April 25 - June 7, 2023

**2022-23 Evaluation Report Summary – Encina High  
San Juan USD Bridges After-School/ASSETs Program  
Grades 9-12**

This report provides the results of the 2022-23 after-school program student exit surveys, as well as the after-school program end of the year perception survey completed by parents and school site staff. The data tables and graphs for these surveys are attached to the narrative summary. The information from this report is used for continuous improvement of the after-school programs.

**I. Demographics of the Bridges After-School/ASSETs Program Participants**

At the time of the Bridges After-School/ASSETs program exit survey, the participants reported being between 14 and 18+ years old and in 9<sup>th</sup> through 12<sup>th</sup> grades. Data shows that the participants were of different ethnicities: African American (53%) and Hispanic or Latino/Latina (19%) being the two most reported ethnicities. Data also shows that the gender identity of respondents was reported as male more often than female or non-binary/decline to state, (58%, 36% and 6% respectively). Thirty-six students participated in the survey.

**During the Bridges After-School/ASSETs Program**

At the time of the exit survey, respondents reported that in the program they do things they usually don't get to do (76%), have opportunities to share their ideas for activities or choose things to do (94%), and that the activities are interesting (77%). Participants stated that in the program they try hard to do well (88%), they do things that make them think (71%), and they do things that make a difference (54%), "all or most of the time."

**Activities at the Bridges After-School/ASSETs Program**

The participants were asked about the different activities they participated in during a typical week at the program. The participants reported that they took part in the following activities during the week: finishing homework (75%), reading a book (53%), doing math or science activities (60%), do art activities (69%), get help with homework (75%), and practice writing (47%). Additionally, students reported learning and talking about different careers (58%) and college (58%), help other students with homework or other activities (46%), and taking part in a project to help their community (57%), "all or most of the time."

**Current Program Experiences and Attitudes**

Participants were asked how much the program helped with specific aspects of school and school life. At the time of the survey, participants reported that the program helped "a lot or a little" to feel more like a part of the school (94%), feel safer at school (94%), attend school more often (97%) and learn to speak and understand English better (69%). In addition, students reported that the program helped them read better (75%), write better (69%), solve math problems better (92%), do better with homework (97%), and get better grades (94%).

### **Internal Assets**

Participants reported that being in the Bridges After-School/ASSETs program helped them continue to develop skills beyond the classroom. For example, data shows that being in the program helped participants “a lot or a little” to make new friends (89%), disagree with others without starting a fight (89%), think carefully before making a decision (92%), and get along better with others who are different from you (68%). In addition, the program has helped them listen to other students carefully (92%), get into less trouble at school (89%), use computers to do research, school projects, or homework (97%), feel more comfortable taking tests (89%). Students reported that the program helped them feel more confident about their schoolwork (94%) and feel more positive about their future (94%).

### **External Assets**

When asked about staff and participant relationships, participants reported that it is “very much true or pretty much true” that program staff really care about them (89%), tell them when they do a good job (97%), listens to them when they have something to say (94%), notices when they aren’t there (94%) always wants them to do their best (92%), and believes they will be a success (94%).

### **Peer Relationships and Expectations**

The participants reported they “strongly agree or agree” with the statements that they felt close to people in the program (94%), they were happy to be there (100%), they felt like they were a part of the program (97%), and they felt safe in the program (97%).

## **II. Parent and Staff Perception**

As part of the end of year evaluation activities, staff and parents were asked to rate the success of the program. Parents of students in Bridges reported that the program was “very or somewhat successful” at helping participants complete quality homework assignments (100%), improve their attendance (50%), improve their interest in school and school work (50%), and increase their child’s self-esteem (100%). Parents also reported that the after-school program increased their child’s ability to better handle their emotions (100%) and offered positive social interaction for their child in a safe and enriching environment (100%). Parents rated the successfulness of the following areas as very or somewhat successful: academic support/schoolwork (100%), enrichment activities (100%), recreational activities (100%), and parent/staff communication (100%).

