## **District Information**

### **Philosophy of the Dupree School District #64-2**

#### **"WHERE PRIDE AND CONCERN = SUCCESS"**

The faculty of the Dupree School District, in agreement with the governing body, prescribes to excellence in education by making available a sound educational program that allows every student an equal opportunity to become educated to his/her fullest potential. Embodied in the Dupree School District principles of education are such ideals as human rights, patriotism, individualism, cooperation, and competition.

Each student is an individual human being and shall be treated as such. The Dupree School District will make every effort, within its resources, to accommodate the special needs and individual differences among students. It is the responsibility of the student to participate in the school program in such a way as to receive the greatest personal benefits without depriving any other child of this right to the same kind of education.

The effectiveness of the school on the student and the community is dependent upon instructional program, the curriculum, and activities within the school. Interest and concern must be placed on the matter of instruction and curriculum development so that it will be relevant and coordinated in all levels of the school. Development and implementation of sound exploration and experimental programs are to be encouraged.

### **Dupree Elementary School Vision Statement**

We envision.....

- A school that develops creativity and individual interests.
- A school where everyone is physically and emotionally safe.
- A school where everyone takes responsibility for their own actions.
- A school where parents, community, faculty, and administrators encourage and support the students to establish a learning partnership.
- A school where students will be self-directed lifelong learners.
- A school where students are able to succeed in a technologically advanced global society.
- A school where students will communicate effectively and work cooperatively.
- A school where students will think critically, solve problems, and make informed choices.
- A school where students will demonstrate the rights and responsibilities of good citizenship.
- A school where students show respect toward themselves and others regardless of differences.
- A school where cultural diversity is respected and celebrated.

### **Dupree School District Mission Statement**

The mission of the Dupree School District, with the support of the students, parents, and community, is to enable students to become socially responsible citizens who are productive and competent lifelong learners by providing a positive, safe environment which offers innovative learning experiences, thus encouraging critical and creative thinking and respect for others in an ever-changing, culturally diverse world.

## **Administrative Scope of Handbook**

This handbook contains the general rules for the students at our school. However, should further regulations be required for our school's orderly and efficient conduct, the administration may impose them. Violations of rules set forth in this handbook may cause the violator to be subject to disciplinary actions. Insubordination and disobedience are cause for possible suspension and/ or expulsion. Disciplinary action is at the discretion of the school administration.

## **Non-Discrimination Policy**

It is the policy of the Dupree School District #64-2 that no person be subjected to discrimination on the basis of race, national origin, religion, sex, age, physical disabilities, or marital status in any program, service, or activity for which the school is responsible, as required by Title XIX, P.L. 93-122, Section 504, and other state and federal laws. The Dupree School Elementary Principal is the coordinator for the policy. The Elementary Principal may be reached at 365-5140 or write: Elementary Principal, Dupree School, Box 10, Dupree, SD 57623

## Make-up Policy for Days When School is not in Session

The Dupree School will make up the days school is not in session by extending the school year calendar the appropriate number of days needed to meet the total number of days/hours in session requirement set by the Department of Education and as determined by the Dupree School Board.

### Pledge of Allegiance

SDCL 13:24:17.2

South Dakota state law requires that schools *"shall provide students the opportunity to salute the United States and the flag each day by reciting the Pledge of Allegiance to the flag of the United States. A student may choose not to participate in the salute to the United States and the flag. However, a student who does not participate in the salute shall maintain a respectful silence during the salute."*

The *Pledge of Allegiance* will be included in the opening messages from the office every morning. Take every opportunity to stress the importance of citizenship and democracy to students.

"I pledge allegiance to the flag of the United States of America, and to the republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

### Student Enrollment

Any student enrolling as a **new student** in the Dupree School District must have all paperwork completed and records received from previous school before being allowed to attend school. This includes immunizations, birth certificates, and all educational records.

