4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the up coming school year. 1. Promotion of ASB card sales. Students may not understand the benefits of an ASB card. We will work to promote through digital and print media. This effort will be especially focused on the registration days in the summer. We are also working to make the ASB card more meaningful in our community by partnering with local businesses to offer benefits to ASB cardholders. 2. Promotion of Clubs. We will have a Club Fair in the fall and also highlight various clubs through social media. We will also have a Celebrate Yourself Assembly to highlight and showcase any club that desires to participate. 3. Our PR Director will make laminated posters giving information about HB1660 and the need for consent forms for eligibility. This will help cut down on questions and serve to inform the families of the availability of these discounts and ideally reduce the gap. 4. We will work with the District Office to re-establish the activities bus so that students can stay after school to participate in extracurricular activities and have a ride home.
