## COMMITMENT

Wildcat Nation is committed to developing young scholars, soon-to-be adult scholars, with active and creative minds, a sense of understanding, and compassion for others. We live in a world of cultural and economic change, and we must prepare students to be successful in this environment. For this reason, our education process includes specific skills required for particular disciplines but also includes skills clustered around ethics, collaboration, communication, and critical thinking. We are committed to fulfilling our mission by ensuring that every student enters with a promise and exits with a purpose.

*Be the Legacy*