Students who enroll after the beginning of the school year may start classes the day after they enroll or pending receipt of all documents and student records, including child custody records / paperwork. This gives the teacher and custodial staff time to find a desk and gather books and other necessary items that the new student will need. Only students residing within the Dupree School District will be enrolled in the Pre-K program.

### Weather Information

It is of utmost importance that children are dressed warmly for winter. Students should make sure proper clothing is worn when weather warrants such as: overshoes, gloves/mittens, caps, and coats. If a student is not dressed properly, he/she may not be permitted to go out to recess. Parents will be notified if this becomes continuous.

### Fire/Tornado Drills

Fire drills will be held at appropriate intervals. At the alarm, leave the building in an orderly manner by the route described by your teacher and illustrated evacuation plans posted in each room. Remain outside in the designated area until the notice is given for you to return.

Tornado drills will be held at appropriate intervals. Upon the announcement from the Central Office, go to the designated areas in an orderly manner by the route described by your teacher.

## **PARENT'S RIGHT TO KNOW**

ESEA Statute (Section 1112)(e)(1)(B)(ii)

### **What do I know about my child's teacher?**

The federal education law put in place by the Elementary & Secondary Education Act (ESEA) requires that all parents in a Title I school be notified and given the opportunity to request information about the professional qualifications of classroom teachers and paraprofessionals instructing their child. You may also request information on the level of achievement and academic growth of the student, if applicable and available, on each of the State academic assessments. If you are interested in this information, you may send your request to the building principal who will provide a timely response.

Requests may be mailed to:

Dupree School District Elementary Principal  
P.O. Box 10  
Dupree, SD 57623

## **NON-DISCRIMINATION POLICY**

It is the policy of the Dupree School District #64-2 that no person be subjected to discrimination on the basis of race, nationality, origin, religion, sex, age, physical disabilities, or marital status in any program, service, or activity for which the school is responsible, as required by Title XIX, P.L. 93-122, Section 504, and other state and federal laws. The Dupree School Elementary Principal is the contact person for this grievance.

### **Grievance Procedure Policy**

Actions that may be appealed through the Grievance Policy are limited solely to Student Disciplinary determinations and Student Academic determinations. Grievances are to be addressed through three stages: 1) the appropriate Principal, 2) the Superintendent, and 3) the School Board, in the following manner:

A. Parent/Guardian/Students (Aggrieved Party) may grieve any Student Disciplinary determination or Student Academic determination by filing a written Grievance with the appropriate Principal within seven (7) school days of the determination. The Grievance shall contain the following information: 1) the date of the adverse determination, 2) names of the parties involved, 3) the names of witnesses, 4) the specific details of the Grievance, and 5) signature of the Aggrieved Party.

B. Upon receipt of the written Grievance, the Principal shall arrange for an informal hearing with the Aggrieved Party to discuss the matter. The resulting decision shall be presented in writing to the Aggrieved Party.

C. If a satisfactory determination is not agreed upon, the Aggrieved Party may file a written Grievance to the Superintendent within seven (7) school days of the written determination and provide a copy to the Principal. The Grievance shall contain the following information: 1) the date of the determination, 2) names of the parties involved, 3) the names of witnesses, 4) the specific details of the Grievance, and 5) signature of the Aggrieved Party.

D. Upon receipt of the written Grievance, the Superintendent shall arrange for an informal hearing with the Aggrieved Party to discuss the matter. The resulting determination shall be presented in writing to the Aggrieved Party.

E. If a satisfactory determination is not agreed upon, the Aggrieved Party may file a written Grievance to the School Board within seven (7) school days of the determination by depositing the same with the Dupree School Office Secretary in a sealed envelope clearly marked, "NOTICE OF GRIEVANCE", and provide a copy to the Superintendent. The Grievance shall contain the following information: 1) the date of the determination, 2) names of the parties involved, 3) the names of witnesses, 4) the specific details of the Grievance, and 5) signature of the Aggrieved Party.

