Krishna Patel Named Student of the Month for November

The faculty and administration of West Chicago Community High School congratulates Krishna Patel of West Chicago for being selected Student of the Month for November. Currently a senior, Krishna was chosen for her numerous volunteer activities at Wego and in the community and for being an outstanding student.

Krishna has been on Honor Roll or High Honor Roll every semester of her high school career at WCCHS and currently has a 4.6 unweighted GPA. Krishna is a member of National Honor Society and the Foreign Language Honor Society.

A very involved student, Krishna has been a member of Wego Buddies, Yearbook Club, Wego Global, and Interact Club, the past two years as president. She has also as also served as a Student Ambassador and a member of the superintendent's President's Council.

Volunteer work is quite important for Krishna, and she has volunteered for many events through Interact Club including Relay for Life. She has also volunteered at Feed My Starving Children food pantry, Ronald McDonald House, and continues to volunteer at Central DuPage Hospital.

When asked about her favorite high school memory, Krishna recalls, "Definitely all the pep assemblies. It's such a great feeling to have the entire school in the gymnasium and see all the spirit Wego has to offer."

Krishna's advice for future students is, "Join as many clubs as you can. You won't believe how many new people you will meet and all of the new experiences you will get to experience."

Krishna plans to attend Loyola University in Chicago to become a neo-natal intensive care unit nurse with a minor in Spanish.

Community High School District 94 congratulates Krishna on all of her accomplishments and wishes her the best of luck in future endeavors.

Jennifer Orr Named PeaceBuilder for November

Jennifer Orr of West Chicago has been named West Chicago Community High School PeaceBuilder for the month of November, 2015. A junior, Jennifer excels academically and also takes time to help those around her. She is always the first to volunteer to help others and her commitment to improving the sense of community at Wego is to be commended.

To Jennifer, peace means the benevolent coexistence between many different people or groups of people. Jennifer says she has learned the most about peace through the school's ROAR program, seeing so many people from different social groups come together to be friends. Her model of peace is fellow student Jenna Palka because, "...she always strives to do the little things that make people's day." Jennifer feels that when a kind act is done for her she should pass the torch and pay it forward.

Favorite songs of Jennifer's that promote peace include "Imagine" by John Lennon and "Shoulders" by For King and Country. She feels the movie "Pay It Forward" demonstrates the way to really achieve peace; start a chain reaction of positive acts and watch it grow.

When asked for a favorite quote about peace, Jennifer quotes Martin Luther King, Jr., "Darkness cannot drive out darkness; only light can do that. Hate cannot drive out hate; only love can do that."

In addition to a commitment to academics, Jennifer is involved in ROAR, Snowball, National Honor Society, and Scholastic Bowl. She plays school and club volleyball, and still finds time to hold a part-time job.

After high school, Jennifer plans to attend college to major in psychology, education, or counseling.

West Chicago Community High School congratulates Jennifer on her accomplishments and wishes her the best of luck in future endeavors.

Works Made for Hire

The Superintendent or designee shall manage the development of instructional materials and computer programs by employees who perform such work within the scope of their employment in accordance with State and federal laws and School Board policies. Whenever an employee is assigned to develop instructional materials and/or computer programs, or otherwise performs such work within the scope of his or her employment, shall be considered a work for hire and the District shall be the owner of the copyright.

Copyright Compliance

While staff members may use appropriate supplementary materials, it is each staff member's responsibility to abide by the District's copyright compliance procedures and to obey the copyright laws. The District is not responsible for any violations of the copyright laws by its staff or students. A staff member should contact the Superintendent or designee whenever the staff member is uncertain about whether using or copying material complies with the District's procedures or is permissible under the law, or wants assistance on when and how to obtain proper authorization. No staff member shall, without first obtaining the permission of the Superintendent or designee, install or download any program on a District-owned computer. At no time shall it be necessary for a District staff member to violate copyright laws in order to properly perform his or her duties.

Copyright Infringement; Designation of District Digital Millennium Copyright Act < DMCA) Agent 2

The employee listed below receives complaints about copyright infringement within the use of the District's online services. The Superintendent or designee will register this information with the federal Copyright Office as required by federal law.

The footnotes are not intended to be part of the adopted policy: they should be removed before the policy is adopted.

