

NORTHWEST ISD OFFERS FREE DEVELOPMENTAL SCREENINGS AGE 2M TO 5 YEARS

What is a developmental screening?

Developmental screenings help determine if your child's development is on track. We will celebrate your child's strengths and help set development goals!

What to expect: You will meet with a trained educator who will explore your child's communication, gross motor, fine motor, problem solving and social emotional skills. Children three to five will also receive a school readiness assessment.

Parent Feedback–

"They made the kids feel comfortable and confident while thinking they were playing a fun game. They really listened to us, the parents, and gave us tools to help grow our children or support them. This was truly invaluable. Thank you!"
