OXNARD SCHOOL DISTRICT Unaudited Actual Financial Information 2021-2022

September 21, 2022

Members of the Board of Trustees Citizens and Administration of the District

Ladies and Gentlemen:

Educational Code Section 42100 states that "on or before September 15, the governing board of each school district shall approve, on a form prescribed by the Superintendent of Public Instruction, an annual statement of all receipts and expenditures of the district for the preceding fiscal year and shall file the statement with the County Superintendent of Schools."

In keeping with <u>Educational Code Section</u> 42100 the Oxnard School District provided for your review the final Unaudited Actuals for the financial year ending June 30<sup>th</sup>, 2022 for all District funds on the September 7<sup>th</sup> Board meeting, On September 13, 2022 a revision to the Unaudited Actuals was made.

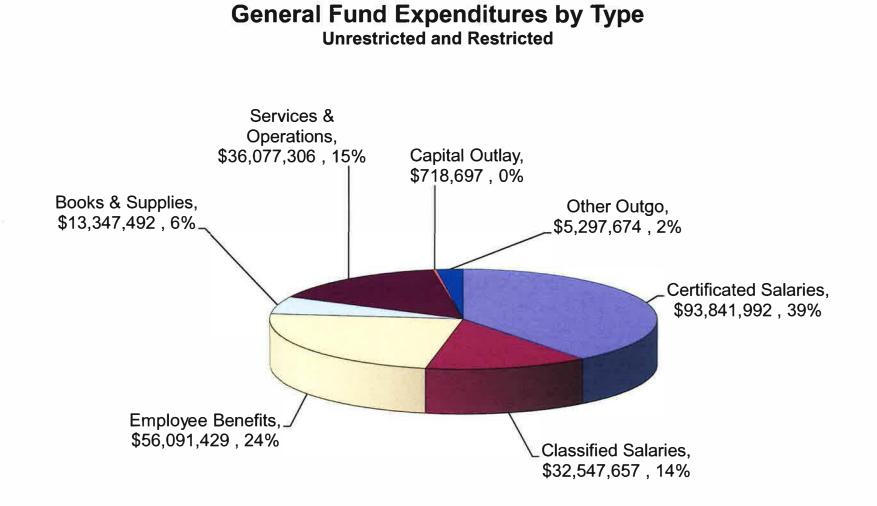

With the exception of the District's beginning balance and reserve adjustments, the 2022/2023 budget remains unchanged from the June 22, 2022 Adopted Budget. Changes in the estimated fund balances due to the 2021/22 'Revised Unaudited Actuals' are incorporated into the beginning balances for 2021/22 for all funds.

Respectfully Submitted,

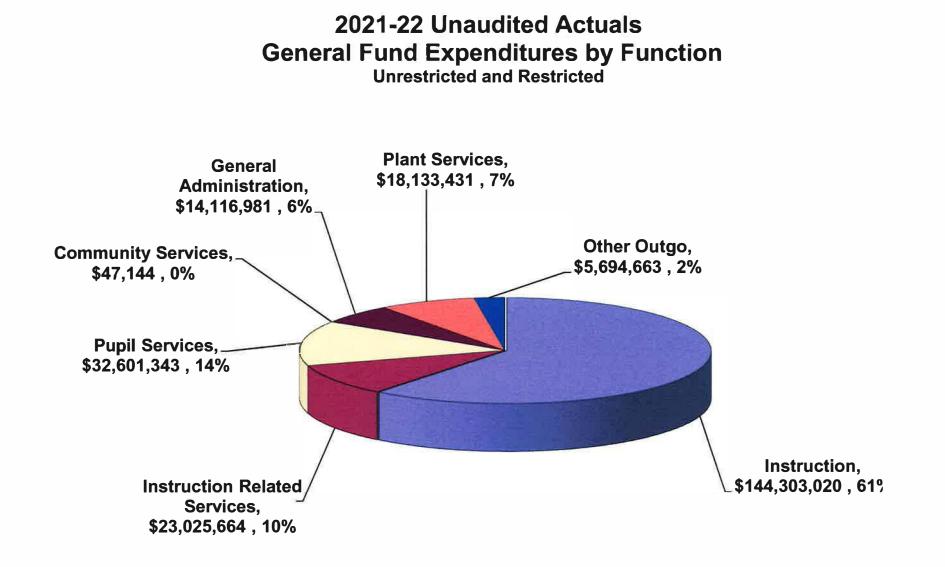

Valerie Mitchell, Interim Assistant Superintendent, Business & Fiscal Services

### Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.