1 State or federal Jaw controls this policy's content. Creators of original materials, including materials posted on the Internet, are granted exclusive rights, known as *copyrights* (17 U.S.C. §101 .\1 _) _ These exclusive rights include reproducing and publicly performing the work. Congress granted some exceptions to exclusive rights for schools, including §107 on fair use, §108 on library reproduction and archiving, §109 on first sale, and §II 0 on classroom performance and display. If not covered by an exception, the copyright owner's permission must be sought before a work can be copied or performed. The fine for failing to comply with copyright law is steep making the cost of consulting with the board attorney a bargain.

2. Optional. Before using this text, consult the board attorney to first identify whether the District is an *online service provider* (OSP) under the DMCA. The DMCA is an amendment to 17 U.S.C. §I 01 et seq. The amendment provides limitations on OSP liability for storage, at the direction of a user, of copyrighted material residing on a system or network controlled or operated by or for the OSP. This liability limitation is called the *Safe Harbor Provision* (SHP). If a district is an OSP, the SHP provision will not apply if the district does not designate, publicize, and register a DMCA Agent with the federal Copyright Office (at publication time, registration was \$105).

Districts that may benetit from the SHP are those which operate or contract to operate the following types of websites: file and information sharing sites; blogs that allow guests to post content; social media sites; and other sites that accept, publish or host content created and submitted by other parties. For further steps to designate a DMCA agent, see 5:170-AP4, Designation of District Digital Millennium Copyright Act (DMCA) Agent; Registration Process.

6017P Copyright Compliance

These guidelines help staff members determine if they may use non-original work freely or whether permission is needed to use or copy it. Whenever a staff member is uncertain, has questions, or needs permission from a copyright-owner to use or copy a work, he or she should contact the Superintendent or designated copyright compliance officer. Appendix 1 is a *Fair Use Assessment Factors Checklist*. Appendix 2 contains use resources available online.

- 1. Is the work copyright protected? A "no" means you may use the work freely; a "yes" or uncertain answer means you should proceed with the second query.
 - a. No, if it is in the public domain.
 - b. No, if it is a U.S. Government publication.
 - c. No, if it is an idea or method described in copyrighted work.
 - d. The presence of a copyright notice is not determinative.
 - e. Yes, almost all other works.
- 2. Do you want to exercise one of the copyright owner's exclusive rights? A "yes" or uncertain answer means you should proceed with the third query.
 - a. Yes, if you plan to copy the work.

- 3. Does your planned use of the work require the copyright owner's permission? A "no" means you may use the work, provided that any copies contain the copyright notice as it appears in the original work; a "yes" or uncertain answer means you should contact the Superintendent or designated copyright compliance officer.
 - a. No, if your planned use of printed work is within the fair use exception as defined in 17 U.S.C. §107. See Appendix 1.
 - b. No, if your planned use of the work is within the *library's special rules* exception as defined in 17 U.S.C. §108.
 - A library may make a single copy containing the copyright notice for the purpose of archiving lost, stolen, damaged, or deteriorating works.
 - A library may make a single copy containing the copyright notice for a student or staff member at no more than the actual cost of photocopying, provided that the library finds that the copyrighted work cannot be obtained elsewhere at a fair price.

 - d. No, if you plan to use it in an overhead or opaque projector for instructional purposes.
 - e. No, if you plan to copy and use music for academic purposes, other than performance.
 - f. Yes, notwithstanding the above, if you plan to create anthologies, compilations, or collective works.

- j. You must receive permission from the Superintendent or designated copyright compliance officer before using any non-District owned software and/or CD-ROM or DVD products in District owned equipment. No one may install or download any program on District owned equipment without the Superintendent or designee's permission.
- You must follow licensing agreements applicable to District owned software and CD-ROM or DVD products.
 - Licensing agreements with the manufacturer and vendor shall be followed.
 - Staff members shall take reasonable precautions to prevent copying or the use of
 unauthorized copies on school equipment, to avoid the installation of privately
 purchased software on school equipment, and to avoid the use of single copy
 software or CD-ROM products across a network with multiple users unless the
 applicable license agreement permits.
 - A back-up copy shall be purchased for use as a replacement when a program is lost or damaged. If the vendor is not able to supply such, the District shall make a backup program in accordance with the terms of the applicable licensing agreement or 17 U.S.C. §117.