F. Upon receipt of the written Grievance, the School Board shall arrange for a hearing with the Aggrieved Party to discuss the matter in executive session at the next regular School Board Meeting. During the hearing in executive session, all parties to the grievance, including Principals and the Superintendent, shall be in attendance.

G. The decision of the School Board shall be final, although its decision may be appealed to the State Board of Education or to the 4<sup>th</sup> Circuit Court.

H. The Aggrieved Party must attend all hearings and have the right to be accompanied by an attorney or representative of their choosing, at their own expense. If the Aggrieved Party does not appear or does not give sufficient notice and reason for not attending, the Grievance Procedure will end, and the findings and determinations rendered shall be final.

### **Special Services**

The Dupree School offers several special service programs aimed at best meeting the needs of the students. These include counseling services, resource room services, early childhood programs, and speech and language services. Services are provided by trained professionals. You are encouraged to utilize any of these services if you feel your child could benefit. Please contact your school administration, as through early intervention, a child may be better able to reach his/her potential.

### **Other Specials**

#### **Music classes**

Music (vocal and instrumental) is taught by a qualified instructor who specializes in these areas. We feel these are important subject areas and the instructor is required to evaluate and grade the students in the same manner as regular classroom teachers. Elementary music classes are taught to Grades PreK-6. Each class has two 30-minute periods each week. Elementary band starts in fifth grade and is available to all children. Students participating in band that do not have their own instrument may rent an instrument from the school.

#### **Counseling**

Our Elementary Counselor meets with each class each week for a period of thirty minutes for Pre-Kindergarten through sixth grade. There is plenty of time to meet on an individual basis as well. If your child(ren) would benefit from counseling, our counselor will need written consent from parent(s).

#### **Library**

The Dupree School District maintains a school library staffed with a certified librarian. The library is open to all students to use whenever they want or need to. The role of the librarian is to challenge students to make the library a place to find all sorts of interesting and fun things. The librarian will work with classroom teachers on scheduling library time.

### **Head Lice Policy**

The Dupree School District #64-2 recognizes the potential health risk which head lice can present to the Dupree School students, teachers, and other employees.

The Dupree School administration will work closely with the Dupree School Home/School Coordinator, Community Health Nurse, CHR and staff to bring such cases of head lice to a timely conclusion.

The following procedures will be implemented:

- 1) The person(s) hired by the Dupree School will check the heads of all Pre-K-6 students on a weekly basis.

- 2) The heads of all 7-12 grade students will be checked monthly throughout the year with key times to be after summer, Thanksgiving, Christmas, and Easter vacation by either the County Health Nurse or person hired by the Dupree School.
- 3) A separate set of gloves will be used for each student. Headphones in the computer lab will be cleaned after each class.
- 4) In continuing cases assistance is available to families by contacting CRST Environmental Health @ 964-6190.

Steps to be followed when nits and/or live lice are detected:

- 1) All students must be sent home for immediate treatment. To be able to return to school, the student must have an admit slip signed by the person(s) hired by the Dupree School.
  - a. A maximum of two days will be allowed for this procedure. If the student fails to return to school within two days, either the Community Health Nurse or CHR's will be notified for additional assistance.
  - b. If an additional two days elapse without the student returning to school, a report will be filed with the appropriate authorities.
  - c. School attendance is a parental responsibility and parents must be held accountable.

### **Student and Employee Communicable Disease Policy**

The State Health Department is responsible for the enforcement of the contagious disease regulations, and it shall have the power to enforce any and all rules and regulations needed for the prevention, cure and/or spread of contagious diseases. The South Dakota State Department of Health is authorized by SDCL 34-22-12 to collect and process mandatory reports of communicable diseases from physicians, hospitals, laboratories, and institutions.

