

Dear Parent/Guardian,

As mandated by the state of Connecticut, all students who are entering or who continue to attend a Preschool program will need to have a copy of their annual physical exam and any updated immunizations brought to our school prior to the first day of our Reach program. The physical exam must be recorded on the State of Connecticut Department of Education HEALTH ASSESSMENT RECORD form. You can find this form on the district web site or in Powerschool under forms, part G - Health Information, scroll down and you will see links to the forms. The form is also available in the nurse's office if you need a copy.

Please complete the front page of the Health Assessment Record form and sign the bottom. Part 2, the medical evaluation must be completed and documented by the physician in its entirety. Any space with an asterisk (*) needs to be filled in by the MD. In addition, Part 3 can be completed by the physician or the dentist. A signature is needed by the parent/guardian at the bottom of the page of Part 3.

In addition, anyone requiring medication during the school day needs an Authorization for Administration of Medication form completed by the physician and signed by the parent. This form can also be found in Powerschool in forms under part G. Any student requiring an Epipen must have a form completed and on file. This needs to be in place to safely participate in field trips and the academic day.

Please contact the school nurse if you have any questions or concerns. Thank you in advance for your cooperation.

Mail forms to:

Washington Primary School
11 School Street
Washington, Ct 06793

Sincerely,

Megan D. Hodge RN