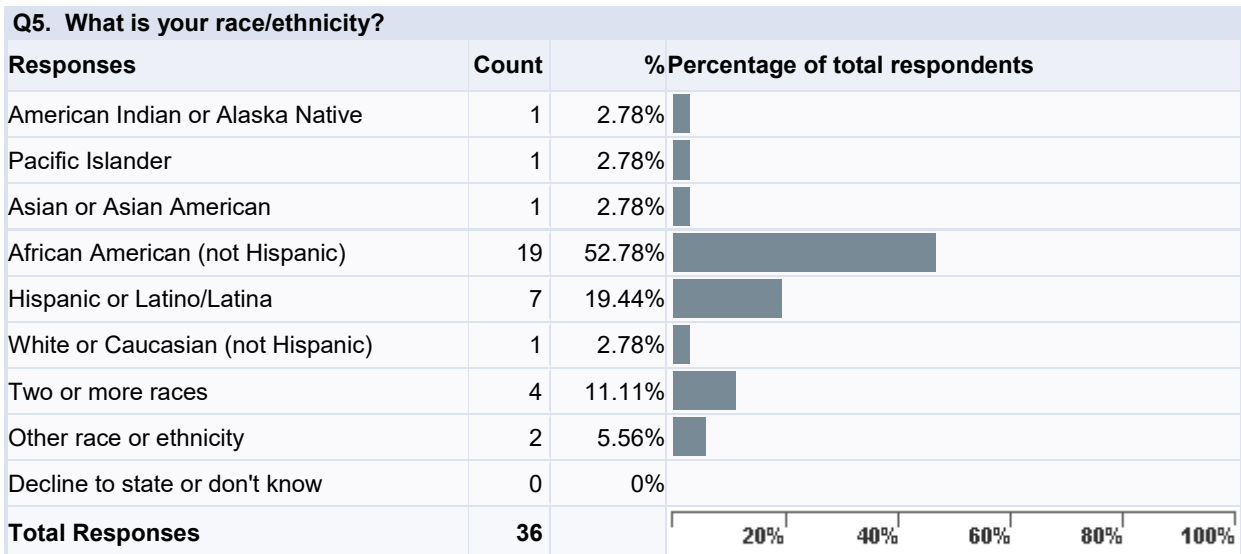

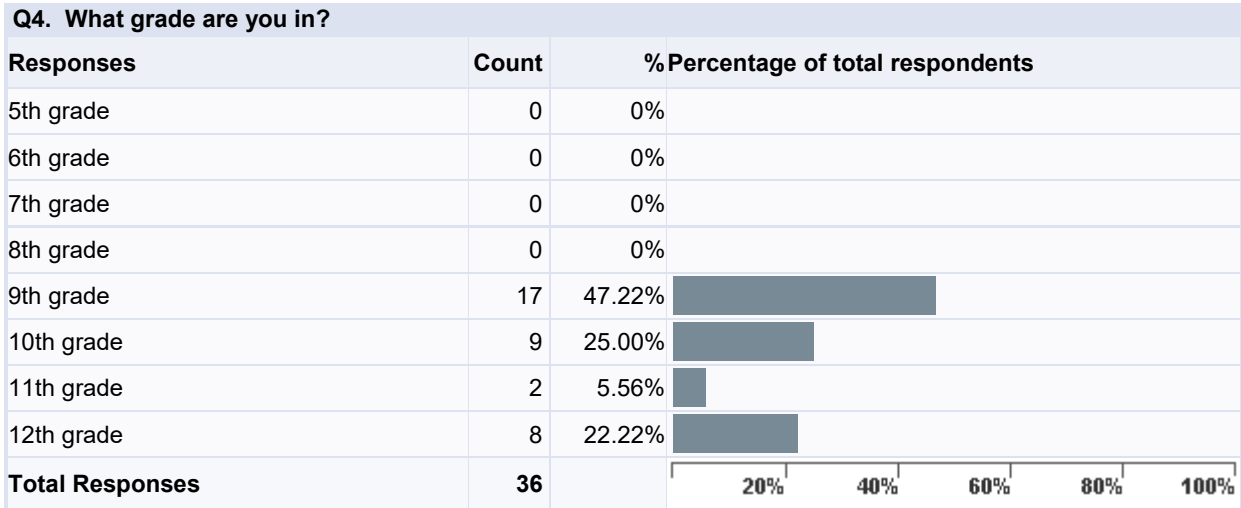

Program staff reported that the Bridges After-School Program was “very or somewhat successful” at helping participants complete better-quality homework assignments (82%), improve school attendance (80%), improve connectedness to school (91%), and improve students’ interest in school and school work (91%). Staff conveyed that the program was “very or somewhat successful” in improving relationships between students and school staff (91%), increasing participant’s self-esteem (91%), increasing participant ability to better handle their emotions (82%), and offering positive social interaction for students in a safe environment (91%). Staff also felt the program provided very or somewhat successful academic support (82%), enrichment activities (82%), recreational activities (82%), and parent staff communication (73%).
