literacy skills in their native language to achieve language proficiency and meet academic achievement goals. This program is designed for sixth through eighth and ninth through twelfth grades.

How to Enroll Your Child in a Language Acquisition Program:

If a parent/guardian would like for their child to participate in any of the Language or Language Acquisition programs from the list, please visit your child's school site and request a Language Learner Program Parental Request Form. Please complete the form and return to the Administrative Assistant. The Administrative Assistant will log your request. As soon as the district reaches the **threshold**, the district will reach out to you to notify you of next steps.

How to Request the Establishment of a New Program at a School:

Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (EC Section 310[a])

- Submit a verbal or written request to the office at your child's school.

Reaching a Threshold

When the parents of 30 pupils or more enrolled in a school, or when the parents of 20 pupils or more in the same grade enrolled in a school, request the same or substantially similar type of a language acquisition or language program, the school responds by notifying the District immediately and taking the following actions.

1. Communication

Within 10 school days of reaching a threshold described above, the District notifies the parents of pupils attending the school, the school's teachers, administrators, and the District English learner parent advisory committee and parent advisory committee, in writing, of the parents' request for a language acquisition program.

2. Cost and Resource Analysis

The District then identifies costs and resources necessary to implement any new language acquisition or language program, including but not limited to:

- Certificated teachers with the appropriate authorizations
- Necessary instructional materials
- Pertinent professional development for the proposed program
- Opportunities to parent and community engagement to support the proposed program goals.

3. Determination

Having completed the costs and resource analysis, the District determines, within 60 calendar days of reaching a threshold described above, whether it is possible to implement the requested language acquisition or language program. At that time, the District provides notice, in writing, to parents of pupils attending the school, the school's teachers, and administrators of its determination.

- **Determination to implement a program at the school:** In the case that the district determines it can implement the requested program, the LEA creates and publishes a reasonable timeline of actions necessary to implement the program. As a part of the implementation, the District confers with school personnel, including administrators, and teachers with the authorizations required to provide or oversee programs and services for English learners, regarding the design and content of language acquisition programs.
- **Determination not to implement a program at the school:** In the case that the District determines it is not possible to implement the program requested by parents, the District provides a written explanation of the reason(s) why the program cannot be provided. Further, the District may offer an alternate option that can be implemented at the school.

CAL GRANT PROGRAMS

EC §69432.9 & SPUSD Administrative Regulation 5125

A Cal Grant is money for college that does not have to be paid back. To qualify, a student must meet the eligibility and financial requirements as well as any minimum grade point average (GPA) requirements. Cal Grants can be used at any University of California, California State University or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants.

In order to assist students in applying for financial aid, all students in grade 12 are automatically considered a Cal Grant applicant and each grade 12 student's GPA will be submitted to the California Student Aid Commission (CASC) electronically by a school or school district official. A student, or the parent/guardian of a student under 18 years of age, may complete a form to indicate that he/she does not wish for the school to electronically send CASC the student's GPA. If you do not wish to have your GPA submitted to CASC, please contact the school principal to complete the "opt out" form by no later than January 1st of your freshman year.

Until a student turns 18 years of age, only the parent/guardian may opt out the student. Once a student turns 18 years of age, only the student may opt himself/herself out, and can opt in if the parent/guardian had previously decided to opt out the student. The March 2 application deadline may be extended up to 30 calendar days when requested by students impacted by natural disaster, state of emergency, labor action, or any other commission approval of "qualifying event".

CALIFORNIA HEALTHY YOUTH ACT / SEX & HIV/AIDS INSTRUCTION (GRADES 5, 7 & 9)

EC §51930 – EC §51939, SPUSD Board Policy 6142.1 & SPUSD Administrative Regulation 6142.1

The purpose of the California Healthy Youth Act (Education Codes §51930 through §51939) is to provide every student with the knowledge and skills necessary to (1) protect their sexual and reproductive health from HIV and other sexually transmitted infections and from unintended pregnancy; (2) provide students with the knowledge and skills they need to develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family; (3) promote understanding of sexuality as a normal part of human development; (4) ensure students receive integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention instruction and provide educators with clear tools and guidance to accomplish that end; and (5) provide students with the knowledge and skills necessary to have healthy, positive, and safe relationships and behaviors.

The Santa Paula Unified School District will provide instruction in comprehensive sexual health education, HIV/AIDS prevention education, and/or will conduct assessments on pupil health behaviors and risks in the coming school year for pupils in grades 5, 7 & 9.

Parents or guardians may:

1. Inspect the written and audiovisual educational materials to be used in comprehensive sexual health and HIV prevention education;
2. Request in writing to excuse their child from comprehensive sexual health or HIV prevention education, or research on student health behaviors and risks;
3. Request a copy of Education Codes §51930 through §51939;
4. Be informed whether the comprehensive sexual health or HIV/AIDS prevention education will be taught by district personnel or outside consultants; and
5. When the district chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV/AIDS prevention education, to be informed of:
 - a. The date of the instruction

- b. The name of the organization or affiliation of each guest speaker
- c. Information stating the right of the parent/guardian to request a copy of Education Code §51933, §51934, and §51938

Surveys: The district may administer to students in grades 5, 7 & 9 anonymous, voluntary, and confidential research and evaluation tools to measure student health risks and behaviors, including tests and surveys about student attitudes or practices related to sex as long as parents/guardians are provided written notice and given an opportunity to request, in writing, that their child not participate. Parents/guardians shall be given an opportunity to review the research instrument and to request in writing that their child not participate.

CALIFORNIA HIGH SCHOOL PROFICIENCY EXAMINATION

CCR Title 5 §11523 & SPUSD Board Policy 6146.2

The California High School Proficiency Exam (CHSPE) is a voluntary test that assesses proficiency in basic reading, writing, and mathematics skills taught in public schools. Eligible pupils who pass the CHSPE are awarded a Certificate of Proficiency by the State Board of Education. A pupil who receives a Certificate of Proficiency may, with verified approval from the parent or legal guardian, leave high school early. The Certificate of Proficiency, however, is not equivalent to completing all coursework required for regular graduation from high school. For more information, including administration dates and registration deadlines, visit the following website: <http://www.chspe.net/>.

CAREER COUNSELING AND COURSE SELECTION

EC §221.5(d) & SPUSD Board Policy 6164.2

Commencing grade 7, school personnel shall assist pupils with course selection or career counseling, exploring the possibility of careers, or courses leading to careers based on the interest and ability of the pupil and not on the pupil's gender. Parents or legal guardians are notified so that they may participate in such counseling sessions and decisions.

COLLEGE & CAREER TECHNICAL EDUCATION

FEDERAL STUDENT AID (9-12)

EC §51225.8

Under state law, school districts are to ensure that students prior to entering 12th grade are entitled to information on how to properly complete and submit the Free Application for Federal Student Aid (FAFSA) or the California Dream Act Application at least once. This information should be available in a timely manner as financial aid is awarded in order of submission according to deadlines, on a first-come, first-served basis. All family and student personal information will be protected according to state

and federal privacy laws and regulations. Student lists will be matched to FAFSA applications for the purpose of ensuring that either the FAFSA is completed or an opt out form is completed to maintain the students' ability to graduate.

California high school seniors are required to complete a Free Application for Federal Student Aid (FAFSA), or a California Dream Act Application (CADAA), unless the student or parent has opted out of the submission process. The opt-out letter is available in the College & Career Center and needs to be returned to the SPSHS College & Career Center by Oct 1, 2023. Questions may be directed to the College & Career Specialist at (805) 525-4400 ext. 22030.

GRADUATION DRESS CODE

SPUSD Board Policy 5127

High school graduation ceremonies shall be held to recognize those students who have earned a diploma by successfully completing the required course of study, satisfying district standards, and passing any required assessments. The Board of Education believes that these students deserve the privilege of a public celebration that recognizes the significance of their achievement and encourages them to continue the pursuit of learning throughout their lives.

At the discretion of the Superintendent or designee, a student who will complete graduation requirements during the summer may be allowed to participate in graduation exercises without receiving a diploma. When the requirements have been satisfied, a diploma shall be sent to the student. High school students who have passed a high school equivalency test or the California High School Proficiency Examination must also meet district graduation requirements in order to participate in graduation ceremonies.

Invocations, prayers, or benedictions shall not be included in graduation ceremonies. The school or district shall not sponsor other ceremonies or programs for graduates that include prayer.

Honors and Awards

To honor superior academic achievement, graduation ceremonies shall include recognition of valedictorian(s) and salutatorian(s). Valedictorian(s) and salutatorian(s) shall be selected based on established criteria and procedures that use multiple measures of academic performance.

The Superintendent or designee shall identify other school-sponsored awards which may be given during graduation exercises. A separate awards program may be held to recognize graduating students receiving other school and non-school awards.

