2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Encinitas Union School District serves the City of Encinitas and the La Costa area of Carlsbad in North San Diego County. Although located in the city of Carlsbad, Mission Estancia Elementary is actually one of nine schools in the impressive Encinitas Union School District. All of the District's schools have been recognized as California Distinguished Schools, and Mission Estancia has also been recognized as a 2007 National Blue Ribbon School as well as a recipient of the National PTA Award of Excellence.

We offer a full academic program from kindergarten through sixth grade to approximately 400 students. Our rigorous curriculum, focus on high quality instructional delivery and enrichment opportunities, support us in fulfilling the mission of creating 21st century citizens. Children explore and demonstrate their abilities through challenging academic activities as well as creative art, science enrichment, SWPPP(Storm Water Pollution Prevention Program), physical education, garden science and digital literacy. Students are also involved in School Leadership Classes including Mission Estancia Ambassadors (a student leadership team), e-magazine (a student created digital magazine) and a Film Guild. Students also participate in a variety of exploration classes including cooking, arts, robotics, and music.

The teachers and staff are dedicated to continuous improvement, ensuring the academic success of every student and providing a safe and productive learning experience. We also offer a variety of choices for after school enrichment including second languages, Fit Kids, art enrichment, etc. . For struggling students, we provide intervention assistance during the day through the research-based programs in reading and math. For students on the cusp of grade level proficiency, we provide support to ensure they maintain skills for continued success. In addition, we work with our students that are performing above grade level to extend their learning and provide opportunities for extended learning experiences.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Mission Estancia Elementary School provides a safe, clean environment for students, staff and volunteers. School facilities were built in 1990 and currently include a maker-space, media center, multi-purpose room, staff lounge, 29 permanent classrooms, two playgrounds and a beautiful school garden used by both students and the school community.

District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. District maintenance has indicated that 100% of all toilets on school grounds are in working order.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	69	N/A	70	N/A	47
Mathematics (grades 3-8 and 11)	N/A	66	N/A	66	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Collaboration and community are an integral part of Mission Estancia's success. Parents can be found in countless classrooms, engaged in rewarding, meaningful work. Community members are invited to share their knowledge and experience, and connect our students to their greater world.

Mission Estancia has an active volunteer base. Volunteers regularly serve on the PTA (Parent Teacher Association), SSC (School Site Council), EEF (Encinitas Education Foundation), and various committees such as safety, wellness, technology, fun facilitator, and green team. Volunteers also help in classrooms, and assist in school activities and long-term projects.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.80	0.18	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Maintaining a safe, clean, and orderly environment is a top priority and essential to teaching and learning. The Comprehensive School Safety Plan (CSSP) is developed by Mission Estancia Elementary in consultation with local law enforcement/emergency preparedness staff, School Site Council (SSC) and Administrative Services in order to comply with Senate Bill 187. The CSSP includes: Annual Schools Safety Data, School Safety Policies and Procedures, Emergency Preparedness Procedures, and Emergency Plans and Protocols. It was most recently updated and reviewed in October 2022 and accepted by the Board of Trustees in November 2022.

We conduct regularly scheduled safety drills including fire, shelter-in-place, lockdown and earthquake. We practice evacuation procedures for fire, procedures for disaster preparedness, and to be ready to respond to the possibility of strangers or dangers on campus. Our district maintenance and site custodial personnel routinely check all play equipment for safety and make recommendations for proactive maintenance. To ensure safety during instructional hours, the perimeter gates of the site are closed immediately after entry each morning and reopened only at dismissal. During school hours, all visitors are required to present an ID for processing via our Raptor Visitor System. Additionally, our site is alarmed during non-school hours. To monitor all school sites, each school is equipped with surveillance cameras. We have a strong partnership with the San Diego County Sheriff's Department North Coastal Station in Encinitas, the Carlsbad Police Department and our Carlsbad School Resource Officers. All staff takes pride in our school and work together to maintain a well-kept and safe facility.

Professional Development

In Encinitas teachers participate in professional development at least once per month. Four months are dedicated to district-wide training, while six months are dedicated to school specific training. The district-wide trainings focused on school safety this year. Teachers also participate in choice and extended learning opportunities, weekly collaboration and planning, as well as individual professional development around personalized learning topics. In 2022-23 all staff completed two sessions of Equity Professional Learning, focused on Belonging. Our teachers have also had opportunities to attend district workshops on digital citizenship, digital and print curriculum and programs, CGI, and more.

This table displays the number of school days dedicated to staff development and continuous improvement.
