

STUDENT FEES, FINES, AND CHARGES

Within the concept of free public education, whereby all children are required to attend school, the district shall provide an educational program for students as free of costs as possible. Students may be required to pay for services and materials under certain circumstances.

The superintendent may approve the use of supplementary supplies or materials for which a charge is made to the student so long as the charge does not exceed the cost of the supplies or materials, students are free to purchase them elsewhere, or provide reasonable alternatives, and a proper accounting is made of all moneys received by staff for supplies and materials.

The board delegates authority to the superintendent to establish appropriate fees and procedures governing the collection of such fees and to make annual reports to the board regarding fee schedules. Arrangements will be made for the waiver or reduction of fees for students whose families, by reason of their low income, would have difficulty paying the full fee. For programs governed by the National School Lunch Act, The USDA Child Nutrition Program guidelines will be used to determine qualification for waiver. The superintendent/designee will establish a procedure for annually notifying parents of the availability of fee waivers and reductions, including eligibility information for free or reduce-price meals.

A student shall be responsible for the cost of replacing material or property which are lost or damaged due to negligence and all fines accrued. A student's grades, transcripts or diploma will be withheld until restitution is made by payment or the equivalency through voluntary work. The student or his/her parents may appeal the imposition of a charge for damages to the superintendent and board of directors. The student and his/her parents will be notified regarding the nature of the violation or damage, how restitution may be made, and how an appeal may be instituted. When the damages or fines do not exceed \$100, the student or his/her parents will have the right to an informal conference with the principal. As is the case for appealing a short-term suspension, the principal's decision may be appealed to the superintendent/designee. When damages are in excess of \$100, the appeal process for long-term suspension will apply.

If a student has transferred to another school district that has requested the student's records, but that student has an outstanding fee or fine, only records pertaining to the student's academic performance, special placement, immunization history, attendance, history of violent behavior, violent offenses, sex offenses, inhaling toxic fumes, drug offenses, liquor violations, assault, kidnapping, harassment, stalking or arson, and discipline actions will be sent to the enrolling school. The content of those records will be communicated to the enrolling district within two school days and copies of the records will be sent as soon as possible. The official transcript will not be sent until the outstanding fee or fine is discharged. The enrolling school will be notified that the official transcript is being withheld due to an unpaid fee or fine.

Adoption Date: 4/4/2012

Revised: 1/2013, 6/2017, 12/2020, 2/2021

However, for students who meet the definition of homeless, the district will make all the student's records readily available to the enrolling school regardless of outstanding fees or fines.