Graduation Attire

The Superintendent or designee may require graduating students to wear ceremonial attire, such as cap and gown, at the ceremony.

Any graduating student who has completed basic training and is an active member of any branch of the United States Armed Forces may, at the student's option, wear a military dress uniform at the ceremony.

Students shall be permitted to wear tribal regalia or recognized objects of religious or cultural significance as an adornment to the customary ceremonial attire, as long as the adornment does not cause a substantial disruption of, or material interference with, the graduation ceremony.

Students who desire to wear such adornments shall seek permission from the Superintendent or designee at least 14 days before the graduation ceremony.

Disciplinary Considerations

Students are expected to comply with district and school policies, regulations, and rules throughout the school session, including during graduation and related events. Students shall not be denied the privilege of participating in graduation ceremonies except as discipline in cases of serious misconduct. In no event shall a student be denied participation in graduation ceremonies unless the principal or designee has informed the student and the student's parents/guardians of the misconduct and has given them an opportunity to respond.

During the graduation ceremony, a student may be removed from the ceremony for conduct that is disruptive or that poses a risk to safety.

High school seniors shall be notified of this policy in advance, through the student handbook or other means, and shall be required to acknowledge receiving it.

GRADUATION REQUIREMENTS

EC §51225.3 & SPUSD Board Policy 6146.1

All students enrolled in grades 9-12 are required to earn a total of 230 units to qualify for graduation from any of the district's high schools.

Requirements include 30 units in Social Studies, 40 units in English, 30 units in Mathematics, 20 units in Science, 20 units in Visual or Performing Arts/World Language including American Sign Language (one CTE course may substitute for one of these courses), 5 units in Health, 60 units of Electives, 20 units of Physical Education and 5 units of College & Career Readiness.

Alternative Credits toward Graduation

Because the prescribed course of study may not accommodate the needs of some students, the Board shall provide alternative means for the completion of prescribed courses in accordance with law. (Education Code §51225.3)

A foster youth, homeless student, former juvenile court school student, or child of a military family who transfers into the district any time after completing his/her second year of high school shall be required to complete all graduation requirements specified in Education Code §51225.3 but shall be exempt from any additional district-adopted graduation requirements, unless the Superintendent or designee makes a finding that the student is reasonably able to complete the requirements in time to graduate by the end of his/her fourth year of high school. Within 30 days of the transfer, any such student shall be notified of the availability of the exemption and whether he/she qualifies for it. (Education Code §51225.1)

Foster & Homeless Youth Exemption from Local Graduation Requirements

EC §48853, EC §49069.5, EC §51225.1, 51225.2 & EC §51225.3
SPUSD Administrative Regulation 6173.1

Foster and homeless youth are allowed educational rights, such as: immediate enrollment, to remain in school of origin, enrollment in local comprehensive school, partial credits, graduation with state minimum requirements with possible fifth year/exemption from local graduation requirements, and access to academic resources, services and extracurricular activities. A local educational agency must provide a remedy to the affected pupil following the Uniform Complaint Procedures, including information regarding exemption from local graduation requirements, if educational rights are not allowed at the public high school. You may contact the school counselor or the District's Assistant Superintendent of EL Services and Community Engagement at (805) 933-8879.

Coursework and Graduation Requirements: Children of Military Families

If you are a military family, your child may qualify to be exempted from local graduation coursework requirements that are beyond the California state requirements. Please make an appointment with the school counselor to review your child's options for graduation. All coursework that was completed at another school outside of the Santa Paula Unified School District will be issued full or partial credit. Contact the school counselor or the Assistant Superintendent of Educational Services at (805) 933-8963.

Contact our counseling office to determine eligibility. Students and parents of migratory children shall not request a transfer solely to qualify for this exemption.

ENROLLMENT

ATTENDANCE OPTIONS

EC 35160.5(b), EC §48200, EC §48204, EC §48204.2, EC§ 48300, EC§ 46600, EC §48490(g), USC Title 20 §7912 & SPUSD Board Policies 5111.1, 5116, 5116.1, 5117 & SPUSD Administrative Regulation 5111.1, 5116, 5116.1, 5117

Compulsory Education law states that students must enroll in school in the school district in which the residence of either the parent or legal guardian is located. If a parent is seeking a change in a public district outside of the residential district, then an interdistrict permit is required. Exceptions are for charter school, home school or other private school enrollments, and other online charter school options.

An interdistrict agreement is signed by both the releasing and accepting districts. When denied, there are appeal processes according to the local district policies. The education rights holder may appeal to their County Office of Education for an appeal process within 30 days of a final denial from either district.

Interdistrict Enrollment/Transfer Requests

Parents/guardians of students living outside the boundary of Santa Paula Unified School District may apply for an Interdistrict Transfer. The parent or legal guardian of a pupil may seek release from the home district to attend a school in any other school district. School districts may enter into agreements for the interdistrict transfer of one or more pupils for a period of up to five years. The agreement must specify the terms and conditions for granting or denying transfers, and may contain standards of reapplication and specify the terms and conditions under which a permit may be revoked. Unless otherwise specified in the agreement, a pupil will not have to reapply for an interdistrict transfer, and the school board of the district of enrollment must allow the pupil to continue to attend the school in which he/she is enrolled. A student who has completed grade 10 by June 30, may remain enrolled within the district of enrollment through grades 11 and 12 without any revocation from the desired district, and must be treated the same as any other resident student.

Regardless of whether an agreement exists or a permit is issued, the school district of residence cannot prohibit the transfer of a pupil who is a child of an active military duty parent to a school district of proposed enrollment if that district approves the application for transfer. Nor may a district prohibit an interdistrict permit release when no intradistrict permit options are available to a victim of bullying. A "victim of an act of bullying" means a pupil that has been determined to have been a victim of bullying by an investigation pursuant to the complaint process described in Section 234.1 and the bullying was committed by any pupil in the school district of residence, and the parent of the pupil has filed a written complaint regarding the bullying with the school, school district personnel, or a local law enforcement agency. "Bullying" means any severe or pervasive physical or verbal communication made in writing or by means of an electronic act directed toward one or more pupils that results in placing a reasonable person in fear of harm of self or property. It may cause a substantially detrimental effect on physical or mental health, interfere with academic performance or the ability to participate in or benefit from the services, activities, or privileges provided by a school, and may be done in person or online. Bullying may be exhibited in the creation or transmission of bullying online, on or off the school site, by telephone or other device in a message, text, sound, video, or image in a post on a social network internet website or burn page that creates a credible impersonation of another student knowingly and without consent for the purpose of bullying. Sharing or forwarding messages contributes to the act of bullying.

A pupil who has been determined by personnel of either the home or receiving district to have been the victim of an act of bullying, as defined in EC 48900(r), shall, at the request of the parent or legal guardian, be given priority for interdistrict attendance under any existing agreement or, in the absence of an agreement, be given additional consideration for the creation of an interdistrict attendance agreement.

Requests are based on the district's enrollment and staffing needs. Preferences will be given to pupils whose parents are enlisted in the military. Parents/guardians should contact the District's Educational Services Department at (805) 933-8963 for further information.

Intradistrict Enrollment/Transfer Requests

Parents/guardians of students living within the City of Santa Paula who moved to the attendance area of a different school may apply for an Intradistrict Transfer. These requests are based on enrollment and staffing needs. Parents of high school athletes should check on CIF sports eligibility rules before pursuing open enrollment. Transportation to any other school is the responsibility of the parent. No pupil who currently resides in the attendance area of a school can be displaced by pupils transferring from outside the attendance area.

13. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.

A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.

Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.

For purposes of this section, the following definitions apply:

- (1) A "civic or political event" includes, but is not limited to, voting, poll working, strikes, public commenting, candidate speeches, political or civic forums or town halls.

If there is no "intra-district" space to attend, the student may seek an "inter-district" permit to another district without any delay in release from the home district, but it does not guarantee entrance to an outside district. The process to enter another school district will be according to the desired district's transfer policies. A "victim of an act of bullying" means a pupil that has been determined to have been a victim of bullying by an investigation pursuant to the complaint process described in Section 234.1 and the bullying was committed by any pupil in the school district of residence, and the parent of the pupil has filed a written complaint regarding the bullying with the school, school district personnel, or a local law enforcement agency. "Bullying" means any severe or pervasive physical or verbal communication made in writing or by means of an electronic act directed toward one or more pupils that results in placing a reasonable person in fear of harm of self or property. It may cause a substantially detrimental effect on physical or mental health, interfere with academic performance or the ability to participate in or benefit from the services, activities, or privileges provided by a school, and may be done in person or online. Bullying may be exhibited in the creation or transmission of bullying online, on or off the school site, by telephone or other device in a message, text, sound, video, or image in a post on a social network internet website or burn page that creates a credible impersonation of another student knowingly and without consent for the purpose of bullying. Sharing or forwarding messages contributes to the act of bullying. Contact the school office for further information.

