The Grenada School District Internet Acceptable Use Policy and Device Policy allows students to use technology inside and/or outside of the classroom. Grenada School District may provide Internet access, desktop computers, mobile devices, videoconferencing capabilities, online collaboration capabilities, message boards, email, and more.

I have reviewed the GSD Student Technology Handbook and understand the rules and guidelines for the following:

- |                              |  |
|------------------------------|--|
| a. District Technology Goals | d. Financial Terms of Device Agreement |
| b. Acceptable Use Policy     | e. Google Apps for Education Agreement |
| c. Device Use Policy         |  |

### Terms of Agreement

The student is responsible at all times for the care and appropriate use of technology. I understand if my student violates the guidelines agreed to in the GSD Student Technology Handbook, his/her privilege to use technology may be restricted or removed and he/she may be subject to disciplinary action.

I understand that by signing this document I may be held responsible for reimbursement for loss, damage, or repair of my student's device, which may have occurred at school, at home, or while the device was being transported.

The device remains the property of the District. In the incident that the assigned device cannot be repaired, GSD has the right to assign a replacement device. At the end of the school year or upon transfer from the District, parents and students agree to return the device to the District in the same condition it was issued to the student less reasonable wear.
