

# FREMONT SCHOOL DISTRICT 79

---

*Office of the Assistant Superintendent of Learning*

May 10, 2019

Subject: SBG Parent Information Night Resources

Dear Fremont School District 79 Families:

*This is the third installment in a series of communications regarding our shift to standards-based grading across the District. [Our District website](#) has prior communications and additional resources posted.*

On April 24, our District hosted a Parent Information Night which, in part, served to deepen our parents' understanding of standards-based grading. If you were not able to attend the event, you may [click here](#) to view a copy of the keynote presentation from that evening.

Part of the presentation includes a video featuring a number of our students and staff who have been piloting standards-based grading in the District. They share their experiences learning and teaching in a standards-based grading environment and how it compares to a traditional system of grading and learning. They offer some great insights that help provide context to those who are not yet familiar with this system. You may [click here](#) to view the video.

Stay tuned for additional communications and feel free to visit our [Standards-Based Grading Guidebook](#) for further information.

Thank you,

Dr. Brian Bullis  
Assistant Superintendent of Learning  
Fremont School District 79