Persistently Dangerous Schools

The Santa Paula USD Board of Trustees has adopted a policy stating that students who attend a district school designated by the California Department of Education as a persistently dangerous school must be granted priority to attend a safe public school.

Residency Requirements

A minor between the ages of 6 and 18 years is subject to compulsory education and, unless exempted, must enroll in school in the school district in which the residence of either the parent or legal guardian is located.

A student shall be deemed to have complied with district residency requirements for enrollment in the district if he or she meets any of the following criteria: The student's parent/guardian resides within district boundaries; the student is placed within district boundaries in a regularly established licensed children's institution, a licensed foster home, or a family home pursuant to a court-ordered commitment or placement; the student is admitted through an interdistrict attendance option; the student is an emancipated minor residing within district boundaries; the student lives with a caregiving adult within district boundaries and the caregiving adult submits an affidavit to that effect; the student resides in a state hospital located within district boundaries; the student is confined to a hospital or other residential health facility within district boundaries for treatment of a temporary disability; the student's parent/guardian resides outside district boundaries but is employed within district boundaries and lives with the student at the place of employment for a minimum of three days during the school week; the student's parent/guardian, while on active military duty pursuant to an official military order, is transferred or is pending transfer to a military installation within the state; the student's parent/guardian was a resident of California who departed the state against his/her will to a transfer by a government agency that had custody of the parent/guardian, a lawful order from a court or government agency authorizing his/her removal, or removal or departure pursuant to the federal Immigration and Nationality Act, and the student lived in California immediately before moving out of state as a result of his/her parent/guardian's departure.

Students in military and migrant families may remain in their school of origin and shall have waived residency restrictions due to the frequency of movement of their families. Connect with the school office for more information on the protections afforded these students per California laws.

District residency status may be granted to a student if at least one of his/her parents/guardians is physically employed within district boundaries for a minimum of 10 hours during the school week.

Residency Investigations

When the Superintendent or designee reasonably believes that a student's parent/guardian has provided false or unreliable evidence of residency, he/she may make reasonable efforts to determine that the student meets district residency requirements. An investigation may be initiated when the Superintendent or designee is able to identify specific, articulable facts supporting the belief that the parent/guardian has provided false or unreliable evidence of residency.

The Superintendent or designee may assign a trained district employee to conduct the investigation. The investigation may include the examination of records, including public records, and/or interviews of persons who may have knowledge of the student's residency.

If necessary, the Superintendent or designee may employ the services of a private investigator to conduct the investigation. Before hiring a private investigator, the Superintendent or designee shall make other reasonable efforts to determine whether the student resides in the district.

The investigation shall not include the surreptitious collection of photographic or videographic images of persons or places subject to the investigation. However, the use of technology is not prohibited if done in open and public view. Any employee or contractor engaged in the investigation shall truthfully identify himself/herself as an investigator to individuals contacted or interviewed during the course of the investigation.

INSTRUCTION FOR PUPILS WITH A TEMPORARY DISABILITY

EC §48206.3, EC §48207, EC §48208 & SPUSD Administrative Regulation 6183

A student with a temporary disability which makes school attendance impossible or inadvisable shall be entitled to receive individual instruction at home or in a hospital or other residential health facility, excluding state hospitals.

Temporary disability means a physical, mental, or emotional disability incurred while a student is enrolled in regular day classes or an alternative education program, and after which the student can reasonably be expected to return to regular day classes or the alternative education program in which the student is enrolled. Temporary disability does not include a disability that would qualify a student for special education pursuant to Education Code §56026.

It is the responsibility of the parent or guardian to notify the school district in which the hospital or other residential health facility is located of the presence of a pupil with a temporary disability. Upon receipt of the notification, the district will within five working days determine whether the pupil will be able to receive individualized instruction and, if so, provide the instruction within five working days or less.

INVOLUNTARY TRANSFER

EC §48980(m) & EC §48929

A school administrator may recommend an involuntary transfer of a student if convicted of a violent crime and if the victim attends the same school. Parents must be notified in writing and have the right to a meeting with the administration. The school will first attempt to resolve an conflict prior to transferring. Periodic reviews will be considered for returning to the school site if there is no on-going danger to either student or others on campus. The school board makes the final decision.

NOTICE OF ALTERNATIVE SCHOOLS

EC §58501, SPUSD Board Policy 6158 & SPUSD Administrative Regulation 6158

California state law authorizes all school districts to provide for alternative schools. Education Code §58500 defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- Recognize that the best learning takes place when the student learns because of his/her desire to learn.
- Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or in part from a presentation by his/her teachers or choices of learning projects.
- Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- Maximize the opportunity for students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each school have copies of the law available for your information. This law particularly authorizes interested persons to request the Board of Trustees of the district to establish alternative school programs in each district.

VICTIM OF VIOLENT CRIME

USC Title 20 §7912a & SPUSD Board Policy 5116.1

A student who becomes a victim of a violent criminal offense while in or on the grounds of a school that the student attends has the right to transfer to another school within the district. The district has 14 calendar days to offer students the option to transfer. For more information, please contact the school principal or the District's Educational Services Department at (805) 933-8963.

HEALTH

ADMINISTRATION OF MEDICINE DURING THE SCHOOL DAY

EC §49423, EC §49423.1 & EC §49480, SPUSD Board Policy 5141.21 & SPUSD Administrative Regulation 5141.21

The parent or legal guardian of any pupil taking medication on a regular basis must inform the school nurse or the school site administrative assistant of the medication being taken, the current dosage, and the name of the supervising physician. With the consent of the parent or legal guardian, the school nurse may communicate with the physician and may counsel with the school personnel regarding the possible effects of the medication on the pupil.

Administration of Prescribed Medication for Pupils

Any pupil who is required to take, during the regular school day, medication prescribed by a physician may be assisted by the school nurse or other designated school personnel if the school district receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken and a statement requesting the school nurse to assist the pupil with prescribed medication as set forth in the physician statement. Students may carry and self-administer auto-injectable epinephrine or inhaled asthma medication if the school district receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken and a written statement from the parent or guardian requesting that the student self-administer. All requests are to be approved by school nurse prior to use.

Administration of Epilepsy Medication

If a pupil with epilepsy has been prescribed an emergency anti-seizure medication by his or her health care provider, the pupil's parent or guardian may request the pupil's school to have one or more of its employees receive training in the administration of an emergency anti-seizure medication in the event that the pupil suffers a seizure when a nurse is not available.

Emergency Treatment for Anaphylaxis

Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergic trigger, such as food, medicine, an insect bite, latex or exercise. Symptoms include narrowing of the airways, rashes or hives, nausea or vomiting, a weak pulse and dizziness. It is estimated that approximately 25% of the anaphylactic reactions occur during school hours to students who had not previously been diagnosed with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives. Recent changes to EC §49414 now require school districts to provide epinephrine auto-injectors to school nurses and trained personnel and authorizes them to use epinephrine auto-injectors for any student who may be experiencing anaphylaxis, regardless of known history.

ANNUAL HEALTH SCREENINGS

EC §49452, EC §49452.5, SPUSD Board Policy 5141.3 & Administrative Regulation 5141.3

Annual vision and hearing screenings are conducted in kindergarten, second, fifth, and eighth grade. Parent or teacher referrals or students receiving special education services may be included in these screenings as required by law unless the parent/guardian files a written objection. Notification will be sent to the parent/guardian of a student for any noted condition discovered through the screenings.

CHILD ABUSE NEGLECT & REPORTING

Penal Code §11164, SPUSD Board Policy 5141.4 & SPUSD Administrative Regulation 5141.4

The staff of the Santa Paula Unified School District are required by law to report cases of child abuse and neglect whenever staff have a reasonable suspicion. Staff may not investigate to confirm the suspicion. Both the staff name and the report itself are confidential and cannot be disclosed except to authorized agencies.

