For children, you may designate a pediatrician as the primary care provider.

Maximum Reimbursable Charge

The allowable covered expense for non-network services is based on the lesser of the health care professional's normal charge for a similar service or a percentage of a fee schedule (110%) developed by Cigna that is based on a methodology similar to one used by Medicare to determine the allowable fee for the same or similar service in a geographic area. In some cases, the Medicare based fee schedule will not be used and the maximum reimbursable charge for covered services is based on the lesser of the health care professional's normal charge for a similar service or a percentile (80th) of charges made by health care professionals of such service or supply in the geographic area where it is received. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used. Out-of-network services are subject to a Calendar Year deductible and maximum reimbursable charge limitations.

Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the In-Network cost-sharing level as required by applicable state or federal law if services are received from a non-participating (Out-of-Network) provider.
2. The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.
