7433 HAZARDOUS SUBSTANCES

The Board of Education will enforce the law governing hazardous substances in the school district. Employees of this district shall be informed of the hazards related to the handling of certain substances and trained to work with hazardous substances.

Hazardous substance means any substance or substance in a mixture included on the hazardous substance list developed by the New Jersey Department of Health and Senior Services. Hazardous substances shall not include:

1. Any article containing a hazardous substance if the hazardous substance is present in a solid form which does not pose any acute or chronic health hazard to any person exposed to it;

2. Any hazardous substance constituting less than one percent of a mixture unless the hazardous substance is present in an aggregate amount of five hundred pounds or more in a container in a public or private school or child care center building;

3. Any hazardous substance which is a special health hazardous substance constituting less than the threshold percentage established by the Department of Health and Senior Services pursuant to P.L.1983, c.315 (C.34:5A-1 et seq.), for that special health hazardous substance when present in a mixture;

4. Any hazardous substance present in the same form and concentration as a product packaged for distribution and use by consumers and which is not a product intended primarily for commercial use;

5. Any fuel in a motor vehicle;

6. Tobacco or tobacco products;

7. Wood or wood products;

8. Foods, drugs, or cosmetics;

9. Hazardous substances which are an integral part of a building's structure or furnishings;

10. Products which are personal property and are intended for personal use; and

11. Any substance used in the routine maintenance of a public or private school or child care center building or its grounds, any substance used in a classroom science laboratory, any substance used in a school occupational training facility, including laboratories and shops, and any substance used in the normal operation of the classrooms or administrative offices of a public or private school or child care center, including any substance used in the heating or cooling of the school or child care center.

No person shall use or allow the use of any hazardous substance in or on any building or grounds used as a public school or child care center when children are expected to be present.

The Superintendent may delegate authority for the maintenance of hazardous substances and for the development of safety and training standards for the handling of such substances to a safety officer.

The Supervisor of Buildings and Grounds shall conduct periodic audits of hazardous substances in use in the district, ascertain that such substances are being handled in accordance with appropriate safety requirements, and determine that the employees who are required to handle hazardous substances are properly equipped to do so.

The Supervisor of Buildings and Grounds shall inform the Superintendent of all hazardous substances in use in the district, the purpose of each, and the precautions required for each. The Superintendent shall take such action as may be necessary and feasible to minimize the use of hazardous substances in the district.

The Superintendent shall report periodically to the Board on hazardous substances in district use and the purpose of each.