Child abuse or neglect includes the following:

1. A physical injury or death inflicted by other than accidental means on a child by another person
2. Sexual abuse of a child, including sexual assault or sexual exploitation, as defined in Penal Code 11165.1
3. Neglect of a child as defined in Penal Code 11165.2
4. Willful harming or injuring of a child or the endangering of the person or health of a child as defined in Penal Code 11165.3
5. Unlawful corporal punishment or injury as defined in Penal Code 11165.4

Child abuse or neglect does not include:

1. A mutual affray between minors
2. An injury caused by reasonable and necessary force used by a peace officer acting within the course and scope of his/her employment
3. An injury resulting from the exercise by a teacher, vice principal, principal, or other certificated employee of the same degree of physical control over a student that a parent/guardian would be privileged to exercise, not exceeding the amount of physical control reasonably necessary to maintain order, protect property, protect the health and safety of students, or maintain proper and appropriate conditions conducive to learning
4. An injury caused by a school employee's use of force that is reasonable and necessary to quell a disturbance threatening physical injury to persons or damage to property, to protect himself/herself, or to obtain weapons or other dangerous objects within the control of a student
5. Physical pain or discomfort caused by athletic competition or other such recreational activity voluntarily engaged in by a student
6. Homelessness or classification as an unaccompanied minor

CONFIDENTIALITY OF MEDICAL INFORMATION ACT

CC 56.10

School linked service coordinators will have access to health care information which complies with federal health insurance requirements. The coordinator must be credentialed and serve with confidentiality requirements per licensed school nurses, marriage and family therapists, educational psychologists, and clinical counselors.

CONCUSSION AND HEAD INJURIES

EC §49475

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. A school district that elects to offer athletic programs must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete's parent or guardian before the athlete's initiating practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course.

CONTROLLED SUBSTANCES: OPIOIDS

EC §49476

The athletic departments of the Santa Paula Unified School District will provide facts regarding the risks and side effects of opioid use each school year to athletes. Parents and student athletes must sign acknowledgement of receipt of the document annually.

DRUG AND ALCOHOL-FREE SCHOOLS

SPUSD Board Policy 3513.4(a)

The Board of Trustees recognizes the need to keep district schools free of drugs and alcohol in order to create a safe and healthy environment conducive to learning and promote student health and well-being. The board prohibits the possession, use, or sale of drugs and alcohol at any time in district-owned or leased buildings, on district property, and in district vehicles, unless otherwise permitted by law.

The following substances are prohibited on all district property:

1. Any substance which may not lawfully be possessed, used, or sold in California
2. Cannabis or cannabis products

3. Alcoholic beverages, unless approved by the Superintendent or designee for limited purposes specified in Business and Professions Code 25608

Prescription medication, except for prescribed cannabis, may be administered at school in accordance with law, district policy and regulations, and written statements by the parent/guardian and the student's authorized health care provider as applicable.

Information about the district's drug- and alcohol-free schools policy and the consequences for violations shall be communicated clearly to employees, parents/guardians, students, and the community.

Enforcement/Discipline

The Superintendent or designee shall take appropriate action to eliminate the possession, use, or sale of alcohol and other drugs and related paraphernalia in district facilities, on district property, in district vehicles, or at school-sponsored activities. As appropriate, he/she may direct anyone violating this policy to leave school property and/or refer the matter to law enforcement.

ENTRANCE HEALTH SCREENING

EC §49451, 20 USC 1232h, HSC §124085, HSC §124100, HSC §124105 & SPUSD Board Policy 5112.2

The district requires a physical examination prior to entering transitional or regular kindergarten. The State of California requires a physical exam 18 months before entering first grade. If the physical examination is done after March 1st of the year the student enters transitional/regular kindergarten, it will meet both requirements. If it is before March 1st of that year, another physical will be required prior to first grade.

IMMUNIZATIONS

EC §48216, EC §49403, HSC §120325, HSC §120335, HSC §120365, HSC §120370, HSC §120375 & SPUSD Board Policy 5141.31

Students must be immunized against certain communicable diseases.

Students are prohibited from attending school unless immunization requirements are met for age and grade. The school district shall cooperate with state and local health officials in measures necessary for the prevention and control of communicable diseases in school age children. The district may use any funds, property, or personnel and may permit any person licensed as a physician or registered nurse to administer an immunizing agent to any student whose parents have consented in writing.

Beginning January 1, 2016, parents of students in any school will no longer be allowed to submit a personal beliefs exemption to a currently required vaccine. A personal beliefs exemption on file at school prior to January 1, 2016 will continue to be valid until the student enters the next grade span at kindergarten (including transitional kindergarten) or 7th grade.

Students are not required to have immunizations if they attend a home-based private school or an independent study program and do not receive classroom-based instruction. However, parents must continue to provide immunizations records for these students to their schools. The immunization requirements do not prohibit students from accessing special education and related services required by their individualized education programs.

A student not fully immunized may be temporarily excluded from a school or other institution when that child has been exposed to a specified disease and whose documentary proof of immunization status does not show proof of immunization against one of the communicable diseases described above.

The Superintendent or designee shall not unconditionally admit any student to a district elementary or secondary school, preschool, or child care and development program for the first time nor, after July 1, 2016, admit or advance any student to grade 7 unless the student has been fully immunized. The student shall present documentation of full immunization, in accordance with the age/grade and dose required by the California Department of Public Health (CDPH), against the following diseases:

- Measles, mumps, and rubella (MMR)
- Diphtheria, tetanus, and pertussis (whooping cough) (DTP, DTaP, or Tdap)
- Poliomyelitis (polio)
- Hepatitis B
- Varicella (chickenpox)
- Haemophilus influenza type b (hib meningitis)
- Any other disease designated by the CDPH

Free- or low-cost immunizations for children are available. Please contact the Santa Paula Public Health Department at (805) 933-5505 for more information.

LACTATION ACCOMMODATIONS

EC §222 & SPUSD Board Policy 5146

The Santa Paula Unified School District provides reasonable accommodations to a lactating pupil on a school campus to express breast milk, breast-feed an infant child, or address other needs related to breast-feeding. These accommodations include, but are not limited to, access to a private and secure room, other than a restroom, to express breast milk or breast-feed an infant child, permission to bring onto a school campus any equipment used to express breast milk, access to a power source for that equipment, and access to a place to safely store breast milk. A reasonable amount of time to accommodate the need to express breast milk or breast-feed an infant child is also given, and no academic penalty will be incurred as a result of use of these reasonable accommodations during the school day.

MEDICAL SERVICES INFORMATION

EC §49471 & EC §49472

The school may make available medical or hospital services for students while at or on the way to or from any school activity. Specific direction regarding emergency care must be noted on emergency cards.

MENTAL HEALTH SERVICES NOTIFICATION

EC §49428

In accordance with AB 2022, the Santa Paula Unified School District wants to ensure that parents, guardians, and students are informed about resources available for anyone who believes they are in a mental health crisis. We encourage parents/guardians and students to talk with any adult in the school district if they are concerned about themselves or another student and possible mental health needs.

In order to initiate access to available pupil mental health services, you may contact the following mental health provider: Ventura County Behavioral Health at (866) 998-2243.

The Santa Paula Unified School District will notify parents at least twice per year. This is one time through our Annual Notifications, and we will also notify you again a second time during the school year by mail or by other commonly used method of notification.

ORAL HEALTH ASSESSMENT

EC §49452.8 & SPUSD Board Policy 5141.6

Record of a dental assessment done by a dental professional is required for all kindergarteners and first graders attending public school for the first time. Dental assessments must be completed in the 12 months prior to entry or by May 31 of the pupil's first school year.

PHYSICAL EXAMINATION

EC §49451, SPUSD Board Policy 5141.3 & SPUSD Administrative Regulation 5141.3

A parent or guardian may file annually with the school principal a written statement, signed by the parent or legal guardian, withholding consent to a physical examination of the pupil. However, whenever there is good reason to believe that the pupil is suffering from a recognized contagious or infectious disease, the pupil shall be sent home and shall not be permitted to return until school authorities are satisfied that the contagious or infectious disease no longer exists.

SUDDEN CARDIAC ARREST PREVENTION ACT

EC §33479 et seq. & SB 1375

The senate bill requires a pupil in any public school, including a charter school, or private school that elects to conduct athletic activities, and the pupil's parent or guardian, to sign and return an acknowledgement of receipt of an information sheet on sudden cardiac arrest symptoms and warning signs each school year before the pupil participates in an athletic activity.

SUICIDE PREVENTION

EC §215 & SPUSD Board Policy 5141.52

The Board of Trustees recognizes that suicide is a leading cause of death among youth and that school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. In an effort to reduce suicidal behavior and its impact on students and families, the Superintendent or designee shall develop measures and strategies for suicide prevention, intervention, and postvention.

In developing measures and strategies for use by the district, the Superintendent or designee may consult with school health professionals, school counselors, school psychologists, school social workers, administrators, other staff, parents/guardians, students, suicide prevention experts, local health agencies, mental health professionals, and community organizations.