Appendix 1: Copyright Fair Use Assessment Factors Checklist

Purpose and Character of Use of Copyrighted Work

Use this checklist to analyze whether material falls under the *fair use doctrine*. Factors favoring fair use will generally indicate that material may be used without seeking permission from the copyright owner. Factors opposing fair use require permission to reprint or adapt the material from the copyright owner. If a copyright owner is known, always request permission before using any material.

Seeking Permission to Copy or Use Copyrighted Works

The following resources are a partial list of where to begin searching for permission to copy or use copyrighted work. Whenever it is unclear who the owner is, or if the owner is a legal entity of some kind (a business or organization), be sure that the person granting permission is authorized to do so. Once it is known whom to ask, initiate contact by writing a letter, calling, or emailing. Seek written permission that clearly describes its scope. Document the receipt of an oral permission and send the owner a confirming letter. A copyright protects materials regardless of whether the owner cares about protection or not. Thus, if required permission cannot be obtained, the work may not be used.

- For information regarding how to find copyright owners, contact the Writers Artists and Their Copyright Holders (WATCH) program through the University of Texas, Austin's Harry Ransom Humanities Research Center at research.hrc.utexas.edu/watch/. <u>Instructional Materials and Computer Programs Developed Within the Scope of Employment</u>

Definitions 1

The definitions used in this procedure are in accordance with State and federal law. In the event of a change, these procedures shall be deemed to be modified to the extent required by the change.

Works made for hire - Instructional materials and computer programs (including written, electronic, digital, audio, visual materials and tapes, films, and works of art) when an employee creates them:

- 1. Within the employee's scope of employment,
- 2. In whole or in part during hours of District employment (not including lunch periods or other similar free periods),
- 3. Under the District's supervision or control,
- 4. As a direct result of the employee's duties with the District, and/or
- 5. Using District resources or facilities.

Proceeds - Profits derived from the sale of instructional materials after deducting the expenses of developing and marketing these materials.

Computer program - A series of coded instructions or statements in a form acceptable to a computer, which causes the computer to process data in order to achieve a certain result.

Computer - An internally programmed, general purpose digital device capable of automatically accepting and processing data and supplying the results of the operation.

Instructional Material Prepared Within the Scope of Employment

All instructional materials developed by an employee within the scope of District employment are works made for hire and belong to the District. The District is entitled to all proceeds from the sale of works made for hire other than computer programs.

An employee must provide the Superintendent or designee with prior written notification of his or her intention to publish any computer programs developed within the scope of employment. The District has the exclusive right to register the copyrights for them. Unless the employee specifically states in writing to the contrary, the employee warrants that any programs developed and submitted to the District for publication are original.

Computer Programs Prepared Within the Scope of Employment

All computer programs developed by an employee within the scope of District employment are works made for hire and belong to the District.

An employee who develops a computer program is entitled to a share of the proceeds from its sale as agreed to by the District. Neither the employee nor the District may receive more than 90% of the proceeds. An employee's representative may conduct the negotiation; the School Board must approve all agreements. 2

The employee must provide the Superintendent or designee with prior written notification of his or her intention to publish any computer programs developed within the scope of District employment. The District has the exclusive right to register the copyrights for them. Unless the employee specifically states in writing to the contrary, the employee warrants that any programs developed and submitted to the District for publication are original.

Comment [DD1]: This was referenced as a question. The entire Procedure, 5:170 – AP3, is lifted from 105 ILCS 5-10-23.10(a) and is a required provision of this policy

Additionally computer programs/software is covered by specific school code provisions and the definitions are noted in the section above.

Comment [DD2]: Again this is a required provision of the school code

¹ The definitions are derived from 105 ILCS 5/10-23.10(b) and 17 U.S.C.§101.

² The provisions contained in this paragraph are required by 105 ILCS 5/10-23.10(a).

The District shall compute proceeds. The proceeds of a computer program developed by more than one employee shall be equitably distributed among such employees, in proportion to their participation in the program's development.

Comment [DD3]: Same rationale as above, required language word-for-word from the school code.

LEGAL REF.: 17 U.S.C. §101. 105 ILCS 5/10-23.10.