The Dupree School Board recognizes its responsibility to provide a healthy environment for students and school employees. To ensure a healthy environment for students, the school board shall require each employee who is in regular contact with students to submit a certification of health signed by a licensed physician as a condition of first entering employment, as is more fully set out in SDCL 13-43-3. If at any time there is reasonable cause to believe that an employee is suffering from illness detrimental to the health of the pupils, the school board may require a new certification of health at the expense of the school district, as is provided by SDCL 13-43-3. It may be necessary to exclude an infected employee from work activities due to failure on the part of the employee to obtain certification as set forth above, or for other reasons which could affect the healthy environment for the students and employees.

A determination of whether an infected student should be excluded from the classroom or school activities shall be made by the Superintendent and Building Principal with the concurrence of the County Health Officer, as is required by SDCL 13-28-7.3. In situations where the Superintendent or his designee requires additional knowledge and expertise, he will refer the case to a team for assistance in the decision-making.

The team may be composed of:

1. The State Health Department representative as provided by SDCL 31-1-14
2. The County Health Officer as provided by SDCL 13-28-7.3.
3. The student's physician.
4. The student's parents or guardians.
5. The Superintendent and/or designees.

In making the determination, the team shall consider:

1. The behavior, developmental level, and physical condition of the student.
2. The expected type(s) of interaction with others in the school setting.
3. The impact on both the infected student and others in that setting.
4. The South Dakota Department of Health guidelines.
5. The recommendations of the County Health Officer, which may be controlling.

The team may officially request assistance from the State Health Department.

If an infected student is not permitted to attend classes or participate in school activities, the district may provide the student with an appropriate education program. If that requires personal contact between the student and school employees, only trained employees shall be utilized. Public information will not be revealed about who may be infected.

If the student is permitted to remain in the school setting, the Superintendent/Principal will follow the following procedure.

Information will be provided, as appropriate, to school employees who have regular contact with the student, as to the student's medical condition and other factors needed for consideration in carrying out school responsibilities.

If a student is excluded from school because of a communicable disease, that student shall remain at home until the physician states that he/she may return.

## **Public School Laws Governing Student Conduct**

Any student that cuts, defaces, or otherwise injures any school apparatus, or outbuilding thereof, is liable to suspension or expulsion. The parents or guardian of each student shall be liable for all costs incurred by the damage.

The superintendent, principals, supervisors, teachers, and staff have supervisory control over all students whether in or outside the school buildings (including school functions) until the students leave the school and are no longer on the school premises. Bus drivers have complete authority over students while they are entering, riding, or leaving the bus.

SDCL 13-32-2. Superintendents, principals, supervisors, and teachers and their aids and assistants, have the authority to use the physical force that is reasonable and necessary for supervisory control over students. Like authority over students is given any person delegated to supervise children who have been authorized to attend a school function away from their school premises and to school bus drivers while students are riding, boarding, or leaving the buses.

SDCL 22-18-5. To use or attempt or offer to use force upon or toward the person of another is not unlawful if committed by a parent or the authorized agent of any parent, or by any guardian, teacher or other school official, in the exercise of a lawful authority to restrain or correct his child or ward and if restraint or correction has been rendered necessary by the misconduct of such child or ward, or by his refusal to obey the lawful command of such parent, or authorized agent, guardian, teacher or other school official, and the force used is reasonable in manner and moderate in degree.

## **Interrogations and Searches Policy**

### **Searches by Staff**

The right to inspect student's school lockers, desks, other storage space, or the person of the student is inherent in the authority granted school boards and administrators. Lockers remain the property of the school district and the school district has the right of access to these lockers at any time for any reason. This authority may be exercised as needed in the interest of safeguarding children, and their own property and school property.

Whenever school authorities have any cause to believe that articles may be in a locker, desk, other storage space or the person which constitute contraband or are in violation of a school rule, a search will be made, and items may be seized by school authorities.

Police "drug dogs" may be brought into the school at any time to search for illegal drugs.