Such measures and strategies shall include, but are not limited to:

1. Staff development on suicide awareness and prevention for teachers, school counselors, and other district employees who interact with students in the secondary grades
2. Instruction to students in problem-solving and coping skills to promote students' mental, emotional, and social health and well-being, as well as instruction in recognizing and appropriately responding to warning signs of suicidal intent in others
3. Methods for promoting a positive school climate that enhances students' feelings of connectedness with the school and that is characterized by caring staff and harmonious interrelationships among students
4. The provision of information to parents/guardians regarding risk factors and warning signs of suicide, the severity of the suicide problem among youth, the district's suicide prevention curriculum, basic steps for helping suicidal youth, and/or school and community resources that can help youth in crisis
5. Encouragement for students to notify appropriate school personnel or other adults when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions
6. Crisis intervention procedures for addressing suicide threats or attempts
7. Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a student's suicide

As appropriate, these measures and strategies shall specifically address the needs of students who are at high risk of suicide, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning youth.

STUDENT WELLNESS

SPUSD Board Policy 5030

The Board of Education recognizes the link between student health and learning and desires to provide a comprehensive program promoting healthy eating and physical activity for district students. The Superintendent or designee shall coordinate and align district efforts to support student wellness through health and nutrition education, physical education and activity, health services, nutrition services, psychological and counseling services, and a safe and healthy school environment. In addition, the Superintendent or designee shall develop strategies for promoting staff wellness and for involving parents/guardians and the

community in reinforcing students' understanding and appreciation of the importance of a healthy lifestyle. For more information, please contact the District's Child Nutrition Services Department at (805) 933-8817 or (805) 933-8838.

HSC §104420, HSC §104495 & SPUSD Board Policy 3513.3

These prohibitions apply to all employees, students, and visitors at any school-sponsored instructional program, activity, or athletic event held on or off district property. Any written joint use agreement governing community use of district facilities or grounds shall include notice of the district's tobacco-free schools policy and consequences for violations of the policy.

Smoking means inhaling, exhaling, burning, or carrying of any lighted or heated cigar, cigarette, pipe, tobacco, or plant product intended for inhalation, whether natural or synthetic, in any manner or form, and includes the use of an electronic smoking device that creates aerosol or vapor or of any oral smoking device for the purpose of circumventing the prohibition of smoking.

Tobacco products include:

1. Any product containing, made, or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, including, but not limited to, cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, or snuff
2. An electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, pipe, or hookah
3. Any component, part, or accessory of a tobacco product, whether or not sold separately

Smoking or use of any tobacco-related product or disposal of any tobacco-related waste is prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground. In addition, any form of intimidation, threat, or retaliation against a person for attempting to enforce this policy is prohibited.

TYPE 1 DIABETES INFORMATION

EC §49452.6

On and after January 1, 2023, the governing board of a school district, county board of education, and governing body of a charter school shall make the Type I Diabetes informational materials accessible to the parent or guardian of a pupil when the pupil is first enrolled in elementary school, or with the information provided pursuant to Section 48980. Information provided to parents and guardians pursuant to this section may include, but shall not be limited to, all of the following:

The Description of Type I Diabetes: if you have Type I Diabetes, your pancreas does not make insulin or makes very little insulin. Insulin helps blood sugar enter the cells in your body for use as energy. Without insulin, blood sugar cannot get into cells and builds up in the bloodstream. High blood sugar is damaging to the body and causes many of the symptoms and complications of Diabetes. Type I Diabetes was once called insulin-dependent or juvenile diabetes. It usually develops in children, teens, and young adults, but it can happen at any age. Type I Diabetes is less common than Type 2—about 5-10% of people with diabetes have Type I. (CDC)

Risk Factors, Symptoms and Warning Signs associated with Type I Diabetes: Type I Diabetes is thought to be caused by an immune reaction (the body attacks itself by mistake). Risk factors for Type I Diabetes are not as clear as for prediabetes and Type 2 Diabetes. Known risk factors include: family history (having a parent, brother, or sister with type 1 diabetes) or age. Type I Diabetes can happen at any age, but it usually develops in children, teens, or young adults. If you have any of the following diabetes symptoms, see your doctor about getting your blood sugar tested may be: frequent urination (often at night); thirst; loss of weight without trying; hunger; blurry vision; numbness or tingling of hands or feet; extreme fatigue; very dry skin; have sores that heal slowly and may have more infections than usual. (CDC) It can take months or years before symptoms of Type I Diabetes are noticed. Type I Diabetes symptoms can develop in just a few weeks or months. Once symptoms appear, they can be severe. Some Type I Diabetes symptoms are similar to symptoms of other health conditions. (ADA)

Type I Diabetes Health Screening Process: a simple blood test will let you know if you have diabetes. If your child is screened at a health fair or pharmacy, follow up with their healthcare provider. If your child's healthcare provider thinks you have Type I Diabetes, your blood may also be tested for autoantibodies. These substances indicate your body is attacking itself and are often found with Type I Diabetes but not with Type 2. Ketones may be present in their urine or blood. Ketones are produced when your body burns fat for energy. Having ketones in their urine or blood indicates that they have Type I Diabetes instead of Type 2. (ADA)

Following a Type I Diabetes diagnosis, parents or guardians should consult with the pupil's primary healthcare provider to develop an appropriate treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist. (ADA)

ADA (American Diabetic Association)

TYPE 2 DIABETES INFORMATION

EC §49452.7

Pursuant to California Education Code Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010.

The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children's Hospital of Orange County.

Type 2 diabetes is the most common form of diabetes in adults.

- Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.
- According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.
- Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- Being overweight. The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- Family history of diabetes. Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- Inactivity. Being inactive further reduces the body's ability to respond to insulin.
- Specific racial/ethnic groups. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- Puberty. Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts

- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.
- Get more physical activity. Increase physical activity to at least 60 minutes every day.
- Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes). There are different screening tests that are available through a health practitioner.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

SAFE STORAGE OF FIREARMS

PC 25100-25125, PC 25200-25220, PC 25105, PC 25205 & CC 1714.3;

The purpose of this memorandum is to inform and to remind parents and legal guardians of all students in the Santa Paula Unified School District of their responsibilities for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.

To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Please take some time to review this memorandum and evaluate your own personal practices to assure that you and your family are in compliance with California law.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; or (3) unlawfully brandishes the firearm to others.¹

- Note: The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.

- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor **never** actually accesses the firearm.²
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.³
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.⁴

Note: Your county or city may have additional restrictions regarding the safe storage of firearms.

Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

At the beginning of the school year, "Bus Safety Rules" are distributed to all parents of students who receive special education services and require transportation per their Individual Education Program. They will be given early enough for the parent to be able to review these rules with their child prior to the start of the school year.

The Board believes that reasonable use of surveillance cameras will help the district achieve its goals for campus security. In consultation with relevant staff, the Superintendent and designee have identified appropriate locations for the placement of surveillance cameras. Cameras will not be placed in areas where students, staff, or community members have a reasonable expectation of privacy. Any audio capability on the district's surveillance equipment shall be disabled so that sounds are not recorded.

STUDENT CONDUCT & DISCIPLINE

DRESS CODE

EC §35183 & SPUSD Board Policy 5132

The Board of Trustees believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to wear clothing that is suitable for the school activities in which they participate. Students shall not wear clothing that presents a health or safety hazard or cause a substantial disruption to the educational program.

District and school rules pertaining to student attire shall be included in student handbooks, may be posted in school offices and classrooms, and may be periodically reviewed with all students as necessary.

Students shall not be prohibited from dressing in a manner consistent with their gender identity or gender expression or with their religious or cultural observance.

In addition, the dress code shall not discriminate against students based on hair texture and protective hairstyles, including, but not limited to, braids, locks, and twists.

The principal or designee is authorized to enforce this policy and shall inform any student who does not reasonably conform to the dress code. The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, household income, or body type or size.

School administrators, teachers, and other staff shall be notified of appropriate and equitable enforcement of the dress code.

When practical, students shall not be directed to correct a dress code violation during instructional time or in front of other students.

Repeated violations or refusal to comply with the district's dress code may result in disciplinary action.

The principal, staff, and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a proposed dress code shall be presented to the Board, which shall approve the plan upon determining that it is necessary to protect the health and safety of the school environment. The dress code policy may be included in the school's comprehensive safety plan.

When determining specific items of clothing that may be defined as gang apparel, the school shall ensure that the determination is free from bias based on race, ethnicity, national origin, immigration status, or other protected characteristics.

School uniforms will continue to be in place for K-5 elementary schools. For more information or to request a waiver, please contact the school site principal.

EDUCATIONAL EQUITY: IMMIGRATION AND CITIZENSHIP STATUS

EC §66251, EC §66260.6, EC §66270, EC §66270.3, EC §200, EC §220 & EC §234.1 (adding Article 5.7 to EC §234.7)

Educational Equity

The Equity in Higher Education Act, states that all persons, regardless of their disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other specified characteristic such as hairstyles, equal rights and opportunities and adds this opportunity to apply for financial aid for higher education to also be equitable, and an application may not be denied of a student based on their immigration status. This does not guarantee any final eligibility, but simply an ability to apply for financial aid just like any other student, without discrimination.