<u>Designation of District Digital Millennium Copyright Act (DMCA) Agent; Registration</u> Process

Before using this exhibit, consult the Board Attorney to first identify whether the District is an online service provider (OSP) under the DMCA. The DMCA is an amendment to 17 U.S.C. §101 et seq. It provides certain limitations on the liability of OSPs for copyright infringement under the DMCA's *Safe Harbor Provision* (SHP). OSPs are operators of websites that allow users to generate content of their own and upload that content to the OSP's website.

If the District is an OSP, the SHP shields the District from being sued when or if infringing copyrighted content is uploaded to its website(s), and it provides limitations on liability for storage, at the direction of a user, of copyrighted material residing on a system or network controlled or operated by or for an OSP. The SHP is only available if an OSP designates an agent to receive notifications of claimed infringement, provides the agent's contact information to the U.S. Copyright Office, and posts that information on the its website in a location accessible to the public (www.copyright.gov/onlinesp/).

If the District is an OSP, the Superintendent or designee will follow these steps to identify and register a DMCA agent to receive notifications of claimed infringement:

- 1. Identify an agent to receive notification of claims of infringement. This may be the Superintendent, an Assistant Superintendent, or another administrator.
- Fill out the Interim Designation Form (www.copyright.gov/onlinesp/agent.pdf) to designate a
 DMCA agent (designation of agent), or, if changing agents, use the Amended Designation
 Form (www.copyright.gov/onlinesp/agenta.pdf) to amend a previously designated agent.
 Note: The Amended Designation Form replaces a previously filed Interim Designation
 Form.
- 3. Determine the fee (listed on the forms discussed in #2). Note: Consult the Board Attorney about filing alternative names when registering and whether additional fees may apply. The fee for filing allows for the listing of only one name for OSP. It is the OSP's legal name. If the District uses other names or additional URLs, it should include them in the same filing to avoid additional fees to register.
- 4. Draft a check payable to the Register of Copyrights and mail it and the form to: Copyright RRP, P.O. Box 71537, Washington, DC 20024.
- 5. Post the District's DMCA agent's contact information in a publicly accessible location on the website. See policy 5:170, Copyright. Note: Consult the Board Attorney about further steps necessary for registering and posting DMCA agent information. For example, some websites make users verify that they are not infringing copyright when they upload content, along with a Terms of Service and Copyright Policy. Other steps may include training from the Board Attorney about procedures to terminate repeat infringers, responding to takedown notices, etc.

Field Trips, Student Travel and Optional Student Travel

This policy applies to Field Trips, Student Travel, and Optional Student Travel. As used in this Policy:

- "Field Trips" refers to trips that are a required part of a District class; examples of Field Trips include, but are not limited to, annually scheduled trips to museums, concerts, places of business or industry, or field trips related to instruction provided as part of the District's curriculum. Field trips are permissible when the experiences are an integral part of the school curriculum and contribute to the District's educational goals.
- "Student Travel" refers to travel undertaken by students as a customary part of a Districtapproved program or extracurricular activity; examples of Student Travel include, but are
 not limited to, student exchange programs previously approved by the Board of
 Education, or interscholastic activities of District-sponsored teams or clubs sanctioned by
 organizations such as the Illinois High School Association or NASSP.
- "Optional Student Travel" refers to optional travel undertaken by a school club or group of students outside of school; examples of Optional Student Travel include, but are not limited to, a trip to Spain by the Spanish club, trips to a Shakespeare festival by the Drama Department, trips by WeGo Global, or District-sponsored senior class trips.

Any other trip or tour, including but not limited to privately arranged trips or tours, and privately arranged trips or tours led or supervised (in whole or in part) by District staff members, shall not be represented as or construed to be sponsored by the Board of Education, the District, West Chicago Community High School, or its employees, agents, or representatives (collectively, the "District"). The District does not provide liability protection for such trips or tours and is not responsible for any damages arising from them. Please refer to Board Policy 7205 and Board Procedure 7205P.