### **Interrogation by Police**

The school district has physical custody of students during the school day and during hours of approved extracurricular activities. School authorities stand in loco parentis to the student and thus have responsibility regarding the circumstances under which access to students is allowed. Therefore:

1. When the School SRO or other law enforcement officials find it necessary to question students during school day or periods of extracurricular activities, the school principal or his designee will cooperate. An effort will be made to contact the student's parent or guardian so that the responsible individual may be notified of the situation.
2. Parents or guardians will not be contacted in child abuse cases or other interrogations if the law enforcement official requests confidentiality.
3. If custody and/or arrest is involved, an effort will be made to contact the student's parent/guardian.

## **Dangerous Weapons Policy**

Schools should be an example of what is required regarding observance and respect for law in society at large. Schools also must be highly conscious of the health, safety, and welfare of students, staff, and the public.

State and federal laws, as well as board policy forbid the bringing of dangerous or illegal weapons to school or school sponsored activities. The School SRO and other law enforcement will be involved with any situation involving weapons. Any weapon taken from a pupil shall be reported to the pupil's parents. Confiscation of weapons may be reported to the public. Appropriate disciplinary or legal action or both shall be pursued by the administrators and SRO.

A dangerous weapon is defined as any object, firearm, air gun, knife or device, sword, crossbow, instrument, material, or substance, whether animate or inanimate, which is calculated or designed to inflict death or serious bodily harm.

No firearms are permitted on any school premises, including in private vehicles parked on school property, school vehicle or any vehicle used for school purposes, in any school building or other building or premises used for school functions.

Weapons under the control of law enforcement or School SROs are exempt from this policy. An exception would be weapons under the control of law enforcement personnel, starting guns while in use at athletic events, firearms or airguns at fire ranges, authorized color guard/honor guard, gun shows, and authorized supervised school training sessions for the use of firearms.

Any student bringing a firearm to school shall be expelled for not less than twelve months and will be referred to law enforcement authorities. This policy shall be implemented in a manner consistent with IDEA and Section 504. For this portion of this policy, the term "firearm" includes any weapon which is designed to expel a projectile by action of an explosive, the frame or receiver of any such weapon, a muffler or silencer for a weapon, 1 or any explosive, including any poison gas.

### **The Right to Due Process**

If a student is absent from school due to illness, that student will not be permitted to participate in any activity on the day of the absence. Attendance is a part of a student's permanent record.

With all the above in mind, the official attendance policy of the Dupree Elementary School is as outlined in the following paragraphs.

### **Pupil Attendance**

1. A student who enrolls in the Dupree School subjects himself/herself to the same school attendance requirements and the rules, regulations, and requirements of those students who are within the compulsory school Attendance Law (13-27-1). Ziebach Co. Sheriff's Office, including our District School Resource Officer (SRO) will be issuing citations for truancy beginning in the 2021-22 school year.
2. For accounting purposes, students are considered absent when they are not in attendance, regardless of the reason.
3. When students are ill and unable to report to school, a call from the parent/guardian is requested.
4. All students must present a written explanation of absence, signed by parent/guardian, on the day of return to school. A telephone call by the parent/guardian is also accepted.
5. Except for emergencies and illness, absence should be prearranged, and schoolwork made up in advance.
6. Assignments and class activities during an absence are the responsibility of the student.
7. In general, a student will be allowed twice the time missed to complete make-up work, which was assigned during the absence.

### **Student Check Outs/Bus Changes**

1. Students may not be checked out of school after 2:45 p.m. on Mondays – Thursday and 1:30 p.m. on Fridays.
2. The Office staff will not accept any bus changes after 2 p.m. Monday – Thursday and 1 p.m. on Fridays.

