#### School Meal Accounts

Individual accounts shall be assigned to each student for accounting purposes for the purchase of meals served in the school cafeterias.

#### Charged Meals

Parent(s)/Guardian(s) are responsible for ensuring that students have the appropriate form of exchange to pay for their meal. When a student comes through the serving line without the appropriate form of exchange, the Wilson Area School District will utilize the following procedures and guidelines:

When a student owes \$5 or more, an automated phone call is made to the parent(s)/guardian(s) making them aware there is a balance owed to the District.

When a student owes money for five (5) or more school food program meals, the District shall make at least two (2) attempts to contact the student's parent/guardian and shall provide the application for free/reduced-price school meal benefits to the parent/guardian to apply for benefits under federal school meal programs. The application is also available on the internet: [www.compass.state.pa.us](http://www.compass.state.pa.us). The District may offer assistance to parents/guardians with applying for free/reduced-price school meal benefits.

Communications regarding money owed by a student for school meals shall be made to the student's parent/guardian, not the student, unless the student is an emancipated minor or in grades 9-12.

District schools shall be prohibited from:

1. Publicly identifying or stigmatizing a student who cannot pay for a school food program meal or who has a negative school meal account balance.
2. Requiring a student who cannot pay for a school food program meal to perform chores or other work to pay

for the meal (unless chores or other work are required of all students regardless of the student's ability or inability to pay for a school food program meal.)

3. Requiring a student to discard a school food program meal after it was served to the student due to the student's inability to pay for the school food program meal or due to a negative school meal account balance.

This policy and any applicable procedures or administrative regulations regarding school meal charges and school meal accounts shall be communicated annually to school administrators, school food service personnel, other appropriate school staff, and contracted food service personnel.

#### Breakfast and Lunch Balance Collections

Parents/Guardians will be informed of the District's policy regarding meal charges and collection procedures in the student handbook on an annual basis.

A written notice will be sent to parents/guardians indicating that charges are accruing and advising the parents/guardians of the District's collection policy. Parents/Guardians will be notified in writing of the charges on their student's account and their responsibility for payment on a monthly basis.

The District will attempt to collect payment for checks returned due to insufficient funds. Parents/Guardians will be responsible for all cost and fees associated with the returned check. Following the receipt of one (1) returned check, the parent/guardian/student will be required to pay cash and/or a U.S. Postal Service money order or certified check for all school meals.
