

RIVER VIEW LOCAL SCHOOLS

Strategic Plan 2023-2028

A note from our Superintendent:

Dear River View Local School District Community:

On behalf of the RVLSD Board of Education, we are proud to announce the implementation of our Strategic Plan for 2023-2028. This five year plan will focus our time, effort and resources throughout each of our buildings and departments. The plan creates opportunities for our students, families and staff to thrive in the future as it focuses on five key areas of our daily operations. These five areas have allowed us to develop action steps to reach those goals throughout the life of the plan:

- *Teaching and Learning
- *Buildings and Grounds
- *Relationship Building
- *Financial Planning
- *Student Life

I want to thank our committee members for the time and effort invested in developing our first Strategic Plan for the River View Local School District. Their work will generate a positive impact on the school district and community for years to come. A special thank you to our consultant, Mr. David Branch, who led us through this process throughout the course of the year.

As our mission statement states, "We will love, serve and care for our students in a safe, positive environment empowering them to excellence." The River View Local District's Strategic Plan will focus our efforts on creating the new River View.

In Education,
C. Rinkes, Superintendent