### **Attendance Regulations**

The following guidelines are to help you establish a good attendance record:

1. Arriving at school between 8:01 a.m. and 9:45 a.m. you will be counted tardy.
2. Arriving between 9:46 a.m. and 1:00 p.m. you will be counted as one half (1/2) day absent.
3. Students being checked out between 8:00 a.m. and 9:45 a.m. will be counted as absent one (1) day.
4. Students being checked out between 9:46 a.m. and 1:00 p.m. will be counted as absent one half (1/2) day.

### **Absences from School**

The following procedures will be used after the student has been absent a number of times during the semester.

FIVE (5) ABSENCES - A form letter stating this fact will be sent to the parent/guardian. The letter will stress the importance of good attendance to good schoolwork and re-inform parents/guardians of the Dupree School attendance policy.

SEVEN (7) ABSENCES - A form letter stating this fact will be sent to the parent/guardian. A conference will be held to include the student, parent/guardian, and the principal. There will be a discussion of the attendance policy and the consequences of further absences.

NINE (9) ABSENCES - A conference will be held to include the student, parent/guardian, principal, and superintendent. The purpose of the conference shall be to inform the parent/guardian and the student that because he/she indicated an unwillingness to put forth the effort to complete academic requirements, the students may be suspended for the rest of the semester upon the next absence. If suspended, the student may re-enroll the succeeding semester.

As part of the improvement plan for attendance in the Dupree Elementary School copies of attendance letters will be reported to State and or Tribal authorities and agencies who will have the opportunity to act as they deem necessary and appropriate.

All absences will count as one day toward the maximum absences allowed.

#### **Excused Absences:**

1. Participation in school sponsored activities- no count
2. Death or critical illness to immediate family- no count up to 5 days.
3. Cases of prolonged absence because of hospitalization or serious illness- no count if verified by doctor's statement.
4. Absences accompanied by doctor's written statement indicating the students' illness or appointment.
5. All situations of absence, not covered by the attendance policy, are at the discretion of the principal.

#### **UNEXCUSED ABSENCE:**

When a student accumulates more than nine (9) unexcused absences during a semester, he/she will not receive credit for the classes they have missed during those nine (9) days in. No provision can be made for giving credit for making up work missed during an unexcused absence.

#### **Homework Policy**

Teachers will assign work as needed to adequately reinforce current lessons. Students practicing good study habits should be able to complete all assignments during the regular school day without the need to take work home.

There may be times when the student will bring work home which he/she may not have been able to complete during the school hours due to the need for drill, studying for a test, or perhaps a study time missed during the day. This should not happen frequently.

All homework is to be brought back to school the following day it is issued.

#### **Grade Placement and Promotion Policy (GRADES K-6)**

1. Teacher will attempt to identify at-risk students as soon as possible. Student, parent/guardian, and principal will be made aware of the possible problem (s).

2. Teacher assistant team staffing (TAT) will be held with any teaching staff working with the child, the counselor, and principal to advise learning approaches to aid child in bringing up grades.
3. Another TAT staffing will meet to check progress and suggest new approaches.
4. Teacher, principal, and counselor will meet with parent/guardian to discuss status of child. Parent/Guardian will be given complete information on student progress and possible grade placement.
5. Final discussion on grade placement or promotion is disclosed at a final conference with parent, teacher, and principal. The final decision rests on the principal's decision based upon the recommendations of the teacher and parent/guardian.
6. Decisions of grade placement for students may be made at any grade level, but a stronger emphasis on lower grade placement will be placed upon students in kindergarten through grade three.

### **Student Progress/Report Cards**

The school year is divided into two semesters and each semester is divided into two nine-week periods. Student academic progress reports will be completed during the middle of the 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, 4<sup>th</sup> nine-week periods. The progress reports are completed for the purpose of identifying areas of strengths and concerns of individuals in attempts to better meet their academic needs.

Parent/Teacher conferences will be held during the 1<sup>st</sup> & 3<sup>rd</sup> quarters. These conferences are an opportunity for parents/guardians to visit with teachers and other school personnel. We welcome and encourage parents/guardians to attend these conferences for an opportunity to discuss student performance. Exact dates and times will be sent out.