All Field Trips, Student Travel, and Optional Student Travel must have the Superintendent or designee's prior approval, except that Field Trips, Student Travel, or Optional Student Travel beyond a 250-mile radius of Community High School must have the prior approval of the Board of Education. All requests for trips covered by this Policy must be made in writing to the Superintendent or his/her designee on the appropriate form provided by the District, and shall include a rationale for the trip and completion of all items included on the form. Requests for Field Trips (regardless of the location or duration of the trip) must be submitted for approval at least fourteen (14) days prior to the date of the proposed trip. Requests for Optional Student Travel within a 250-mile radius of Community High School must be submitted for approval not

less than forty-five (45) days before the trip is scheduled to begin. Requests for Student Travel and Optional Student Travel beyond a 250-mile radius of Community High School must be submitted for approval not less than ninety (90) days before the trip is scheduled to begin. In the event travel out-of-state or beyond 250 miles is a result of a culminating competition, the Superintendent is granted authority to preclude required notice. Each requested trip covered by this Policy that is properly submitted for approval shall be reviewed using the following factors: educational value, student safety, cost, parent concerns, heightened security alerts, and liability concerns. No registration, reservations, fundraising, or other related activity shall be conducted prior to approval by the appropriate authority.

All trips covered by this Policy shall be adequately supervised as determined by the Activity Director and/or Building Principal, by District employees and other adults and, in general, minimize loss of student attendance days. If possible, all trips covered by this Policy should be planned on non-student attendance days.

On all Field Trips and Student Travel, a bus fee set by the Superintendent or designee may be charged to help defray the transportation costs. Parents/guardians of students (1) shall give their written consent to their child's participation in any Field Trip or Student Travel, and (2) are responsible for all entrance fees, food, lodging, or other costs, see except that tThe District will pay such costs for students who qualify for IHSA events and for field trip expenses for those students who are eligible for a waiver and/or reduction of student fees. Any Field Trip or Student Travel may be cancelled without notice due to an unforeseen event or condition. All eligible students that do not participate in an approved Field Trip shall be provided an appropriate alternative learning experience; the teacher shall arrange for such alternative learning experience as well as the supervision of the non-participating students, when appropriate.

Parents/guardians of students (1) shall give their written consent to their child's participation in any Optional Student Travel, and (2) are responsible for all fees, substitute costs, transportation costs, food, lodging, or other costs related to the Optional Student Travel. The District will not pay or be responsible for any costs related to Optional Student Travel. Any Optional Student Travel may be cancelled without notice due to an unforeseen event or condition.

On all trips covered by this Policy, an "Emergency Treatment Release for Minors" form provided by the District must be completed and signed by the parent/guardian of a minor student. This form will be submitted to the staff sponsor of the field trip at least five (5) days before the date of the trip. These completed forms will be available throughout the trip to be used in the event of a medical emergency. Students that do not turn in a completed form shall not participate in the trip.

To the fullest extent permitted by law, the District cannot and does not assume responsibility for the safety and welfare of students while engaged in any trip covered by this Policy. The District cannot prevent injuries during these trips. Staff and other chaperones cannot control each and every student at all times, cannot control the conditions present, and cannot be physically present at all times during these trips. By permitting their student to participate in a trip covered by this Policy, the parent(s)/guardian(s) understand(s) and agree(s) that their child must abide by all District rules and regulations, and all staff and chaperone instructions while on the trip. The

parent(s)/guardian(s) must discuss with their student the District rules and regulations that will apply to them during the trip, and that their student must follow the instructions of District staff and chaperones while on the trip. Parent(s)/guardian(s) who permit their student(s) to go on any trip covered by this Policy must (1) accept full and complete responsibility and liability for the participation of their student on the trip, including responsibility and liability for any injury to their student or caused by their student; and (2) agree to indemnify and hold harmless the District from and against any and all claims, damages, causes of action or injury, including reasonable attorneys' fees and costs expended in defense thereof, which are incurred, arise out of, or result in any way from their student's participation in the trip, including any transportation provided for the trip.

Students are also required to complete an assessment administered by the ISBE that includes a college and career ready determination. (105 ILCS 5/2-3.64a-5, P.A. 98-0972, effective August 15, 2014). Students who are not assessed for college and career ready determinations may not receive a regular high school diploma unless the student is exempted from taking State assessments for one or more of the following reasons:

- 1. The student's IEP identifies the State assessment as inappropriate;
- 2. The student is enrolled in a program of adult and continuing education;
- 3. The District is not required to assess the individual student for purposes of accountability under the No Child Left Behind Act;
- 4. The student has been determined to be an English language learner and has been enrolled in U.S. schools for less than 12 (Calendar) months; or,
- 5. The student is otherwise identified by ISBE rules as being exempt from the assessment.