Immigration and Citizenship Status

All persons in public schools, regardless of their Immigration status, disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other specified characteristic, are to be afforded equal rights and opportunities in the schools, and are not to be discriminated against on the basis of these specific characteristics in any program or activity conducted by the school that receives or benefits from state financial assistance or enrolls students who receive state financial aid. School officials are prohibited from collecting information or documents regarding citizenship or immigration status of students or their family members. Schools are to adopt a policy that prohibits and adopt a process for receiving and investigating complaints of discrimination, harassment, intimidation, and bullying based on those actual or perceived specified characteristics. The superintendent of a school district or county office of education and principal of a charter school are to report to the governing board of local educational agency in a timely manner any requests for information or access to the school site by an officer or employee or a law enforcement agency for the purpose of enforcing the immigration laws in a manner that ensures the confidentiality and privacy of any potentially identifying information. Schools are encouraged, when an employee is aware that a student's parent or guardian is not available to care for the student, to work with parents or guardians to update the emergency contact information and not to contact Child Protective Services to arrange for the student's care unless the school is able to arrange for care through the use of emergency contact information or instructions provided by the student's parent or guardian. Governing boards or schools are to provide information to parents and guardians as appropriate, regarding their children's right to a free public

education, regardless of immigration status or religious beliefs. Regardless of immigration status, students who are enrolled in community college bridge programs may use their individual tax identification number, if a student does not have a social security number, in order to fully participate in an internship offered through concurrent enrollment pathway courses. Residency status does not stop opportunities offered to all students on their pathway toward graduation with appropriate courses and internships available to all students eligible.

Each school district may prescribe procedures to provide written notice to pupils and parents/guardians regarding school rules and procedures. School sites may adopt rules and procedures established by school

committees with specific membership and filed with the Board of Trustees. Parents/guardians will be notified regarding the availability of site and district rules as well as procedures pertaining to discipline.

SEARCH AND SEIZURE

SPUSD Board Policy 5145.12

The Board of Trustees is fully committed to promoting a safe learning environment and, to the extent possible, eliminating the possession and use of weapons, illegal drugs, and other controlled substances by students on school premises and at school activities. As necessary to protect the health and welfare of students and staff, school officials may search students, their property, and/or district property under their control and may seize illegal, unsafe, or otherwise prohibited items.

The Board urges that employees exercise discretion and good judgment. When conducting a search or seizure, employees shall act in accordance with law, Board policy, and administrative regulation.

The Superintendent or designee shall ensure that staff who conduct student searches receive training regarding the requirements of the district's policy and administrative regulation and other legal issues, as appropriate.

Individual Searches

School officials may search any individual student, his/her property, or district property under his/her control when there is a reasonable suspicion that the search will uncover evidence that he/she is violating the law, Board policy, administrative regulation, or other rules of the district or the school. Reasonable suspicion shall be based on specific and objective facts that the search will produce evidence related to the alleged violation. The types of student property that may be searched by school officials include, but are not limited to, lockers, desks, purses, backpacks, student vehicles parked on district property, cellular phones, or other electronic communication devices.

Any search of a student, his/her property, or district property under his/her control shall be limited in scope and designed to produce evidence related to the alleged violation. Factors to be considered by school officials when determining the scope of the search shall include the danger to the health or safety of students or staff, such as the possession of weapons, drugs, or other dangerous instruments, and whether the item(s) to be searched by school officials are reasonably related to the contraband to be found. In addition, school officials shall consider the intrusiveness of the search in light of the student's age, gender, and the nature of the alleged violation. Employees shall not conduct strip searches or body cavity searches of any student.

Searches of individual students shall be conducted in the presence of at least two district employees.

The principal or designee shall notify the parent/guardian of a student subjected to an individualized search as soon as possible after the search.

Student Vehicle Searches

The Board reserves the right for its school principal or designees to inspect a student's vehicle, parked on school property, if there exists a reasonable suspicion that the vehicle is a depository for a substance or object either prohibited by law or district or campus rule or regulation. Except where factors of health, safety, or the welfare of the campus dictates otherwise, reasonable efforts will be taken to contact the student in order to inform the student of the grounds for the inspection, and to give the student the opportunity to be present during the inspection.

Searches of Multiple Student Lockers/Desks

All student lockers and desks are the property of the district. The principal or designee may conduct a general inspection of school properties that are within the control of students, such as lockers and desks, on a regular, announced basis, with students standing by their assigned lockers or desks. Any items contained in a locker or desk shall be considered to be the property of the student to whom the locker or desk was assigned.

Use of Drug/Contraband Detection Dogs

In an effort to keep the schools free of dangerous contraband, the district may use specially trained, nonaggressive dogs to sniff out and alert staff to the presence of substances prohibited by law or Board policy.

The dogs may sniff the air around lockers, desks, or vehicles on district property or at district-sponsored events. Dogs shall not sniff within the close proximity of students or other persons and may not sniff any personal items on those persons without their consent.

Seizure and Removal of Items

Items removed or confiscated by a principal or designees during the search of a student, their personal property, automobile, or locker, shall be identified and placed in a secure location accessible only to the school principal or designee, or when appropriate, turned over to law enforcement authorities. The person conducting the search shall prepare a written statement articulating the grounds for conducting the search. The student shall be given an opportunity to explain the presence or possession of the

removed or confiscated items. Appropriate disciplinary action shall be taken and appropriate law enforcement authorities shall be notified.

For more information on the District's policies and procedures for Search and Seizure and the use of drug/contraband detection dogs, please refer to Board Policy 5145.12. PARENTS' RIGHTS

ANNUAL NOTICE OF PHYSICAL EDUCATION REQUIREMENTS

Santa Paula Unified School District strives to provide the highest quality educational experience we can envision for our students. Included in that is a high-quality physical education (P.E.) program in our elementary schools. California Education Code governs how much PE is taught in each classroom. As per California Education Code §51210(g), first through sixth grade teachers are required to teach 200 minutes of physical education over 10 instructional days. It is at the discretion of the classroom teachers as to how and when these minutes are distributed over this time frame. We are providing this notice to inform parents/guardians that, if they have questions regarding P.E. minutes, they should first contact their child's teacher or principal. If they are not satisfied with the school's response, they may contact the Assistant Superintendent of Educational Services at (805) 933-8963. If there is an interest in filing a formal complaint with the district regarding P.E. minutes of instruction, parents are to use the Santa Paula Unified School District's Complaint Form which can be accessed on the District's Website Homepage at www.santapaulaunified.org. We in SPUSD encourage a well-rounded educational experience, and physical education is a strong component of that experience.

COMPETITIVE ATHLETICS SEEKING HIGHER EDUCATION ATHLETIC PROGRAMS

EC §67455

and may not result in retribution or removal of any benefits if the report has been made in good faith and truthfulness.

DISCLOSURE OF STUDENT INFORMATION

EC §49073 7, EC §51513, EC §51514, 20 USC 1232(h) & SPUSD Board Policy 5125.1

Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Santa Paula Unified School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Santa Paula Unified School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the District to include the type of information from your child's education records in certain school publications. Examples include a playbill showing your student's role in a drama production; the annual yearbook; honor roll or other recognition lists; graduation programs; and sports activity sheets such as for wrestling showing weight and height of team members.

Directory information means information contained in a student record that would generally not be considered harmful or an invasion of privacy if released and which can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.

No information may be released to a private profit-making entity except for representatives of the news media and prospective employers, in accordance with Board policy. Private schools and colleges may be given the names and addresses of 12th-grade students and students who are no longer enrolled provided that they use this information only for purposes directly related to the institution's academic or professional goals.

Directory information may be disclosed without prior consent from the parent or legal guardian unless the parent or legal guardian submits a written notice to the school to deny access to his/her pupil's directory information. Directory information regarding a pupil identified as a homeless child or youth shall not be released unless a parent, or eligible pupil guardian, has provided written consent that directory information may be released.

Disclosure of Student Information for Marketing Purposes 20 USC 1232(h)

Requires notification to parents of pupils that an activity involving the collection, disclosure, or use of personal information collected from pupils for the purpose of marketing or selling that information may be scheduled. If you would like to opt your pupil out from participation in this activity, please contact the school office for assistance.

Student Images or Photo Use

As part of the District's effort to keep the community fully informed, there may be occasions in which the District will need to use images and/or pictures of your student individually or in a group photo. All of the uses of photos, video images, and student work would be for non-commercial purposes and may include use in:

- School newsletters (print and electronic)
- Newspapers, publications
- School site and/or district websites
- Televised board meetings or other televised events

Surveys

Prohibits the use of tests, questionnaires, surveys or examinations containing any questions about the pupil's personal beliefs or practices in sex, family life, morality, and religion, unless the parent or guardian is notified in writing that the test, questionnaire, survey, or examination is to be administered and the parent or guardian consents in writing.

