2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Bret Harte is a middle school located in the heart of the Bay Area in Hayward, California. Bret Harte is one of five comprehensive middle schools in the Hayward Unified School District. Bret Harte hosts a diverse student body of approximately 600 students who bring with them many cultures, languages, economics and life experiences.

The Bret Harte mission is to work together with parents and students to engage students academically in a rigorous learning environment and a positive school climate that develops the intellectual, emotional, and physical success of all learners. We will instill confidence, teach academic skills, and provide the support or acceleration that students need.

Bret Harte Middle School shares a vision of consistently high expectations and equity for every student. Our focus is on utilizing Culturally Responsive Teaching, research based instructional routines, data analysis and relationship centered classrooms to improve student educational outcomes in the Common Core standards and to prepare our students for College and Career Readiness when they leave Bret Harte.

Bret Harte's emphasis is on a well-balanced and rigorous core curriculum at both 7 and 8 grade levels. Our instructional programs are aligned with our Common Core Instructional Framework to support students in showing proficiency on the CAASPP Assessments which are given each Spring. To support students in their acquisition of the Standards, Bret Harte uses Culturally Responsive Instruction, research based instructional routines, data analysis, and relationship centered classrooms to ensure students are actively engaging in the lesson. Students are provided opportunities to grapple with content and connect and extend their ideas to show their understanding of the concepts through assessments and projects. Our school has adopted a school wide climate plan and Restorative Practices to ensure student accountability and social growth. At Bret Harte leadership is a shared responsibility between the principal, school staff, students, and parents. Staff members and parents participate on various committees that make decisions regarding the priorities and direction of the educational plan to ensure instructional programs are consistent with students' needs and comply with district goals. Leadership teams include School Site Council (SSC), Site Based Decision Making (SBDM), English Learner Advisory Council (ELAC) and our African American Student Achievement Initiative (AASAI).

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Bret Harte is a school where parents, guardians and community members are always welcome. Bret Harte Middle School greatly benefits from its supportive parents who volunteer in the school office, library, and classrooms. Parents and guardians are encouraged to be active in our school, to engage in school activities and participate in their students learning by keeping updated on their students attendance and academic success through our online Parent Portal. Parent Teacher conferences are held during the first quarter of the school year and other times during the year by request, and there are numerous ways for our families to work with counselors and teachers to support students.

Parents/guardians have the opportunity to participate in a variety of events at Bret Harte, some of these may look different under current health guidelines from Alameda County. Parents can attend our annual Back to School Night, Open House and many other academic evening events. Our parents are leaders of our Parent Teacher Association (PTA), School Site Council (SSC), African American Student Achievement Initiative (AASAI) Team, and English Language Advisory Committee (ELAC). Bret Harte hosts Parent Days on a quarterly basis, where parents are encouraged to come to school and shadow their child for all or part of the day to experience life as a Bret Harte student, these days will resume after health guidelines are lifted. Additionally, the school hosts family events such as the International Dinner, Jazz Night, and Spoken Word Poetry night. Parents also supported our school with chaperoning athletic events and study trips including the many trips to local universities.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Bret Harte is a safe school and has an ongoing focus on maintaining a safe campus. Safety is an agenda item at each monthly Site Based Decision Making (SBDM) meeting. At the time of the last comprehensive review of the School Site Safety Plan, all revisions were communicated to both the classified and certificated staff. The school's disaster preparedness plan includes steps for insuring student and staff safety during a disaster. Fire, disaster, or lock-down drills are conducted on a monthly basis throughout the school year.

Students are supervised throughout the day by teachers, counselors, Campus Safety Officers and administrators. There is a designated area for student drop off and pick up. Visitors are required to check in the front office and receive a name badge. There are disaster materials in each classroom for 35 students including water and food provisions, toilet and first aid items. The Bret Harte administration and faculty works closely with our district leadership and community partners to routinely review campus safety procedures and discuss current local needs.

Bret Harte Middle School and Hayward Unified School District utilize Share 911, a real-time app and computer program, to increase communication and reduce response time from first responders in the event of an emergency. This program is practiced during each drill to ensure familiarity and to allow discussion around areas for improvement. We are constantly looking to educate students and faculty on best practices around school safety.

Our school has an active Site Based Decision Making team that includes administrators, teachers, maintenance, and other staff members. The team works together in forming and revising the school safety plan as well as responding to day-to-day safety issues. At the time of the latest review of the School Site Safety Plan, all revisions were communicated to both the classified and certificated staff. During the 2021-22 school year, this has included all of the necessary safety, health and sanitizing protocols to ensure that staff and visitors to campus remain as safe as possible during the COVID-19 pandemic and return to in-person learning. Our COVID-19 Site Plan includes all relevant information and is updated periodically to reflect new Alameda County guidance.

In May 2021 HUSD opened for in person learning opportunities at all sites. HUSD developed district wide safety plans with schools also having plans specific to their site. The "Ready to Return" In-Person Learning Safety Plan was created in April 2021 that addressed questions/guidelines regarding face masks, daily health screenings using the Frontline Health Portal, social distancing, and cleaning procedures. Notifications of the plans were sent out to all staff and families. It was posted on the district/school websites for the entire HUSD community to access.

2020-21 Types of Services Funded

The Local Control Formula Funds are used to ensure all students graduate college and/or career ready. Our district insures that all students have access to and success in a broad curriculum. In addition, that students master Common Core State Standards. We do this by expanding College and Career support programs, expand Career Pathways as well as implementing reading intervention systems. In addition, we have updated and expanded the district's technological infrastructure and obtained more computer software and personnel to maintain it. For specific details about the expenditures at Bret Harte, please refer to our School Plan for Student Achievement (SPSA) for the current year.

At Bret Harte we offer AVID and Puente College Preparatory Programs as well as the Engineering and Art Career Pathway courses.

Professional Development

As part of the growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. Teachers participate in three full Professional Development days each year, with an additional two days offered this year to support the transition to Distance Learning. These days are planned by the site Instructional Leadership team of teachers and administrators and the focus is on site goals. The school site offers additional half-day Professional Development sessions throughout the year. Topics for the site directed half days are determined through site committees such as SBDM, ILT, and Curriculum Council. The district and school site also offer a variety of professional development opportunities, the topics offered are determined by data from a variety of sources. These data may be CAASPP results, California Healthy Kids Survey results, school discipline data, or others specific to content areas or to address needs of students with disabilities or social emotional concerns.

Professional Development is offered on full days as designated by the academic calendar, in after school workshops, in half day professional development opportunities, and through release days with coaching or peer observations. Ongoing support is always a consideration and administration and coaches or consultants support teachers to build capacity.

The Professional Development focus for 2021-22 is Culturally Responsive Teaching, Restorative Practices, and Anti-Bias/Anti-Racist teaching practices. In departments teachers are also exploring other topics with coaches such as Claim/Evidence/Reasoning writing in Science.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