Students are also required to complete any other courses, assessments or examinations required by the Illinois School Code or ISBE rules.

A student must <u>meet above assessment requirements</u>, attend Community High School District 94 one full semester and earn a minimum of two full credits to be eligible for a diploma from Community High School District 94.

Students not satisfactorily completing the above requirements will not graduate or be permitted to participate in the graduation ceremony unless they qualify under Policy ¶7406. Attendance and/or participation in any graduation ceremony at Community High School is a privilege, not a right. The Board of Education or the Administration may, at their discretion, prohibit a student from attending and/or participating in a graduation ceremony.

Students are also required to take the Prairie State Achievement Exam (PSAE) as a condition of graduation (105 ILCS 5/2-3.64, as amended by Public Act 93.857). School-based attendance reports or individual student scores will be used as proof of a student's participation in taking the PSAE. Students may be exempted from this requirement because:

- 1. the student's individualized educational program developed under Article 14 of the School Code identifies PSAE as inappropriate for the student; or
- 2. the student is enrolled in a program of Adult and Continuing Education as defined in the Adult Education Act; or
- 3. the student is otherwise exempted from taking the PSAE by the Illinois State Board of Education or similar authority.

Students enrolled in Grade 11 or higher who have not taken the PSAE, and transfer after the PSAE has been administered, can meet the PSAE graduation requirement by:

1. taking the ACT on a national testing date.

- 2. taking the PSAE on an official make-up day.
- 3. taking the PSAE on the Illinois State testing day.

For students who transfer after they have completed the PSAE, Community High School District 94 will accept verification of PSAE participation sufficient to satisfy the requirements of this Policy, as provided by the sending school or the ISBE.

West Chicago Community High School Memorandum

To: Doug Domeracki

From: Lisa Willuweit

Re: Participation in a presidential campaign trip

Date: December 3, 2015

Per our conversation, information about the student trip to Iowa over Martin Luther King weekend is below.

West Chicago Community High school students have been invited to participate in a presidential campaign experience in Iowa this primary season. The trip is organized and sponsored by the Mikva Challenge, a civic organization from Chicago whose primary aim is to actively involve students in politics and political dialogue. We have worked with them for several years in multiple avenues such as past campaign trips, curriculum materials, civic education events, etc. We participated in a similar campaign trip to Milwaukee, WI with Mikva a few years ago. It is a unique experience for students to see firsthand how a campaign operates, what civic action can look like from a candidate point of view, and interact with other students and campaign workers.

For this experience, Mikva Challenge has received funding from the McCormick Foundation in Chicago to bring 150 high school students together to Des Moines, Iowa to work on various presidential primary campaigns and participate in a political youth summit. Students will be assigned to work on random campaigns, both Democratic and Republican, over the weekend. Students will be staying overnight at a hotel, the cost of which is covered by the Mikva Challenge. Travel and food costs will also be able to be subsidized through a grant from the McCormick Foundation. Students will be chaperoned by two WCCHS teachers, Mary Ellen Daneels and Bobbi Felfle, and will leave WCCHS on Friday, January 15, 2016 and return on Sunday, January 17th. We will transport the students in a school van in order to be able to include more students (it allows us to bring up to 8 students instead of 3-4) and also leave later on Friday than if we went on the busses provided by Mikva Challenge. The stipend that we will be given by Mikva will be used to cover gas expenses on the trip.

Due to the new board policy on field trips and student travel, I respectfully request the school board to approve this opportunity for our students. On the next page, I have included the exact information from Mikva Challenge about the trip for your consideration.

Thank you.

Mikva Challenge Iowa Trip: Call for Chaperones!

This January, Mikva Challenge will take 150 students to Des Moines, IA to campaign for presidential candidates in advance of the Iowa Caucus. We are still determining exactly how many chaperones we will need, but in the meantime we wondered: if we need you, would YOU like to come?

* Required

Details/Chaperone Expectations:

• We would leave Chicago at 6:30am on Friday, January 15th on coach buses. • Once in Des Moines, we would rent vans, and you + an additional chaperone would have 5 students assigned to your van. • Your van would be assigned to one candidate in particular.