Report cards are issued at the end of each nine-week period. Pre-K students will use a checklist of accomplished skills. Grades K-2 uses a Standards Based Report Card format. Grades 3-6 use the letter grade system noted below on their report cards. Each teacher has a system of deriving the following letter grades and will explain them at the beginning of the year.

Parents may check grades on DDN Campus Parent Portal. Contact the office for your username and password.

#### GRADES 3-6

"A"	(94-100) Outstanding Work
"B"	(85-93) Above Average Work
"C"	(72-84) Average
"D"	(65-71) Below Average Work
"F"	(0-64) Failure- Basis for Retention
"S"	Satisfactory Work
"U"	Unsatisfactory Work

An incomplete indicates that a student has not completed all the required work for the grading period. A grade will be issued upon completion of the work.

### **Student Rights and Responsibilities**

#### **Responsibilities of the Student**

The declaration of human rights implies corresponding responsibilities. The student must accept these responsibilities and not infringe upon the rights of others within the school community.

1. **TO OBTAIN AN EDUCATION:** The student must regard the opportunity of obtaining an education as one of their duties to the community. It is their responsibility to attend class regularly and complete their assignments.

2. **TO FOLLOW SCHOOL RULES:** The student must obey recognized rules and procedures developed by the school community.
3. **TO PRACTICE SELF-CONTROL:** The student must refrain from inflicting bodily harm on other individuals and respect the privacy of their person and property.
4. **TO KNOW THE GRIEVANCE PROCEDURE:** The student must inform himself/herself of the proper methods and channel of complaints and make use of them when necessary.

### **Care of the Building**

The school buildings are the home of approximately 400 students from 6 to 8 hours a day. Treat it as your own home or even more carefully. The school property belongs to all of us - it is our property; therefore, let us take care of and take pride in our school so that visitors as well as students and teachers may be proud of its appearance. Better facilities are added and updated from time to time—appreciate them!

### **Loss of Personal Property**

Students should not bring any toys, belongings, or personal property including cell phones and other electronics to school. Students are urged not to leave money, jewelry, or anything of value in their locker, bags, or coat pockets. Neither is it advisable to leave valuables in your desk at any time. If you do so, you do this at your own risk, and the school will not be responsible if such items disappear or break. Articles left in school at the end of the school year and not re-claimed will be donated to non-profit organizations.

### **Accidents**

ALL students within the school are responsible for reporting accidents which they observe during the school year or at a school activity to the elementary office.

### **Conduct at School Events**

Visitors judge our school by the conduct of our students whenever they are observed. It is important for parents to assume responsibility for their children's conduct at athletic contests and other school events. Students are expected to sit and watch the activities of the event and not run around the gym where they become a danger to themselves and a bother to other spectators. Students who run about the gym or other event areas unnecessarily will be first warned, second turned over to their parents and third may be asked not to remain at the event and possibly subsequent events. School rules apply during all games/events; therefore, any violation of school rules will have consequences. Students must have an adult supervisor in attendance if the student is a 4th grader or younger. If the student is conducting themselves inappropriately or unsafely, the student will be asked to leave the contest and parent(s) may be called.

### **Field Trips**

In the event a teacher or administrator plans a supervised field trip, registration/enrollment cards will have parental or guardian signatures at the beginning of each enrollment year. These signatures will be sufficient for the student attending the field trip. If a student at any point is not meeting the academic or behavioral criteria set forth by the teacher, administration, or school district, they may be ineligible to participate in the field trip per coach/teacher/parent/principal communication. A conference will be held with the parent, student, teacher, and principal if needed to determine the status for the student on attending the field trip.

## **Rights of the Individual Student**

All PK-12 students being checked out will be called to the central office to meet parent/guardian and be checked out. Parents/guardians will remain in the central office to meet their child.