Students will not be given a survey, analysis, or evaluation that reveals sensitive personal information (i.e., political affiliations or beliefs, mental or psychological problems, sex behavior or attitudes, illegal, anti-social, self-incriminating, or demeaning behavior, critical appraisals of other individuals with whom respondent has close family relationships, legally recognized privileged or analogous relationships, religious practices, affiliations or beliefs, or income) without the prior written consent of the parent. Parents/guardians may inspect surveys created by a third party used to collect personal information.

EARNED INCOME TAX CREDIT (EITC)

Revenue and Taxation Code Section 19853(b)

This is an annual notification to households about the Earned Income Tax Credit (EITC) Information Act. The EITC is a benefit for working people with low to moderate income. They must meet certain requirements and file a tax return, even if taxes are not owed or households are not required to file, to qualify. The EITC reduces the amount of tax households owe and may allow for a refund. According to the California Revenue and Taxation

Code (RTC) Section 19854: Based on your annual earnings, you may be eligible to receive the Earned Income Tax Credit from the Federal Government (Federal EITC). The Federal EITC is a refundable federal income tax credit for low-income working individuals and families. The Federal EITC has no effect on certain welfare benefits. In most cases, Federal EITC payments will not be used to determine eligibility for Medicaid, Supplemental Security Income, food stamps, low-income housing, or most Temporary Assistance for Needy Families payments. Even if you do not owe federal taxes, you must file a federal tax return to receive the Federal EITC. Be sure to fill out the Federal EITC form in the Federal Income Tax Return Booklet. For information regarding your eligibility to receive the Federal EITC, including information on how to obtain the Internal Revenue Service (IRS) Notice 797 or any other necessary forms and instructions, contact the IRS by calling 1-800-829-3676 or through its Web site at www.irs.gov. You may also be eligible to receive the California Earned Income Tax Credit (California EITC) starting with the calendar year 2015 tax year. 3. Under the conditions specified in Education Code 49076 and 34 CFR 99.31, organizations conducting studies on behalf of educational institutions or agencies for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction, provided that:
 - a. The study is conducted in a manner that does not permit personal identification of students or parents/guardians by individuals other than representatives of the organization who have legitimate interests in the information.
 - b. The information is destroyed when no longer needed for the purposes for which the study is conducted.
 - c. The district enters into a written agreement with the organization that complies with 34 CFR 99.31.
4. Officials and employees of private schools or school systems where the student is enrolled or intends to enroll, subject to the rights of parents/guardians as provided in Education Code 49068 and in compliance with 34 CFR 99.34
5. Local health departments operating countywide or regional immunization information and reminder systems and the California Department of Public Health, unless the parent/guardian has requested that no disclosures of this type be made

7. Agencies or organizations in connection with the student's application for or receipt of financial aid, provided that information permitting the personal identification of a student or the student's parents/guardians for these purposes is disclosed only as may be necessary to determine the eligibility of the student for financial aid, determine the amount of financial aid, determine the conditions which will be imposed regarding the financial aid, or enforce the terms or conditions of the financial aid
8. County elections officials for the purpose of identifying students eligible to register to vote or offering such students an opportunity to register, subject to the limits set by 34 CFR 99.37 and under the condition that any information provided on this basis shall not be used for any other purpose or transferred to any other person or agency

When disclosing records for the above purposes, the Superintendent or designee shall obtain the necessary documentation to verify that the person, agency, or organization is a person, agency, or organization that is permitted to receive such records.

Any person, agency, or organization granted access is prohibited from releasing information to another person, agency, or organization without written permission from the parent/guardian or adult student unless specifically allowed by state law or the federal Family Educational Rights and Privacy Act.

De-identification of Records

When authorized by law for any program audit, educational research, or other purpose, the Superintendent or designee may release information from a student record without prior consent of the parent/guardian or adult student after the removal of all personally identifiable information. Prior to releasing such information, the Superintendent or designee shall make a reasonable determination that the student's identity is not personally identifiable, whether through single or multiple releases and taking into account other reasonably available information.

Process for Providing Access to Records

Student records shall be maintained in a central file at the school attended by the student or, when records are maintained at different locations, a notation shall be placed in the central file indicating where other records may be found. Parents/guardians and adult students shall be notified of the location of student records if not centrally located.

The custodian of records shall be responsible for the security of student records and shall ensure that access is limited to authorized persons.

The custodian of records shall develop reasonable methods, including physical, technological, and administrative policy controls, to ensure that school officials and employees obtain access to only those student records in which they have legitimate educational interests.

To inspect, review, or obtain copies of student records, authorized persons shall submit a request to the custodian of records. Prior to granting the request, the custodian of records shall authenticate the individual's identity. For any individual granted access based on a legitimate educational interest, the request shall specify the interest involved.

When required by law, a student's parent/guardian or an adult student shall provide written, signed, and dated consent before the district discloses the student record. Such consent may be given through electronic means in those cases where it can be authenticated. The district's consent form shall specify the records that may be disclosed, state the purpose of the disclosure, and identify the party or class of parties to whom the disclosure may be made. Upon request by the parent/guardian or adult student, the district shall provide a copy of the records disclosed.

If the parent/guardian or adult student refuses to provide written consent for the release of student information, the Superintendent or designee shall not release the information, unless it is otherwise subject to release based on a court order or a lawful subpoena.

Within five business days following the date of request, the authorized person shall be granted access to inspect, review, and obtain copies of student records during regular school hours.

Qualified certificated personnel shall be available to interpret records when requested.

The custodian of records or the Superintendent or designee shall prevent the alteration, damage, or loss of records during inspection.

Access Log

An electronic log shall be maintained for each student's record which lists all persons, agencies, or organizations requesting or receiving information from the record and the legitimate educational interest of the requester.

In every instance of inspection by persons who do not have assigned educational responsibility, the custodian of records shall make an entry in the log indicating the record inspected, the name of the person granted

access, the reason access was granted, and the time and circumstances of inspection.

The custodian of records shall also make an entry in the log regarding any request for record(s) that was denied and the reason for the denial.

The log shall include requests for access to records by:

1. Parents/guardians or adult students
2. Students who are 16 years of age or older or who have completed the 10th grade
3. Parties obtaining district-approved directory information
4. Parties who provide written parental consent, in which case the consent notice shall be filed with the record pursuant to Education Code §49075
5. School officials and employees who have a legitimate educational interest
6. Law enforcement personnel seeking to enforce immigration laws

The log shall be open to inspection only the parent/guardian, adult student, dependent adult student, custodian of records, and certain state or federal officials specified in Education Code 49064.

Duplication of Student Records

To provide copies of any student record, the district may charge a reasonable fee not to exceed the actual cost of providing the copies. No charge shall be made for providing up to two transcripts or up to two verifications of various records for any former student. No charge shall be made to locate or retrieve any student record.

Changes to Student Records

Only a parent/guardian having legal custody of a student or an adult student may challenge the content of a record or offer a written response to a record.

No additions or change shall be made to a student's record after high school graduation or permanent departure, other than routine updating, unless required by law or with prior consent of the parent/guardian or adult student.

When a former student submits a state-issued driver's license, birth certificate, passport, social security card, court order, or other government-issued documentation demonstrating that the former student's legal name and/or gender has changed, the district shall update the former student's records to reflect the updated legal name and/or gender. Upon request by the former student, the district shall reissue any documents conferred upon the former student, including, but not limited to, a transcript, a high school diploma, a high school equivalency certificate, or other similar documents. The district is not required to modify records that the former student has not requested for modification or reissuance.

If the former student's name or gender is changed and the requested records are reissued, a new document shall be added to the former student's file that includes all of the following information:

1. The date of the request
2. The date the requested records were reissued to the former student
3. A list of the records that were requested by and reissued to the former student
4. The type of documentation, if any, provided by the former student to demonstrate a legal change to the student's name and/or gender
5. The name of the employee who completed the request
6. The current and former names and/or genders of the student

Any former student who submits a request to change the legal name or gender on the student's records but is unable to provide any government-issued documentation demonstrating the legal name or gender change, may request a name or gender change through the process described in Education Code 49070 and AR 5125.3 - Challenging Student Records.

1. Objective counselor and/or teacher ratings
2. Standardized test results older than three years
3. Routine disciplinary data

When a student transfers into this district from any other school district or a private school, the Superintendent or designee shall inform the student's parent/guardian of rights regarding student records, including a parent/guardian's right to review, challenge, and receive a copy of student records.

When a student transfers into this district from another district, the Superintendent or designee shall request that the student's previous district provide any records, either maintained by that district in the ordinary course of business or received from a law enforcement agency, regarding acts committed by the transferring student that resulted in the student's suspension or expulsion.

