Student Use of Vehicles on School Grounds

5514 STUDENT USE OF VEHICLES ON SCHOOL GROUNDS

The safety of students, staff members, school visitors, and others while on school grounds is of significant importance to the Board of Education. A student's use of a vehicle and/or other modes of transportation on school grounds has the potential to present a safety hazard for the student operator and to other students, staff members, school visitors and others while on school grounds.

Students are permitted to ride bicycles only to the following schools in the school district:

1. McKinley Avenue School
2. Intermediate School

Students riding bicycles to school must comply with all applicable State and local laws for operating a bicycle. The Principal of each school may develop school rules for the operation of the student's bicycle on school grounds. Students must park and lock their bicycles in an area outside the school building designated by the Principal. A bicycle may not be brought into the school building without the Principal's permission.

Students are not permitted to bring non-motorized skateboards, scooters, roller skates, or any other non-motorized mode of transportation on school grounds during the school day.

Students are not permitted to bring any motorized bicycle, skateboard, scooter, roller skates, hoverboard, or any other motorized mode of transportation on school grounds during the school day.

Bicycles are defined as "any two-wheeled vehicle having a rear wheel which is solely human-powered and having a seat height of 25 inches or greater when the seat is in the lowest adjustable position."

The Superintendent shall develop and disseminate regulations for the operation and parking of vehicles on school grounds. Permission to operate a bicycle or walk to and from school may be revoked for a pupil's failure to observe rules or for a student's late/tardy arrival at school.

The Board will not be responsible for any vehicle that is lost, stolen, or damaged.

The Principal of each school building may revoke the privilege of a student's use of any vehicle or mode of transportation permitted by this Policy for the student's failure to follow the provisions of this Policy and any requirements of State or local law or any school rule. The Board of Education assumes no responsibility for the loss, damage, or theft of any vehicle or any mode of transportation permitted on school grounds in accordance with this Policy.