When a student transfers from this district to another school district or to a private school, the Superintendent or designee shall forward a copy of the student's mandatory permanent record within 10 school days of the district's receipt of the request for the student's records. The original record or a copy shall be retained permanently by this district. If the transfer is to another California public school, the student's entire mandatory interim record shall also be forwarded. If the transfer is out of state or to a private school, the mandatory interim record may be forwarded. Permitted student records may be forwarded to any other district or private school.

Upon receiving a request from a county placing agency to transfer a student in foster care out of a district school, the Superintendent or designee shall transfer the student's records to the next educational placement within two business days.

All student records shall be updated before they are transferred.

Student records shall not be withheld from the requesting district because of any charges or fees owed by the student or parent/guardian.

If the district is withholding grades, diploma, or transcripts from the student because of damage or loss of school property, this information shall be sent to the requesting district along with the student's records.

Notification of Parents/Guardians

Upon any student's initial enrollment, and at the beginning of each school year thereafter, the Superintendent or designee shall notify parents/guardians and eligible students, in writing, of their rights related to student records. If 15 percent or more of the students enrolled in the district speak a single primary language other than English, then the district shall provide these notices in that language. Otherwise, the district shall provide these notices in the student's home language insofar as practicable. The district shall effectively notify parents/guardians or eligible students with disabilities.

In addition, the annual parental notification shall include a statement that a student's citizenship status, immigration status, place of birth, or any other information indicating national origin will not be released without parental consent or a court order.

WILLIAMS LAWSUIT SETTLEMENT COMPLIANCE

EC §35186 & SPUSD Administrative Regulation 1312.4

Pursuant to Education Code 35186, you are hereby notified that:

1. There should be sufficient textbooks and instructional materials. That means each student, including an English learner, must have a textbook or instructional materials, or both, to use in class and to take home.
2. School facilities must be clean, safe, and maintained in good repair.
3. There should be no teacher vacancies or misassignments. There should be a teacher assigned to each class and not a series of

substitutes or other temporary teachers. The teacher should have the proper credential to teach the class, including the certification required to teach English learners, if present.

Misassignment means the placement of a certificated employee in a teaching or services position for which the employee does not hold a legally recognized certificate or credential or the placement of a certificated employee in a teaching or services position that the employee is not otherwise authorized by statute to hold.

Teacher vacancy means a position to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year or, if the position is for a one-semester course, a position to which a single designated certificated employee has not been assigned at the beginning of a semester for an entire semester.

If you choose to file a complaint alleging that any of the above conditions is not being met, your complaint will be addressed through the district's Williams uniform complaint procedures as required by law. A complaint form may be obtained at the school office or district office, or downloaded from the school or district web site. You may also download a copy of the California Department of Education complaint form from the following web site: <http://www.cde.ca.gov/re/cp/uc>.

However, a complaint need not be filed using either the district's complaint form or the complaint form from the California Department of Education.

SEXUAL HARASSMENT POLICY

EC §48980(g)
SPUSD Board Policy 5145.7 & SPUSD Administrative Regulation 5145.7

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages any student who feels that they are being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult who has experienced off-campus sexual harassment that has a continuing effect on campus to immediately contact their teacher, the principal, the district's Title IX Coordinator or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 5145.71 – Title IX Sexual Harassment Complaint Procedures or BP/AR 1312.3 – Uniform Complaint Procedures, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 5145.71 concurrently meets the requirements of BP/AR 1312.3.

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

The Superintendent or designee shall inform students and parents/guardians of the district's sexual harassment policy by disseminating it through parent/guardian notifications, publishing it on the district's web site, and including it in student and staff handbooks. All district staff shall be trained regarding the policy.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even where the alleged victim of the harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will implement supportive measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation

Disciplinary Actions

Upon completion of an investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in

violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Record-Keeping

In accordance with law and district policies and regulations, the Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools.

Coordinator/Compliance Officer (AR 5145.7)

The district designates the following individual(s) as the responsible employee(s) to coordinate its efforts to comply with Title IX of the Education Amendments of 1972 and California Education Code §234.1, as well as to investigate and resolve sexual harassment complaints under

HATE VIOLENCE

EC §48900.3

In addition to the reasons set forth in Sections 48900 and 48900.2, a pupil in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has caused, attempted to cause, threatened to cause, or participated in an act of hate violence, as defined in subdivision (e) of Section 233.

HARASSMENT, THREATS OR INTIMIDATION

EC §48900.4

In addition to the grounds specified in Sections 48900 and 48900.2, a pupil enrolled in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment.

LIMITATIONS ON IMPOSING SUSPENSION

EC §48900.5

Suspension, including supervised suspension as described in Section 48911.1, shall be imposed only when other means of correction fail to bring about proper conduct. A school district may document the other means of correction used and place that documentation in the pupil's record, which may be accessed pursuant to Section 49069. However, a pupil, including an individual with exceptional needs, as defined in Section 56026, may be suspended, subject to Section 1415 of Title 20 of the United States Code, for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil's presence causes a danger to person.

TERRORISTIC THREATS

EC §48900.7

- (a) In addition to the reasons specified in Sections §48900, §48900.2, §48900.3, and §48900.4, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials or school property, or both.
- (b) For the purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to

another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family.

CIRCUMSTANCES FOR RECOMMENDING EXPULSION

EC §48915

- (a) (1) Except as provided in subdivisions (c) and (e), the principal or the superintendent of schools shall recommend the expulsion of a pupil for any of the following acts committed at school or at a school activity off school grounds, unless the principal or superintendent determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct:
 - (A) Causing serious physical injury to another person, except in self-defense.
 - (B) Possession of any knife or other dangerous object of no reasonable use to the pupil.
 - (C) Unlawful possession of any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, except for either of the following:
 - (i) The first offense for the possession of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis.
 - (ii) The possession of over-the-counter medication for use by the pupil for medical purposes or medication prescribed for the pupil by a physician.
 - (D) Robbery or extortion.
 - (E) Assault or battery, as defined in Sections 240 and 242 of the Penal Code, upon any school employee.
- (2) If the principal or the superintendent of schools makes a determination as described in paragraph (1), he or she is encouraged to do so as quickly as possible to ensure that the pupil does not lose instructional time.
- (b) Upon recommendation by the principal or the superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board of a school district may order a pupil expelled upon finding that the pupil committed an act listed in paragraph (1) of subdivision (a) or in subdivision (a), (b), (c), (d), or (e) of Section 48900. A decision to expel a pupil for any of those acts shall be based on a finding of one or both of the following:
 - (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
 - (2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.
- (c) The principal or superintendent of schools shall immediately suspend, pursuant to Section 48911, and shall recommend expulsion of a pupil that he or she determines has committed any of the following acts at school or at a school activity off school grounds:
 - (1) Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if the possession is verified by an employee of a school district. The act of possessing an imitation firearm, as defined in subdivision (m) of Section 48900, is not an offense for which suspension or expulsion is mandatory pursuant to this subdivision and subdivision (d), but it is an offense for which suspension, or expulsion pursuant to subdivision (e), may be imposed.
 - (2) Brandishing a knife at another person.
 - (3) Unlawfully selling a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.
 - (4) Committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or committing a sexual battery as defined in subdivision (n) of Section 48900.
 - (5) Possession of an explosive.
- (d) The governing board of a school district shall order a pupil expelled upon finding that the pupil committed an act listed in subdivision (c), and shall refer that pupil to a program of study that meets all of the following conditions:
 - (1) Is appropriately prepared to accommodate pupils who exhibit discipline problems.
 - (2) Is not provided at a comprehensive middle, junior, or senior high school, or at any elementary school.
 - (3) Is not housed at the school site attended by the pupil at the time of suspension.
- (e) Upon recommendation by the principal or the superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board of a school district may order a pupil expelled upon finding that the pupil, at school or at a school activity off of school grounds violated subdivision (f), (g), (h), (i), (j), (k), (l), or (m) of Section 48900, or Section 48900.2, 48900.3, or 48900.4, and either of the following:
 - (1) That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
 - (2) That due to the nature of the violation, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.
- (f) The governing board of a school district shall refer a pupil who has been expelled pursuant to subdivision (b) or (e) to a program of study that meets all of the conditions specified in subdivision (d). Notwithstanding this subdivision, with respect to a pupil expelled pursuant to subdivision (e), if the county superintendent of schools certifies that an alternative program of study is not available at a site away from a comprehensive middle, junior, or senior high school, or an elementary school, and that the only option for placement is at another comprehensive middle, junior, or senior high school, or another elementary school, the pupil may be referred to a program of study that is provided at a comprehensive middle, junior, or senior high school, or at an elementary school.
